# RISKS IN RELATION TO THE FIRST OFFER

This being the first public issue of Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of each Equity Share is ₹1. The Floor Price, Cap Price and Offer Price as determined by our Company, in consultation with the Book Running Lead Managers ("BRLMs"), in accordance with the SEBI ICDR Regulations, and on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process as stated in "Basis for Offer Price" on page 134 should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

# **GENERAL RISK**

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, Bidders must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have neither been recommended, nor approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Red Herring Prospectus. Specific attention of the Bidders is invited to "Risk Factors" on page 33.

Employee Reservation Portion shall not exceed 5.00% of our post Offer Equity Share capital. The unsubscribed portion, if any, in the Employee Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category. For further details, see "Offer Structure" on page 470. Unless the Employee Reservation Portion is under-subscribed, the value of allocation to an Eligible Employee Bidding in the Employee Reservation Portion shall not exceed ₹200,000. In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹500,000. Further, an Eligible Employee Bidding in the Employee Reservation Portion can also Bid in the AEHL Shareholders Reservation Portion and also in the Non-Institutional Portion or the RIB Portion and such Bids will not be treated as multiple Bidssubject to applicable limits For further details, see "Offer Procedure" and "Offer Structure" beginning on page 474 and 470, respectively.

(5) The Shareholder Reservation Portion shall not exceed 10.00% of the Offer size. The unsubscribed portion, if any, in the Shareholder Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category. Bids by Eligible AEHL Shareholders in the Shareholder Reservation Portion, the Net Offer portion and the Employee Reservation Portion (if eligible) shall not be treated as multiple Bids subject to applicable limits. To clarify, Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion above ₹200,000 can Bid in the Net Offer for up to ₹200,000 and Employee Reservation Portion (if eligible and subject to applicable limits), otherwise such Bids shall be treated as multiple Bids. If an Eligible AEHL Shareholder is Bidding in the Shareholder Reservation Portion up to ₹200,000, application by such Eligible AEHL Shareholder Portion and Employee Reservation Portion (if eligible and subject to applicable limits) shall not be treated as multiple Bids. Therefore, Eligible AEHL Shareholders bidding in the Shareholder Reservation Portion (subject to the Bid Amount being up to ₹200,000) can also Bid under the Net Offer and Employee Reservation Portion (if eligible and subject to applicable limits) and such Bids shall not be treated as multiple Bids. For further details, see "Offer Structure" on page 470.

# **Risk Factors**

Specific attention of the Bidders is invited to "*Risk Factors*" beginning on page 33 to have an informed view before making an investment decision. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. Set forth below are the top 10 risk factors applicable to our Company:

| Sr. No. | Risk Factors   |
|---------|--|
| 1.      | We engage doctors through retainership arrangements and there is no assurance that our doctors will not prematurely    |
|         | terminate their arrangements with us. If we are not able to attract and retain our doctors and other medical           |
|         | professionals, our business, financial condition, results of operations and cash flows may be adversely affected.      |
| 2.      | Our business depends on the strength of our brand equity and reputation. Failure to maintain and enhance our brand     |
|         | equity and reputation, including due to negative publicity, may adversely affect our business, reputation, financial   |
|         | condition, results of operations and prospects.  |
| 3.      | We operate in a regulated industry, and our failure to comply with applicable safety, health, environmental, labor     |
|         | and other regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial       |
|         | condition, results of operations and cash flows.   |
| 4.      | A significant majority of our Facilities are located in the states of Tamil Nadu (in particular, Chennai), Maharashtra |
|         | and Karnataka in India and any adverse developments in relation to these Facilities could adversely affect our         |
|         | business, financial condition, results of operations and cash flows  |
| 5.      | We are exposed to legal claims and regulatory actions arising from the provision of healthcare services and may be     |
|         | subject to liabilities arising from claims of malpractice and medical negligence which could adversely affect our      |
|         | business, financial condition, results of operations, cash flows, reputation and prospects                             |
| 6.      | Our international operations expose us to management, legal, tax, political and economic risks, and our failure to     |
|         | address such risks could adversely affect our business, results of operations, financial condition and cash flows      |
| 7.      | Our hub-and-spoke model may not be successful and we may not be able to expand into new geographic regions,            |
|         | which could adversely affect our business, financial condition and results of operations                               |
| 8.      | We have pursued and will likely continue to pursue strategic acquisitions for inorganic growth. Our inability to       |
|         | successfully identify, acquire and integrate suitable opportunities on commercially reasonable terms in the future     |
|         | could adversely affect our business, financial condition, cash flows and results of operations                         |
| 9.      | Our historical performance is not indicative of our future growth or financial results and if we fail to manage our    |
|         | growth or implement our growth strategies, our business, financial condition and results of operations may be          |
|         | adversely affected   |
| 10.     | We are exposed to credit risks in respect of payments from third parties including under central and state government  |
|         | schemes, government corporations, insurance companies and third party administrators. If we do not receive             |
|         | payments on a timely basis, our business, financial condition, results of operations, cash flows and prospects may be  |
|         | adversely affected   |

# Exemption from complying with any provisions of SEBI ICDR Regulations, if any, granted by SEBI

Our Company had included disclosures pertaining to Sunita Rana Agarwal and Pankaj Sondhi and their relevant entities as members of the Promoter Group in the Draft Red Herring Prospectus based on, and limited to the extent of, publicly available information from the websites of certain government authorities including, among others, watchout investors, CIBIL, the BSE Limited, the National Stock Exchange of India Limited and the Ministry of Corporate Affairs, in order to comply with the requirements of the SEBI ICDR Regulations. Further, in the absence of the relevant information and confirmations from Sunita Rana Agarwal and Pankaj Sondhi, the Company is also unable to identify an exhaustive list of their relevant entities as members of the Promoter Group, other than to the extent identified pursuant to public searches.

In view of the above, the Company had filed an exemption application dated September 27, 2024, and SEBI has, pursuant to a letter dated October 25, 2024 bearing reference number SEBI/HO/CFD/RAC-DIL2/p/OW/2024/32128/1, acceded to our request for (i) approval to make such disclosures (as required under the SEBI ICDR Regulations) and to provide the required confirmations in relation to Sunita Rana Agarwal, Pankaj Sondhi, and their related entities falling within the definition of 'promoter group' as prescribed in the SEBI ICDR Regulations, on the basis of information available in the public domain; and (ii) accordingly we have been exempted under Regulation 300(1)(c) of the SEBI ICDR Regulations from disclosing details of Sunita Rana Agarwal, Pankaj Sondhi and their relevant entities as members of the Promoter Group, to the extent that such information is not available in the public domain.

# **Financial Data**

Our Company's Financial Year commences on April 1 and ends on March 31 of the next year. Unless stated otherwise, all references to a year in this Red Herring Prospectus are to a calendar year and references to the terms Fiscal or Fiscal Year or Financial Year are to the 12 months ended March 31 of such year.

Unless stated otherwise or where the context otherwise requires, the financial information and financial ratios in this Red Herring Prospectus is derived from the Restated Consolidated Financial Information.

Restated consolidated financial information of our Company and our Subsidiaries comprises of the restated consolidated statements of assets and liabilities as at September 30, 2024, September 30, 2023, March 31, 2024, March 31, 2023 and March 31, 2022, the restated consolidated statements of profit and loss (including other comprehensive income), the restated consolidated statements of changes in equity, the restated consolidated statements of cash flows for the six months period ended September 30, 2024 and September 30, 2023, and years ended March 31, 2024, March 31, 2023 and March 31, 2022, and the summary statement of material accounting policies and other explanatory information prepared in accordance with the requirement of Section 26 of Part I of Chapter III of the Companies Act, 2013, the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended and the Guidance Note on 'Reports in Company Prospectuses (Revised 2019)' issued by the Institute of Chartered Accountants of India, as amended.

For further information, see "Restated Consolidated Financial Information" on page 304.

There are significant differences between Ind AS, Indian GAAP, US GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or US GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company's financial data. For details in connection with risks involving differences between Ind AS, U.S. GAAP and IFRS see "Risk Factors – Significant differences exist between Ind AS used to prepare our financial information and other accounting principles, such as IFRS and U.S. GAAP, with which investors may be more familiar." on page 73. The degree to which the financial information included in this Red Herring Prospectus will provide meaningful information is

entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, the Companies Act, 2013, Ind AS and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited.

In this Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal place and all percentage figures have been rounded off to two decimal places. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Red Herring Prospectus as rounded-off to such number of decimal points as provided in such respective sources.

Unless the context otherwise indicates, any percentage amounts, or ratios (excluding certain operational metrics) as set forth in "Risk Factors", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on pages 33, 212 and 398, respectively, and elsewhere in this Red Herring Prospectus have been calculated on the basis of amounts derived from our Restated Consolidated Financial Information, as applicable.

### **Non-GAAP Financial Measures**

Certain Non-GAAP financial measures relating to our financial performance, namely EBITDA, EBITDA Margin, EBIT, Return on capital employed, Return on Net Worth, Net Asset Value, and certain other industry metrics and financial parameters have been included in this Red Herring Prospectus and are a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, IFRS or US GAAP. Further, these Non-GAAP measures are not a measurement of our financial performance or liquidity under Ind AS, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the year or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, IFRS or US GAAP. These Non-GAAP financial measures and other information relating to financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS. Such supplemental financial and operational information should not be considered in isolation or as a substitute for an analysis of our Restated Consolidated Financial Information disclosed elsewhere in this Red Herring Prospectus. For further details, see "Management's Discussion and Analysis of Financial Condition and Results of Operations", "Other Financial Information" and "Risk Factors- Certain non-generally accepted accounting principle financial measures and other statistical information relating to our operations and financial performance have been included in this Red Herring Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable with those presented by other companies" on pages 398, 391 and 68, respectively.

# **Currency and Units of Presentation**

All references to:

- "Rupees" or "₹" or "INR" or "Rs." are to Indian Rupee, the official currency of the Republic of India;
- "USD" or "US\$" are to United States Dollar, the official currency of the United States;
- "MUR" are to Mauritius Rupee, the official currency of Mauritius
- "MZN" are to Mozambican Metical, the official currency of Mozambique;
- "TZS" are to Tanzanian Shilling, the official currency of Tanzania;
- "KES" are to Kenyan Shilling, the official currency of Kenya;
- "UGX" are to Ugandan Shilling, the official currency of Uganda;
- "RWF" are to Rwandan Franc, the official currency of Rwanda;
- "GHS" are to Ghanaian Cedi, the official currency of Ghana;
- "MGA" are to Malagasy Ariary, the official currency of Madagascar;
- "ZMW" are to Zambian Kwacha, the official currency of Zambia.

Our Company has presented certain numerical information in this Red Herring Prospectus in "million" units or in whole numbers where the numbers have been too small to represent in millions. One million represents 1,000,000 and one billion represents 1,000,000,000. However, where any figures that may have been sourced from third-party industry sources are expressed in

denominations other than millions, such figures appear in this Red Herring Prospectus in such denominations as provided in the respective sources.

In this Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All per share and percentage figures have been rounded off to one/ two decimal places. However, where any figures may have been sourced from third-party industry sources, such figures may be rounded off to such number of decimal places as provided in such respective sources.

# **Exchange Rates**

This Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and respective foreign currencies:

#### **Industry and Market Data**

Unless stated otherwise, industry and market data used in this Red Herring Prospectus has been obtained or derived from the CRISIL MI&A Report and publicly available information as well as other industry publications and sources.

CRISIL MI&A is an independent agency which has no relationship with our Company, our Promoters, our Subsidiaries, any of our Directors or Key Managerial Personnel or Senior Management or the Book Running Lead Managers. The CRISIL MI&A Report has been exclusively commissioned by our Company pursuant to an engagement letter with CRISIL MI&A dated March 27, 2024, for the purposes of confirming our understanding of the industry in which the Company operates, in connection with the Offer. The CRISIL MI&A Report is available on the website of our Company at www.dragarwals.co.in/dr-agarwals-health-care/#industry-report and has also been included in "Material Contracts and Documents for Inspection – Material Documents" on page 503.

Although we believe that the industry and market data used in this Red Herring Prospectus is reliable, the data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable.

The extent to which the market and industry data used in this Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "Risk Factors – This Red Herring Prospectus contains information from third parties including an industry report prepared by an independent third-party research agency, CRISIL Market Intelligence & Analytics, a division of CRISIL Limited, which we have commissioned and paid for to confirm our understanding of our industry exclusively in connection with the Offer and reliance on such information for making an investment decision in the Offer is subject to inherent risks", on page 68. Accordingly, investment decision should not be based solely on such information.

# **Notice to Prospective Investors in the United States**

The Equity Shares have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Red Herring Prospectus or approved or disapproved the Equity Shares. Any representation to the contrary is a criminal offence in the United States. In

making an investment decision, investors must rely on their own examination of our Company and the terms of the Offer, including the merits and risks involved. The Equity Shares offered in the Offer have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (a) in the United States only to persons reasonably believed to be "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act and referred to in this Red Herring Prospectus as "U.S. QIBs"; for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Red Herring Prospectus as "QIBs") pursuant to Section 4(a) of the U.S. Securities Act, and (b) outside of the United States in "offshore transactions", as defined in. and in compliance with. Regulation S and the applicable laws of the jurisdiction where those offers and sales are made. See "Other Regulatory and Statutory Disclosures – Eligibility and Transfer Restrictions" on page 453.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold to, and Bids may not be made, by persons in any such jurisdiction except in compliance with the applicable laws of such jurisdiction.

# FORWARD-LOOKING STATEMENTS

This Red Herring Prospectus contains certain "forward-looking statements". All statements contained in this Red Herring Prospectus that are not statements of historical fact constitute "forward-looking statements". All statements regarding our expected financial condition and results of operations, business, plans and prospects are "forward-looking statements".

These forward-looking statements generally can be identified by words or phrases such as "aim", "anticipate", "believe", "expect", "estimate", "likely to", "seek to", "shall", "objective", "plan", "project", "propose" "will", "will continue", "will pursue" or other words or phrases of similar import. Similarly, statements that describe our expected financial condition, results of operations, business, prospects, strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements whether made by us or any third parties in this Red Herring Prospectus are based on our current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement, including but not limited to, regulatory changes pertaining to the industry in which our Company has businesses and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions, in India and globally, which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in our industry, incidence of natural calamities and/or acts of violence.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- We engage doctors through retainership arrangements and there is no assurance that our doctors will not prematurely terminate their arrangements with us. If we are not able to attract and retain our doctors and other medical professionals, our business, financial condition, results of operations and cash flows may be adversely affected.
- Our business depends on the strength of our brand equity and reputation. Failure to maintain and enhance our brand equity and reputation, including due to negative publicity, may adversely affect our business, reputation, financial condition, results of operations and prospects.
- We operate in a regulated industry, and our failure to comply with applicable safety, health, environmental, labor and other
  regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial condition, results of
  operations and cash flows.
- A significant majority of our Facilities are located in the states of Tamil Nadu (in particular, Chennai), Maharashtra and Karnataka in India and any adverse developments in relation to these Facilities could adversely affect our business, financial condition, results of operations and cash flows.
- We are exposed to legal claims and regulatory actions arising from the provision of healthcare services and may be subject to liabilities arising from claims of malpractice and medical negligence which could adversely affect our business, financial condition, results of operations, cash flows, reputation and prospects.
- Our international operations expose us to management, legal, tax, political and economic risks, and our failure to address such risks could adversely affect our business, results of operations, financial condition and cash flows.
- We are exposed to credit risks in respect of payments from third parties including under central and state government schemes, government corporations, insurance companies and third party administrators. If we do not receive payments on a timely basis, our business, financial condition, results of operations, cash flows and prospects may be adversely affected

Certain information in "Industry Overview", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 161, 212 and 398, respectively of this Red Herring Prospectus has been obtained from the CRISIL MI&A Report.

For further discussion of factors that could cause the actual results to differ from the expectations, see "Risk Factors", "Our Business", "Industry Overview" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on pages 33, 212, 161 and 398, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Red Herring Prospectus and are not a guarantee of future performance. There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

These statements are based on our management's belief and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based on are reasonable, any of these assumptions could prove to be inaccurate and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, any Selling Shareholder, our Directors, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the requirements of the SEBI ICDR Regulations, our Company shall ensure that Bidders in India are informed of material developments, until the time of the grant of listing and trading permission by the Stock Exchanges for the Equity Shares pursuant to the Offer. In accordance with the requirements of the SEBI ICDR Regulations, each of the Selling Shareholders shall, severally and not jointly, ensure that our Company and BRLMs are informed of material developments in relation to the statements and undertakings specifically made or undertaken by such Selling Shareholder in relation to itself as a Selling Shareholder and its respective portion of the Offered Shares in this Red Herring Prospectus, from the date thereof until the time of the grant of listing and trading permission by the Stock Exchanges for the Offer. Only statements and undertakings which are specifically confirmed or undertaken by the Selling Shareholders, as the case may be, in this Red Herring Prospectus shall, severally and not jointly, deemed to be statements and undertakings made by such Selling Shareholder.

#### **SECTION II: RISK FACTORS**

An investment in the Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. If any or some combination of the following risks actually occur, our business, prospects, financial condition and results of operations could suffer, the trading price of the Equity Shares could decline, and prospective investors may lose all or part of their investment.

We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only ones relevant to us or our Equity Shares and the industry in which we operate. Some risks may be unknown to us and other risks, currently believed to be immaterial, could be or become material. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. To obtain a complete understanding of our business, prospective investors should read this section in conjunction with the sections "Our Business", "Industry Overview", "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Restated Consolidated Financial Information" on pages 212, 161, 398 and 304, respectively.

Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is subject to a legal and regulatory environment which may differ in certain respects from that of other countries. In making an investment decision, prospective investors must rely on their own examination of our business and the terms of the Offer, including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about the particular consequences to them of an investment in the Equity Shares.

This Red Herring Prospectus contains forward-looking statements which refer to future events that involve known and unknown risks, uncertainties and other factors, many of which are beyond our control, which may cause the actual results to be materially different from those expressed or implied by the forward-looking statements. See "Forward-Looking Statements" on page 31.

Unless otherwise indicated, industry and market-related data used in this section have been derived from the report titled "Assessment of the healthcare delivery sector in India with focus on eye care specialty" dated January 2025 (the "CRISIL MI&A Report"), prepared and released by CRISIL Market Intelligence & Analytics, a division of CRISIL Limited ("CRISIL MI&A"), which has been exclusively paid for and commissioned by our Company pursuant to an engagement letter dated March 27, 2024. The CRISIL MI&A Report will be made available on the website of our Company at www.dragarwals.co.in/dr-agarwals-health-care/#industry-report in accordance with applicable laws. The industry and market-related data included herein includes excerpts from the CRISIL MI&A Report and may have been re-ordered by us for the purposes of presentation. There are no material parts, data or information (which may be relevant for the Offer), that has been left out or changed in any manner. See "Certain Conventions, Use of Financial Information and Market Data and Currency of Presentation – Industry and Market Data" and "—Internal Risk Factors — This Red Herring Prospectus contains information from third parties including an industry report prepared by an independent third-party research agency, CRISIL Market Intelligence & Analytics, a division of CRISIL Limited, which we have commissioned and paid for to confirm our understanding of our industry exclusively in connection with the Offer and reliance on such information for making an investment decision in the Offer is subject to inherent risks." on pages 29 and 68, respectively.

Our Financial Year commences on April 1 and ends on March 31 of the subsequent year, and references to a particular Financial Year are to the 12 months ended March 31 of that year. Unless otherwise stated, or the context otherwise requires, the financial information used in this section is derived from the Restated Consolidated Financial Information included in this Red Herring Prospectus.

#### INTERNAL RISK FACTORS

1. We engage doctors through retainership arrangements and there is no assurance that our doctors will not prematurely terminate their arrangements with us. If we are not able to attract and retain our doctors and other medical professionals, our business, financial condition, results of operations and cash flows may be adversely affected.

The success of our business depends significantly on our ability to recruit and retain sufficient numbers of trained and skilled doctors and medical staff at our Facilities. Our doctors generally have retainership arrangements with us and are not under employment contracts, pursuant to which they work with us as consultants on a fixed fee basis (with a fixed monthly remuneration) along with periodic variable remuneration based on the revenues of the Facility where they are retained. The table below sets out the amounts of fixed retainership fees and variable remuneration paid to doctors, in absolute terms and as a percentage of our consultancy charges for doctors, during the six months ended September 30, 2024 and 2023 and the Financial Years indicated:

| Particulars             | For the six months ended September 30, |  |                |  |  |

<sup>(1)</sup> These amounts do not include consultancy charges for doctors aggregating to ₹1.91 million for the Financial Year 2023 charged to one of our Subsidiaries, Elisar Life Sciences Private Limited. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, this Subsidiary does not engage any doctors and consultancy expenses of such Subsidiary have been recorded under this heading in our Restated Consolidated Financial Information

While we are not dependent on a particular doctor to provide eyecare services to our patients, our patients may choose our Facilities based on the reputations of individual doctors. We cannot assure you that we will continue to attract our current patient volumes to our Facilities, particularly upon the cessation of services by any of our doctors, including due to termination of their arrangements, retirements or upon graduation from our Diplomate of National Board ("DNB") or medical fellowship programs. We cannot assure you that our doctors will continue to provide services to us or devote the whole of their time to our Facilities and not prematurely terminate such arrangements.

The table below sets out details of full-time doctors available and the number of doctors who have ceased to work with us during the six months ended September 30, 2024 and 2023, and the Financial Years 2024, 2023 and 2022, respectively:

Our performance and the execution of our business strategies depend substantially on our ability to attract, recruit and retain medical professionals in general ophthalmology, and specialties such as glaucoma treatments, cornea and refractive treatments, medical/surgical retina treatments, oculoplastic, and squint and pediatric ophthalmology. We compete with other healthcare service providers in recruiting and retaining medical professionals. Doctors may also choose to establish their own private practices instead of being associated with organized healthcare service providers, such as our Company. Factors that may be of significance to medical professionals may include professional fees, incentives, reputation of the healthcare establishment, quality of the facilities, academic and research opportunities, and a sufficient number of patients and surgeries made available to them. There can be no assurance that medical professionals will conclude that we compare favorably with other healthcare service providers or private practice on these factors. Our performance also depends on our ability to identify, attract and retain nurses and paramedical staff.

In addition, doctors may choose to not work with us full-time. Accordingly, our doctors may choose to terminate providing services at our Facilities at short notice or choose to devote a relatively short amount of time at our Facilities. We may, as a result, be unable to effectively utilize their time and expertise in providing services to our patients. While we have not experienced any material adverse effects on our business during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022 due to non-availability of doctors at our Facilities, we cannot assure you that doctors will continue to allocate an adequate amount of time to providing services at our Facilities in the future. In the past, there have been certain instances where we have initiated arbitration proceedings and filed complaints against certain doctors for breach of the business transfer agreements entered into with us. For instance, our Company has initiated arbitration proceedings against Vinayak Netralaya, Dr. Pranay Kumar Singh, Dr. S Sonu Verma and Vinayak Optix in relation to their alleged breach of the noncompetition and non-solicitation clauses of their respective business transfer agreements and contract of service agreements.

These arrangements may also give rise to conflicts of interest and disputes, including with regard to how these doctors allocate their time and other resources between our Facilities and other clinics or hospitals at which they render professional services and where these doctors refer patients. For example, we have filed a complaint dated February 18, 2022 against certain third parties with the Chief Judicial Magistrate, Indore in relation to an alleged breach of a business transfer agreement dated January 31, 2020 among our Company and other third parties. The dispute is in relation to such third parties starting a competing business to compete with our Company in bad faith. For further details, please see, "Outstanding Litigation and Material Developments – Litigation by our Company" on page 436. Such conflicts, if they arise in the future, may prevent us from providing a high quality of medical service, including optimizing the attention given to each patient at our Facilities, which would adversely affect our business, financial condition, results of operations and cash flows.

We may experience pressure to increase salaries, wages, consultancy charges and other benefits, and may also be required to hire more expensive temporary or contract personnel to address short-term needs. If we are unable to attract or retain qualified medical professionals as required, we may not be able to maintain the quality of our services and may only be able to serve fewer patients at our Facilities, which may have an adverse effect on our business, financial condition, results of operations and cash flows.

2. Our business depends on the strength of our brand equity and reputation. Failure to maintain and enhance our brand equity and reputation, including due to negative publicity, may adversely affect our business, reputation, financial condition, results of operations and prospects.

Our brand and reputation, particularly for ensuring successful patient outcomes, are critical to our success and the growth of our business. Many factors, some of which are beyond our control, are important in maintaining and enhancing our brand and may negatively affect our brand and reputation if not properly addressed or perceived to have not been addressed. These factors include:

- maintaining standardized and reliable quality of services to ensure successful patient outcomes,
- adopting new technologies or adapting our technology and systems to user requirements or emerging industry standards in order to maintain our patient experience and the success rate of patient outcomes,
- effectively controlling the quality of service at our Facilities including doctor expertise, waiting times and ease of
  access to doctors and paramedical staff, and monitoring their performance as we continue to expand our network,
  and
- maintaining and renewing existing accreditations and applying for additional accreditations as we expand our network,
- increasing brand awareness among existing and potential patients through various marketing and promotional activities, among other drivers.

The table below sets forth the expenses incurred by us on marketing and promotional activities in absolute terms and as a percentage of total expenses during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

Our expenditure towards the above activities may not be successful in increasing brand awareness and building the strength of our brand. Further, our brand and reputation may be adversely affected if, among other factors, our medical professionals provide inferior or negligent service, engage in medical malpractice, violate laws or regulations, commit fraud, harm a patient or mishandle personal healthcare information. Our business and reputation may also be adversely affected due to negative publicity in public media in connection with our brand, including due to allegations of malpractice or other deficiencies in our services. Even if these allegations are later proven to be false or are dropped, the negative publicity coverage of our brand may continue to have an adverse effect on our business, reputation, financial condition, results of operations and prospects. While we receive complaints from patients from time to time in relation to our services, we have not experienced any specific material instances of negative publicity in the six months ended September 30, 2024 and the Financial Years, 2024, 2023 and 2022, any such occurrence in the future may adversely affect our business, financial condition, results of operations and prospects. Also see "—Internal Risk Factors — We are exposed to legal claims and regulatory actions arising from the provision of healthcare services and may be subject to liabilities arising from claims of malpractice and medical negligence which could adversely affect our business, financial condition, results of operations, cash flows, reputation and prospects" on page 39.

3. We operate in a regulated industry, and our failure to comply with applicable safety, health, environmental, labor and other regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial condition, results of operations and cash flows.

The healthcare industry is subject to laws, rules and regulations in the regions where we conduct our business or in which we intend to expand our operations. We are required to obtain a number of approvals from governmental and regulatory authorities, including in relation to the operation of our Facilities, procurement and operation of medical equipment, and storage and sale of drugs.

We are yet to apply for certain approvals from the relevant pollution control boards for one material Facility each in Tamil Nadu and Punjab and Haryana, operated by our Company. Further, we are yet to apply for trade licenses from the relevant local municipality for one material Facility each in Tamil Nadu and Punjab and Haryana operated by our Company, and one material Facility in Tamil Nadu operated by our Indian Material Subsidiary.. For details of all material approvals required but not yet applied for, by our Company and Material Subsidiaries. see "Government and other Approvals - D. Material approvals pending in relation to the business and operations of our Company and our Indian Material Subsidiary - Material Approvals applicable but not applied for" on page 441.

Further, we have applied for certain approvals in relation to the material Facilities of our Company and our Indian Material Subsidiary located in India, such as bio-medical waste authorizations, air and water pollution licenses, corneal transplant licenses and clinical establishment registrations, as applicable in the states of Tamil Nadu, Punjab & Haryana, Jammu & Kashmir, Maharashtra and Kerala and the Union Territory of Puducherry, which are yet to be received. For a description of the approvals applicable, obtained, applied for, or expired but yet to be applied for, by our Company and Material Subsidiaries, see "Government and Other Approvals" on page 440. The table below sets out the aggregate contribution of Facilities for which approvals are pending to our revenue from operations within India during the six months ended September 30, 2024 and 2023 and the Financial Years indicated:

Our Company and the Indian Material Subsidiary are taking all necessary steps to apply for the aforesaid approvals at the earliest, but the same is delayed due to amongst other reasons, pending structural modifications, shifting the premises of facilities, and other technical issues. In the event that we are unable to make such applications and obtain these approvals, the concerned facility will need to be shut down or relocated to a new facility.

With respect to the material facilities for which the Company is unable to apply for the licenses, the billed revenue of such facilities aggregated to ₹213.49 million in the Financial Year 2024, amounting to 1.84% of our revenue from operations - India for the Financial Year 2024.

However, with respect to material Facilities or the other Facilities operated by our Company and Material Subsidiaries located in India, there is no assurance that we will be able to obtain such registrations and licenses in a timely manner, or at all. In the event that we are unable to obtain such registrations and licenses, we may be required to take necessary actions at the appropriate stage, including shifting the premises of our Facilities, if required. In addition, our Company has received a letter dated June 28, 2024 from the Assistant Director-Commissionerate of Health Services, Mumbai highlighting certain deficiencies and requirements for redressal in relation to our application for registration of a permit to undertake corneal transplantation procedures at Facilities located in such state. Failure to obtain or renew such approvals in a timely manner would render our operations non-compliant with the applicable laws, subject us to penalties by relevant authorities, and may adversely affect our business, results of operations and cash flows. We may also be prevented from operating the relevant Facilities or performing certain procedures or treatments with equipment that requires special approvals or licenses, which could adversely affect our business, financial condition, results of operations and cash flows. We may be required to change our business practices, and we may be subject to other penalties, including the revocation of our permits and licenses, and the modification, suspension or discontinuation of our operations. This could impose additional operating costs and capital expenditures on us, and adversely affect our business, financial condition, results of operations and cash flows.

We may incur additional costs to comply with current or future laws, rules and regulations, and we may not be in full compliance with such laws, regulations, policies and guidelines. These current or future laws, rules and regulations may also impede our operations and affect our results of operations and continued growth.

Moreover, health and safety laws and regulations in India have become increasingly stringent over time, and it is possible that they will continue to become more stringent in the future. See "Key Regulations and Policies" on page 243. Regulations related to price control on specified services may also adversely affect our operations. The Supreme Court of India is presently hearing a petition to direct the Government of India to implement standardized pricing for surgical consumables, procedures and treatments across private hospitals. If implemented, such regulations will restrict our ability to achieve favorable pricing and revenue. Any action against us for violation of pricing regulations may divert management attention and could adversely affect our business, results of operations and cash flows.

Healthcare organizations which are empaneled under central and state government schemes are also required to be inspected by the Quality Council of India ("QCI") and the National Accreditation Board for Hospitals and Healthcare Providers ("NABH"). In the event that the QCI or NABH does not recommend one of our Facilities for final accreditation, or our accreditation is not renewed, our business, financial condition, results of operations and prospects may be adversely affected. Moreover, in the event that the QCI or NABH issues an adverse report in relation to any of our Facilities, which are already empaneled, we may face the risk of disempanelment of such Facilities. Any decrease in future revenues from the central and state government schemes could adversely affect our financial condition and results of operations. Our inability to renew such arrangements for existing Facilities or to enter into such arrangements for new Facilities may also adversely affect our financial condition and results of operations. We may also be required to change our business practices and be subject to penalties or fines in relation to non-compliance with any regulatory requirements.

We are also subject to laws and regulations governing relationships with our employees, in areas such as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees. If we fail to comply with such regulations, it could lead to enforced shutdowns and/or other sanctions imposed by the relevant authorities. While we shall attempt to comply in spirit and in law with the laws applicable to the Company, any non-compliance with the applicable laws, rules and regulations in the future may subject us to regulatory action, including penalties and other civil or criminal proceedings, which may adversely affect our business, results of operations and cash flows.

4. A significant majority of our Facilities are located in the states of Tamil Nadu (in particular, Chennai), Maharashtra and Karnataka in India and any adverse developments in relation to these Facilities could adversely affect our business, financial condition, results of operations and cash flows.

As of September 30, 2024, of our 193 Facilities in India, 120 Facilities are situated in the states of Tamil Nadu, Maharashtra and Karnataka, and a significant percentage of our patients are served by our Facilities in these states. Our network in Chennai, Tamil Nadu consists of 21 Facilities as of September 30, 2024. Set out below is a breakdown of our Facilities by states in India:

| Location                    | Number of Facilities as of September 30, |      |  |  |

While we have not faced any instances of reduction in patient footfall, reputational harm or liabilities on account of natural calamities, or any social, political unrest, or economic disruption, civil disturbance, sustained downturn in the economy, or changes in state or local policies of these regions, we cannot assure you that we will not face any such instances in the future. Any adverse effects on the revenues from our Facilities situated in the states of Tamil Nadu (particularly in Chennai), Maharashtra and Karnataka in India in the future could adversely affect our business, financial condition, results of operations and cash flows.

5. We are exposed to legal claims and regulatory actions arising from the provision of healthcare services and may be subject to liabilities arising from claims of malpractice and medical negligence which could adversely affect our business, financial condition, results of operations, cash flows, reputation and prospects.

We are exposed to the risk of legal claims, criminal actions, and regulatory actions arising out of the medical services provided by us. From time to time, we may be subject to claims alleging medical negligence or malpractice by our medical professionals, including doctors, technicians and paramedical staff. We could also be the subject of complaints from patients who are dissatisfied with the quality and cost of our healthcare services, for reasons such as negligence of medical personnel, failures pertaining to clinical equipment, inaccurate test results conducted by third-party laboratories, conditions specific to individual patients and disease-related complications.

Such claims and complaints can be attributed to various factors such as the negligence or incorrect medical judgment of medical personnel, failure of medical equipment, inaccurate results of medical tests conducted by outsourced laboratories, individual patient-specific conditions and disease complications. In addition, people may contract communicable diseases during their stay or visit at our Facilities, which could result in significant claims for damages against us and adverse publicity and press coverage, thereby damaging our reputation. We rely on our medical professionals to make appropriate diagnoses and clinical decisions. However, we do not have direct control over the clinical activities of our medical professionals, as their diagnoses and treatments of patients are subject to their professional judgment, and in most cases, must be performed on a real time basis. In addition, medical consumables used in various treatments may be subject to contamination, mislabeling, malicious tampering and other damage such as errors in dispensing and packaging, which may lead to injury or death of our patients. If our patients suffer from contamination, injury or death due to their usage of such substances, we could be held liable for any resulting damages.

Current or former patients or their families may commence or threaten litigation for medical negligence or malpractice against us. If such claims succeed, we may become liable for damages and adverse financial consequences and may even be exposed to criminal liability. Our Company and Subsidiaries are, among other matters, involved in certain pending litigation matters involving alleged medical negligence and malpractice. Our Company has also been involved in such matters in the past and we cannot assure you that any claims or disputes will not be initiated against us for medical negligence or malpractice in the future. Any such instances may have an adverse effect on our business, financial condition, results of operations, cash flows, reputation and prospects. If any of such future cases are not resolved in our favor, and if our insurance coverage or any applicable indemnity is insufficient to cover the damages awarded, we may be required to make substantial payments, which could have an adverse effect on our business, financial condition, results of operations, cash flows, reputation and prospects.

#### 6. Our international operations expose us to management, legal, tax, political and economic risks, and our failure to address such risks could adversely affect our business, results of operations, financial condition and cash flows.

We commenced our international operations by setting up Facilities in Africa in 2012. As of September 30, 2024, we operate 16 Facilities across nine countries in Africa. The following table sets forth a breakdown of our revenue from operations from within and outside India, in absolute terms and as a percentage of our revenue from operations during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

We are subject to political, economic and other risks associated with the countries in which we operate, and which we may not be able to influence or control. While we have not experienced any instances of political, economic or other risks materially affecting our operations outside India during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022 (aside from the global effects of the COVID-19 pandemic), we cannot assure you that such risks will not materialize in the future.

We are also subject to risks related to compliance with the laws of countries where we operate, including in relation to provision of healthcare services, prescription of drugs, and tax structures, along with challenges due to distinct cultural and language factors. Further, the accounting standards, tax laws and other regulations in the jurisdictions we operate in are subject to differing interpretations. Regulatory requirements are evolving and are subject to change and as a result may, at times, be unclear or inconsistent. For instance, value added tax and customs duty rates have been revised in Ghana, Kenya and Tanzania over the past three Financial Years. While this has not materially adversely affected our results of operations during the past three Financial Years, we cannot assure you that any such changes in the future will not have an adverse effect. In addition, our Facilities in Africa also import optical supplies and enter into arrangements with local vendors in countries in Africa. Consequently, we may inadvertently fail to comply with applicable regulations, which could lead to enforced shutdowns and other sanctions imposed by the relevant authorities. While we have not been found to have breached compliance with any regulatory requirements during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022 in these jurisdictions, we cannot assure you that we may not be subject to regulatory actions due to our inability to comply with the applicable regulatory requirements in jurisdictions outside India in the future. Any such instance could adversely affect our business, results of operations and financial condition.

### 7. Our hub-and-spoke model may not be successful and we may not be able to expand into new geographic regions, which could adversely affect our business, financial condition and results of operations.

Our network of Facilities operates on a "hub and spoke" model which, as of September 30, 2024, includes 28 "hubs" in India (which are Tertiary Facilities, including three centres of excellence located in Chennai (Tamil Nadu), Tirunelveli (Tamil Nadu)

and Cuttack (Odisha)) and 165 "spokes" in India (comprising 53 Primary Facilities and 112 Secondary Facilities). Also see "Our Business – Description of our Business – Hub and Spoke Model" on page 231 for a city-wise breakdown of the locations of our hubs and spokes. Further, the table below sets out the contributions of our "hubs" and "spokes" to our revenue from operations within India during the six months ended September 30, 2024 and 2023 and the Financial Years indicated:

<sup>(1)</sup> The sum of revenue from hubs and spokes is not equal to our consolidated revenue from operations, as such revenue excludes revenues attributable to one of our Subsidiaries, Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million and ₹14.93 million, contributing to 0.23% and 0.26% of our revenue from operations within India for the six months ended September 30, 2024 and 2023, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

<sup>(1)</sup> The sum of revenue from hubs and spokes is not equal to our consolidated revenue from operations, as such revenue excludes revenues attributable to one of our Subsidiaries, Elisar Life Sciences Private Limited, which aggregated to ₹34.18 million, ₹45.67 million and ₹30.54 million, contributing to 0.29%, 0.52% and 0.54% of our revenue from operations within India for the Financial Years 2024, 2023 and 2022, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

The success of our hub-and-spoke model depends largely on the reputation and performance of our Facilities. Any factor that adversely affects the performance or reputation of our Facilities could adversely affect our business, financial condition and results of operations. We face a variety of challenges and risks in implementing our hub-and-spoke model, including difficulties in establishing our brand in newer markets, including as a result of existing or new competitors having existing Facilities or opening new Facilities in proximity to our Facilities. The success of our hub-and-spoke model also depends on the reputation of our main hub Facilities, as the spokes are able to refer super specialty surgical cases to our hub Facilities based on their reputation, including for clinical excellence. Any factor that adversely affects the performance or reputation of our main hubs could adversely affect our business, financial condition and results of operations. In addition, our spokes may be unable to handle the volume of patients or successfully refer cases to our hubs. Due to the occurrence of any or all of the above factors, any new spokes that we may add may not lead to expected synergies, which could adversely affect our profitability. In addition, there is no assurance that we will be able successfully replicate our hub-and-spoke model in other locations as well. We may also face risks of other competitors replicating this model in the future, which may reduce the number of patients at our Facilities, thereby adversely affecting our business, financial condition and results of operations.

8. We have pursued and will likely continue to pursue strategic acquisitions for inorganic growth. Our inability to successfully identify, acquire and integrate suitable opportunities on commercially reasonable terms in the future could adversely affect our business, financial condition, cash flows and results of operations.

As part of our growth strategy, we may pursue strategic acquisitions or enter into partnerships to strengthen our competitive position. During the period from October 1, 2024 until the date of this Red Herring Prospectus and the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we acquired 52 Facilities.

The table below sets forth the details of our acquisitions from October 1, 2024 until the date of this Red Herring Prospectus and during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022:

<sup>\*</sup> We have subsequently acquired additional shares in the relevant entity and as of the date of this Red Herring Prospectus, hold 87.75% shareholding in the acquired entity.

Also see "History and Certain Corporate Matters – Details regarding material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years" on page 252. As part of our growth strategy, we may seek to undertake acquisitions on an opportunistic basis. For details, see "Our Business – Our Strategies" on page 225.

However, our strategy of growth through acquisitions may not be successful, and efforts to continue and effectively manage our expansion may not be as successful as anticipated. Acquisitions can also be time-consuming to execute and may not be accretive to our overall business and result in increased integration costs due to regulatory complexities or otherwise. Proposed acquisitions may be subject to the receipt of regulatory approvals and the completion of conditions precedent to the closing of such acquisitions, which may not be fulfilled in a timely manner or at all. Acquisitions, strategic investments, partnerships or alliances may involve risks including, among others, difficulties pertaining to integrating the personnel, operations, financial reporting, internal controls and technology of the entities that we acquire, and result in the disruption of our ongoing operations, diversion of the attention of our management, and other unforeseen liabilities or costs following the acquisition or investment. For instance, acquisition of established clinical establishments, hospitals and eye clinics helps in acquiring suitable medical talent, including qualified doctors. We may be unable to attract and retain key doctors in the Facilities that we acquire and, as a result, we may not be able to retain patients who have been loyal to those doctors in the past, or who were drawn to such Facilities on account of the reputation of those doctors. In the event of our failure to retain key doctors at our newly acquired Facilities, our reputation and brand value may be impaired or our local market share, revenues and operating efficiencies may be affected. Further, our acquisitions, partnerships or alliances may not be successful, with acquired businesses or partnerships failing to meet our quality standards or otherwise, which could lead to adverse effects on our reputation and business. For instance, one of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited, had previously entered into arrangements with other eye hospitals to permit them to use the "Dr. Agarwal's" branding. These arrangements have subsequently been terminated and we cannot assure you that any similar future arrangements or partnerships will be successful. We may also experience difficulties integrating acquired businesses or partnerships with our network, whether due to infrastructural, human capital or other management issues. In addition, we may fund such acquisitions through equity or debt capital. If such capital is not available on favorable terms or at all, our business, financial condition, results of operations and cash flows could be adversely affected. Further, acquisitions and investments may result in the impairment of our goodwill and other intangible assets, which could adversely affect our business, financial condition, cash flows and results of operations. In the past there have been instances where certain doctors have breached the conditions under the business transfer agreements and contract of service agreements and our Company has filed a complaint and case against such doctors. For details, see "Outstanding Litigation and Material Developments" on page 435.

Even if we are able to expand our network as planned, we may not be able to continue to integrate and optimize a larger network. There can be no assurance that such investments and acquisitions will achieve their anticipated benefits. To the extent that we

fail to identify, complete and successfully integrate acquisitions with our existing business or should the acquisitions not deliver the intended results, our financial performance could be adversely affected. Our inability to successfully identify, acquire and integrate suitable opportunities on commercially reasonable terms in the future could adversely affect our business, financial condition, cash flows and results of operations.

### 9. Our historical performance is not indicative of our future growth or financial results and if we fail to manage our growth or implement our growth strategies, our business, financial condition and results of operations may be adversely affected.

We have experienced significant growth in the six months ended September 30, 2024 and 2023 and the past three Financial Years, details of which are set out below:

<sup>(1)</sup> EBITDA (earnings before interest, taxes, depreciation and amortization) is computed as the sum of profit/(loss) before tax, finance costs and depreciation and amortization expenses.

Our EBITDA has grown to ₹4,065.55 million for the Financial Year 2024 from ₹2,838.60 million during the Financial Year 2023, primarily due to a 30.86% growth in our revenue from operations to ₹13,321.52 million for the Financial Year 2024 from ₹10,179.80 million for the Financial Year 2023, and partly due to a significant increase in our other income to ₹442.97 million for the Financial Year 2024 from ₹135.14 million for the Financial Year 2023, primarily on account of profits on redemption of current investments from funds raised during equity infusions during the Financial Year 2024. We also experienced significant growth in our restated profit for the year from the Financial Year 2022 to 2023, primarily due to a tax credit of ₹196.39 million for the Financial Year 2023, compared to tax expenses of ₹135.99 million for the Financial Year 2022, which was due to the first-time recognition of deferred tax assets. Further, our EBITDA has grown to ₹2,284.77 million during the six months ended September 30, 2024 compared to ₹1,783.16 million during the six months ended September 30, 2023, primarily due to a 26.05% growth in our revenue from operations, resulting in a growth in our EBITDA margin to 27.27%. We cannot assure you that our revenue from operations, EBITDA and restated profit for the year will continue to grow at the rates described above. For further details of the year-on-year changes in our results of operations, see "Management's Discussion and Analysis of Financial Condition and Results of Operations — Our Results of Operations" on page 420.

As part of our growth strategies, we plan to continue our organic and inorganic expansions, strengthen our brand equity, attract and retain competent doctors and other medical staff, and focus on enhancing operational efficiencies. For details, see "Our Business – Our Strategies" on page 225. There is no assurance that our growth strategies will be successful. To manage and support our growth, we must enhance our existing operational and administrative systems, as well as our financial and management controls. All these endeavors will require substantial management attention and efforts, and significant additional

expenditures. If we fail to expand at a pace as we plan, we may face capacity and financial constraint in the future which may adversely affect our business, financial condition and results of operations.

The success of our growth strategies depends on various factors including our ability to:

- provide consistent, high-quality healthcare services;
- further develop our hub and spoke model;
- expand our network of Facilities;
- identify appropriate geographic markets for expansion;
- identify suitable targets for acquisition;
- secure financing on good commercial terms to invest in Facilities;
- successfully integrate new Facilities into our existing operational and management structure to provide consistent and reliable services throughout our network;
- invest in new technology at our Facilities;
- recruit, train and retain the required number of medical professionals and paramedical staff, as well as maintain a reliable pipeline of future recruits, to meet our growth demands;
- optimize our employee costs and professional fees;
- hire and retain competent managerial and technical personnel, and technology and support staff;
- increase and improve our patient outreach through branding and customer relationship management;
- negotiate lease agreements and renew them on commercially prudent terms; and
- maintain mutually beneficial relationships with our suppliers

Expanding into new geographic regions, including by building, developing, and operating new Facilities, will subject us to various challenges, including those relating to our lack of familiarity with the social, political, economic and cultural conditions of these new regions, language barriers, difficulties in staffing and managing such operations and the lack of brand recognition and reputation in such regions. As we operate in a highly competitive industry, we may have to revise our growth and expansion strategies from time to time, which may result in significant changes in our funding requirements and may put significant strain on our resources.

If we are unable to successfully execute our growth strategies in a timely manner, or at all, we may not witness the expected level of growth in the number of patients that we serve and our business, financial condition and results of operations could be adversely affected.

10. We are exposed to credit risks in respect of payments from third parties including under central and state government schemes, government corporations, insurance companies and third party administrators. If we do not receive payments on a timely basis, our business, financial condition, results of operations, cash flows and prospects may be adversely affected.

In addition to direct payments from our patients, we receive payments under central and state government schemes or from government corporations, insurance companies and third party administrators. Set forth below is a breakdown of our revenue from operations based on the payors:

|  | For the six months ended September 30,        |        |                |                                |  |  |

The sum of payments received from payors is not equal to our consolidated revenue from operations, as revenues attributable to payors exclude revenues attributable to one of our Subsidiaries, Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million and ₹14.93 million, contributing to 0.21% and 0.23% of our revenue from operations for the six months ended September 30, 2024 and 2023, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

<sup>(2)</sup> Cash payments by patients (which includes payments through digital modes) includes income recorded as "other operating revenues" in our Restated Consolidated Financial Information. Receipt of cash payments by the Company is in compliance with applicable laws in relation to receipt of cash payments. Our Company is not a reporting entity under the Prevention of Money Laundering Act, 2002 ("PMLA") and accordingly, does not have any obligations to undertake diligence or make requisite reporting under the PMLA.

This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

Our recovery cycles typically extended between a range of 56 days to 77 days from the date of a bill, invoice or claim being raised by us for insurance companies and third-party administrators, although this period may occasionally be extended. Recovery cycles for payments by government corporations are not consistent between corporations and ranged from 168 days to 217 days. Charges for eyecare services provided to patients covered under their insurance or under a cashless scheme are initially billed to, and processed by, such patients' insurance providers. Differences between our actual rates and the approved rates set by the insurers or under the relevant cashless healthcare scheme are recorded by us as adjustments for upgrades, wherein the patients would be required to pay any additional payments that may be due to us. Estimated uncollectable payments from insured patients or patients covered under a cashless healthcare scheme would be recorded by us as bad debt, if such receivables have remained unpaid using the expected credit loss method, which factors for historical trends of outstanding amounts from payors. With respect to third-party administrators, receivables remaining unpaid for more than two years from the date of first invoicing is written off by us if our collection efforts have been exhausted and we have determined that such amounts will not be collected or collectable. Set out below are details of allowances made for doubtful receivables (including expected credit loss allowance) as of the dates indicated:

As we follow the accounting principles provided for under Ind AS 109 (expected credit loss model), we are required to provide for bad debts from the day we raise an invoice until we are able to receive collections for such invoice. Among other risks, our cash flows and liquidity would depend on the creditworthiness of our payors. In addition, reimbursements are generally contingent on our compliance with specified billing and documentation procedures, any failure by us to comply with such procedures and to keep and supply required records and documentation may affect our collections, including by resulting in disputed claims that are ultimately not honored, or not honored in full, by the relevant payors. Moreover, any delay in submission of bills and documentation may also result in bad debt.

Any of the risks discussed above may adversely affect our cash flows and liquidity and, in turn, our business, financial condition, results of operations and prospects.

11. The equity shares of one of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited, are listed on the BSE Limited and such Material Subsidiary is subject to extensive regulation. This Material Subsidiary has been found to be in non-compliance with listing requirements in the past and any future non-compliance by this Material Subsidiary could adversely affect our reputation, business, financial condition and results of operations.

The equity shares of one of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited (the "Listed Material Subsidiary"), are listed on the BSE Limited in India. Accordingly, the Listed Material Subsidiary is subject to extensive regulation and is required to comply with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI LODR Regulations"), among other requirements. The table below sets out details of our and our Promoter Group's shareholding in the Listed Material Subsidiary, along with its price-to-earnings ratio, as of the dates indicated:

<sup>(1)</sup> Price-to-earnings ratio has been calculated based on the closing price of the scrip as of the last trading day of the respective Financial Year and the diluted earnings per share as of March 31 of the respective Financial Year.

In the past, our Listed Material Subsidiary has been in non-compliance with Regulation 31(2) of the SEBI LODR Regulations which requires that 100% of shareholding of the promoter and promoter group be maintained in dematerialized form and that such dematerialization be maintained on a continuous basis in the manner as specified by the SEBI. The violation arose from the inability to dematerialize certain promoter and promoter group shareholding in our Listed Material Subsidiary. Certain individuals, namely, Sunita Rana Agarwal and Pankaj Sondhi, identified as promoters of our Listed Material Subsidiary, held certain shares in physical form. Sunita Rana Agarwal held 6,600 equity shares in physical form, jointly with Dr. Amar Agarwal. Pankaj Sondhi held 100 equity shares in physical form. With respect to the 6,600 shares held by Sunita Rana Agarwal jointly with Dr. Amar Agarwal, Dr. Amar Agarwal had consented to relinquish all rights as the joint holder of such shares. However, to give effect to this relinquishment and transfer the shares to Sunita Rana Agarwal, both Dr. Amar Agarwal and Sunita Rana Agarwal were required to open a joint demat account, which Sunita Rana Agarwal refused to cooperate with. Additionally, Pankaj Sondhi did not consent to dematerialize the 100 equity shares held by him in physical form. Our Listed Material Subsidiary thereafter wrote to SEBI through a letter dated March 15, 2021, seeking inter alia reclassification of promoter shareholding as public shareholding as public category, which was rejected by SEBI pursuant to its letter dated July 13, 2021. Subsequently, the physical equity shares held by Sunita Rana Agarwal and Pankaj Sondhi were dematerialised on May 7, 2024 and, except for 63 equity shares that continue to be held by Sunita Rana Agarwal, transferred in entirety to the Company.

Our Listed Material Subsidiary, has also been found to be in non-compliance with the minimum promoter shareholding ("MPS") requirement in the past. On June 4, 2013, the SEBI issued an order ("SEBI Order") in respect of certain listed companies that were required to meet the minimum public shareholding requirement prescribed under the SCRR by June 3, 2013, but failed to do so. The companies specified in the SEBI Order were subject to certain actions from SEBI, including freezing of voting rights and corporate benefits of promoter/promoter group shareholding, prohibition on the promoters/promoter group from buying, selling or dealing in the securities of their respective companies (except for the purposed of complying with the minimum public shareholding requirement) and restrictions on holding any new position as director in any listed company, among others, until such minimum public shareholding requirement was met. Further, pursuant to a letter dated June 13, 2013 issued by the NSDL, shares held in the demat accounts of Dr. Athiya Agarwal, Dr. Amar Agarwal, Dr. Adil Agarwal and Dr. Anosh Agarwal, who are promoters of our Listed Material Subsidiary and our Company, were frozen.

Subsequently, our Listed Material Subsidiary has complied with MPS requirements through the issue of 200,000 equity shares of ₹10 each to its employees in accordance with a SEBI approval letter dated May 14, 2013. Any future non-compliance by our Listed Material Subsidiary with applicable regulatory requirements could adversely affect our ability to comply with regulations applicable to us and our business, results of operations and financial condition could be adversely affected.

12. We may, subject to market conditions, applicable law and regulatory, shareholders' and other approvals (including approval of the board of directors and shareholders of respective companies), explore opportunities to restructure our operations through mergers involving our listed Subsidiary in the future. We may, subject to compliance with applicable law, including obtaining requisite corporate and regulatory approvals, business synergies, market conditions and growth potential, explore opportunities to merge our Company and Dr. Agarwal's Eye Hospital Limited and endeavor to do so within three years post listing of the Company. In the event that we undertake such change to the group holding structure or operations or consider options to merge or there is a perception that such merger may occur, it may affect on our operations and the trading price of our Equity Shares.

We may, subject to market conditions, applicable law and regulatory, shareholders' and other approvals (including approval of the board of directors and shareholders of respective companies), approval from our lenders, explore opportunities to merge our listed subsidiary in the future.

Dr. Agarwal's Eye Hospital Limited ("**AEHL**"), has been listed on BSE Limited since April 10, 1995 and is one of the Material Subsidiaries of our Company. As of June 30, 2024, our Company holds 71.90% of the equity shares of AEHL. This Material Subsidiary is engaged in, among other things, the business of providing comprehensive services in the eye-care segment covering range of surgeries for ailments such as cataract, refractive, retinal, corneal, glaucoma, and squint among many others, diagnosis and non-surgical treatments, doctor consultations, and the sale of optical and eyecare related pharmaceutical products. Further our doctors who work on a consultancy basis are engaged by our Company as well as AEHL. The expansion of AEHL over the years can be attributed to a combination of organic greenfield hospitals and refurbishment or relocation of existing facilities supported by a combination of internal accruals and debt. AEHL has continued its focus in Tamil Nadu and has initiated the process of building a large hospital at Cathedral Road, Chennai. We may, subject to compliance with applicable law, including obtaining requisite corporate and regulatory approvals, approvals from lenders, business synergy, market conditions, growth potential, explore opportunities to merge the Company and AEHL, and endeavour to do so within three years post listing of the Equity Shares of the Company. No such proposal has been considered, as on date, with our listed subsidiary, AEHL and its board of directors or shareholders.

We cannot assure you that we will be able to undertake such merger in the future, at all or on terms acceptable to us. Moreover, we may require regulatory approval for merger, including from the Competition Commission of India, and we cannot guarantee that we will receive such approval. Further, in the event we undertake or propose to undertake such change to the group holding structure or operations in the manner set out above or consider options to merge or undertake any such actions or there is a perception that such actions may occur, it may affect our operations and the trading price of our Equity Shares.

13. We have, in the last 12 months, issued Equity Shares at a price that could be lower than the Offer Price. Further, grants of stock options under our employee stock option plans may result in a charge to our profit and loss account and, to that extent, reduce our profitability and adversely affect our financial condition.

We have, in the last 12 months prior to filing this Red Herring Prospectus, issued Equity Shares at a price that could be lower than the Offer Price. For further details, see "Capital Structure – Offer of specified securities at a price lower than the Offer Price in the last year" on page 101. The price at which Equity Shares have been issued by our Company in the preceding one year is not indicative of the price at which they will be issued or traded after listing.

Further, we may, in the future, continue to issue Equity Shares, including under employee stock option plans, at prices that may be lower than the Offer Price, subject to compliance with applicable law. Grants of stock options under the ESOP 2022 result in a charge to our statement of profit and loss and reduce, to that extent, our reported profits in future periods. Details of our expenses attributable to the grant of employee stock options during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022 are set out below:

Any issuances of Equity Shares by us, including through the exercise of employee stock options pursuant to employee stock option plan schemes that we may implement in the future, may dilute your shareholding in us, thereby adversely affecting the trading price of the Equity Shares and our ability to raise capital through any issuance of new securities.

#### 14. We have in the past entered into related party transactions and may continue to do so in the future. We cannot assure you that we could not have achieved more favorable terms had such transactions not been entered into with related parties.

We have in the past entered into, and will continue to enter into, transactions with related parties. These transactions include purchases, rent expenses, rental deposits, sale of assets, interest on loans and dividends paid, among others. While our related party transactions have been conducted on an arm's length basis in compliance with applicable laws and accounting standards, including the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions, we cannot assure you that we could not have achieved more favorable terms had such transactions been entered into with unrelated parties. Further, we may enter into related party transactions in the future. While all related party transactions that we may enter into post-listing will be subject to Board or Shareholder approval, as necessary under the Companies Act and the SEBI Listing Regulations, we cannot assure you that such future transactions, individually or in the aggregate, will not have an adverse effect on our business, financial condition, cash flows and results of operations or that we could not have achieved more favorable terms if such future transactions had not been entered into with related parties. Further, any future transactions with our related parties could potentially involve conflicts of interest which may be detrimental to our Company. There can be no assurance that our Directors and executive officers will be able to address such conflicts of interests or others in the future. For further details of our related party transactions, see "Summary of the Offer Document – Summary of Related Party Transactions" and "Restated Consolidated Financial Information – Notes forming part of the Restated Consolidated Financial Information – Note 58: Related Party Disclosures" on pages 21 and 379, respectively.

# 15. Our Facilities are subject to risks of unanticipated delays in set-up and cost overruns and any delay in the ramp-up, stabilization of operations or relocation or renovation of such Facilities could adversely affect our business, financial condition, results of operations and cash flows.

As part of our business strategy, we expand our Facility presence through the organic and inorganic route. The table below sets out details of the number of Facilities we have set up or acquired in the six months ended September 30, 2024 and 2023, along with our capital expenditure incurred in relation to such Facilities and our return on capital employed for such periods and the Financial Years 2024, 2023 and 2022:

Capital expenditure for acquisitions includes the fair value of the acquired practice, and not the amount incurred in the relevant period.

While we leverage our existing brand equity and recall in order to drive patient footfalls at our Facilities, we incur costs towards setting up personnel and operations and integrating the internal controls and technology at Emerging Facilities, and a failure to set such systems up or integrate them with our wider network could result in the disruption of our ongoing operations, diversion

<sup>(2)</sup> Return on capital employed (RoCE) is computed as operating profit (or EBIT) divided by capital employed, where (i) operating profit (or EBIT) is calculated as the sum of profit/(loss) before tax and finance costs; and (ii) capital employed is defined as the sum of total equity, total borrowings and total lease liabilities less the sum of goodwill, other intangible assets and intangible assets under development.

<sup>(2)</sup> Return on capital employed (RoCE) is computed as operating profit (or EBIT) divided by capital employed, where (i) operating profit (or EBIT) is calculated as the sum of profit/(loss) before tax and finance costs; and (ii) capital employed is defined as the sum of total equity, total borrowings and total lease liabilities less the sum of goodwill, other intangible assets and intangible assets under development.

of the attention of our management, and other unforeseen liabilities or costs following the setting up of such Emerging Facilities. Developing and operating our Facilities could also be subject to certain risks, including:

- delays in construction or delays or failure to secure approvals, permits and licenses or failure to comply with the conditions of such approvals;
- inability to obtain requisite financing at favorable costs or at all;
- difficulties arising from coordinating and consolidating corporate and administrative functions, including the integration of internal controls and procedures;
- inability to establish or maintain our brand value at Emerging Facilities, including due to unsuccessful asset and operational interventions;
- inability to attract and retain patient footfalls;
- difficulties in procuring equipment to meet evolving medical requirements and ensuring a quality patient experience and successful patient outcome;
- recruiting and retaining doctors and paramedical staff at our Facilities; and
- other unforeseen legal, regulatory, contractual, labour or other issues, which could all affect the profitability of our Facilities.

Further, there is no assurance that we will be able to identify suitable sites or targets for expansion or that we will be able to procure favourable terms or that the setting up of Facilities will be completed in a timely manner, or at all. Further, upon completion or acquisition of Emerging Facilities, we may not or take time to achieve the operating levels we expect from such Emerging Facilities and thereby fail to achieve our targeted returns on such investments. In addition, our competitors may already have established operations in such areas and we may find it difficult to attract patients in such new areas or may be unsuccessful in managing the risks of such expansions. We may also relocate, renovate and upgrade equipment at our existing Mature Facilities, and the successful completion of such relocation or renovation is also subject to the risks described above. While we have not experienced any specific instances of the above risks materializing which had an adverse effect on our business, financial condition and results of operations during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, any future delays in the setting up, ramping up, stabilization of operations, relocation or renovation of our Facilities and any cost overruns in relation thereto could cause us to incur greater expenses and lead to lower growth in our revenue from operations from such Facilities, which could adversely affect our business, financial condition, results of operations and cash flows.

16. Income from surgeries constitutes a significant majority of our revenue from operations (contributing to 65.58% and 64.20% of our revenue from operations in the six months ended September 30, 2024 and the Financial Year 2024, respectively) and any adverse effects on such income could adversely affect our business, financial condition, results of operations and cash flows.

We provide a comprehensive range of eyecare services, including cataract, refractive and other surgeries; consultations, diagnosis and non-surgical treatments; and sell opticals, contact lenses and accessories, and eyecare related pharmaceutical products. Of our services, income from surgeries constitutes a significant majority of our revenue from operations.

The table below sets forth our income from surgeries, in absolute terms and as a percentage of our revenue from operations, for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

While our income from surgeries has grown over the six months ended September 30, 2024 and the past three Financial Years (in absolute terms and as a percentage of our revenue from operations), this could reduce in the future, including due to reasons such as a reduction in patient footfall, reputational harm or liabilities on account of medical malpractice or negligence. We operate through a hub-and-spoke model, where we are able to refer patients from Primary Facilities to our Secondary Facilities and Tertiary Facilities for surgical and super-specialty surgical treatments. Also see "Our Business – Description of our Business – Hub and Spoke Model" on page 231. This hub-and-spoke model may not be successful in referring patients to such Facilities, where we offer surgical treatments, which could adversely affect our income from surgeries. We have served 1,153,398 and 990,010 patients during the six months ended September 30, 2024 and 2023, respectively, and 2,128,655,

1,595,137 and 1,093,164 patients during the Financial Years 2024, 2023 and 2022, respectively. However, we cannot assure you that our patient volumes will continue to grow at the same rate. We may also experience a decline in the number of doctors that we engage at our Facilities, which could adversely affect our ability to cater to patient footfall and offer surgical treatments. While our total number of doctors has increased to 737 doctors as of September 30, 2024 from 667 doctors as of March 31, 2024, 549 doctors as of March 31, 2023 and 403 doctors as of March 31, 2022, we have also had 76 and 46 doctors cease working with us during the six months ended September 30, 2024 and 2023, respectively, and had 111, 113 and 74 doctors cease working with us during the Financial Years 2024, 2023 and 2022, respectively. Such cessations could be for a variety of reasons, including doctors opting for private practice, termination, retirement or upon doctors graduating from our DNB or medical fellowship programs.

In addition, given that a number of the surgeries that we offer are elective surgeries, patients may choose to delay or to not undergo such surgeries due to a variety of factors, such as changing economic conditions leading to reduced disposable income, public health crises or restrictions on movement (such as those implemented to curb the spread of the COVID-19 pandemic) or due to innovations in science and medicine that obviate the need for surgeries offered by us. Any reduction in our income from surgeries in the future could adversely affect our business, financial condition, results of operations and cash flows.

### 17. Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations, financial condition, and cash flows.

Our ability to meet our obligations under our debt financing arrangements and repayment of our outstanding borrowings will depend primarily on the cash generated by our business. The table below sets out details of our total borrowings, interest coverage ratio and debt service coverage ratio as at each of September 30, 2024 and 2023 and as at March 31, 2024, 2023 and 2022:

<sup>(1)</sup> Total borrowings have been disclosed in accordance with the Restated Consolidated Statement of Assets and Liabilities, under the heading 'Borrowings'.

Our financing agreements generally include various conditions and covenants that require us to obtain lender consents prior to carrying out certain activities and entering into certain transactions such as:

- any change in the capital structure, shareholding pattern, ownership, management, or control, including any dilution in the shareholding of our Promoters;
- any amendments to our constitutional documents;

<sup>(2)</sup> Interest coverage ratio is computed as the ratio of EBIT to finance costs.

<sup>(3)</sup> Debt service coverage ratio is computed as the ratio of earnings available for debt service to debt service. "Earnings available for debt service" is computed as the sum of restated profit for the year, depreciation and amortization expenses, allowances made for doubtful receivables (including expected credit loss allowance), profit/(loss) on sale of assets, liabilities no longer required to be written back, forex gains/ loss, finance costs and excluding interest income on security depostis. "Debt service" is computed as the sum of interest payments required to be made towards term loans and lease payments and principal repayments towards borrowings, which are required to be made within one year from the conclusion of the relevant financial year.

<sup>(2)</sup> Interest coverage ratio is computed as the ratio of EBIT to finance costs.

<sup>(3)</sup> Debt service coverage ratio is computed as the ratio of earnings available for debt service to debt service. "Earnings available for debt service" is computed as the sum of restated profit for the year, depreciation and amortization expenses, allowances made for doubtful receivables (including expected credit loss allowance), profit/(loss) on sale of assets, liabilities no longer required to be written back, forex gains/ loss, finance costs and excluding interest income on security depostis. "Debt service" is computed as the sum of interest payments required to be made towards term loans and lease payments and principal repayments towards borrowings, which are required to be made within one year from the conclusion of the relevant financial year.

- undertaking any merger amalgamation, compromise or reconstruction;
- prior repayment of the credit facility;
- effecting any dividend pay-out in case of delay in debt servicing or breach of any financial covenants; and
- undertaking any new business or operations or project or diversification of business.

These covenants vary depending on the requirements of the financial institution extending the loan and the conditions negotiated under each financing document, and may restrict or delay certain actions or initiatives that we may propose to take from time to time. During the Financial Year 2024, our Company defaulted on the terms of our borrowing arrangements with Yes Bank Limited and HDFC Bank Limited, while our Material Subsidiary was in non-compliance with the current ratio requirements under the sanction letter for a term loan provided to it by Axis Bank Limited. While these defaults have been subsequently waived by the respective financial institutions, we cannot assure you that we will continue to be in compliance with the terms of our borrowing arrangements or that any future instance of such non-compliance will not be treated as a breach by our lenders. For details, please see "Restated Consolidated Financial Information – Note 25: Borrowings (Non-Current)" on page 347. Any future inability to comply with the covenants under our financing arrangements or to obtain necessary consents required thereunder may lead to the termination of our credit facilities, levy of penal interest, acceleration of all amounts due under such facilities and the enforcement of any security provided. If the obligations under any of our financing agreements are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes. Defaults under any of our debt obligations may also trigger cross-defaults under certain of our financing arrangements. In addition, any failure to make payments of interest and principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our creditworthiness and/or any credit rating we may hold, which could harm our ability to incur additional indebtedness on acceptable terms. Our failure to meet our obligations under our financing agreements could have an adverse effect on our business, results of operations, financial condition, and cash flows.

#### 18. We may fail to protect our intellectual property rights and may be exposed to misappropriation and infringement claims by third parties, which may have an adverse effect on our business and reputation.

As of September 30, 2024, we have registered 47 trademarks, including in respect of our logos "PA" and "PrAgarwals", with the Registrar of Trademarks in India to protect our intellectual property. We have also granted a non-exclusive, non-transferable, non-sub-licensable license, to use certain trademarks registered with our Company (including the "PA" and "PrAgarwals" logos) to certain of our Subsidiaries and have separately also been assigned the right to use certain trademarks by one of our Promoters. See "Our Business – Intellectual Property" and "Government and Other Approvals" on pages 241 and 440, respectively.

Due to differences in regulatory bodies and varying global requirements, we may be unable to obtain intellectual property protection in jurisdictions outside India. While we intend to defend against any threats to our intellectual property, we cannot assure you that our patents, trade secrets or other agreements will adequately protect our intellectual property. We cannot assure you that our intellectual property rights will not be challenged or circumvented by competitors or that such patents and trademarks will be found to be valid or sufficiently broad to protect our intellectual property. For instance, one of our registered trademarks under class 37 of the Trade Marks Act, 1999 has been opposed. Further, we cannot be certain that the equipment provided by suppliers (including related software to operate such equipment) or the other service providers that we utilize have all requisite third-party consents and licenses for the intellectual property used in the equipment they manufacture. As a result, we may be exposed to risks associated with intellectual property infringement and misappropriation claims by third parties, which could adversely affect our business and reputation. Such risks may further increase as we expand our services and enter new geographies.

#### 19. We have experienced net negative cash flows in the past and any negative cash flows in the future could adversely affect our cash flow requirements, business, financial condition and results of operations.

We have had negative cash flows from investing activities during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, as set out below:

|  | For the six months ended September 30, |            |  |

| Net cash generated from financing activities (C)                       | 5,526.71       | 3,033.39   | 354.33     |
| Net increase / (decrease) in cash and cash equivalents $(A+B+C) = (D)$ | (152.32)       | 273.60     | 444.10     |

For further details of the movements in our cash flows, see "Management's Discussion and Analysis of Financial Condition and Results of Operations – Cash Flows" on page 427. As a result of such negative cash flows from investing activities, we have experienced a net decrease of ₹152.32 million in our cash and cash equivalents for the Financial Year 2024. We cannot assure you that our net cash flows will continue to be positive in the future. Negative cash flows over extended periods, or significant negative cash flows in the short term, could adversely affect our ability to operate our business and implement our construction and growth plans.

20. Two of the relatives of our Promoters, Sunita Rana Agarwal and Pankaj Sondhi, who are deemed to be a part of our Promoter Group under the SEBI ICDR Regulations, have not provided their consent to be identified as members of our Promoter Group and have not provided any information in respect of themselves and their relevant entities as Promoter Group.

Our Company had requested (i) Sunita Rana Agarwal, the sister of Dr. Amar Agarwal, one of the Promoters of our Company, and mother of Dr. Ashvin Agarwal and Dr. Ashar Agarwal, also the Promoters of our Company and (ii) Pankaj Sondhi, the father of Dr. Ashvin Agarwal and Dr. Ashar Agarwal, and who are deemed to be members of the Promoter Group under the SEBI ICDR Regulations, to provide information, confirmations and undertakings in respect of themselves and their relevant entities as members of the Promoter Group.

Despite repeated attempts, our Company has not been able to obtain any information or certifications from Sunita Rana Agarwal and Pankaj Sondhi, in their capacity as members of our Promoter Group, and all correspondence from our Company to them has remained unanswered. Further, Sunita Rana Agarwal and Dr. Amar Agarwal, Dr. Ashvin Agarwal and Dr. Ashar Agarwal have a strained relationship and none of Dr. Amar Agarwal, Dr. Ashvin Agarwal or Dr. Ashar Agarwal have been in contact with Sunita Rana Agarwal. There has also been a longstanding dispute between Sunita Rana Agarwal, Dr. Amar Agarwal, Dr. J. Agarwal and Dr. T. Agarwal arising out of a partnership deed dated March 24, 1992 entered into among them for a partnership firm which was dissolved in the year 1992. Legal actions in relation to such dispute have been disposed off according to a public search conducted by the Company.

Given that Sunita Rana Agarwal and Pankaj Sondhi are unwilling to provide any information or confirmations required under the SEBI ICDR Regulations, our Company has included disclosures pertaining to them and their relevant entities as members of the Promoter Group in the section "Our Promoters and Promoter Group" on page 293, based on, and limited to the extent of, publicly available information from the websites of certain government authorities including, among others, watchout investors, CIBIL, the BSE Limited, the National Stock Exchange of India Limited and the Ministry of Corporate Affairs, in order to comply with the requirements of the SEBI ICDR Regulations. Further, in the absence of the relevant information and confirmations from Sunita Rana Agarwal and Pankaj Sondhi, our Company is also unable to identify an exhaustive list of their relevant entities as members of the Promoter Group, other than to the extent identified pursuant to public searches.

Our Company filed an exemption application dated September 27, 2024 under Regulation 300(1)(c) of the SEBI ICDR Regulations and SEBI has, pursuant to a letter dated October 25, 2024 bearing reference number SEBI/HO/CFD/RAC-DIL2/p/OW/2024/32128/1 acceded to our request for (i) approval to make such disclosures (as required under the SEBI ICDR Regulations) and to provide the required confirmations in relation to Sunita Rana Agarwal, Pankaj Sondhi, and their related entities falling within the definition of 'promoter group' as prescribed in the SEBI ICDR Regulations, on the basis of information available in the public domain, and (ii) accordingly have been exempted under Regulation 300(1)(c) of the SEBI ICDR Regulations from disclosing details of Sunita Rana Agarwal, Pankaj Sondhi and their relevant entities as members of the Promoter Group, to the extent that such information is not available in the public domain. Accordingly, to such extent, disclosures pertaining to Sunita Rana Agarwal and Pankaj Sondhi and their relevant entities as members of the Promoter Group of our Company included in this Red Herring Prospectus may be limited to publicly available information in the context of the requirements of the SEBI ICDR Regulations. Further, Sunita Rana Agarwal operates certain eye hospitals and a website called www.dragarwal.in, and such hospitals and website may be erroneously perceived to be those of our Company, which could adversely affect our brand and reputation.

Thus, disclosures pertaining to Sunita Rana Agarwal and Pankaj Sondhi and their relevant entities as members of the Promoter Group of our Company included in this Red Herring Prospectus may be limited to publicly available information in the context of the requirements of the SEBI ICDR Regulations. Further, Sunita Rana Agarwal operates certain eye hospitals and a website

called www.dragarwal.in, and such hospitals and website may be erroneously perceived to be those of our Company, which could adversely affect our brand and reputation.

### 21. There are outstanding legal proceedings involving our Company, our Directors, our Promoters and our Subsidiaries. Failure to defend these proceedings successfully may have an adverse effect on our business, prospects, financial condition, results of operations and reputation.

There are outstanding legal proceedings involving our Company, our Directors, our Promoters and our Subsidiaries. These proceedings are pending at different levels of adjudication before various courts, tribunals and arbitrators, from which further liability may arise. The table below sets forth a summary of the litigation involving our Company, our Directors, our Promoters and our Subsidiaries. <sup>\*</sup> To the extent quantifiable.

In addition, our Company has also received one complaint during the last three Financial Years under our anti-sexual harassment policy formulated in terms of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 against a former doctor-consultant of our Company. While this matter has been investigated by our internal complaints committee and is not currently outstanding, any future complaints under our anti-sexual harassment policy could have an adverse effect on our business and reputation. We will abide by the outcome of any complaint filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Further, with respect to the above complaint, a first information report has also been initiated by the complainant against such former doctor-consultant in relation to their allegations, which is presently outstanding. Any adverse outcome in any of the above proceedings may have an adverse effect on our business, prospects, financial condition, results of operations and reputation. Involvement in such proceedings could divert our management's time and attention and consume financial resources. We cannot assure you that these legal proceedings will be decided in our favor and that no further liability will arise out of these proceedings or would not have a material adverse effect on our business, operations and financial condition. We have not made any provisions for these outstanding matters, and in the event of any adverse rulings in these proceedings or consequent levy of penalties, we may need to make payments or make provisions for future payments, which may increase expenses and current liabilities.

### 22. We have been delayed in paying certain statutory dues in the past. Any failure or delay in payment of such statutory dues in the future may expose us to statutory and regulatory action, as well as significant penalties, and may adversely affect our business, results of operations, cash flows and financial condition.

We are required to pay statutory dues, such as provident fund contributions under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, employee state insurance contributions under the Employees' State Insurance Act, 1948, professional taxes, labour welfare fund charges, taxes deducted at source, corporate social responsibility expenses under the Companies Act, 2013, income tax payments under the Income-tax Act, 1961 and goods and services taxes under applicable GST laws, among others.

The table below sets out details of statutory dues paid by our Company and our Subsidiaries during the six months ended September 30, 2024 and 2023, and the Financial Years 2024, 2023 and 2022:

We have incurred delays of one to 35 days with respect to payment of certain statutory dues (primarily due to Goods and Services Tax) in the past owing to technical issues during the relevant years. While we have subsequently made payment of all pending statutory dues, we cannot assure you that we will not incur delays in payment of statutory dues in the future. However, we shall attempt to comply in spirit and in law with all the laws applicable to the Company. In this regard, we have taken steps to ensure that statutory dues payment are made within the prescribed timelines under applicable law, in order to avoid any unforeseen circumstances. Further, any failure or delay in payment of such statutory dues may expose us to statutory and regulatory action, as well as significant penalties, which may adversely affect our business, results of operations, cash flows and financial condition.

### 23. We source our equipment (including maintenance services), medical consumables, drugs, and supplies from third-party suppliers under various arrangements. Failure of such third parties to meet their obligations could adversely affect our business, results of operations and cash flows.

We source our equipment (including maintenance services), medical consumables, drugs, and supplies from third-party suppliers under various arrangements. Any failure to procure equipment (including maintenance services) or supplies in a timely basis, or at all, from such third parties and on commercially suitable terms could affect our ability to provide our services. Under some of these agreements, the supplier or maintenance service provider has the discretion to terminate the agreement unilaterally or with a specified period of notice in the event of a breach of any term or condition of the agreement, including but not limited to default in payment of the applicable fee. We are also required to indemnify suppliers under certain arrangements. Any such termination (in particular, unilateral termination) and consequent removal of the installed equipment, ceasing of maintenance services or disruption in the supply of medical consumables or biomedical supplies could adversely affect our operations. In addition, manufacturers may discontinue or recall equipment or supplies used by us, which could adversely affect our ability to provide our services, and therefore, could adversely affect our business, results of operations and cash flows. While we have not faced instances of such terminations during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we cannot assure you that such instances will not occur in the future.

We also rely on original equipment manufacturers ("**OEM**") and third-party OEM suppliers, in addition to our internal repairs and maintenance teams, to carry out repairs and maintenance of our equipment.

Our repairs and maintenance expenses for equipment and software maintenance expenses during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022 are set out below:

Further, any failure or negligence by these third parties in performing maintenance or repairs on our equipment could result in harm to our medical professionals or patients and could adversely affect our business, reputation, results of operations and cash flows. While we have not faced such instances of failure or negligence by such third parties during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we cannot assure you that such instances will not occur in the future. We may also be unable to find alternative service providers in time, or at all, and at a suitable cost. Our use of third-party suppliers, OEMs and sub-contractors also exposes us to supply chain bottlenecks, quality problems, reputational damage from their actions, and other potential liabilities or disruptions that may arise in cases where such third-party suppliers and sub-contractors fail to meet their commitments. Any delay or inability to repair and maintain our equipment sourced from third-party suppliers could cause disruptions in our operations and adversely affect our business, results of operations and cash flows.

#### 24. If we are unable to keep pace with technological changes, new equipment and service introductions, changes in patients' needs and evolving industry standards, our business and financial condition may be adversely affected.

The eyecare services industry is characterized by technological changes from time to time, new equipment and service introductions, changes in patients' needs and evolving industry standards. Our continued success depends on our ability to anticipate industry trends and identify, develop and market new value-added services that meet patient demands, and continually enhance our equipment and technologies in a timely and cost-effective manner. Developing new, technology-based patient services and tools in a timely and cost-effective manner may be difficult, particularly as market preferences can change rapidly. We may also experience delays or failures at any stage of our patient service, such as development, introduction or implementation. Our competitors may be more efficient at developing new patient services or procedures and may introduce those services or procedures to the market before us. The introduction of new or similar patient services by our competitors may result in reductions in our prices, profit margins, and market share. Further, as industry standards evolve, we may be required to enhance and develop our internal processes and procedures, as well as invest in new equipment and technologies, to comply with such standards. If we are unable to develop new patient services in a timely manner to meet market demand, or if there is insufficient demand for our services, our business and financial condition may be adversely affected. Any increase in competition (including from medical and scientific advances or alternative medicine and therapies which could reduce the need for eyecare services at our Facilities) may lead to pricing pressure as well as challenges in talent acquisition. Rapid changes in the healthcare industry require sourcing for and investing in new medical equipment and technology. We may not be able to continually invest in, procure and integrate the latest equipment and technologies at commercially suitable terms and in a timely manner. We may also not be able to recover the financial outlay for the medical equipment and systems that we purchase. We may incur significant costs in replacing or modifying equipment in which we have already made a substantial investment. New equipment and services based on new or improved technologies or new industry standards can lead to earlier than planned redundancy of our medical equipment and result in asset impairment charges in the future, thereby adversely affecting our business and financial condition.

#### 25. We have contingent liabilities, and our financial condition could be adversely affected if any of these contingent liabilities materialize.

As of September 30, 2024, we had disclosed the following contingent liabilities (that had not been provided for) in our Restated Consolidated Financial Information in accordance with Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets, which are extracted below:

| Particulars -                                     | As of September 30, 2024 |  |
|---|--------------------------|--|
|   | (₹ in million)           |  |
| Claims against the Group not acknowledged as debt | 294.64                   |  |

Notes:

(i) Based on Professional Advice / Management's assessment of all the above claims, the Group expects a favorable decision in respect of the above claims and hence no specific provision has been considered for the above claims.

(ii) The amounts shown above represent the best possible estimates arrived at on the basis of the available information. The uncertainties and possible reimbursement are dependent on the outcome of the various legal proceedings which have been initiated by the Group or the Claimants, as the case may be and, therefore, cannot be predicted accurately.

The claims identified as contingent liabilities are in relation to consumer claims, income tax and indirect tax disputes. We cannot assure you that we will not incur similar or increased levels of contingent liabilities or capital commitments in the future. If any of these contingent liabilities or capital commitment materialize, our financial condition and results of operation may be adversely affected. For further details of our contingent liabilities and capital commitments, see also "Restated Consolidated Financial Information" on page 304.

### 26. Our ability to continue to provide eyecare services to our patients is dependent on our ability to effectively estimate, price and manage our employee and doctor-related expenses and an inability to manage such expenses could adversely affect our business, financial condition, results of operations and cash flows.

Our business involves significant expenses, which primarily include consultancy charges for doctors and employee benefits expense. Our consultancy charges for doctors and employee benefits expense for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, in absolute terms and as a percentage of our total expenses, are set out below:

|                                 | For the six months ended September 30, |                       |                |                       |  |  |

| Consultancy charges for doctors | 2,038.54       | 16.49%                   | 1,471.23       | 15.52%                   | 927.72         | 14.12%                |
| Employee benefits expense       | 2,428.26       | 19.65%                   | 1,904.02       | 20.09%                   | 1,398.20       | 21.28%                |

If we are unable to manage our employee and doctor-related expenses, our profitability could be adversely affected. In addition, these expenses are linked to growth in our revenue and business, as a significant portion of our consultancy charges for doctors includes variable pay, where doctors are paid fees based on the revenues earned by the Facilities at which they are retained. We have instituted an employee stock option plan for our employees ("ESOP 2022"), pursuant to which charges may be made to our profit and loss statement upon the grant of options under such ESOP 2022. Further, our Company had formulated Doctors' Incentive Plan 2022 ("DIP Plan") to incentivize doctor who are consultants of the Company for their association and performance in the Company through cash payouts. The DIP Plan was subsequently cancelled on December 20, 2024. No cash payouts have been made or are proposed to be made pursuant to the DIP Plan. We may also need to hire additional personnel to manage our Facilities and our corporate operations as our business grows. A portion of these expenses are also fixed and not linked to our revenues, such as annual increments and statutory payments for employees, and the fixed pay to doctors and costs associated with our doctors' incentive plan. If we experience an increase in expenses, or if we are not able to grow our revenue margins in line with our expenses, our profitability would be adversely affected, particularly during a period of economic decline or in the event of a reduction in our revenues, which could have an adverse effect on our business, financial condition, cash flows and results of operations.

# 27. There may be delays in completing certain of our statutory and regulatory filings. We cannot assure you that no actions (regulatory or otherwise) will be initiated against our Company in the future in relation to such delays, which could adversely affect our financial condition, results of operations and reputation.

Pursuant to resolutions dated September 4, 2024, and September 5, 2024 passed by our Board and Shareholders respectively, our Board has approved the allotment of 205,037,280 Equity Shares of face value ₹1 as bonus shares in the ratio of two Equity Shares for each Equity Share held by our Shareholders as on the record date, September 4, 2024. Accordingly, under applicable laws, including Sections 39(4) and 42(9) of the Companies Act, 2013, read with rules 12 and 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, we have filed the Form PAS-3 through the MCA portal and the Form FC-GPR. Further, we have also filed the Form FC-GPR in relation to the allotment of bonus shares to non-resident shareholders on September 9, 2024. We have filed the Form FCGPR bearing FCGPR reference number FCGPR1124185029 on November 19, 2024, and the same has been acknowledged by the RBI on November 26, 2024. Further, we have filed Forms DIR 12 with the MCA in relation to appointment and regularisation of Dr. Ranjan Ramdas Pai and Archana Bhaskar and Form DIR 12 for regularisation of Nachiket Madhusudan Mor. While we have made such filings on the MCA portal and with the RBI, as the case may be, there is no assurance that there will be no actions (regulatory or otherwise) or fines levied against us due to any erstwhile pendencies, which could adversely affect our financial condition, results of operations and reputation.

#### 28. Proceeds from the Offer for Sale portion of the Offer will not be available to us.

As this Offer includes an Offer for Sale of Equity Shares by the Selling Shareholders, the entire proceeds from the Offer for Sale (net of their proportion of the expenses of the Offer) will be received by each of the Selling Shareholders, to the extent of its respective portion of the Offered Shares, and our Company will not receive any proceeds from the Offer for Sale. For details relating to the Offer, see "*The Offer*" and "*Objects of the Offer*" on pages 78 and 124, respectively.

# 29. Our funding requirements and proposed deployment of the Net Proceeds of the Offer have not been appraised by a bank or a financial institution or any external agency and if there are any delays or cost overruns, our business, results of operations, financial condition, and cash flows could be adversely affected. Further, any variation in the utilization of our Net Proceeds as disclosed in this Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval.

We intend to use the Net Proceeds for the purposes described in "Objects of the Offer" on page 124. The objects of the Offer have not been appraised by any bank or financial institution or any external agency. While a monitoring agency will be appointed for monitoring the utilization of the Gross Proceeds, the proposed utilization of the Gross Proceeds is based on current conditions, internal management estimates and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy. Based on the competitive nature of our industry, we may have to revise our business plan and/or management estimates from time to time and consequently our funding requirements may also change. Our internal management estimates may exceed fair market value which may require us to reschedule or reallocate our capital expenditure and may have an adverse effect on our business, results of operations, financial condition, and cash flows. Any variation in the utilization of the Net Proceeds shall be on account of a variety of factors such as our financial condition, business and strategy and external factors such as market conditions and competitive environment, which may not be within the control of our management, and may be subject to various other approvals, which includes, amongst others obtaining prior approval of the Shareholders of the Company.

Further, pending utilization of the Net Proceeds towards the objects of the Offer, we will have to temporarily deposit the Net Proceeds with one or more scheduled commercial banks listed in the Second Schedule of Reserve Bank of India Act, 1934, in a manner as may be approved by our Board.

Various risks and uncertainties, including those set forth in this "Risk Factors" section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business. Accordingly, the use of the Net Proceeds to fund our growth and for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

For further details, see "Objects of the Offer" on page 124.

#### 30. We face competition from other eyecare service providers. If we are unable to compete effectively, our business, results of operations and cash flows may be adversely affected.

The eyecare industry is highly competitive in India. We face competition from a large number of public hospitals, private hospitals, and eye clinics located in the same geographic areas in which we operate. We compete on multiple factors such as specialty and other service offerings, quality and selection of medical professionals, affordability, quality of care, technology, quality of Facilities, patient satisfaction, brand and reputation. In addition, we face competition in our international operations. New competitors may try to enter the markets we are currently present in, and we may need to compete with incumbent eyecare service providers in any new geographies that we may expand to in the future. In such an event, we would need to compete on a combination of the factors described above, while also addressing the specific requirements of the demographics and markets that we attempt to expand into. We cannot assure you that we will be successful in maintaining our market share in the international markets that we are currently present in, or that we will be able to establish our brand and operations in any new markets that we expand to, whether domestic or international.

Existing or new competitors may try to compete for patients by exerting pricing pressures on some or all of our services by pricing their services at a significant discount to ours or by offering services with greater convenience or better quality. We may also face competition from new market entrants. Further, concentration within the eye care sector, or other potential moves by our competitors such as expansion of their network, could improve their competitive position and market share and may exert pricing and recruiting pressure on us. Further, as a result of the above, we may not be able to improve or maintain our market share in the eyecare industry. If we are unable to compete effectively with our competitors, our business, results of operations and cash flows may be adversely affected.

#### 31. The interests of our Promoters, Subsidiaries, Associates and Directors may cause conflicts of interest in the ordinary course of our business.

Potential conflicts of interest may occur between our business and the business of such entities which have a similar line of business as our Company and in which our Promoters and Directors may have interest. Some of our Directors may be on the board of directors of certain companies engaged in businesses similar to our business. For instance:

- Mr. Ved Prakash Kalanoria is also a director on the board of Manipal Health Enterprises Private Limited and Kids Clinic India Limited;
- Dr. Ranjan Ramdas Pai is also a director on the boards of Manipal Health Enterprises Private Limited and Manipal Global Health Services, Mauritius; and

• Mr. Nachiket Madhusudan Mor is also a director on the boards of Meridian Medical Research and Hospital Limited and Narayana Hrudayalaya Limited.

We have adopted a Policy on Related Party Transactions (the "RPT Policy") to govern transactions entered into by the Company with its related parties, which include the Promoters, Directors and members of the Promoter Group. The RPT Policy outlines that each Director and Key Managerial Personnel must promptly notify the Company of any potential related party transaction involving them or their relatives, disclosing the nature and extent of their concern or interest. All related party transactions and subsequent material modifications also require prior approval from the Independent Directors on the Audit Committee, who will review the material terms, particulars, justification, and valuation to determine if they are in the ordinary course of business and at arm's length, in accordance with applicable laws. While we will adopt necessary procedures and practices as permitted by law to address any instances of conflict of interest, if and when they may arise, we cannot assure you that these or other conflicts of interest will be resolved in an impartial manner. Further, our Promoters and certain of our Directors may also hold equity shares and be interested to the extent of any dividend payable to them by entities with such similar lines of business, which include our Subsidiaries and other members of the Dr. Agarwal's Group. We cannot assure you that our Promoters and such Directors will not favor the interests of such entities over our interests in future or that we will be able to suitably resolve any such conflicts without an adverse effect on our business.

Our Subsidiaries are engaged in businesses that are similar to ours, which could give rise to conflicts of interest. In particular, Dr. Agarwal's Eye Hospital Limited, one of our Material Subsidiaries which is listed on the BSE Limited in India, operates under the same brand as our Company and offers the same eyecare services as our Company does. In addition, as there is no formal non-compete arrangement between our Promoters the rest of the Dr. Agarwal's Group and us, our Promoters, along with members of our Promoter Group and our Subsidiaries, may in certain circumstances, pursue business opportunities or undertake corporate strategies which may not be aligned with our interests.

Further, our doctors also provide services or are deputed from time to time to our Subsidiaries. We have also entered into supply arrangements with our Associate, IdeaRx Services Private Limited, for the procurement of medical consumables. Further, one of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited, has also entered into lease arrangements dated March 3, 2022 with one of our Promoters, Dr. Agarwal's Eye Institute (whose partners are our Promoters, Directors and members of our Senior Management Personnel), for the use of land situated at 19, Cathedral Road, Gopalapuram, Chennai 600 086, Tamil Nadu, for an initial period of ten years and a lease amount of ₹55.11 million per annum, with a 5% escalation each year. The building for one of our Facilities operated by Dr. Thind Eye Care Private Limited, one of our Subsidiaries, in Jalandhar, Punjab is located is also owned by one of the directors of such Subsidiary, and has been leased to such Subsidiary for a period of 15 years and an aggregate lease amount of ₹20.47 million per annum for the first three years from the commencement of such lease, with a 15% escalation every three years thereafter.

Such transactions with our Promoters, members of our Promoter Group, Associate and Subsidiaries may potentially involve conflicts of interest which may be detrimental to the interest of our Company. As a result of the above factors, our Promoters, members of our Promoter Group and our Subsidiaries may have conflicts of interest which may adversely affect our business, results of operations and financial condition.

32. We lease certain properties from some of our Promoters and related parties and any adverse change in the terms of such leases or termination of such leases could adversely affect our business, financial condition, results of operations and cash flows.

One of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited, has entered into lease arrangements dated March 3, 2022 with some of our Promoters for the use of land situated at 19, Cathedral Road, Gopalapuram, Chennai 600 086, Tamil Nadu, for an initial period of ten years and a rental amount of ₹55.11 million per annum, with a 5% escalation each year. The building where one of our Facilities operated by Dr. Thind Eye Care Private Limited, one of our Subsidiaries, in Jalandhar, Punjab is located is also owned by one of the directors of such Subsidiary, and has been leased to such Subsidiary for a period of 15 years and an aggregate rental amount of ₹20.47 million per annum for the first three years from the commencement of such lease, with a 15% escalation every three years thereafter.

We cannot assure you that the terms and conditions of these leases will remain favorable to us or that we will be able to renew these leases on similar or acceptable terms, or at all, upon their expiry. Any adverse change in the terms of these leases, such as an increase in rent, a reduction in the lease period, or a change in the escalation clause, could increase our operating costs and reduce our profitability. Further, any termination of these leases by our Promoters and related parties, whether due to a breach by us or otherwise, could disrupt our operations and affect our ability to provide our services at these Facilities. In such an event, we may not be able to find alternative properties on comparable terms, or at all, in a timely manner, which could adversely affect our business, financial condition, results of operations and cash flows. Additionally, any disputes or litigation arising from these leases could divert our management's attention and resources and expose us to legal risks and liabilities.

33. Our actual or perceived failure to appropriately handle personal information of our patients, including medical data, could have an adverse effect on our business, reputation, financial condition, results of operations and cash flows.

Indian laws including the Digital Personal Data Protection Act, 2023, require medical institutions to protect the privacy of their patients and prohibit unauthorized disclosure of personal information, including medical data. Compliance with new and evolving privacy and security laws, regulations and requirements may result in increased operating costs and may constrain or require us to alter our business model or operations, which may in turn affect our business, results of operations and financial condition. Deficiencies in managing our information systems and data security practices may lead to leaks of patient records, test results, prescriptions, lab records and other confidential and sensitive information. We are also required to comply with the Information Technology Act, 2000 and the rules thereof, each as amended, which provides for civil and criminal liability, including compensation to persons affected, penalties and imprisonment for various cyber related offenses, including unauthorized disclosure of confidential information and failure to protect sensitive personal data. In addition, our international operations are subject to the regulatory requirements of the jurisdictions in which we are present.

While we have not faced any such breach or theft of confidential and other sensitive information of our patients or procedures or any kind of data leakage in the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, any future breach (or perceived breach) of our confidentiality obligations to our patients, including due to data leakages or improper use of such medical information notwithstanding the safeguards that we have implemented, could expose us to fines, potential liabilities and legal proceedings, such as litigation or regulatory proceedings, which would adversely affect our reputation. As cyber-attacks and similar events become increasingly sophisticated, we may need to incur additional costs to implement data security and privacy measures, modify or enhance our protective measures or investigate and remediate any vulnerability to cyber incidents.

#### 34. Our medical professionals, employees and members of the staff may engage in misconduct or other improper or illegal activities which could have an adverse effect on our business, results of operations, and financial condition.

Our business is exposed to the risk of misconduct by medical professionals, employees and members of the staff, including but not limited to misconduct, noncompliance with regulatory requirements and breach of contractual obligations and retainership arrangements. For instance, in past our Company has filed a complaint against medical professionals who were previously engaged as consultants for breach of terms of a business transfer agreement. For further details, see "Outstanding Litigation and Material Developments" on page 435. Further, the qualification and practicing activities of our medical professionals are strictly regulated by applicable laws, regulations, policies and guidelines, as well as by applicable codes of professional conduct or ethics. While we have not faced any instances of non-compliance with applicable codes of professional conduct or ethics in the past three Financial Years, if our medical professionals fail to comply with applicable laws, regulations, policies or guidelines, including professional licensing requirements, we may be subject to penalties including fines, loss of licenses or restrictions on our Facilities and operations. Any potential failure to comply with applicable laws, regulations, ethical standards and codes of conduct could adversely affect our operations. We cannot assure you that we will not face any such instances of misconduct in the future. In the event that misconduct by our medical professionals, employees and members of the staff materializes, we may be subject to criminal penalties, fines, regulatory approval revocation, and damage to our reputation, which could have an adverse effect on our business, results of operations, and financial condition.

### 35. Challenges that affect the healthcare and eye care industry could adversely affect our business, prospects, financial condition, results of operations and cash flows.

Our business is subject to challenges faced by the entire Indian healthcare industry, including, among others, providing quality patient care in a competitive environment while managing costs. There have been and may continue to be proposals by legislators and regulators to lower healthcare costs in India and limit the rate of price increase, cap the margins and fix the price of healthcare procedures, diagnostics and/or medicines and consumables. Certain proposals by the Government of India or the State Governments, if passed, could impose, among other things, limitations on prices for our services. Factors that may affect the broader Indian healthcare industry, as well as the Indian eye care industry, include the following:

- general economic conditions which adversely affect the quantum of disposable income that can be allocated for healthcare services;
- general health awareness in India;
- availability of infrastructure in rural areas in India;
- changes in the regulations affecting healthcare facilities;
- increased government expenditures for healthcare services which could lead to various price control measures in relation to healthcare costs in India;
- changes to the prices fixed for healthcare services under Government schemes such as the Central Government Health Scheme. Avushman Bharat scheme and Ex-Servicemen Contributory Health Scheme:
- reduced need for health care services arising from medical and scientific advances or from alternative medicine and therapies;
- the expansion rate of health insurance coverage in India; and
- shortage of qualified medical professionals.

Also see "Industry Overview – Structure of the eye care industry in India – Key threats and challenges for the eye care industry" on page 186. The healthcare industry (including our business) is also exposed to external risks, such as public health emergencies and attendant consequences. For instance, during the Financial Year 2022, we were able to perform 115,294 surgeries, which was lower than average, primarily due to the continuing effects of the COVID-19 pandemic and measures implemented to curb its spread. Given the elective nature of a number of our surgeries, such as LASIK, patients may have refrained from undergoing such surgeries during periods when public movement and other restrictions were in place due to the COVID-19 pandemic. While the number of surgeries performed at our Facilities increased to 170,580 in the Financial Year 2023 and 220,523 in the Financial Year 2024, the recurrence of a pandemic or similar restrictions due to other events, could adversely affected our business, prospects, financial condition, results of operations and cash flows. Further, pharmaceutical and other medical devices and consumable prices in India are subject to regulation and the Government has been actively reviewing prices for pharmaceuticals and their trade margins. These agencies have broad discretion to alter or eliminate programs that contribute to our revenues. Any action for violation of pricing regulations may divert management attention and could adversely affect us. These factors could have an adverse effect on our business, prospects, financial condition, results of operations and cash flows.

#### 36. We rely on third-party contractors to provide certain services. Any lapse by such third-party service contractors may have adverse consequences on our business, reputation, results of operations and cash flows.

We rely on third party contractors to provide certain services including, among others, house-keeping and security services. We do not have direct control over these third-party service providers, and there is no guarantee that they will provide satisfactory services to us and our patients. Our service providers may experience disruptions in their operations or services due to factors beyond their and/or our control. If any of our service providers' operations or services are disrupted or terminated, we may not be able to find alternative quality service providers on commercial terms to our satisfaction in a timely and reliable manner, or at all. Poor quality service or lapses in service from our third-party service providers may expose us to liabilities that we may not be able to recover from the service providers and may adversely affect our business, results of operations and cash flows. We do not enter into any employment agreements with the service personnel of our third-party service providers. However, in the event that any of our third-party service providers default on their employer obligations, we may be held responsible for providing statutory benefits, including the salaries/wages of these employees, or be subject to fines and penalties imposed by regulatory authorities, which may increase our operating expense and adversely affect our business, results of operations and cash flows. In addition, we may be subject to additional requirements or restrictions under the evolving labor law regime in India. While we have not faced any such instances of lapse in services by third party contractors during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we cannot assure you that we will not encounter any such lapses in the future. Any such instances may adversely affect our business, reputation, results of operations and cash flows.

### 37. Our business exposes us to risks inherent to the operation of complex medical equipment, which may experience failures or cause injury either because of defects, faulty maintenance or repair, or improper use, which may adversely affect our business, results of operations, financial condition and cash flows.

Our business exposes us to liability risks that are inherent in the operation of complex medical equipment, which may experience failures or cause injury either because of defects, faulty maintenance or repair, or improper use. Any injury caused by our medical equipment or procedures, at our Facilities due to equipment defects, improper maintenance or improper operation could subject us to liability claims. Regardless of their merit or eventual outcome, such liability claims could result in significant legal defense costs for us, harm our reputation, and otherwise have an adverse effect on our business, results of operations and financial condition.

Our equipment is generally sensitive to extreme temperatures and requires to be kept in an air conditioned or temperature and humidity controlled environment and our Facilities are highly dependent on our access to and supply of uninterrupted power. Although we maintain power back-up, it may be affected by large scale power failure which is beyond our control. A sudden disruption in our power supply during a procedure may result in errors by our personnel, which may cause injury to our patients, which could also render us vulnerable to legal claims, and we may not receive a favorable outcome in any such proceedings.

We primarily rely on equipment manufacturers or third-party service providers to maintain and repair the complex medical equipment used at our Facilities and enter into comprehensive maintenance contracts with them for (i) scheduled preventative service, and (ii) unscheduled corrective/ remedial on-call services. Such contracts are renewed annually and are typically required to be continued for a period of three years, However, any warranties available on such equipment are generally subject to standard exclusions such as shifting of equipment and coverage of consumables. Moreover, in the event that any of these manufacturers or third-party service providers fails to perform its contractual obligations to provide such services, or refuses to renew service agreements on terms acceptable to us, or at all, we may not be able to find a suitable alternative service provider or establish our own maintenance and repair team in a timely manner. We also rely on both equipment manufacturers and our own internal expertise to provide technical training to our staff on the proper operation of such equipment. If such medical technicians are not properly and adequately trained, or if they make errors in the operation of the complex medical equipment even if they are properly trained, they may misuse or ineffectively use the complex medical equipment at our Facilities. Such failure could result in unsatisfactory medical examination results, diagnosis, treatment outcomes, or patient injury. Any such factors may adversely affect our business, results of operations, financial condition and cash flows.

#### 38. We may face the risk of obsolescence for our inventory and a failure to maintain required levels of inventories could have an adverse effect on our business, financial condition, results of operations and cash flows.

Our inventories consist of supplies which generally include surgical lens including other consumables, opticals, contact lens and accessories, pharmaceutical products, clinical items and equipments held for trading.

The table below provides the closing balance of our inventories as of September 30, 2024 and 2023, and as of March 31, 2024, 2023 and 2022, along with our inventory turnover days as of March 31, 2024, 2023 and 2022:

| Particulars                                   | As of September 30, |        |  |  |
|---|---------------------|--------|--|--|
| Farticulars                                   | 2024                | 2023   |  |  |
| Inventories (₹ in million)                    | 687.13              | 452.87 |  |  |
| Inventory turnover days <sup>(1)</sup> (days) | 58.67               | 50.32  |  |  |

<sup>(1)</sup> Inventory turnover days are calculated as Cost of Goods Sold divided by Average Inventory represented in days for the respective period/year, where (i) "Cost of Goods Sold" is computed as sum of cost of materials consumed, purchases of stock-in-trade, changes in inventories of finished goods, stock-in-trade and work-in-progress, and consumption of surgical lens including other consumables as per Restated Consolidated Financial Information for the respective period/year; and (ii) "Average Inventory" is calculated as the average of inventory as at the end of the Financial Period/Year and inventory as at the end of the previous Financial Year.

| Particulars                                   | As of March 31, |        |        |  |
|---|-----------------|--------|--------|--|
| Faruculars                                    | 2024            | 2023   | 2022   |  |
| Inventories (₹ in million)                    | 518.99          | 360.36 | 329.18 |  |
| Inventory turnover days <sup>(1)</sup> (days) | 53.32           | 53.80  | 69.79  |  |

<sup>(1)</sup> Inventory turnover days are calculated as Cost of Goods Sold divided by Average Inventory represented in days for the respective year, where (i) "Cost of Goods Sold" is computed as sum of cost of materials consumed, purchases of stock-in-trade, changes in inventories of finished goods, stock-in-trade and work-in-progress, and consumption of surgical lens including other consumables as per Restated Consolidated Financial Information for the respective year; and (ii) "Average Inventory" is calculated as the average of inventory as at the end of the Financial Year and inventory as at the end of the previous Financial Year.

Maintaining required levels of inventories helps us to meet the market demands in a timely manner and we generally purchase surgical lens including other consumables, opticals, contact lens and accessories, pharmaceutical products, clinical items and equipments held for trading according to our estimated surgery demands, and we monitor the shelf life of these products closely through our logbook and physical inspection to ensure items close to their expiry dates are returned and that no expired items will be used. As our business expands, our inventory level increases and our inventory obsolescence risk may also increase along with the increased purchase of inventories. Furthermore, any unexpected material fluctuations or abnormalities in the supply of surgical lens including other consumables, opticals, contact lens and accessories, pharmaceutical products, clinical items and equipments held for trading, or changes in patients' preferences may lead to decreased demand and overstocking of supplies and increase the risk of obsolescence. A failure to maintain appropriate levels of inventories could have an adverse effect on our business, financial condition, results of operations and cash flows.

## 39. We are dependent on a number of key personnel, including our Promoters, Key Managerial Personnel and Senior Management Personnel, and the loss of or our inability to attract or retain such persons could adversely affect our business, financial condition, results of operations and cash flows.

We are highly dependent on our Promoters, Key Managerial Personnel ("KMP"), Senior Management Personnel ("SMP") and other key personnel for strategic direction and to manage our operations and meet future business challenges. In addition, we depend on our clinical board and the doctors present on the sub-committees of such board for key decisions and oversight of our business. The loss of, or inability to attract or retain, such persons could adversely affect our business, financial condition, results of operations and cash flows. In particular, the active involvement of our Promoters and the services of our KMP, SMP and other senior management have been integral to the growth of our business. For details in relation to the experience of our Promoters, KMP and SMP, see "Our Promoters and Promoter Group" and "Our Management" on pages 293 and 268, respectively. If one or more of these individuals were unwilling or unable to continue in their present positions, we may not be able to replace them with persons of comparable skill and expertise promptly, which could have an adverse effect on our business, financial condition, results of operations and cash flows. The table below provides the number of our employees, KMP and SMP as of September 30, 2024 and 2023 and as of March 31, 2024, 2023 and 2022, respectively, along with their attrition rate for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

Also see "Our Management" on page 268 for details of the changes in our KMP and SMP during the past three Financial Years until the date of this Red Herring Prospectus. We may take a significant period of time to hire and train replacement personnel when skilled personnel terminate their employment with us. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting skilled employees that our business requires. If we are unable to hire and train replacement personnel in a timely manner or increase our levels of employee compensation to remain competitive, our business, financial results, results of operations and cash flows may be adversely affected.

#### 40. If we are unable to establish and maintain effective internal financial and operational controls, our business and reputation could be adversely affected.

We are responsible for establishing and maintaining adequate internal control measures commensurate with the size and complexity of our operations. Our internal audit functions make an evaluation of the adequacy and effectiveness of internal systems on an ongoing basis to ensure our operations adhere to our corporate policies, compliance requirements and internal guidelines. We also conduct Facility-level operational audits to assess the effectiveness of our internal controls with respect to our medical procedures. We are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to ensure effective internal checks and balances in all circumstances.

We take reasonable steps to maintain appropriate procedures for compliance and disclosure and to maintain effective internal controls over our financial reporting. As risks evolve and develop, internal controls must be reviewed on an ongoing basis. Maintaining such internal controls requires human involvement and is therefore subject to lapses in judgment and failures that result from human error. While we have not faced any such instances that have had an adverse effect on our business, financial condition, results of operations or cash flows in the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we cannot assure you that the accuracy of our financial reporting will not be affected in the future. Any such occurrence could affect our reputation, result in a loss of investor confidence and a decline in the price of our Equity Shares.

## 41. We are subject to anti-bribery, anti-corruption and sanctions laws and regulations and a failure to comply with such laws and regulations could have an adverse effect on our business, reputation, financial condition, results of operations, investor confidence and the trading price of our Equity Shares.

We are subject to anti-bribery and anti-corruption laws which prohibit us, our employees, and other intermediaries from bribing government officials for the purpose of obtaining or keeping business or otherwise obtaining favorable treatment. We operate in many parts of the world that have experienced governmental corruption to some degree, and, in certain circumstances, strict compliance with anti-bribery and anti-corruption laws may conflict with local customs and practices. Our competitors in such jurisdictions may not be subject to the same anti-bribery and anti-corruption laws as we are, and accordingly, may be better placed than us to do business. Our operations are also subject to laws and regulations restricting dealings with certain parties, including activities involving restricted countries, organizations, entities and persons that are subject to international economic sanctions. We cannot assure you that we will not discover any issues or violations with respect to anti-bribery, anticorruption and economic sanctions laws by us or our employees, or other intermediaries. While we have not faced any instances of noncompliance with anti-bribery, anti-corruption and economic sanctions laws that have materially affected our business, financial condition, results of operations or cash flows in the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, we cannot assure you that we will be in compliance with such laws in the future. Any violations of these laws and regulations could result in restrictions being imposed on our operations, expose us to administrative, civil or criminal penalties or fines and could adversely affect our reputation, business, financial condition, results of operations, investor confidence and the trading price of our Equity Shares.

#### 42. We are vulnerable to failures of our information technology systems, which could adversely affect our business, reputation and financial condition.

Our information technology ("IT") systems are important to our business. We rely on our IT systems to, among others, manage accounting and financial reporting, store information and maintain back-up data, prepare and manage medical and financial records, and conduct training programs. If we experience an interruption or a reduction in the reliability of our technology architecture, or disruptions from our local service providers, or failure by third party suppliers to adequately secure or manage

our IT systems, or discontinuation of existing products and services that we rely on, our operations and ability to manage our administrative systems and secure our IT systems could be adversely affected. Any technical failures in our IT systems may impair our ability to provide services to our patients. Corruption of certain information could also lead to delayed or inaccurate judgments or diagnoses in our treatment of patients, and could result in damage to the welfare of our patients. In addition, since we rely on our technology systems to manage our accounting and financial functions, including processing payments to service providers and invoicing our patients, any technical failures or errors could affect our financial reporting, our reputation and relationships with the community. We have not faced any instances of failure of our IT systems in the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022. Any failure of our IT systems in the future could adversely affect our business, reputation and financial condition.

IT systems are also vulnerable to security breaches, malicious intrusions or cyber-attacks from a variety of sources such as ransomware, phishing emails and other such computer viruses. Cyber-attacks are growing in their frequency, sophistication and intensity, and are becoming increasingly difficult to detect, mitigate or prevent and we may need to incur additional costs to implement data security and privacy measures, modify or enhance our protective measures or investigate and remediate any vulnerability to cyber incidents.. In addition, our systems are potentially vulnerable to data security breaches, whether by employees or others that may expose sensitive data to unauthorized persons. Such data security breaches could lead to loss of our intellectual property, or lead to the public exposure of personal information (including sensitive personal information) of our employees, patients and others. However, any such issues in the future could lead to the loss of our intellectual property, or could lead to the public exposure of personal information (including sensitive personal information) of our employees, patients and others.

Further, we are subject to laws and regulations relating to privacy and the collection, storing, sharing, use, disclosure, and protection of certain types of data. Indian laws rules and regulations generally require body corporates/ medical institutions to protect the privacy of their patients, clients, employees/ staff or third party ("Provider of Information") and prohibit unauthorized disclosure of personal information, including medical data. We are governed by the provisions of the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 which regulates the collection, storage, and dissemination of a patient's medical records and history, which are deemed to be sensitive data or information. In the event where a patient's medical records and/or history are negligently handled by us, we may be subject to penal action, and may also be required to pay an aggrieved patient damages in accordance with the provisions of the Information Technology Act, 2000. These laws and regulations may continually change as a result of new legislation, amendments to existing legislation, changes in the enforcement policies and changes in the interpretation of such laws and regulations by the courts or the regulators. Our non-compliance with these laws in the future could adversely affect our business, reputation and financial condition. For example, the Ministry of Electronics and Information Technology has issued "The Digital Personal Data Protection Bill, 2022" on November 18, 2022. Compliance with new and evolving privacy and security laws, regulations and requirements may result in increased compliance costs and may constrain or require us to alter our existing data protection processes and infrastructure.

Deficiencies in managing our information systems and data security practices may lead to leaks of personal information and sensitive personal data or information, including, patient records, test results, prescriptions and lab records, which could adversely affect our business and damage our reputation. We have taken measures to maintain the confidentiality of Provider of Information, however these measures may not always be effective in protecting sensitive personal information. Any breach of our obligations to the Provider of Information, including due to data leakages, faulty transfer of data upon change of service providers, lack of data backup or improper use of such medical information notwithstanding the safeguards that we have implemented, could expose us to fines, potential liabilities and legal proceedings, such as litigation or regulatory proceedings, which would adversely affect our reputation.

#### 43. A portion of our revenue from operations is denominated in foreign currency, which exposes us to foreign currency risk, which may adversely affect our business, financial condition, results of operations and prospects.

As of September 30, 2024, we operate 16 Facilities across nine countries in Africa. The following table sets forth a breakdown of our revenue from operations from within and outside India during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

|   | For the six months ended September 30, |                                |                |                                |

We may be affected by fluctuations in the currency exchange rate between foreign currencies and the Indian Rupee. The exchange rate between the Indian Rupee and various foreign currencies has historically fluctuated. We do not currently enter into foreign currency hedges, and we cannot assure you that we will be able to adequately insulate ourselves from, or mitigate, any unhedged foreign currency exposures in the future, including in the event that we enter into any foreign currency hedges in the future.

#### 44. We may require additional funding to finance our operations, which may not be available on terms acceptable to us, or at all, and if we are unable to raise funds, the value of your investment in us may be negatively affected.

We make upfront investments in capital expenditure to set up our Facilities and may need additional funding to finance our operations, including for continuing investments in Facility infrastructure, and growth strategies. Our capital commitments, comprising the estimated amount of contracts remaining to be executed on capital account, net of advances and not provided for, as at September 30, 2024 and as at March 31, 2024, 2023 and 2022 were ₹853.45 million, ₹458.64 million, ₹584.96 million and ₹115.07 million, respectively. Sources of additional financing to meet such capital requirements may include commercial bank borrowings, supplier financing, or the sale of equity or debt securities. There can be no assurance that we will be able to obtain any additional financing on terms acceptable to us, or at all. Any additional funding we obtain may strain our cash flows and financial condition. Our ability to raise additional financing in the future is subject to a variety of uncertainties, including but not limited to:

- our future financial condition, results of operations and cash flows;
- general market conditions for debt financing and equity capital raising activities; and
- economic, political and other conditions in India.

If we raise additional funds through equity or equity-linked financing, your equity interest in our Company may be diluted. Alternatively, if we raise additional funds by incurring debt obligations, we may be subject to various covenants under the relevant debt instruments that may, among other things, restrict our ability to pay dividends or obtain additional financing. Servicing such debt obligations could also be burdensome to our operations. If we fail to service such debt obligations or are unable to comply with any of the covenants thereunder, we could be in default under such debt obligations and our liquidity, financial condition and credit rating could be adversely affected.

# 45. The premises for a significant majority of our Facilities are not owned by us and a failure to renew our lease agreements could adversely affect our business, financial condition, results of operations, cash flows and prospects. Certain lease arrangements may also not be duly registered or adequately stamped and may not be able to be enforced in the event of a dispute.

Apart from one Facility, all of our Facilities are located on leased premises, in keeping with our commitment towards following an asset-light business model. While we generally endeavor to enter into long-term lease arrangements where we have the sole right to terminate, and we also tend to include a renewal option for such leases and to comply with the terms and conditions of all such rental agreements and arrangements, we cannot assure you that we will be able to renew any such leases when the term, of the original lease expires, or that any such leases will not be prematurely terminated (including for reasons that may be beyond our control). Also see "Our Business – Properties" on page 241.

If such leases are not renewed, or are not renewed on terms and conditions that are favorable to us, we may be in breach of the conditions specified by the NABH for our empanelment as a healthcare service provider under Government schemes and consequently suffer a disruption in our operations which could have an adverse effect on our business. Our growth strategy entails the establishment of new Facilities in different geographical areas, for which we would be required to execute new lease agreements. The lease rentals for our new Facilities may be significantly higher than rentals for our current Facilities, which may adversely affect our business, financial condition, results of operations, cash flows and prospects.

Further, some of our lease agreements may not have been duly stamped as per applicable law or registered with the registering authority of the appropriate jurisdiction. We are in the process of registering and/or adequately stamping the lease deed for one material Facility, i.e. the Facility located in Tirunelveli, Tamil Nadu and were unable to register it as the landlord for such leased premise resides overseas. We are making all attempts to arrange for the registration of the same, which shall be completed in due course. An instrument not duly stamped, or insufficiently

stamped, is not admissible as evidence in an Indian court and we may be subject to penalties under applicable law, which could adversely affect our business.

Any such factors may affect peaceful and uninterrupted possession and use of our properties or require us to incur significant additional compliance costs or rental expenses, or may curtail our future expansion, which may adversely affect our business, financial condition, results of operations, cash flows and prospects.

#### 46. Our insurance coverage may not adequately protect us and this may have an adverse effect on our business, reputation, financial conditions, results of operations and cash flows.

Our principal types of coverage include insurance for group health, errors and omissions, directors and officers liability and business guard. While we maintain insurance against professional errors and negligence for medical services provided at our Facilities, there is no certainty that such insurance will be adequate to cover all claims arising from medical negligence or malpractice. Facilities are also subject to risks associated with power failures, telecommunications failure and other events. Such events could affect our business in the future. Furthermore, any short circuit of power supply for our equipment and machines could result in accidents and fires that could result in injury or death to our employees, our patients, and other persons present at our Facilities. For instance, in November 2023, there was an instance of short-circuiting at one of our Facilities operated by our Subsidiary, Dr. Agarwal's Eye Hospital Limited, in Sulur, Coimbatore, which resulted in a fire. Our losses attributable to this incident aggregated to ₹4.75 million, which were partly covered by insurance to the extent of ₹3.95 million. In the event of such incidents occurring in the future, we cannot assure you that our insurance coverage will be sufficient to cover all damages and losses we become liable for. Any successful claims against us in excess of the insurance coverage, or refusal by the insurance provider to fully honor the claim, may adversely affect our business, reputation, financial conditions, results of operations and cash flows.

Set out below are details of our insurance coverage on our total insured assets, as at the indicated dates:

| Particulars   | As of September 30, |          |  |
|---|---------------------|----------|--|
| Paruculars  | 2024                | 2023     |  |
| Total tangible assets <sup>(1)</sup> (₹ in million)             | 11,481.25           | 8,540.79 |  |
| Total insurance coverage (₹ in million)                         | 8,780.60            | 7,240.53 |  |
| Insurance coverage as a percentage of total tangible assets (%) | 76.48%              | 84.78%   |  |

| Particulars   | As of March 31, |          |          |  |
|---|-----------------|----------|----------|--|
| ratuculars  | 2024            | 2023     | 2022     |  |
| Total tangible assets <sup>(1)</sup> (₹ in million)             | 9,902.61        | 7,450.06 | 5,025.19 |  |
| Total insurance coverage (₹ in million)                         | 8,272.48        | 6,260.19 | 4,143.77 |  |
| Insurance coverage as a percentage of total tangible assets (%) | 83.54%          | 84.03%   | 82.46%   |  |

Total tangible assets are defined as the sum of the gross value of property, plant and equipment, capital-work-in-progress and inventories.

We may not be insured for certain types of risks and losses that we may also be subject to, as such risks are either uninsurable or that relevant insurances are not available on commercially acceptable terms. Set out below are details of claims made by the Company and the respective settlement amounts, for the periods and Financial Years indicated:

| Period                              | Claims made by the Company | Settlement amounts |  |
|-------------------------------------|----------------------------|--------------------|--|
|                                     | (₹ in million)             | (₹ in million)     |  |
| Six months ended September 30, 2024 | -                          | -                  |  |
| Six months ended September 30, 2023 | -                          | -                  |  |
| Financial Year 2024                 | 4.75                       | 3.95               |  |
| Financial Year 2023                 | -                          | -                  |  |
| Financial Year 2022                 | -                          | -                  |  |

Further, we cannot assure you that we will be able to renew our insurance covering all risks at commercially viable terms or at all. To the extent that we suffer loss or damage for events for which we are not insured or for which our insurance is inadequate, the loss would have to be borne by us, and, as a result, our business, reputation, financial conditions, results of operations and cash flows could be adversely affected.

### 47. Our business is subject to seasonality and our quarterly or periodic results published upon listing may not be indicative of our annual financial performance and results of operations.

Our business is affected by seasonality and our income and profits may vary from quarter to quarter depending on changes in weather, seasonal festivities (which could affect the schedules on which our patients opt for surgical and other treatments), and other events specific to the regions in which our Facilities are located. Some of these factors may have a seasonal or cyclical pattern, which may affect the patient footfalls and the revenue from operations at our facilities. For instance, given that many of the surgeries and treatments that we offer are elective in nature, we have observed that the demand for our services tends to be higher during winter months, when the incidence of infections and allergies may increase, and festive seasons, when patients

may opt for such surgeries or treatments to improve their vision or appearance. Accordingly, our patient visits and consequently, our revenue from operations, could vary. Our operating results are expected to continue to vary from quarter to quarter and from half-year period to half-year period, and results in a single quarter or half-year may not be indicative of our annual financial results. These variations may not reflect the underlying trends or growth prospects of our business, and may not be comparable across different periods within a single financial year, or between different periods in different years. Therefore, investors should not rely on our quarterly or periodic results as an indicator of our future performance, and should consider our annual results and other factors that may affect our business.

48. We may be subject to employee unrest and increased wage expenses which could adversely affect our business, financial condition, results of operations and cash flows.

India has stringent labor legislations that protect the interests of workers, which includes legislation that sets forth detailed procedures for the establishment of labor unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment of employees. While our employees and staff members are not unionized and there have not been any instances of employee unrest, strikes or work stoppages in the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, any strikes or work-stoppages for any reason in the future could adversely affect our business, financial condition, results of operations and cash flows.

49. This Red Herring Prospectus contains information from third parties including an industry report prepared by an independent third-party research agency, CRISIL Market Intelligence & Analytics, a division of CRISIL Limited, which we have commissioned and paid for to confirm our understanding of our industry exclusively in connection with the Offer and reliance on such information for making an investment decision in the Offer is subject to inherent risks.

The industry and market information contained in this Red Herring Prospectus includes information that is derived from the CRISIL MI&A Report, prepared by an independent third-party research agency, CRISIL. The CRISIL MI&A Report has been commissioned and paid for by our Company for an agreed fee for the purposes of confirming our understanding of the industry exclusively in connection with the Offer pursuant to a letter dated March 27, 2024 and is available on the website of our Company at www.dragarwals.co.in/dr-agarwals-health-care/#industry-report. The report uses certain methodologies for market sizing and forecasting, and may include numbers relating to our Company and peer group companies that differ from those we or such peer group companies record internally. There are no parts, data or information (which may be relevant for the Offer), that have been left out or changed in any manner. Accordingly, investors should read the industry-related disclosure in this Red Herring Prospectus in this context.

Industry sources and publications are also prepared based on information as of specific dates. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Due to discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Red Herring Prospectus. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

50. Certain non-generally accepted accounting principle financial measures and other statistical information relating to our operations and financial performance have been included in this Red Herring Prospectus. These non-GAAP financial measures are not measures of operating performance or liquidity defined by Ind AS and may not be comparable with those presented by other companies.

Certain non-generally accepted accounting principle financial measures ("Non-GAAP Measures") and other statistical information relating to our operations and financial performance such as revenue from Emerging Facilities, revenue from Mature Facilities, EBITDA, EBITDA Margin, EBITDA growth, restated profit for the year margin, return on equity, return on capital employed, net debt to EBITDA and operating cash flow to EBITDA have been included in this Red Herring Prospectus. For reconciliations of these numbers, see "Other Financial Information – Reconciliation of Non-GAAP measures" on page 391. We compute and disclose such Non-GAAP Measures and other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. These Non-GAAP Measures are supplemental measures of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, U.S. GAAP or IFRS. Further, these Non-GAAP Measures should not be considered in isolation or construed as an alternative to cash flows, profit/(loss) or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, U.S. GAAP or IFRS.

Further, such information may not be computed on the basis of any standard methodology that is applicable across the industry and may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies, and are not measures of operating performance or liquidity defined by Ind AS. Such information may also not be comparable to titled measures presented by other companies and may have limited usefulness as a comparative measure, since there may be differences in the method of computation of such measures. We track such operating metrics with

internal systems and tools, and our methodologies for tracking these metrics may change over time, which could result in unexpected changes to our metrics, including the metrics we publicly disclose. If the internal systems and tools we use to track these metrics undercount or overcount performance, the data we report may not be accurate. While these numbers are based on what we believe to be reasonable estimates of our metrics for the applicable period of measurement, there are inherent challenges and limitations with respect to how we measure data or with respect to the data that we measure. This may affect our understanding of certain details of our business, which could affect our long-term strategies. If we discover material inaccuracies in the operating metrics we use, or if they are perceived to be inaccurate, our reputation may be harmed, and our evaluation methods and results may be impaired, which could negatively affect our business.

51. Our Promoters and the members of our Promoter Group will continue to retain significant shareholding in our Company after the Offer, and will continue to be able to exercise significant influence and control over us.

Our Promoters along with the members of our Promoter Group together hold 116,359,650 Equity Shares, <u>i.e.</u>, 37.72% of our issued, subscribed and paid-up Equity Share capital on a fully diluted basis. Upon completion of the Offer, our Promoters along with the Promoter Group, together will continue to hold a significant percentage of our post-Offer Equity Share capital. For details of the Equity Shares held by our Promoters and Promoter Group, see "Capital Structure – Notes to the Capital Structure – Build-up of the equity shareholding of our Promoters in our Company" on page 102.

By virtue of their shareholding, our Promoters and the members of our Promoter Group (to the extent that they hold Equity Shares of our Company) may have the ability to exercise significant control and influence over our Company and our affairs and business, including the composition of our Board of Directors, the adoption of amendments to our certificate of incorporation, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, lending, investments and capital expenditures. The interests of our Promoters may be different from or conflict with the interests of our other shareholders in material aspects and, as such, our Promoters and the members of our Promoter Group may not make decisions in our best interests. Further, the influence of our Promoters and the members of our Promoter Group may also result in the delay or prevention of a change of management or control of our Company, even if such a transaction may be beneficial to our other Shareholders.

52. Some of our Promoters have provided personal guarantees for loan facilities obtained by us. Any failure or default by us to repay such loans could trigger repayment obligations on our Promoters, which could affect their ability to perform their responsibilities and obligations as our promoters, which could adversely affect our business, results of operation and financial condition.

Some of our Promoters, Dr. Amar Agarwal, Dr. Athiya Agrwal, Dr. Adil Agarwal, Dr. Anosh Agarwal, Dr. Ashvin Agarwal and Dr. Ashar Agarwal, have provided personal guarantees to secure a portion of our existing borrowings. Our Promoters may be required to continue to provide such guarantees and other security after the listing of our Equity Shares. As of December 31, 2024, ₹3,605.44 million of our borrowings are backed by personal guarantees provided by our Promoters. For details, see "History and Certain Corporate Matters - Details of guarantees given to third parties by the Promoters who are participating in the Offer for Sale", on page 266. Any default or failure by us to repay our loans in a timely manner, or at all, could trigger repayment obligations on the part of our Promoter in respect of such loans. This, in turn, could have an effect on their ability to effectively perform their responsibilities and obligations as Promoters of our Company, thereby having an adverse effect on our business, results of operation and financial condition. Further, in the event that our Promoters withdraw or terminate the guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our business, results of operation and financial condition.

53. Certain of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel may be interested in our Company and our Subsidiaries other than in terms of remuneration, perquisites or benefits and reimbursement of expenses.

Certain of our Promoters, Directors, Key Managerial Personnel and Senior Management Personnel are interested in our Company, in addition to regular remuneration, perquisites or benefits and reimbursement of expenses, to the extent of their shareholding held by them or their relatives, directly or indirectly, as well as to the extent of any dividends, stock options, bonuses or other distributions on such shareholding. Further, one of our Material Subsidiaries, Dr. Agarwal's Eye Hospital Limited, has also entered into lease arrangements dated March 3, 2022 with one of our Promoters, Dr. Agarwal's Eye Institute (whose partners are our Promoters, Directors and members of our Senior Management Personnel), for the use of land situated at 19, Cathedral Road, Gopalapuram, Chennai 600 086, Tamil Nadu, for an initial period of ten years and a lease amount of ₹55.11 million per annum, with a 5% escalation each year. For details, see "Capital Structure", "Our Management" and "Our Promoters and Promoter Group" on pages 94, 268 and 293, respectively. As such, we cannot assure you that our Promoters, Directors, and our Key Managerial Personnel, to the extent they are interested in our Company other than in terms of remunerations and reimbursement of expenses, will exercise their rights to the benefit and best interest of our Company.

54. Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.

Our Company has not declared dividends on the Equity Shares during the current Financial Year and the last three Financial Years. Our ability to pay dividends in the future will depend on our profits, past dividend trends, capital requirements and financial commitments, including restrictive covenants under our financing arrangements. The declaration and payment of dividends will be recommended by our Board and approved by our Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act, 2013. We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. We cannot assure you that we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders' investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that the Equity Shares will appreciate in value. For details pertaining to our dividend policy, see "Dividend Policy" on page 303.

#### EXTERNAL RISK FACTORS

# Risks related to India

55. Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations, financial condition and cash flows.

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. Our results of operations are significantly affected by factors influencing the Indian economy. Factors that could adversely affect the Indian economy, and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporates;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- occurrence of natural or man-made disasters (such as typhoons, flooding, earthquakes and fires) which may cause us to suspend our operations;
- civil unrest, acts of violence, terrorist attacks, regional conflicts or situations or war, such as the Ukraine-Russia, Israel-Hamas and Israel-Iran conflicts; and
- epidemic, pandemic or any other public health in India or in countries in the region or globally, including in India's various neighboring countries;
- prevailing regional or global economic conditions, including in India's principal export markets;
- any downgrading of India's debt rating by a domestic or international rating agency;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- logistical and communications challenges;
- financial instability in financial markets;
- difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms or on a timely basis:
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so; and
- other significant regulatory or economic developments in or affecting India or its pharmaceutical sector.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, financial condition and cash flows and the price of the Equity Shares.

56. Fluctuations in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of the Equity Shares, independent of our operating results.

On listing, the Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of the Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares, may reduce the proceeds received by Equity Shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the returns on the Equity Shares, independent of our operating results.

57. Changing laws, rules and regulations and legal uncertainties, including adverse application of laws governing clinical establishments and the operations of our Facilities, corporate and tax laws, could adversely affect our business, prospects and results of operations. Investors can be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares or dividend paid thereon.

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes, including the instances mentioned below, could adversely affect our business, prospects and results of operations, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.

The Clinical Establishments (Registration and Regulation) Act, 2010, notified by the Government of India, is under various stages of implementations in the territories where we operate our Facilities. For instance, the Gujarat Clinical Establishments (Registration and Regulation) Act, 2021 was notified on May 22, 2021. Under the rules notified thereunder, there was no registration requirement for establishments having below 50 beds. Subsequently, on March 13, 2024, the relevant rules were further amended to extend the registration requirement to all clinical establishments, irrespective of number of beds. Any such changes in implementation of the Clinical Establishments (Registration and Regulation) Act, 2010 and allied statutes and rules thereunder, including with respect to applicability to our Facilities, could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

For instance, the Government of India has announced the union budget for the Financial Year 2025 (the "**Budget**"), pursuant to which the Finance Act, 2024 has amended the Income-tax Act, 1961, including the capital gains tax rates with effect from the date of announcement of the Budget. We have not fully determined the effects of these recent and proposed laws and regulations on our business.

The Government introduced (a) the Code on Wages, 2019 ("Wages Code"); (b) the Code on Social Security, 2020 ("Social Security Code"); (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020, which consolidate, subsume and replace numerous existing central labor legislations. Except certain portions of the Wages Code, which have come into force pursuant to notification by Ministry of Labor and Employment, the rules for implementation under such codes are yet to be notified.

The Digital Personal Data Protection Act, 2023 ("PDP Act") which has received the assent of the President on August 11, 2023 (but is yet to be notified), provides for personal data protection and privacy of individuals, regulates cross border data transfer, and provides several exemptions for personal data processing by the Government. It also provides for the establishment of a Data Protection Board of India for taking remedial actions and imposing penalties for breach of the provisions of the PDP Act. It imposes restrictions and obligations on data fiduciaries, resulting from dealing with personal data and further, provides for levy of penalties for breach of obligations prescribed under the PDP Act.

The Parliament of India has passed the Bharatiya Nyaya Sanhita, 2023, the Bharatiya Nagarik Suraksha Sanhita, 2023 and the Bharatiya Sakshya, which have repealed the Indian Penal Code, 1860, the Code of Criminal Procedure, 1973 and the Indian Evidence Act, 1872, respectively, with effect from July 1, 2024. The effect of the provisions of these on us and the litigations involving us cannot be predicted with certainty at this stage.

Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. Uncertainty in the applicability, interpretation, or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current businesses or restrict our ability to grow our businesses in the future.

We cannot predict whether any tax laws or other regulations affecting it will be enacted or predict the nature and effects of any such laws or regulations or whether, if at all, any laws or regulations would have an adverse effect on our business, prospects and results of operations. For details, see "*Key Regulations and Policies*" on page 243.

58. A downgrade in India's sovereign debt ratings may affect the trading price of the Equity Shares.

India's sovereign debt rating could be downgraded due to several factors, including changes in tax or fiscal policy or a decline in India s foreign exchange reserves, all which are outside our control. Our borrowing costs and our access to the debt capital markets depend significantly on the sovereign credit ratings of India. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies could adversely affect our ability to raise additional external financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of the Equity Shares.

#### 59. If inflation continues to rise in India, increased costs may result in a decline in profits.

Inflation rates in India have been volatile in recent years, and such volatility may continue. India has experienced high inflation in the recent past. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our patients, whether entirely or in part, and could adversely affect our business and financial condition. If we are unable to increase our revenues sufficiently to offset our increased costs due to inflation, it could have an adverse effect on our business, prospects, results of operations, financial condition, and cash flows. Further, the Government of India has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

# 60. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which could adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, the transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any necessary approvals from the RBI or any other governmental agency can be obtained on any particular terms, or at all.

In addition, pursuant to the Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, which has been incorporated as the proviso to Rule 6(a) of the FEMA Rules, investments where the beneficial owner of the equity shares is situated in or is a citizen of a country which shares a land border with India, can only be made through the Government approval route, as prescribed in the Consolidated FDI Policy dated October 15, 2020 and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or conditions or at all. For further information, see "Restrictions on Foreign Ownership of Indian Securities" on page 495.

#### 61. Our ability to raise foreign capital may be constrained by Indian law.

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that any required regulatory approvals for borrowing in foreign currencies will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, results of operations, and financial condition.

#### 62. Rights of shareholders under Indian laws may be different from laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions.

# 63. Any adverse application or interpretation of competition laws could adversely affect our business.

The Competition Act, 2002, as amended (the "Competition Act") was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition ("AAEC") in certain markets in India and has mandated the Competition

Commission of India (the "CCI") to separate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an AAEC is deemed void and attracts substantial penalties.

Further, any agreement among competitors which directly or indirectly involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of customers in the relevant market is presumed to have an appreciable adverse effect on competition in the relevant market in India and shall be void. Further, the Competition Act prohibits abuse of dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the contravention and liable to be punished.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, certain agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. The effects of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. However, since we pursue an acquisition driven growth strategy, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, any enforcement proceedings initiated by the CCI, any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or any prohibition or substantial penalties levied under the Competition Act, which would adversely affect our business, results of operations, cash flows and prospects.

The Government of India has also passed the Competition (Amendment) Act, 2023, which has proposed several amendments to the Competition Act, such as introduction of deal value thresholds for assessing whether a merger or acquisition qualifies as a "combination", expedited merger review timelines, codification of the lowest standard of "control" and enhanced penalties for providing false information or a failure to provide material information.

If we pursue acquisitions in the future, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, any enforcement proceedings initiated by the CCI, any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or any prohibition or substantial penalties levied under the Competition Act, which would adversely affect our business, results of operations, cash flows and prospects.

# 64. Significant differences exist between Ind AS used to prepare our financial information and other accounting principles, such as IFRS and U.S. GAAP, with which investors may be more familiar.

Our Restated Consolidated Financial Information for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022 included in this Red Herring Prospectus is presented in conformity with Ind AS, in each case restated in accordance with the requirements of Section 26 of part I of the Companies Act, 2013, the SEBI ICDR Regulations and the Guidance Note on "Reports in Company Prospectus (Revised 2019)" issued by the ICAI. Ind AS differs from accounting principles with which prospective investors may be familiar, such as Indian GAAP, IFRS and U.S. GAAP.

We have not attempted to quantify the effects of US GAAP or IFRS on the financial data included in this Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP or IFRS. US GAAP and IFRS differ in significant respects from Ind AS and Indian GAAP. Accordingly, the degree to which the Ind AS and Indian GAAP financial statements, which are restated as per the SEBI ICDR Regulations included in this Red Herring Prospectus, will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should be limited accordingly.

#### 65. Investors may have difficulty enforcing foreign judgments against us or our management.

Our Company is a company incorporated under the laws of India. Except for Mr. Ashvin Agarwal and Mr. Ashar Agarwal, who are citizens of Canada, all of our Directors and executive officers are citizens and residents of India. A substantial portion of our Company's assets and the assets of our Directors and executive officers resident in India are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in India or to enforce judgments obtained against us or such parties outside India.

Recognition and enforcement of foreign judgments is provided for under Section 13 and Section 44A of the Code of Civil Procedure, 1908, as amended (the "Civil Procedure Code"). India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including the United Kingdom, Singapore, UAE, and Hong Kong. A judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the Civil Procedure Code. The United States has not been notified as a reciprocating territory.

In order to be enforceable, a judgment obtained in a jurisdiction which India recognizes as a reciprocating territory must meet certain requirements of the Civil Procedure Code. Section 13 of the Civil Procedure Code provides that foreign judgments shall

be conclusive regarding any matter directly adjudicated on except (i) where the judgment has not been pronounced by a court of competent jurisdiction, (ii) where the judgment has not been given on the merits of the case, (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or refusal to recognize the law of India in cases to which such law is applicable, (iv) where the proceedings in which the judgment was obtained were opposed to natural justice, (v) where the judgment has been obtained by fraud or (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the Civil Procedure Code, a court in India shall, on the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record; such presumption may be displaced by proving want of jurisdiction. The Civil Procedure Code only permits the enforcement of monetary decrees, not being in the nature of any amounts payable in respect of taxes, or other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards even if such awards are enforceable as a decree or judgment. A foreign judgment rendered by a superior court (as defined under the Civil Procedure Code) in any jurisdiction outside India which the Government of India has by notification declared to be a reciprocating territory, may be enforced in India by proceedings in execution as if the judgment had been rendered by a competent court in India. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India cannot be enforced by proceedings in execution in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court.

However, the party in whose favor such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States or other such jurisdiction within three years of obtaining such final judgment. It is unlikely that an Indian court would award damages on the same basis as a foreign court if an action is brought in India. Moreover, it is unlikely that an Indian court would award damages to the extent awarded in a final judgment rendered outside India if it believes that the amount of damages awarded were excessive or inconsistent with public policy in India. In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable. Such amount may also be subject to income tax in accordance with applicable law. Further, any judgment in a foreign currency would be converted into Indian Rupees on the date of judgment (and not on the date of payment), which could also increase risks relating to foreign exchange.

Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, entities, their directors and executive officers and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

# 66. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Takeover Regulations. Further, there are requirements under the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 and the Takeover Regulations if the shareholding of any entity exceeds the specified threshold.

# Risks related to the Offer and the Equity Shares

67. The determination of the Price Band is based on various factors and assumptions and the Offer Price of the Equity Shares, market capitalization and price to earnings ratio based on the Offer Price of the Equity Shares, may not be indicative of the market price of our Equity Shares upon listing or thereafter.

Our market capitalization to revenue from operations for the Financial Year 2024 multiple is [•] times at the upper end of the Price Band and [•] times at the lower end of the Price Band, and our price to earnings ratio multiple for Financial Year 2024 is [•] times at the upper end of the Price Band and [•] times at the lower end of the Price Band. Further, our price to earnings ratio and market capitalization to revenue from operations at Offer Price is [•] and [•] times, respectively. The Offer Price, multiples and ratios may not be indicative of the market price of our Company on listing or thereafter. The relevant financial parameters based on which the Price Band would be determined, shall be disclosed in the advertisement that would be issued

for publication of the Price Band. Any valuation exercise undertaken by us for the purposes of the Offer is not based on a benchmark against our industry peers. Further, there can be no assurance that our key performance indicators ("**KPIs**") will improve or become higher than our comparable industry peers in the future or that we will be able to compete effectively against our comparable industry peers in relation to these KPIs in the future. If we are unable to improve or maintain our KPIs in comparison with our comparable industry peers, there may be an adverse effect on the market price of the Equity Shares. There may not always be standard methodologies in the industry for the calculation of our KPIs, and, as a result, corresponding indicators for our comparable industry peers may be calculated and presented in a different manner. We cannot assure that our methodologies are correct, or that they will not change subsequently. Accordingly, our position in the market may differ from that presented in this Red Herring Prospectus.

The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India or globally, announcements by us or our competitors of significant acquisitions, strategic alliances, our competitors launching new healthcare services, announcements by third parties or governmental entities of significant claims or proceedings against us, volatility in the securities markets in India and other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors. The occurrence of one or more of these factors may cause the market price of the Equity Shares to decline below the Offer Price.

# 68. Subsequent to the listing of the Equity Shares, we may be subject to surveillance measures, such as Additional Surveillance Measures and Graded Surveillance Measures by the Stock Exchanges in order to enhance the integrity of the market and safeguard the interest of investors.

Subsequent to the listing of the Equity Shares, we may be subject to Additional Surveillance Measures ("ASM") and Graded Surveillance Measures ("GSM") by the Stock Exchanges and the Securities and Exchange Board of India. These measures have been introduced to enhance the integrity of the market and safeguard the interest of investors. The criteria for shortlisting any security trading on the Stock Exchanges for ASM is based on objective criteria, which includes market-based parameters such as high low price variation, concentration of client accounts, close to close price variation, market capitalization, average daily trading volume and its change, and average delivery percentage, among others. A scrip is subject to GSM when the share price is not commensurate with the financial health and fundamentals of the company. Specific parameters for GSM include net worth, net fixed assets, price to equity, market capitalization and price to book value, among others. Factors within and beyond our control may lead to our securities being subject to GSM or ASM. For instance, equity shares of our listed Subsidiary, Dr. Agarwal's Eye Hospital Limited, have been subject to ASM measures in the past due to volatility in the volume of shares being traded in such scrip. In the event the Equity Shares are subject to such surveillance measures implemented by SEBI and the Stock Exchanges, we may be subject to certain additional restrictions in connection with trading of the Equity Shares such as limiting trading frequency (for example, trading either allowed once in a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of the Equity Shares or may in general cause disruptions in the development of an active trading market for the Equity Shares.

# 69. Any sale of Equity Shares by our Promoters or future issuance of Equity Shares, or convertible securities or other equity—linked securities by us may dilute your shareholding and adversely affect the trading price of the Equity Shares.

We may be required to finance our growth through future equity offerings. Any future issuance of Equity Shares, convertible securities or securities linked to the Equity Shares by us, including through exercise of employee stock options, to the extent applicable, may dilute your shareholding in our Company. Any sale of the Equity Shares by our Promoters or future equity issuances by us could adversely affect the trading price of the Equity Shares, which may lead to other adverse consequences including difficulty in raising capital through offering of the Equity Shares or incurring additional debt. In addition, any perception by investors that such issuances or sales might occur may also affect the market price of the Equity Shares. We cannot assure you that we will not issue Equity Shares, convertible securities or securities linked to Equity Shares or that our Shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

# 70. Investors may be subject to Indian taxes arising out of income arising on the sale of and dividend on the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company is generally taxable in India. Investors may be subject to payment of long-term or short-term capital gains tax in India, in addition to payment of Securities Transaction Tax ("STT"), on the sale of any Equity Shares held for more or less than 12 months immediately preceding the date of transfer. While non-residents may claim tax treaty benefits in relation to such capital gains income, generally, Indian tax treaties do not limit India's right to impose a tax on capital gains arising from the sale of shares of an Indian company.

In terms of the Finance Act, 2018, with effect from April 1, 2018, taxes payable by an assessee on the capital gains arising from transfer of long-term capital assets (introduced as Section 112A of the Income-tax Act, 1961) shall be calculated on such long-term capital gains at the rate of 10%, where the long-term capital gains exceed ₹ 100,000, subject to certain exceptions in case of resident individuals and Hindu Undivided Families.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of certain securities, other than debentures, on a delivery basis is currently specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount.

Under the Finance Act 2020, any dividends paid by an Indian company will be subject to tax in the hands of the shareholders at applicable rates. Such taxes will be withheld by the Indian company paying dividends. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source pursuant to any corporate action including dividends. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning Equity Shares.

The Government of India has recently announced the Union Budget for Financial Year 2025 ("**Budget**"). Pursuant to the Budget, the Finance Act, 2024, among other changes, has amended the capital gains tax rates and amounts mentioned above, with effect from the date of announcement of the Budget. Investors are advised to consult their own tax advisors to understand their tax liability as per the laws prevailing on the date of disposal of Equity Shares.

We cannot predict whether any amendments made pursuant to the Finance Act would have an adverse effect on our business, results of operations and financial condition. Unfavorable changes in or interpretations of existing laws, rules and regulations, or the promulgation of new laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

71. Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer its equity shareholders preemptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three–fourths of the Equity Shares voting on such resolution.

However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in our Company would be diluted.

72. QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid, and Retail Individual Investors, Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion and Eligible Employees Bidding in the Employee Reservation Portion are not permitted to withdraw their Bids after Bid/Offer Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors, Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion and Eligible Employees Bidding in the Employee Reservation Portion can revise their Bids during the Bid/Offer Period and withdraw their Bids until the Bid/Offer Closing Date. While we are required to complete Allotment pursuant to the Offer within such period as may be prescribed under applicable law, events affecting the Bidders' decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders' ability to sell the Equity Shares allotted pursuant to the Offer or cause the trading price of the Equity Shares developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or otherwise, between the dates of submission of their Bids and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing.

73. Our Equity Shares have never been publicly traded, and after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the Offer Price may not be indicative of the market price of the Equity Shares after the Offer.

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market for our Equity Share on

the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Furthermore, the Offer Price of the Equity Shares will be determined through the Book Building Process. These will be based on numerous factors, including factors as described under "Basis for Offer Price" beginning on page 134 and may not be indicative of the market price for the Equity Shares after the Offer.

In addition to the above, the current market price of securities listed pursuant to certain previous initial public offerings managed by the Book Running Lead Managers is below their respective issue price. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, the failure of security analysts to cover the Equity Shares after this Offer, or changes in the estimates of our performance by analysts, the activities of competitors and lenders, future issuances and sales of the Equity Shares by our Company or our shareholders, variations in our operating results of our Company, differences between our actual financial and operating results and those expected by investors and analysts, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, actual or purported "short squeeze" trading activity, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, the market capitalization not being indicative of the valuation of our business, and changes in economic, legal and other regulatory factors. We cannot assure you that an active market will develop, or sustained trading will take place in the Equity Shares or provide any assurance regarding the price at which the Equity Shares will be traded after listing.

In addition, the stock market often experiences price and volume fluctuations that are unrelated or disproportionate to the operating performance of a particular company. Recent stock run-ups, divergences in valuation ratios relative to those seen during traditional markets, high short interest or short squeezes, and strong and atypical retail investor interest in the markets may also affect the demand for and price of our shares that are not directly correlated to our operating performance. On some occasions, our stock price may be, or may be purported to be, subject to "short squeeze" activity. A "short squeeze" is a technical market condition that occurs when the price of the stock increases substantially, forcing market participants who have taken a position that its price would fall (i.e. who had sold the stock "short"), to buy it, which in turn may create significant, short-term demand for the stock not for fundamental reasons, but rather due to the need for such market participants to acquire the stock in order to forestall the risk of even greater losses. A "short squeeze" condition in the market for a stock can lead to short-term conditions involving very high volatility and trading that may or may not track fundamental valuation models. As a result of these fluctuations, our Equity Shares may trade at prices significantly below the Offer Price. These broad market fluctuations and industry factors may materially reduce the market price of the Equity Shares, regardless of our Company's performance. There can be no assurance that the investor will be able to resell their Equity Shares at or above the Offer Price.

For further details, see "Other Regulatory and Statutory Disclosures – Price information of past issues handled by the BRLMs" on page 456.

# 74. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Offer.

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. The Allotment of Equity Shares in this Offer and the credit of such Equity Shares to the applicant's demat account with depository participant and listing is expected to commence within the period as may be prescribed under the applicable laws. Any failure or delay in obtaining the approval or otherwise any delay in commencing trading in the Equity Shares would restrict investors' ability to dispose their Equity Shares. We cannot assure that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods prescribed under applicable law.

Employee Reservation Portion shall not exceed 5.00% of our post Offer Equity Share capital. The unsubscribed portion, if any, in the Employee Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category. For further details, see "Offer Structure" on page 470. Unless the Employee Reservation Portion is under-subscribed, the value of allocation to an Eligible Employee Bidding in the Employee Reservation Portion shall not exceed ₹200,000. In the event of under-subscription in the Employee Reservation Portion (if any), the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of ₹200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding ₹500,000. Further, an Eligible Employee Bidding in the Employee Reservation Portion can also Bid in the AEHL Shareholders Reservation Portion and also in the Non-Institutional Portion or the RIB Portion and such Bids will not be treated as multiple Bidssubject to applicable limits For further details, see "Offer Procedure" and "Offer Structure" beginning on page 474 and 470, respectively.

The Shareholder Reservation Portion shall not exceed 10.00% of the Offer size. The unsubscribed portion, if any, in the Shareholder Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category. Bids by Eligible AEHL Shareholders in the Shareholder Reservation Portion, the Net Offer portion and the Employee Reservation Portion (if eligible) shall not be treated as multiple Bids subject to applicable limits. To clarify, Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion above ₹ 200,000 can Bid in the Net Offer for up to ₹ 200,000 and Employee Reservation Portion (if eligible and subject to applicable limits), otherwise such Bids shall be treated as multiple Bids. If an Eligible AEHL Shareholder is Bidding in the Shareholder Reservation Portion up to ₹ 200,000, application by such Eligible AEHL Shareholder Non-Institutional Portion and Employee Reservation Portion (if eligible and subject to applicable limits) shall not be treated as multiple Bids. Therefore, Eligible AEHL Shareholders bidding in the Shareholder Reservation Portion (subject to the Bid Amount being up to ₹ 200,000) can also Bid under the Net Offer and Employee Reservation Portion (if eligible and subject to applicable limits) and such Bids shall not be treated as multiple Bids. For further details, see "Offer Structure" on page 470.

Subject to valid bids being received at or above the Offer Price, under subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company, in consultation with the Book Running Lead Managers, and the Designated Stock Exchange, subject to applicable laws.

(6) Our Company, in consultation with the BRLMs may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription or non-Allotment in the Anchor Investor Portion, the remaining Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than [●] Equity Shares, the balance Equity Shares available for allotment in the Mutual Fund Portion will be added to the QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see "Offer Procedure" on page 474. Allocation to all categories shall be made in accordance with the SEBI ICDR Regulations.

Allocation to Bidders in all categories except the Anchor Investor Portion, the Non-Institutional Portion and the Retail Portion, if any, shall be made on a proportionate basis subject to valid Bids received at or above the Offer Price, as applicable. The allocation to each RIB shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Portion, and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis. For further details, see "Offer Procedure" on page 474.

The Equity Shares available for allocation to Non-Institutional Bidders under the Non-Institutional Portion, shall be subject to the following: (i) one-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with an application size of more than ₹200,000 and up to ₹1.00 million, and (ii) two-third of the portion available to Non-Institutional Bidders shall be reserved for applicants with application size of more than ₹1.00 million, provided that the unsubscribed portion in either of the aforementioned sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders. The allotment to each Non-Institutional Bidder shall not be less than the minimum application size, subject to the availability of Equity Shares in the Non- Institutional Portion, and the remaining Equity Shares, if any, shall be allotted on a proportionate basis in accordance with the conditions specified in this regard in Schedule XIII of the SEBI ICDR Regulations.

Allocation to Anchor Investors shall be on a discretionary basis in accordance with the SEBI ICDR Regulations. For further details, see "Offer Procedure" and "Offer Structure" on pages 474 and 470, respectively. For details of the terms of the Offer, see "Terms of the Offer" on page 464.

For an illustration of the Book Building Process and the price discovery process, see "Offer Procedure" on page 474.

# **Underwriting Agreement**

Our Company and the Selling Shareholders will enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be offered through the Offer, either on or immediately after the finalisation of the Offer Price but prior to the filing of Prospectus with the RoC, as applicable, in accordance with the nature of underwriting which is determined in accordance with Regulation 40 (3) of SEBI ICDR Regulations. Pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters will be several and will be subject to certain conditions specified therein.

(The Underwriting Agreement has not been executed as on the date of this Red Herring Prospectus. Specific details below have been intentionally left blank and will be filled in before, and this portion will be applicable upon the execution of the Underwriting Agreement and filing of the Prospectus with the RoC)

The Underwriting Agreement is dated  $[\bullet]$ . The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

| Name, address, telephone number and e-mail address | <b>Indicative number of Equity Shares to</b> | Amount underwritten |
|--|--|---------------------|
| of the Underwriters                                | be underwritten                              | (in ₹ million)      |
| [•]  | [•]  | [•]                 |
| [•]  | [•]  | [•]                 |
| [•]  | [•]  | [•]                 |
| [•]  | [•]  | [•]                 |

The aforementioned underwriting commitments are indicative and will be finalised prior to filing the Prospectus with the RoC in accordance with provisions of Regulation 40(2) of the SEBI ICDR Regulations.

In the opinion of our Board of Directors (based on representations made to our Company by the Underwriters), the resources of the aforementioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The aforementioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchanges. Our Board of Directors/ IPO Committee, at its meeting held on [●], approved the acceptance and entering into the Underwriting Agreement mentioned above on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors respectively procured by them in accordance with the Underwriting Agreement. The extent of underwriting obligations (including any defaults in payment for which the respective Underwriter is required to procure purchasers for or purchase the Equity Shares to the extent of the defaulted amount) and the Bids to be underwritten in the Offer by each Book Running Lead Manager shall be as per the Underwriting Agreement.

Note: To be updated in the Prospectus

<sup>(1)</sup> For a period of three years from the date of Allotment.

<sup>(2)</sup> All Equity Shares were fully paid-up at the time of allotment/acquisition.

- (iii) Our Promoters have given their consent for inclusion of such number of Equity Shares held by them as part of the Promoters' contribution, subject to lock-in requirements as specified under Regulation 14 of the SEBI ICDR Regulations. Our Promoters have agreed not to dispose, sell, transfer, create any pledge, lien or otherwise encumber in any manner, the Promoter's contribution from the date of filing of the Draft Red Herring Prospectus, until the expiry of the lock-in specified above, or for such other time as required under the SEBI ICDR Regulations, except as may be permitted, in accordance with the SEBI ICDR Regulations.
- (iv) Our Company undertakes that the Equity Shares that are being locked-in are not ineligible for computation of minimum Promoter's contribution in terms of Regulation 15 of the SEBI ICDR Regulations.

In this connection, we confirm the following:

- a. The Equity Shares offered as a part of the minimum Promoter's contribution do not include Equity Shares acquired in the three immediately preceding years (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets was involved in such transaction; or (b) resulting from bonus issue by utilisation of revaluation reserves or unrealised profits of our Company or resulted from bonus issue against Equity Shares which are otherwise ineligible for computation of minimum Promoter's contribution.
- b. Our minimum Promoter's contribution does not include any Equity Shares acquired during the immediately preceding one year at a price lower than the price at which the Equity Shares are being offered to the public in the Offer.
- c. Our Company has not been formed by the conversion of one or more partnership firms or a limited liability partnership firm into a Company and hence, no Equity Shares have been issued in the one year immediately preceding the date of this Red Herring Prospectus pursuant to conversion from a partnership firm or limited liability partnership.
- d. As on the date of this Red Herring Prospectus, Equity Shares held by our Promoters and offered for minimum Promoter's contribution are not subject to pledge with any creditor or any other encumbrance.

# (b) Details of Equity Shares locked-in for six months

- (i) In addition to the lock-in requirements prescribed in " Details of Promoter's Contribution and lock-in" on page 109, in accordance with Regulation 17 of the SEBI ICDR Regulations, except for the Promoters' shareholding which shall be locked-in as above, the entire pre-Offer Equity Share capital of our Company will be locked-in for a period of six months from the date of Allotment, except for (a) the Equity Shares Allotted pursuant to the Offer for Sale; (b) any Equity Shares allotted to eligible employees of the Company, whether currently employees or not (or such persons as permitted under the SEBI SBEB Regulations or the ESOP Scheme) pursuant to the ESOP Scheme; and (c) the Equity Shares held by VCFs or Category I AIF or Category II AIF, subject to certain conditions set out in Regulation 17 of the SEBI ICDR Regulations, provided that such Equity Shares will be locked-in for a period of at least six months from the date of purchase by the VCFs or Category I AIF or Category II AIF or Category II AIF or FVCI.
- (ii) As required under Regulation 20 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.

# (c) Lock-in of Equity Shares allotted to Anchor Investors

There shall be a lock-in of 90 days on 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment, and lock-in of 30 days on the remaining 50% of the Equity Shares allotted to the Anchor Investors from the date of Allotment.

# (d) Other lock-in requirements

(i) The Equity Shares held by the Promoters which are locked-in for a period of three years from the date of Allotment may be pledged only with scheduled commercial banks or public financial institutions or NBFC-ND-SI or housing finance companies, as collateral security for loans granted by such banks or public financial institutions or NBFC-ND-SI or housing finance companies in terms of Regulation 21(a) of the SEBI ICDR Regulations, provided that such loans have been granted for the purpose of financing one or more of the objects of the Offer and pledge of Equity

Shares is a term of sanction of such loans. However in terms of Regulation 21(b) of the SEBI ICDR Regulations, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer the Equity Shares till the relevant lock-in period has expired in terms of the SEBI ICDR Regulations.

- (ii) In terms of Regulation 22 of the SEBI ICDR Regulations, Equity Shares held by our Promoters and locked-in as per Regulation 16 of the SEBI ICDR Regulations, may be transferred to and among our Promoters and/or any member of our Promoter Group or a new promoter or persons in control of our Company, subject to continuation of lock-in in the hands of the transferee for the remaining period and compliance with the Takeover Regulations, as applicable, and such transferee shall not be eligible to transfer them till the lock-in period stipulated in the SEBI ICDR Regulations has expired.
- (iii) The Equity Shares held by any person other than our Promoters and locked-in for a period of six months from the date of Allotment in the Offer as per Regulation 17 of the SEBI ICDR Regulations, may be transferred to any other person holding the Equity Shares which are locked-in, subject to continuation of the lock-in in the hands of transferees for the remaining period and compliance with the Takeover Regulations, as applicable.

#### Note

All ESOPs and prices have been adjusted by giving the effect of subdivision of equity shares and bonus issue.

- 1. As per the scheme, the exercise price of the options shall be determined based on the Fair Market Value (FMV) of the Equity Shares on date of grant subject to a maximum discount of 20% on such FMV.
- 2. Not computed in absence of financial information.
- 3. All figures are adjusted for Corporate actions of Bonus and Split.
- **12.** As on the date of this Red Herring Prospectus, all the Equity Shares held by our Promoters are held in dematerialised form.
- 13. There are no partly paid up Equity Shares or Preference Shares as on the date of this Red Herring Prospectus and all Equity Shares issued pursuant to the Offer will be fully paid up at the time of Allotment.
- 14. Except as disclosed under "Notes to Capital Structure Share capital history of our Company" and "- History of the share capital held by our Promoters" on page 94 and 102, respectively, none of our Promoters, members of our Promoter Group, our Directors and their respective relatives have purchased, acquired or sold any securities of our Company during the period of six months immediately preceding the date of filing of this Red Herring Prospectus.
- **15.** Our Company, our Directors and the BRLMs have not made any or entered into any buy-back arrangements for purchase of Equity Shares.
- Except for the allotment of Equity Shares pursuant to exercise of options granted under the ESOP Scheme and Allotment of Equity Shares pursuant to the Fresh Issue, there will be no further issue of Equity Shares whether by way of issue of bonus shares, rights issue, preferential issue or any other manner during the period commencing from the date of filing of this Red Herring Prospectus until the listing of the Equity Shares on the Stock Exchanges.
- Our Company presently does not intend or propose to alter its capital structure for a period of six months from the Bid/ Offer Opening Date, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether on a preferential basis or by way of issue of bonus shares or on a rights basis or by way of further public issue of Equity Shares or qualified institutions placements or otherwise. Provided, however, that the foregoing restrictions do not apply to (a) the Fresh Issue; and (b) any issuance of Equity Shares pursuant to the exercise of employee stock options granted or which may be granted under the ESOP Scheme.
- 18. Except for outstanding stock options granted pursuant to the ESOP Scheme, there are no outstanding convertible securities or any warrant, option or right to convert a debenture, loan or other instrument which would entitle any person any option to receive Equity Shares, as on the date of this Red Herring Prospectus.
- 19. No person connected with the Offer, including, but not limited to the BRLMs, the Syndicate Members, our Company, the Promoters, Selling Shareholders, our Directors, or the members of the Promoter Group, shall offer or make payment of any incentive, direct or indirect, in the nature of discount, commission and allowance, except for fees or commission for services rendered in relation to the Offer, in any manner, whether in cash or kind or services or otherwise, to any Bidder for making a Bid.
- As on the date of this Red Herring Prospectus, the BRLMs and their respective associates (as defined in the SEBI Merchant Bankers Regulations) do not hold any Equity Shares of our Company. The BRLMs and their respective associates and affiliates in their capacity as principals or agents may engage in transactions with, and perform services

for, our Company and its respective directors and officers, partners, trustees, affiliates, associates or third parties in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with our Company and each of its respective directors and officers, partners, trustees, affiliates, associates or third parties, for which they have received, and may in the future receive, compensation.

- 21. There have been no financing arrangements whereby our Promoters, members of the Promoter Group, our Directors and their respective relatives have financed the purchase by any other person of securities of our Company other than in the normal course of the business of the financing entity, during a period of six months immediately preceding the date of this Red Herring Prospectus.
- Our Company shall ensure that transactions in the Equity Shares by our Promoters and the Promoter Group between the date of filing of this Red Herring Prospectus and the date of closure of the Offer shall be intimated to the Stock Exchanges within 24 hours of such transaction.
- 23. Our Promoters and members of the Promoter Group shall not participate in the Offer, except by way of participation as Selling Shareholders, as applicable, in the Offer for Sale.

#### **OBJECTS OF THE OFFER**

The Offer comprises the Fresh Issue and an Offer for Sale. For details, see "Summary of the Offer Document-Offer size" and "The Offer" on pages 17 and 78, respectively.

#### Offer for Sale

Each of the Selling Shareholders shall be entitled to their respective portion of the proceeds of the Offer for Sale after deducting their proportion of Offer related expenses and relevant taxes thereon, as applicable. Our Company will not receive any proceeds from the Offer for Sale and the proceeds received from the Offer for Sale will not form part of the Net Proceeds. For further details, see "-Offer related expenses" on page 131.

#### The Fresh Issue

Our Company proposes to utilise the Net Proceeds from the Fresh Issue towards funding of the following objects:

- 1. Repayment/prepayment, in part or full, of certain of our borrowings; and
- 2. General corporate purposes and unidentified inorganic acquisition.

(collectively, referred to herein as the "Objects").

The main objects and objects incidental and ancillary to the main objects set out in the Memorandum of Association enable us: (i) to undertake our existing business activities; and (ii) to undertake the activities for which the funds are being raised by us in the Fresh Issue and are proposed to be funded from the Net Proceeds. Further, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges, including to enhance our brand image among our existing and potential customers and creation of a public market for the Equity Shares in India.

#### **Net Proceeds**

The details of the proceeds from the Fresh Issue are summarised in the following table:

| Particulars Particulars             | <b>Estimated amount</b> (₹ in million) |

To be finalized upon determination of the Offer Price and updated in the Prospectus prior to filing with the RoC

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan, management estimates, prevailing market conditions and other commercial and technical factors. However, such fund requirements and deployment of funds have not been appraised by any bank, or financial institution or any other independent agency. We may have to revise our funding requirements and deployment on account of a variety of factors such as our financial and market condition, business and strategy, competition and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws.

In the event that the estimated utilization of the Net Proceeds in a scheduled Financial Year is not completely met, due to the reasons stated above, the same shall be utilised in the next Financial Year, as may be determined by our Company, in accordance with applicable laws. For details on risks involved, see "Risk Factors – Our funding requirements and proposed deployment of the Net Proceeds of the Offer have not been appraised by a bank or a financial institution or any external agency and if there are any delays or cost overruns, our business, results of operations, financial condition, and cash flows could be adversely affected. Further, any variation in the utilization of our Net Proceeds as disclosed in this Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval." on page 58.

# Details of the Objects of the Fresh Issue

# 1. Repayment/ prepayment, in part or full, of certain of our borrowings

Our Company has entered into various financial arrangements with banks, financial institutions and other entities. The loan facilities entered into by our Company include borrowing in the form of, *inter alia*, term loans. For further details, including indicative terms and conditions, see "*Financial Indebtedness*" on page 394. As on December 31, 2024 the aggregate outstanding borrowings of our Company on consolidated basis is ₹3,605.44 million.

Our Company proposes to utilise an estimated amount of ₹1,950 million from the Net Proceeds towards repayment/ prepayment, in part or full, of all or a portion of certain borrowings availed by our Company. The repayment/ prepayment will help reduce our outstanding indebtedness, debt servicing costs, assist us in maintaining a favourable debt-equity ratio and enable utilisation of funds from our internal accruals for further investment in business growth and expansion. In addition, we believe that this will enable us to raise further resources at competitive rates and additional funds / capital in the future to fund potential business development opportunities and plans to grow and expand our business in the future. Further, our Company shall pay the prepayment charges, if any, on the loans identified below, out of the portion of Net Proceeds available for repayment/ prepayment, in part or full, of all or a portion of certain borrowings.

Owing to nature of our business, we may avail additional facilities or repay certain instalments of our borrowings after the filing of this Red Herring Prospectus. Accordingly, our Company may choose to repay/ prepay certain borrowings availed by our Company, other than those identified in the table below, which may include such additional borrowings, and the details herein shall be suitably updated in this Red Herring Prospectus to reflect the revised amounts or loans, as the case may be, which have been availed by us. Given the nature of these borrowings and the terms of repayment/prepayment, the aggregate outstanding borrowing amounts may vary from time to time. Further, the amounts outstanding under these borrowings as well as the sanctioned limits are dependent on several factors and may vary with our business cycle with multiple intermediate repayments, drawdowns and enhancement of sanctioned limits. However, the aggregate amount to be utilised from the Net Proceeds towards repayment/ prepayment of borrowings (including refinanced or additional borrowings availed, if any, or otherwise), in part or in full, would not exceed ₹1,950.00 million.

The following table sets forth details of certain borrowings availed by our Company, which are outstanding as on December 31, 2024 out of which our Company may repay/prepay, all or a portion of, any or all of the borrowings, from the Net Proceeds:

For details on the borrowings, see "Financial Indebtedness" on page 394. Notes:

<sup>1.</sup> In accordance with clause 9(F)(1) under Part A of Schedule VI of the SEBI ICDR Regulations, our Company has obtained the requisite Statutory Auditor's report dated January 14, 2025 issued in accordance with the Indian Standard on Related Services (SRS) 4400, Engagements to Perform Agreed upon Procedures regarding Financial Information, issued by the Institute of Chartered Accountants of India, in relation to utilisation of borrowings.

<sup>2.</sup> As per the certificate issued dated January 23, 2025 issued by the M.K.Dandeker & Co, Chartered Accountants.

3. Pursuant to resolutions passed by our Board and Shareholders dated October 25, 2019 each, our Company had issued and allotted redeemable, senior, collateralized, unlisted non-convertible Debentures to British International Investment (erstwhile, CDC Investment Works) for an amount aggregating up to ₹2,150.00 million for the purposes of acquisitions of business, operating expenditure and capital expenditure (including pre-operative expenses and post-operative expenses).

The Restated Consolidated Financial Statements includes cash flows across operating, investing, and financing activities for the Financial Years 2024, 2023 and 2022. For details of the monetary assets of the Company, see "Restated Consolidated Financial Information" on page 304 and for the Company's cash and investment balances as at March 31, 2024, 2023 and 2022, see "Restated Consolidated Financial Information" on page 304.

| Debt service coverage ratio <sup>(2)</sup> | 1.79          | 2.17          | 1.82          |

<sup>(1)</sup> Interest coverage ratio is computed as the ratio of EBIT to finance costs.

(2) Debt service coverage ratio is computed as the ratio of earnings available for debt service to debt service. "Earnings available for debt service" is computed as the sum of restated profit for the year, depreciation and amortization expenses, allowances made for doubtful receivables (including expected credit loss allowance), profit/(loss) on sale of assets, liabilities no longer required to be written back, forex gains/ loss, finance costs and excluding interest income on security depostis. "Debt service" is computed as the sum of interest payments required to be made towards term loans and lease payments and principal repayments towards borrowings, which are required to be made within one year from the conclusion of the relevant financial year.

## The reasons for non-utilization of monetary assets for the purpose of repayment of outstanding loans are as follows:

- 1. **Dedicated for operational purposes:** Monetary assets, such as cash and investments, are primarily allocated for working capital and day-to-day operational needs. This is primarily used in the Company's operational activities, rather than using these assets for long-term investments or acquisitions.
- 2. **Strategic liquidity management:** Holding cash and liquid investments provides the Company with a cushion against unforeseen risks, economic downturns, or urgent funding needs. Utilizing these funds for acquisitions could reduce the Company's ability to manage short-term operational requirements effectively.

## The reasons for utilization of loan funds for acquisitions:

- 1. **Low-cost borrowing opportunities:** With favorable borrowing rates, the Company may have identified an opportunity to leverage debt for growth, without depleting its cash reserves. Financing allows the Company to maintain liquidity while expanding its asset base.
- 2. **Tax Efficiency:** Interest expenses on loans provides tax advantages, thereby reducing the Company's overall tax burden. This makes borrowing a more attractive option than liquidating assets or utilizing cash reserves.
- 3. Separation of Capital Allocations: By financing acquisitions, the Company maintains a distinction between funds earmarked for investing activities and operational activities.
- 4. **Low debt-to-equity ratio:** Our Debt to Equity Ratio (in times) for the Financial Years ended March 31, 2024, March 31, 2023, and March 31, 2022 is 0.70, 1.3 and 2.71 respectively. Debt to Equity Ratio is computed as Total Debt (including lease liabilities) divided by Total Equity as per restated consolidated statements of Assets and Liabilities. Our Debt to Equity Ratio has improved substantially over the years on account of fund raise done by the Group during Financial year ended March 31, 2024, and March 31, 2023, leveraging the opportunity to raise further debt for future growth / expansion.

The selection of borrowings proposed to be repaid/ prepaid out of the borrowings provided above, which has been approved pursuant to a resolution passed by our Board on September 25, 2024, shall be based on various factors including (i) cost of the borrowings to our Company, including applicable interest rates, (ii) any conditions attached to the borrowings restricting our ability to prepay the borrowings and time taken to fulfil such requirements, (ii) receipt of consents for prepayment or waiver from any conditions attached to such prepayment from our respective lenders, prior to completion of the Issue (iii) terms and conditions of such consents and waivers, (iv) levy of any prepayment penalties and the quantum thereof, (v) provisions of any law, rules, regulations governing such borrowings, and (vi) other commercial considerations including, among others, the interest rate on the loan facility, the amount of the loan outstanding and the remaining tenor of the loan. Payment of interest, prepayment penalty or premium, if any, and other related costs shall be made by us out of the Net Proceeds of the Issue. In addition to the above, we may, from time to time, enter into further financing arrangements and draw down funds thereunder.

There has been no instance of delays, defaults and rescheduling/restructuring of the aforementioned borrowings of our Company.

## 2. General corporate purposes and unidentified inorganic acquisitions

We propose to deploy the balance Net Proceeds, aggregating to ₹ [•] million, towards general corporate purposes and unidentified inorganic acquisitions subject to such utilisation not exceeding 35% of the Gross Proceeds, in compliance with the SEBI ICDR Regulations. Further, the amount to be utilised for towards either of (i) general corporate purposes, or (ii) unidentified inorganic acquisitions will not exceed 25% of the Gross Proceeds.

In addition to the above, our Company may utilise the Net Proceeds towards other expenditure considered expedient and as approved periodically by our Board, subject to compliance with necessary provisions of the Companies Act and other applicable laws. The quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based on the amount actually available under this head and the business requirements of our Company, from time to time.

## Strategic acquisitions and investments towards inorganic growth

## Rationale for acquisitions in future

Some of the selection criteria that we may consider when evaluating strategic acquisitions include:

- enhance our geographical reach;
- strong management team;
- growth potential of the business;
- brand equity of clinical partners; and
- good clinical outcomes and patient satisfaction

The Board of Directors have, pursuant to a resolution dated September 25, 2024, approved the utilisation of a portion of Net Proceeds towards its strategic acquisitions. Our acquisition strategy is primarily driven by our Board and the typical framework and process followed by us for acquisitions involves identifying the strategic acquisitions based on

the rationale set out above, entering into requisite non-disclosure agreements and conducting diligence of the target. On satisfactory conclusion of the diligence exercise, we enter into definitive agreements to acquire the target based on the approval of our Board and the shareholders, if required. As on the date of this Red Herring Prospectus, we have not entered into any definitive agreements towards any future acquisitions or strategic initiatives for the object set out above.

For further details, see "Our Business" on page 212.

We intend to utilise the above-stated portion of the Net Proceeds towards our strategic acquisitions and/or investments which may be undertaken over the course of next three Financial Years. The proposed inorganic acquisitions shall be undertaken in accordance with the applicable laws, including the Companies Act, FEMA and the regulations notified thereunder, as the case may be.

The amount of Net Proceeds to be used for each individual acquisition and/ or investments will be based on our management's decision and may not be the total value or cost of any such investments, but is expected to provide us with sufficient financial leverage to pursue such investments. The actual deployment of funds will also depend on a number of factors, including the timing, nature, size and number of acquisitions undertaken in a particular period, as well as general factors affecting our results of operation, financial condition and access to capital. These factors will also determine the form of investment for these potential acquisitions, i.e., whether they will be directly done by our Company or through investments in our Subsidiaries in the form of equity, debt or any other instrument or combination thereof, or whether these will be in the nature of asset or joint ventures. Acquisitions and inorganic growth initiatives may be undertaken as share-based transactions, including share swaps, or a combination thereof, or as done previously, be undertaken as cash transactions. At this stage, our Company cannot identify any acquisition targets and whether the form of investment will be cash, equity, debt or any other instrument or combinations thereof.

We will from time to time undertake potential acquisitions and/ or investments in line with our business objectives and overall expansion strategies, with a view to augment our growth by acquiring companies to enhance our geographical presence and strengthen our existing platforms through complementary technology and advancements for better consumer experience. Accordingly, we believe that acquisitions and investments made by our Company in furtherance of the factors set out above, will fit in our strategic business objectives and growth strategies.

At this stage, our Company cannot identify any acquisition targets, the acquisition or investment process and whether (i) the form of investment will be cash, equity, debt or any other instrument or combinations thereof; or (ii) such acquisition will be in domestic market or outside India or both.

Further, in accordance with the SEBI Listing Regulations, with respect to such acquisitions proposed to be made from the Net Proceeds, our Company will disclose to the Stock Exchanges, the required details of the acquisition, including name of the target entity, cost of acquisition and nature of acquisition, at the relevant stages as prescribed therein.

## General corporate purposes

The general corporate purposes for which our Company proposes to utilise Net Proceeds include acquisition of fixed assets, short term working capital requirements, information technology infrastructure, distribution and fulfilment network, rental and administrative expenses, meeting exigencies and expenses incurred in the ordinary course of business, as may be applicable. The quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based on the amount actually available under this head and the business requirements of our Company, from time to time.

In addition to the above, our Company may utilise the Net Proceeds towards other purposes considered expedient and as approved periodically by our Board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilising surplus amounts, if any.

# Means of finance

The fund requirements set out in the aforesaid Objects are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue and existing identifiable accruals as required under the SEBI ICDR Regulations. In case of a shortfall in the Net Proceeds or any increase in the actual utilization of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals and/ or seeking additional debt from existing and/ or other lenders.

# Offer related expenses

The total Offer related expenses are estimated to be approximately ₹ [•] million. The Offer related expenses consist of listing fees, underwriting fees, selling commission and brokerage, fees payable to the book running lead managers, legal counsels,

Registrar to the Offer, Escrow Collection Bank, Public Offer Account Bank, Refund Bank and Sponsor Banks including processing fee to the SCSBs for processing ASBA Forms submitted by ASBA Bidders procured by the Syndicate and submitted to SCSBs, brokerage and selling commission payable to Registered Brokers, RTAs and CDPs, printing and stationery expenses, advertising and marketing expenses and all other incidental expenses for listing the Equity Shares on the Stock Exchanges.

Other than for (i) listing fees, audit fees of the statutory auditors (other than to the extent attributable to the Offer), corporate advertisements expenses in the ordinary course of business by the Company (not in connection with the Offer) and stamp duty payable on issue of Equity Shares pursuant to Fresh Issue which shall be borne solely by our Company, and (ii) stamp duty payable on transfer of the Offered Shares pursuant to the Offer for Sale (to the extent applicable) and fees and expenses for the legal counsel to each of the Selling Shareholders which shall be borne solely by the respective Selling Shareholders, the Company and each of the Selling Shareholders agree to share, on a pro rata basis, the costs and expenses (including all applicable taxes) directly attributable to the Offer (including fees and expenses of the Book Running Lead Managers, legal counsel appointed by the Company for the Offer and other intermediaries, advertising and marketing expenses (other than corporate advertisements expenses in the ordinary course of business by the Company (not in connection with the Offer), which shall be borne solely by the Company), printing, offer advertising, research expense, road show expenses, underwriting commission, procurement commission (if any), brokerage and selling commission and payment of fees and charges to various regulators in relation to the Offer) in proportion to the number of Equity Shares issued and Allotted by our Company through the Fresh Issue and transferred and sold by each of the Selling Shareholders through the Offer for Sale, respectively, in accordance with Applicable Law.

In the event of withdrawal of the Offer or if the Offer is not successful or consummated, all costs and expenses with respect to the Offer, other than such expenses required to be solely borne by our Company or the Selling Shareholders as disclosed above, shall be borne in accordance with, and subject to Applicable Law, including instructions received from SEBI in this regard, and as mutually agreed amongst our Company and the Selling Shareholders.

#### **Interim use of Net Proceeds**

(4)

Our Company, in accordance with the policies established by the Board from time to time, will have flexibility to deploy the Net Proceeds. Pending utilisation for the purposes described above, our Company will deposit the Net Proceeds only with one or more scheduled commercial banks included in Second Schedule of the Reserve Bank of India Act, 1934 as may be approved by our Board. In accordance with Section 27 of the Companies Act, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in the shares of any other listed company.

#### **Bridge financing facilities**

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

## **Appraising entity**

None of the objects for which the Net Proceeds will be utilised have been appraised by any agency, including any bank or finance institutions.

#### Monitoring of utilization of funds

In terms of Regulation 41 of the SEBI ICDR Regulations, our Company has appointed a monitoring agency, ICRA Limited, to monitor the utilisation of the Gross Proceeds, prior to filing of this Red Herring Prospectus with the RoC. Our Audit Committee and the Monitoring Agency will monitor the utilisation of the Gross Proceeds, and the Monitoring Agency shall submit the report required under Regulation 41(2) of the SEBI ICDR Regulations, on a quarterly basis, until such time as the Net Proceeds have been utilised in full. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay. Our Company will disclose the utilisation of the Net Proceeds, including interim use under a separate head in its balance sheet for such Fiscal periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, clearly specifying the purposes for which the Net Proceeds have been utilised, till the time any part of the Fresh Issue proceeds remains unutilised. Our Company will also, in its balance sheet for the applicable Fiscal periods, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilised Net Proceeds.

Pursuant to Regulation 18(3) and Regulation 32(3) of the SEBI Listing Regulations, our Company shall on a quarterly basis disclose to the Audit Committee the uses and application of the Net Proceeds. The Audit Committee shall make recommendations to our Board for further action, if appropriate. Our Company shall, on an annual basis, prepare a statement of funds utilised for purposes other than those stated in this Red Herring Prospectus and place it before our Audit Committee. Such disclosure shall be made only until such time that all the Net Proceeds have been utilised in full. The statement shall be certified by the Statutory Auditor and such certification shall be provided to the Monitoring Agency. Further, in accordance

with Regulation 32 of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the utilisation of the Net Proceeds from the objects of the Offer as stated above; and (ii) details of category wise variations in the utilisation of the Net Proceeds from the objects of the Offer as stated above.

## Variation in objects

In accordance with Sections 13(8) and 27 of the Companies Act and applicable rules, our Company shall not vary the objects of the Offer without our Company being authorised to do so by the Shareholders by way of a special resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution ("**Postal Ballot Notice**") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in an English national daily newspaper, one in a Hindi national daily newspaper and a Tamil daily newspaper (Tamil being the regional language of Chennai, where our Registered Office is located), in accordance with the Companies Act and applicable rules. The Shareholders who do not agree to the proposal to vary the objects shall be given an exit offer, at such price, and in such manner, in accordance with our Articles of Association, the Companies Act, and the SEBI ICDR Regulations.

#### Other confirmations

Except to the extent of the proceeds received by the Promoter Selling Shareholders pursuant to the Offer for Sale, none of our Promoters, the members of the Promoter Group, Directors, Key Managerial Personnel, Senior Management Personnel or Group Companies will receive any portion of the Offer Proceeds. There is no existing or anticipated interest of such individuals and entities in the objects of the Fresh Issue, except as set out above.

## **BASIS FOR OFFER PRICE**

The Price Band and the Offer Price will be determined by our Company, in consultation with the BRLMs, on the basis of assessment of market demand for the Equity Shares offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below. ## Notes:

- 1. Basic EPS is calculated as restated profit for the period / year attributable to owners of our Company divided by the weighted average number of equity shares outstanding during the year.
- 2. Diluted EPS (DEPS) is calculated as restated profit for the period/year attributable to owners of our Company divided by the weighted average number of equity shares outstanding during the period/year and the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.
- 3. Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. (EPS x Weight) for each year divided by total of weights. For the six months period ended September 30, 2024 and September 30, 2023, weights have not been assigned.
- 4. Basic and diluted earnings per share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended) read with the requirements of SEBI ICDR Regulations.
- 5. Subsequent to the year ended March 31, 2024, vide shareholder's approval dated September 5, 2024, the company has done a stock split resulting in a change in Face value per share from INR 10 per share to INR 1 per share. Further, bonus shares were allotted in the ratio of 2

- bonus shares for every 1 share held. As required under Ind AS 33 "Earnings per share" the effect of such Split and Bonus issues has been adjusted retrospectively for all the periods presented.
- 6. The company had issued 922,205 CCPS of face value ₹100 each on August 02, 2023. These instruments were partly paid up to the extent of ₹ 1 per CCPS. They were fully paid up and converted to 922,205 Equity Shares on August 28, 2024 subsequent to the balance sheet date i.e., March 31, 2024 The equity shares so converted have not been considered in the calculation of DEPS being anti-dilutive in nature.

# B. Price / Earning ("P/E") ratio in relation to Price Band of ₹ [•] to ₹ [•] per Equity Share:

| Particulars  | P/E at the Floor Price (number of times) | P/E at the Cap Price (number of times) |  |  |

# F. Comparison with listed industry peers

We provide a comprehensive range of eye care services, including cataract, refractive and other surgeries; consultations, diagnoses and non-surgical treatments; and sell opticals, contact lenses and accessories, and eye care related pharmaceutical products. According to the CRISIL MI&A Report, we are India's largest eye care service chain by revenue from operations for the Financial Year 2024, with approximately 1.7 times the revenue from operations of the second-largest eye care service chain in the country during such period. Further, according to the CRISIL MI&A Report, we also had a market share of approximately 25% of the total eye care service chain market in India during the Financial Year 2024 and had the highest number of eye care service facilities in India, as of September 30, 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201).

Our subsidiary entity "Dr. Agarwal's Eye Hospital Limited" is engaged in the business providing comprehensive services in the eye-care segment covering range of surgeries for ailments such as cataract, refractive, retinal, corneal, glaucoma, and squint among many others, diagnosis and non-surgical treatments, doctor consultations, and the sale of optical and eyecare related pharmaceutical products. Since it is our subsidiary entity, it has not been considered in the following table.

There are no Indian listed peers focusing on eye care services having comparable size and scale as that of our Company. For selection of listed industry peer group, we have considered the top eight healthcare service providers (based on revenue from operations in Fiscal 2024) with wide network presence in India.

Note: Explanations and Assumptions in relation to Computation of KPIs Metrics:

- 1. Emerging Facilities are defined as Facilities which have (i) been operational for fewer than three years from the date of commencement of operations; or (ii) have been acquired and operated by us for a period of less than three years.
- 2. Mature Facilities are defined as Facilities which have (i) been operational for more than three years from the date of commencement of operations; or (ii) have been acquired and operated by us for a period of more than three years.
  Note for (1) & (2): The sum of revenue from Mature Facilities and revenue from Emerging Facilities is not equal to our consolidated revenue from operations, as revenues attributable to our Mature Facilities and Emerging Facilities exclude revenues attributable to one of our Subsidiaries, M/s. Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million and ₹14.93 million for six month periods ending September 30, 2024 and September 30, 2023 and ₹34.18 million, ₹45.67 million and ₹30.54 million for the financial years ending March 31, 2024, March 31, 2023 and March 31, 2022, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales
- 3. Revenue from Operations includes (i) Revenue from sale of products (such as Opticals, Contact Lens, Accessories, Pharmaceutical Products and Advanced Vision Analyzer AVA & Trial Lens), (ii) Revenue from Sale of Services (such as Surgeries, Consultation, Treatments and Investigations and Annual maintenance Contracts) and (iii) Other Operating Revenue.
- 4. Revenue growth is determined by calculating the increase in revenue from the immediate previous period / year to the current period / year, then dividing that increase by the immediate previous period's / year's revenue.
- 5. Revenue from operations Within India, includes all sales from products and services made by Group entities incorporated in India.
- 6. Revenue from operations Outside India, includes all sales from products and services made by Group entities incorporated outside India (overseas entities).
- 7. EBITDA (earnings before interest, taxes, depreciation and amortization) is computed as the sum of profit/(loss) before tax, finance costs and depreciation and amortization expenses.
- 8. EBITDA Margin is computed by dividing EBITDA by restated total income.
- 9. EBITDA Growth is determined by calculating the increase in EBITDA from the immediate previous period/year to the current period/year, then dividing that increase by the immediate previous period's /year's EBITDA.
- 10. Restated profit for the year margin is computed by dividing restated profit for the year by restated total income

of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare facilities..

- 11. Return on equity is computed by dividing restated profit for the year by average total equity of the current year and the immediately preceding year.
- 12. Return on capital employed (RoCE) is computed as operating profit (or EBIT) divided by capital employed, where (i) operating profit (or EBIT) is calculated as the sum of profit/(loss) before tax and finance costs; and (ii) capital employed is defined as the sum of equity share capital, total equity, borrowings, total lease liabilities less the sum of goodwill, other intangible assets, intangible assets under development
- 13. Net Debt to EBITDA is computed by dividing Net Debt by EBITDA where Net Debt is computed as the sum of borrowings (current and non-current) and lease liabilities (current and non-current), less the sum of cash and cash equivalents and other bank balances.
- 14. Operating cash flow to EBITDA is computed by dividing cash flows from operating activities by EBITDA.
- 15. Payor mix refers to the distribution of revenue from healthcare services across different sources of payments and this includes:
  - a. Cash: Revenue from patients who pay out-of-pocket in cash for services received
  - b. Insurance / Third Party Administrator (TPA): Revenue obtained through private insurance companies or TPAs, which handle the administration of claims for insured patients
  - c. Government: Revenue derived from government programs (such as public healthcare schemes or subsidies) that cover the cost of care for eligible patients

Note: Payor mix excludes revenues attributable to one of our Subsidiaries, M/s. Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million and ₹14.93 million for six month period ending September 30, 2024 and September 30, 2023 and ₹34.18 million, ₹45.67 million and ₹30.54 million for the Financial Years 2024, 2023 and 2022, respectively, contributing to 0.21%, 0.23%, 0.25%, 0.44% and 0.44% of our revenue from operations for the six-month period ended September 30, 2024 and September 30, 2023 and for Financial Years 2024, 2023 and 2022, respectively. Additionally, other operating income is included in Cash in Payor mix.

- 16. Number of doctors refers to the total doctors employed both in domestic and international facilities as at the end of financial year. The term "Doctor" includes both full-time doctors and Diplomate National Board (DNB) and Fellowship Doctors, who provide consulting services.
- 17. Number of patients served includes both new patients and out patients who come for recurring visits during the relevant financial year.
- 18. Other surgeries include surgical services in relation to retinal treatments, corneal transplantation and pinhole pupilloplasty, oculoplasty and other treatments and surgeries
- 19. The Company entered into Business Transfer Agreements/ Share Purchase Agreement with Thind Eye Care Private Limited, Eydox Eye Hospital, and R K N Eye Care on April 10, 2024, May 2, 2024, and May 10, 2024, respectively. Values, as disclosed above, include contributions from these entities from their respective dates of acquisition.

# H. Description on the historic use of the KPIs by our Company to analyze, track or monitor the operational and/or financial performance of our Company

In evaluating our business, we consider and use certain KPIs, as presented above, as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs are not intended to be considered

in isolation or as a substitute for the Restated Consolidated Financial Information. We use these KPIs to evaluate our financial and operating performance. Some of these KPIs are not defined under Ind AS and are not presented in accordance with Ind AS. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity, profitability or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with Ind AS.

Investors are encouraged to review the Ind AS financial measures and not to rely on any single financial or operational metric to evaluate our business. See "Risk Factors – Significant differences exist between Ind AS used to prepare our financial information and other accounting principles, such as IFRS and U.S. GAAP, with which investors may be more familiar." on page 73.

Brief explanation of the relevance of the KPIs for our business operations is set forth below. We have also described and defined the KPIs, as applicable, in "*Definitions and Abbreviations*" beginning on page 1.

Explanations and Assumptions in relation to Computation of KPIs Metrics:

(3) Revenue from operations – Within India, includes all sales from products and services made by Group entities incorporated in India.

<sup>(1)</sup> Revenue from Operations includes revenue from hospital services & pharmacy, academic courses, sale of food and beverages and other operating income.

<sup>(2)</sup> Revenue growth is determined by calculating the increase in revenue from the immediate previous period / year to the current period / year, then dividing that increase by the immediate previous period's / year's revenue.

<sup>(4)</sup> EBITDA (earnings before interest, taxes, depreciation and amortization) is computed as the sum of profit/(loss) before tax, finance costs and depreciation and amortization expenses.

<sup>(5)</sup> EBITDA Margin is computed by dividing EBITDA by restated total income.

- (6) EBITDA Growth is determined by calculating the increase in EBITDA from the immediate previous period/year to the current period/year, then dividing that increase by the immediate previous period's/year's EBITDA.
- (7) Restated profit for the year margin is computed by dividing restated profit for the year by restated total income.
- (8) Return on equity (RoE) is computed by dividing restated profit for the year by total average equity
- (9) Return on capital employed (RoCE) is computed as operating profit (or EBIT) divided by capital employed, where (i) operating profit (or EBIT) is calculated as the sum of profit/(loss) before tax and finance costs; and (ii) capital employed is defined as the sum of equity share capital, total equity, borrowings, total lease liabilities less the sum of goodwill, other intangible assets, intangible assets under development.
- (10) Net debt to EBITDA is computed by dividing Net Debt by EBITDA. Net Debt is computed as the sum of current and non-current borrowings and the sum of current and non-current Lease Liabilities, less the sum of cash and cash equivalents and other bank balances.
- (11) Operating cash flow to EBITDA is computed by dividing cash flows from operating activities by EBITDA
- (12) Payor mix refers to the distribution of revenue from healthcare services across different sources of payments, the annual report only includes cash and credit mix:
  - a. Cash: Revenue from patients who pay out-of-pocket in cash for services receive
  - b. Insurance / Third Party Administrator: Revenue obtained through private insurance companies or TPAs, which handle the administration of claims for insured patients
  - c. Government (Aarogyasri): Revenue derived from government programs (such as public healthcare schemes or subsidies) that cover the cost of care for eligible patients
- (13) OP Volume is taken as Number of patients served.

**Subject:** Statement of Possible Special Tax Benefits available to the Company, its Material Subsidiaries and the shareholders of the company under the direct and indirect tax laws

Dear Sirs,

We Deloitte Haskins & Sells, Chartered Accountants, the statutory auditors of Dr. Agarwal's Health Care Limited refer to the proposed initial public offering of equity shares of **Dr. Agarwal's Health Care Limited** (the Company" and such offering the "Offer"). We enclose herewith the statement in Annexure II showing the current position of special tax benefits available to the Company, its material subsidiaries, which are defined in Annexure I and to the shareholders of the Company as per the provisions of the Indian direct and indirect tax laws, including the Income Tax Act 1961, the Central Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Customs Act, 1962 and the Customs Tariff Act, 1975 (collectively the "Taxation Laws"), including the rules, regulations, circulars and notifications issued in connection with the Taxation Laws and the Foreign Trade Policy 2023 vide Notification No. 1/2023 dated 31 March 2023 for the assessment year 2025-26 relevant to the Financial Year (FY) 2024-25 for inclusion in the Red Herring Prospectus ("RHP") and Prospectus for the proposed initial public offering of shares of the Company, as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations").

Several of these benefits are dependent on the Company, its material subsidiaries or its shareholders fulfilling the conditions prescribed under the relevant provisions of the direct and indirect taxation laws, including the Income-tax Act 1961. Hence, the ability of the Company, its material subsidiaries or its shareholders to derive these direct and indirect tax benefits is dependent upon their fulfilling such conditions.

The benefits discussed in the enclosed Annexure II are neither exhaustive nor conclusive. The contents stated in the Annexure II are based on the information and explanations obtained from the Company and its material subsidiaries and on the basis of our understanding of the business activities and operations of the Company and its Material subsidiaries. This statement is only intended to provide general information to guide the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to specific tax implications arising out of their participation in the Offer. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

We do not express any opinion or provide any assurance whether:

- The Company, its material subsidiaries or its shareholders will continue to obtain these benefits in future;
- The conditions prescribed for availing the benefits have been/would be met;

We hereby give our consent to include this statement and the enclosed Annexure II regarding the special tax benefits available to the Company, its material subsidiaries and the shareholders of the Company in the RHP and Prospectus for the proposed public offering of equity shares of the Company, which the Company intends to submit to the Securities and Exchange Board of India, Registrar of Companies (Tamil Nadu at Chennai) and the stock exchanges (i.e. National Stock Exchange of India Limited and BSE Limited) where the equity shares of the Company are proposed to be listed, provided that the below statement of limitation is included in the RHP and Prospectus.

#### **LIMITATIONS**

Our views expressed in the enclosed Annexure II are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions

of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the Annexure is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed Offer relying on the Annexure.

This statement has been prepared solely in connection with the Offer under the ICDR Regulations.

INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX CONSULTANT WITH RESPECT TO THE TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN THEIR PARTICULAR SITUATION.

STATEMENT OF POSSIBLE SPECIAL DIRECT TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARIES AND TO THE SHAREHOLDERS OF THE COMPANY

**Under the Income Tax Act, 1961 (the Act)** 

#### I. Special tax benefits available to the Company

A. Section 115BAA, as inserted vide The Taxation Laws (Amendment) Act, 2019, provides that domestic company can opt for a rate of 22% (plus applicable surcharge and education cess) for the financial year 2019-20 onwards, provided the total income of the company is computed without claiming certain specified deductions or Set-off of any loss carry forward or unabsorbed depreciation, and claiming depreciation determined in the prescribed manner. In case a company opts for section 115BAA, provisions of Minimum Alternate Tax would not be applicable and earlier year MAT credit will not be available for set—off. The option needs to be exercised on or before the due date of filing the income tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other tax year. Further, if the conditions mentioned in section 115BAA are not satisfied in any year, the option exercised shall become invalid in respect of such year and subsequent years, and the other provisions of the Act shall apply as if the option under section 115BAA had not been exercised.

The company has represented to us that the Company and its material subsidiary in India – Dr. Agarwal's Eye Hospital Limited has opted for section 115BAA of the Act from the Assessment Year 2020-21 onwards.

#### B. Deductions from Gross Total Income

#### Deduction in respect of employment of new employees:

Subject to the fulfillment of prescribed conditions, the Company is entitled to claim deduction of an amount equal to thirty per cent of additional employee cost (relating to specified category of employees) incurred in the course of business in the previous year, for three assessment years including the assessment year relevant to the previous year in which such employment is provided under section 80JJAA of the Act.

#### Deduction in respect of inter-corporate dividends – Section 80M of the Act

Up to 31<sup>st</sup> March 2020, any dividend paid to a shareholder by a company was liable to Dividend Distribution Tax ("DDT"), and the recipient shareholder was exempt from tax. Pursuant to the amendment made by the Finance Act, 2020, DDT stands abolished and dividend received by a shareholder on or after 1<sup>st</sup> April 2020 is liable to tax in the hands of the shareholder, other than dividend on which tax under section 115-O has been paid. The company is required to deduct Tax at Source ("TDS") at applicable rate specified under the Act read with applicable Double Taxation Avoidance Agreement (if any).

With respect to a shareholder which is a domestic company as defined in section 2(22A) of the Income-tax Act,1961, a new section 80M has been inserted in the Act to remove the cascading effect of taxes on inter-corporate dividends during FY 2020-21 and thereafter. The section inter-alia provides that where the gross total income of a domestic company in any previous year includes any income by way of dividends from any other domestic company or a foreign company or a business trust, there shall, in accordance with and subject to the provisions of this section, be allowed in computing the total income of such domestic company, a deduction of an amount equal to so much of the amount of income by way of dividends received from such other domestic company or foreign company or business trust as does not exceed the amount of dividend distributed by it on or before the due date. The "due date" means the date one month prior to the date for furnishing the return of income under sub-section (1) of section 139 of the Act.

#### C. Deduction in respect of specified expenditure under section 35D (Public issue expenses)

As the company is expecting to raise capital through public issue, the expenses incurred w.r.t share issue expenses is allowable under section 35D from AY 2025-26, at the discretion of the management.

#### II. Special tax benefits available to the Material Subsidiaries

Dr. Agarwals Eye Hospital Limited, being resident Indian entity can claim the above mentioned benefits as is available to the Company under the provisions of the Income-tax Act, 1961.

There are no special tax benefits available to the material subsidiary Orbit Health Care Services (Mauritius) Ltd-Group, under the Indian tax laws.

#### III. Special direct tax benefits available to Shareholders

- The Company would be required to deduct tax at source on the dividend paid to the shareholders, at applicable rates based in the provisions of the Act. In case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, and every artificial juridical person, surcharge would be restricted to 15%, irrespective of the amount of dividend. The shareholders would be eligible to claim the credit of such tax in their return of income.
- With respect to a domestic corporate shareholder, deduction shall be available under section 80M of the Act on fulfilling the conditions (as detailed above).
- As per Section 112A of the Act, long-term capital gains arising from transfer of an equity share shall be taxed at 12.5% plus applicable surcharge and cess (without indexation) of such capital gains subject to fulfilment of prescribed conditions under the Act. It is worthwhile to note that tax shall be payable where such long-term capital gains exceed INR 1,25,000.
- As per Section 111A of the Act, short term capital gains arising from transfer of a listed equity share, shall be taxed at 20% plus applicable surcharge and cess subject to fulfilment of prescribed conditions under the Act.

• In respect of non-resident shareholders, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile and subject to entitlement to such treaty benefit.

#### Notes:

- 1. The benefits in I and II above are as per the current tax law as amended by the Finance Act, 2024 and Finance (No.2) Bill, 2024 dated 23<sup>rd</sup> July 2024.
- 2. This statement does not discuss any tax consequences in the country outside India of an investment in the shares. The shareholders / investors in the country outside India are advised to consult their own professional advisors regarding possible Income tax consequences that apply to them.
- 3. Surcharge is to be levied on domestic companies at the rate of 7% where the income exceeds INR one crore but does not exceed INR ten crores and at the rate of 12% where the income exceeds INR ten crores.
- 4. We note that if the Company opts for concessional income tax rate under section 115BAA of the Act, surcharge shall be levied at the rate of 10% irrespective of the amount of total income.
- 5. Health and Education Cess @ 4% on the tax and surcharge is payable by all category of tax payers.
- 6. Business losses, arising during the year can be set off against the income under any other head of income. Balance business loss can be carried forward and set off against business profits for 8 subsequent years. Unabsorbed depreciation, if any, for an assessment year can be carried forward and set off against any source of income in subsequent years as per provisions of the IT Act, however, subject to section 115BAA.
- 7. We note that if the Company opts for concessional tax rate under section 115BAA of the Act it will not be allowed to claim any of the following deductions:
  - Deduction under the provisions of section 10AA (deduction for units in Special Economic Zone)
  - Deduction under clause (iia) of sub-section (1) of section 32 (Additional depreciation)
  - Deduction under section 32AD or section 33AB or section 33ABA (Investment allowance in backward areas, Investment deposit account, site restoration fund)
  - Deduction under sub-clause (ii) or sub-clause (iia) or sub-clause (iii) of sub-section (1) or sub-section (2AA) or sub-section (2AB) of section 35 (Expenditure on scientific research)
  - Deduction under section 35AD or section 35CCC (Deduction for specified business, agricultural extension project)
  - Deduction under section 35CCD (Expenditure on skill development)
  - Deduction under any provisions of Chapter VI-A other than the provisions of section 80JJAA and section 80M;
  - No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred above;
  - No set-off of any loss or allowance for unabsorbed depreciation deemed so under section 72A, if such loss or depreciation is attributable to any of the deductions referred above
- 8. Further, it is also clarified in section 115JB(5A) that if the Company opts for concessional income tax rate under section 115BAA, the provisions of section 115JB regarding Minimum Alternate Tax (MAT) are not applicable. Further, such Company will not be entitled to claim tax credit relating to MAT.
- 9. The above statement of possible direct tax benefits sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.

#### GLOBAL AND INDIAN MACROECONOMIC OVERVIEW

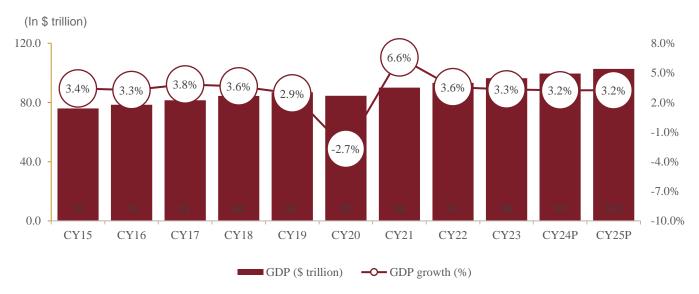

#### Macroeconomic indicators

#### Global GDP is estimated to grow at 3.2% in 2025 supported by dip in inflation and steady growth in key economies

The International Monetary Fund ("**IMF**"), in its October 2024 update, estimated global gross domestic product (GDP) growth at 3.3% for the Calendar Year 2023 and projected the growth rate of 3.2% for 2024. Emerging market and developing economies are also expected to experience stable growth through 2024 and 2025, with regional differences. The rate of growth is slightly lower compared to historical norms due to current factors such as high borrowing costs and reduced fiscal support, as well as longer-term impacts from Covid-19, Russia-Ukraine war, weak productivity growth and growing geoeconomic fragmentation.

Global headline inflation is expected to fall from 6.7% in 2023 (annual average) to 5.8% in 2024 and 4.3% in 2025. By late 2023, the headline inflation approached pre pandemic level in most economies. In the fourth quarter of 2023, advanced economies recorded a 2.3% quarter-over-quarter annualized headline inflation, down from the peak of 9.5% in the second quarter of 2022. In the emerging economies, inflation stood at 9.9% in last quarter of 2023, down from a peak of 13.7% in the first quarter of 2022.

#### Global GDP trend and outlook (2015-2025P, \$ trillion)

Note: E: Estimated, P: Projection

Source: IMF economic database, CRISIL MI&A

#### India's GDP is expected to grow at 6.8% in Financial Year 2025

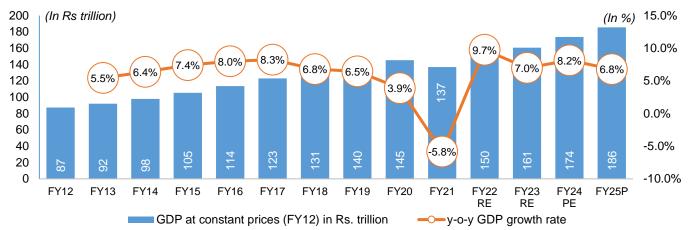

India's GDP grew at 5.9% compounded annual growth rate ("CAGR") between Financial Year 2012 and Financial Year 2024 to ₹173.8 trillion in Financial Year 2024. In Financial Year 2021, the economy was impacted due to Covid-19 pandemic but in Financial Year 2022, the economy recovered with the abating of the pandemic and subsequent easing of restrictions and resumption in economic activity.

In Financial Year 2023, GDP rose 7% on continued strong growth momentum, propelled by investments and private consumption. The share of investments in GDP was at 33.3% and that of private consumption was at 58.0%.

The National Statistics Office ("NSO") in its provisional estimates of Annual Gross Domestic Product (GDP) for Financial Year 2024, estimated India's real GDP growth to be 8.2% which is higher than its Second Advanced Estimate of 7.6%. Even as the agricultural economy slowed sharply following a weak monsoon, the surge in non-agricultural economy has more than made up for it. The government's investment push, along with easing input cost pressures for industry, has also played a major role in shoring up growth. However, services have been slowing owing to waning pent-up demand (post the pandemic), with the exception of financial, real estate, professional and healthcare services.

Analyses of the Financial Year 2024's growth reveal notable dichotomies. Growth has primarily been fueled by fixed investments, exhibiting a robust 9% expansion, while private consumption growth lagged at 4%, trailing overall GDP growth. On the supply side, the manufacturing sector experienced the most substantial growth at 9.9%, while the agriculture and electricity, gas, water supply and other utility services sectors exhibited more modest growth rates of 1.4% and 7.5%, respectively. These trends underscore the varied performance across sectors, highlighting the nuanced dynamics shaping India's economic landscape in Financial Year 2024. Overall, real GDP of India is estimated to have grown at 8.2% in Financial Year 2024 compared with 7.0% in Financial Year 2023.

#### Social and healthcare related parameters

Along with the structural demand existing in the country and the potential opportunity it provides for growth, provision of healthcare in India is still riddled with many challenges. The key challenges are inadequate health infrastructure, unequal quality of services provided based on affordability and healthcare financing. But these challenges also provide significant headroom for growth in the healthcare industry in India.

#### India lags peers in healthcare expenditure

Global healthcare spending has been rising faster in keeping with the economic growth. As the economy grows, public and private spending on health increases, too. Also, greater sedentary work is giving rise to chronic diseases, which is also pushing up healthcare spending. Fast-growing economies with low spending on health are seeing chronic diseases increase dramatically as they move up the income ladder. Developed economies such as United states, Germany, France, Japan, United Kingdom, spend higher on healthcare as compared to developing nations such as India, Vietnam, Indonesia, etc.

#### Current healthcare expenditure as % of GDP (2021)

Note: Latest data has been considered. Data for Canada and Germany is as of 2022, rest 2021 Source: Global Health Expenditure Database accessed in November 2024, World Health Organization ("WHO"); CRISIL MI&A

According to the Global Health Expenditure Database compiled by the WHO, in Calendar Year 2021, India's expenditure on healthcare was 3.3% of GDP. As of Calendar Year 2021, India's healthcare spending as a percentage of GDP trails not just developed countries, such as the US and UK, but also developing countries such as Brazil, Vietnam, Sri Lanka and Malaysia.

## Government expenditure on healthcare and out-of-pocket expenditure on healthcare as % of current health expenditure (2021)

| Countries | Government Expenditure on healthcare as % of Current Health Expenditure | Out-of-pocket spending as % of Current<br>Heath Expenditure |

For the year 2021, among the considered countries, India had the least share of government spending on healthcare as percentage of Current Health Expenditure ("CHE") and the highest out-of-pocket spending as percentage of CHE. Government of India's healthcare spending as a percentage of CHE trails not just the developed countries, such as France, Japan, Germany etc. but also developing countries such as Brazil, Vietnam, Sri Lanka, Indonesia and Malaysia. India's CHE is skewed more towards private expenditure compared with public expenditure.

#### Health infrastructure of India needs improvement

The adequacy of a country's healthcare infrastructure and personnel is a barometer of its quality of healthcare. India accounts for nearly a fifth of the world's population but has an overall bed density of merely 15 per 10,000 people, with the situation being far worse in rural than urban areas. India has potential to grow its healthcare infrastructure as India's bed density not only falls far behind the global median of 33 beds, but it also lags that of other developing countries such as Brazil (25 beds), Malaysia (20 beds), and Vietnam (26 beds).

#### Healthcare personnel: India vs other countries (latest as reported by each country)

India's healthcare personnel landscape presents a nuanced picture characterized by disparities in distribution and shortages in critical areas. While the country boasts a rich pool of medical professionals, including physicians, nurses, and allied health workers, the density per capita falls below the global average and lags significantly behind that of developed nations. This shortage, particularly pronounced in rural and underserved areas, underscores persistent challenges in ensuring widespread access to quality healthcare services. Efforts to address these gaps are underway, with initiatives aimed at bolstering training programs, enhancing infrastructure, and promoting innovative models of care delivery. However, the journey toward achieving equitable healthcare access for all remains an ongoing endeavor, requiring continued investment and strategic interventions to strengthen the healthcare workforce and improve health outcomes across the nation.

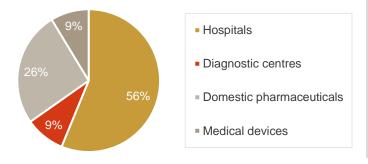

Paucity of healthcare personnel compounds the problem. At 7 physicians and 17 nursing personnel per 10,000 population as of Calendar Year 2020, India trails the global median of 17 physicians and 37 nursing personnel. India even lags developing countries such as Brazil (21 physicians, 55 nurses), Malaysia (22 physicians, 34 nurses) and other Southeast Asian countries.

#### STRUCTURE OF THE HEALTHCARE INDUSTRY IN INDIA

#### Overview of healthcare industry

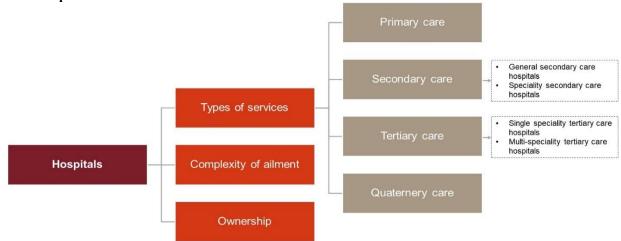

Healthcare market, which consists of hospitals, diagnostic centres, domestic pharmaceuticals and medical devices, is estimated around ₹9.5- 10.5 trillion in Financial Year 2024. CRISIL MI&A

Research estimates show hospitals account for a major share of the healthcare pie (56%), followed by domestic pharmaceuticals (26%), medical devices market (9%) and diagnostics (9%) as of Financial Year 2024.

#### **Classification of hospitals**

#### Classification of hospitals based on services offered

#### Primary care/ dispensaries/ clinics

Primary care facilities are outpatient units that offer basic, point-of-contact medical and preventive healthcare services, where patients come for routine health screenings and vaccinations. These do not have intensive care units (ICU) or operation theatres. Primary care centres also act as feeders for secondary care/ tertiary hospitals, where patients are referred to for treatment of chronic/ serious ailments.

#### Secondary care

Secondary care facilities diagnose and treat ailments that cannot be treated in primary care facilities. These act as the second point of contact in the healthcare system. There are two types of secondary care hospitals - general and specialty care. Typically, healthcare services in the secondary care centres include general consultations and basic surgical procedures.

#### **Tertiary care**

Tertiary care hospitals provide advanced healthcare services, usually on referral from primary or secondary medical care providers.

#### • Single-specialty tertiary care hospitals

These hospitals provide end to end specialised care for specific set of ailments under a roof. These centres have infrastructure, technology and manpower, which are proficient to provide for various needs for patients with a single set of ailments. Prominent facilities in India include: Escorts Heart Institute & Research Centre (New Delhi); Tata Memorial Cancer Hospital (Mumbai); HCGEL Oncology (Bengaluru); Sankara Nethralaya (Chennai); Dr. Agarwal's Health Care (Chennai): National Institute of Mental Health & Neuro Sciences (NIMHANS, Bengaluru); and Hospital for Orthopaedics, Sports Medicine, Arthritis and Trauma (HOSMAT, Bengaluru).

#### • Multi-specialty tertiary care hospitals

These hospitals offer all medical specialities under one roof and treat complex cases such as multi-organ failure, high-risk, and trauma cases. Most of these hospitals derive a majority of their revenue through referrals. Such hospitals are located in state capitals or metropolitan cities and attract patients staying within a 500 km radius. They have a minimum of 150 inpatient beds, which can go up to 1,500 beds. About one-fourth of the total beds are reserved for patients in need of critical care. Medical specialties offered include cardio-thoracic surgery, neurosurgery, nephrology, surgical oncology, neonatology, endocrinology, plastic and cosmetic surgery, and nuclear medicine. In addition, these hospitals have histopathology and immunology laboratories as a part of its diagnostic facilities. Lilavati Hospital and Hiranandani Hospital in Mumbai, Apollo Multispecialty Hospital in Kolkata are examples of multi-specialty tertiary care hospitals.

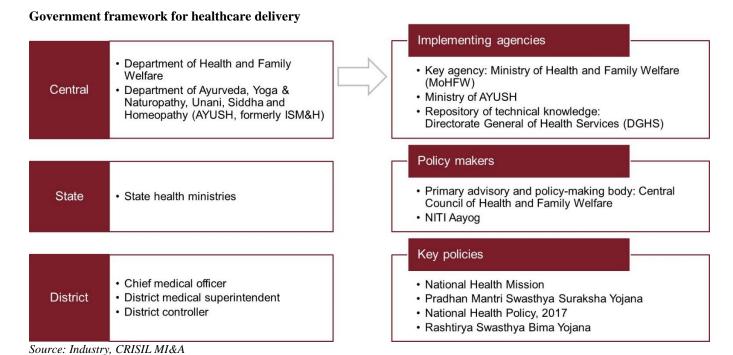

#### Quaternary care hospitals

Quaternary care hospitals are an extension of tertiary care in reference to advanced levels of medicine which are highly specialised and not widely accessed, and usually only offered in a very limited number of hospitals. Experimental medicine and some types of uncommon diagnostic or surgical procedures are considered quaternary care.

#### Payment modes in current Indian healthcare

Government schemes accounted for 34% of the current Indian healthcare expenditure in 2022, with Pradhan Mantri Jan Arogya Yojana ("**PMJAY**") contribution being less than 5%. Insurance accounted for 15-16%, while the major chunk came from cash/out of pocket expenses. Key factors which influence the patient's decision for selecting a hospital for treatment are competent medical staff, reputation of the hospital, cost of services, hospital location etc.

#### Regulatory framework for hospitals and healthcare in India

#### Key government healthcare schemes and programs for healthcare in India

Government of India has launched various health schemes and programs such as National Health Mission, Ayushman Bharat Digital Mission, Pradhan Mantri Ayushman Bharat Health Infrastructure Mission, Ayushman Bharat, National Programme for Control blindness and Visual Impairment ("NPCB&VI") to increase the access, affordability, and quality of healthcare services in India.

#### Regulations pertaining to the healthcare delivery infrastructure

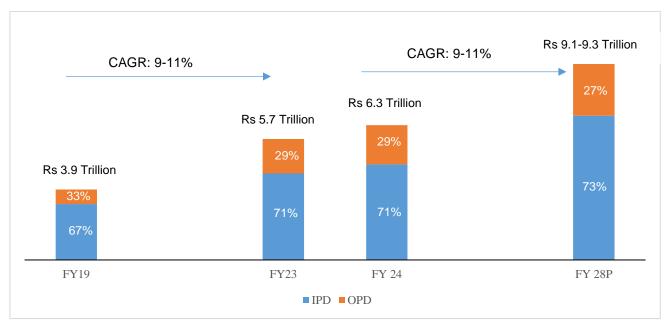

The regulations for setting up a hospital in India are stringent with several approvals required to be taken. Moreover, hospitals are also covered under the purview of the policies such as the Clinical Establishment Act, 2010, and the Bio-Medical Waste Management & Handling Rules, 1998, which provide guidelines for registering hospitals and clinics and regulate their day-to-day operations as far as their environmental impact is considered.

#### Review and outlook of healthcare delivery market in India

#### Indian healthcare delivery market poised for robust growth in the medium term

Barring the momentary hiccup in Financial Year 2021, CRISIL MI&A estimates the Indian healthcare delivery industry to post healthy 9-11% compound annual growth rate between Financial Year 2024 and 2028, driven by long term structural factors, strong fundamentals, increasing affordability and potential of the Ayushman Bharat scheme.

#### Overall healthcare delivery market in India

Note: IPD stands for in-patient department and OPD stands for out-patient department. According to CRISIL MI&A out-patients are those who are not required to stay at the hospital overnight. It includes consultancy, day surgeries at eye care centres, and diagnostics, and excludes pharmaceuticals purchased from standalone outlets.

#### Healthcare delivery industry grew to approximately ₹6.3 trillion in Financial Year 2024

CRISIL MI&A Research estimates the Indian healthcare delivery market to have reached approximately  $\gtrless$ 6.3 trillion in value terms in the Financial Year 2024, with growth being contributed by continuation of regular treatments, surgeries and out-patient department (OPD) including ARPOB expansion for the sector. Medical tourism, with high realization, is expected to grow more and contribute more to the industry. Within the overall healthcare delivery market, the in-patient department ("IPD") is expected to account for nearly approximately 71% (in value terms), while the balance is to be catered by the out-patient department ("OPD"). Though in terms of volumes, OPD volumes outweigh IPD volumes, with the latter contributing the bulk of the revenues to healthcare facilities.

The share of IPD in the healthcare delivery market in India increased from 67% (in value terms) in Financial Year 2019 to 71% in Financial Year 2023. Going forward, CRISIL MI&A projects the share of IPD healthcare delivery market to increase to 73% of the overall Indian health care delivery market by Financial Year 2028. The growth drivers for rise in share of IPD healthcare delivery market includes rise in per capita income, increase in health insurance penetration, government initiatives to improve healthcare in India etc.

#### Healthcare delivery industry to grow at a CAGR of 9-11% over next four years

With long term structural factors supporting growth, renewed impetus from PMJAY and government focus shifting onto healthcare sector, the healthcare delivery market is expected to grow at 9-11% CAGR from ₹6.3 trillion in Financial Year 2024 and reach ₹9.1-9.3 trillion in Financial Year 2028.

The other contributors to the demand are more structural in nature, like, increase in lifestyle-related ailments, increasing medical tourism, rising incomes and changing demography.

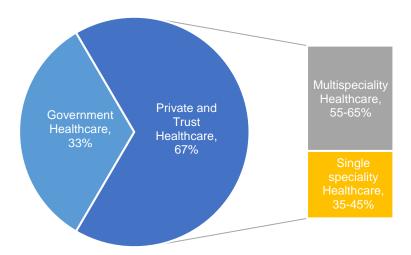

In India, healthcare services are provided by the government and private players, and these entities provide both IPD and OPD services. However, the provision of healthcare services in India is skewed towards the private players (both for IPD and OPD). This is mainly due to the lack of healthcare spending by the government and the high burden on the existing state health infrastructure. The share of treatments (in value terms) by the private players is expected to increase from 64% in Financial Year 2018 to approximately 69% in Financial Year 2028.

#### Segmentation of Indian healthcare delivery market by single specialty and multispecialty centres

The Indian healthcare delivery market is estimated to have reached ₹6.3 trillion in Financial Year 2024. The healthcare delivery market in India is broadly categorised by two types of healthcare speciality centres- single speciality and multispeciality. In single speciality centres, the treatments are provided to patients with a specific set of ailments, while in multispeciality healthcare centres, treatment related to various health specialities such as oncology, orthopedic, cardiology etc are provided to

the patients. In India, the government healthcare centres are predominantly mutlispeciality centres. The share of multispeciality centres in private and trust-based healthcare market is 55-65% while the share of single speciality centres is about 35-45% of the private and trust-based healthcare market. In value terms, the market size of single speciality healthcare centres is ₹1.5 to 1.9 trillion for Financial Year 2024.

#### Single specialty centres in the healthcare industry focus on single type of ailments and have lower capex than multispecialty centres

The single specialty centers in the hospital industry are healthcare facilities that provide comprehensive specialized care for patients with a particular illness, integrating all supportive medical fields under one roof. These centers build their infrastructure, budget, and other key developments based on the needs of patients suffering from a specific illness. These facilities have the resources and operational capabilities to address urgent patient needs.

Single specialty centers have, typically, lower capital expenditure (capex) than that of multi-specialty hospitals, which cater to a broad range of conditions and specialties. Consequently, these centers are capex light, scalable, and replicable. They have the distinct advantage of delivering highly specialized therapeutic care and implementing superior clinical protocols, due to their extensive expertise and experience in their field, thereby providing high-quality care.

Additionally, focusing on single specialty centers requires investment in specialized medical equipment, which may not be relevant in general healthcare centers. This specialization is a key reason why patients often prefer single specialty centers. These centers are more agile in decision-making, avoid complex management issues, and may also have higher capital for investing in advanced technology and equipment.

#### Growth drivers for single specialty centres in India

CUSTOMER CENTRICITY
Patient centric approach

In a single specialty care hospital, patients may get various services under a single roof. If a patient requires multiple doctors with different specialties in a single set of ailments, the single specialty hospitals may provide the patient with the same under the same centre. Patient experience is a key parameter across all stages of operations in the eye care services industry. Also, patients in single specialty hospitals may not have to wait for medical attention from doctors, as the doctors in single specialty hospitals do not have to provide services to patients with varying sets of medical conditions like in multispecialty hospitals.

By focusing on specific set of ailments, single specialty centres enhance efficiency. Their focused approach allows for a standardized level of care throughout the entire healthcare process, from admission to discharge. This standardization of process and protocols leads to faster turnaround of patients and more efficient use of resources. Thus, the focus on a single specialization of health care not only streamlines healthcare delivery but also drives higher efficiency.

Single specialty centres drive innovation by concentrating expertise, resources and efforts on a specific set of ailments. This focus allows these centres to attract top specialists and foster a deep pool of specialized knowledge and skills. By streamlining operations and investing in specialized equipments, these single specialty centres offer more personalized treatments. Also, these centres provide an opportunity for their doctors to fully develop their individual talents and acquire a unique position in the healthcare delivery market. Thus, skilled doctors, higher specialized knowledge and investment in technology and equipment, drive higher innovation at single specialty centres.

Clinical expertise to cater complex ailments

Since single specialty centres focus on a single set of ailments, the staff working at these healthcare centres engage in particular set of work. As the staff performs a particular set of work, their efficiency increases over a period. This leads to refinement of the staff working in these healthcare centres to specialist staff. Thus, in addition to clinical knowledge, such staff also build administrative capabilities for a particular specialty of healthcare. This may lead to a dip in the need to hire additional administrative related staff to manage healthcare centres, thus decreasing the cost.

The single specialty centres have, typically, lower capex and opex compared to multispecialty hospitals as these hospitals focus on patients with a single set of ailments. The lower costs enable the single specialty centres to be more agile in decision making. Thus, making services in the single specialty centres easier to predict and plan.

Single specialty hospitals are scalable as their focused expertise and streamlined operations allow for the replication of their successful models. By concentrating on one area of specialty, they can standardize procedure, training and equipment, which simplifies the expansion process. Also, in terms of management, these centers are more agile in decision making and avoid complex management issues. Some of the single specialty hospitals also work on hub and spoke model.

#### Additional growth drivers for single specialty service chains in India

Brand equity

Brand equity is a significant growth driver for single specialty service chains in India. Strong brand recognition builds patient trust, attracting more patients seeking specialized care. Positive brand perception enhances patient loyalty, leading to repeat visits and referrals. These centers can expand more rapidly, leveraging their strong brand to enter new markets.

Standard operating procedures (SOPs)

Network presence is one of the key growth drivers for single specialty service chains in India due to brand recognition, economies of scale, and centralized management. Multiple centers enable effective marketing and cross-referrals for these chains. A strong network attracts top medical talent and facilitates investment in advanced technologies. Centralized regulatory compliance promotes adherence to standards, while multiple locations offer patient convenience. These factors lead to operational efficiencies, consistent patient care, driving the growth for these centers in the competitive healthcare market.

Standard operating procedures (SOPs) are vital growth drivers for single specialty service chains in India. SOPs ensure consistent, high-quality patient care across all centers, building trust and reputation. They streamline operations, reducing errors and inefficiencies, leading to cost savings and improved patient outcomes. SOPs facilitate staff training and integration, enabling quicker scaling and expansion into new locations. By maintaining uniform standards, these centers can offer reliable services, attract more patients, and foster loyalty. This operational consistency supports sustainable growth, enhancing overall efficiency and profitability across the network.

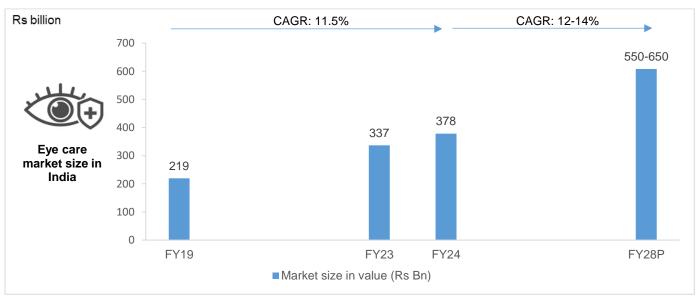

#### STRUCTURE OF THE EYE CARE INDUSTRY IN INDIA

Overview of eye care industry in India

## The Indian eye care industry is projected to grow at CAGR of 12-14% between Financial Year 2024 to 2028 to reach market size of ₹550-650 billion

According to IAPB, India has the highest number of visually impaired people in the world as nearly 1 out of every 5 individuals in India face vision loss disorder. There is a high burden across eye related ailments and diseases in India with increasing need for medical intervention. Because of high prevalence of eye disorder in India population, eye care is an integral part of the Indian health care system. The eye care market in India has grown at CAGR of 11.5% between Financial Year 2019 and 2024 to reach the value of ₹378 billion in Financial Year 2024. This market includes surgical and non-surgical treatments for patients suffering from various eye disorders. Surgical treatments in this industry includes cataract surgery, glaucoma, retina surgeries, refractive surgeries, cornea and other eye related surgeries. Cataract surgery has the largest share of eye care surgery in India. Non-surgical treatments in the industry includes general checkups, pre-treatment assessment, post-treatment follow ups, diagnostics etc. In the eye care industry, qualified staff and experienced ophthalmologists is one of the key critical factors patients consider while selecting a hospital for treatment. Additionally, patient-focused approach is a key factor in how patients choose their eye care services provider.

#### Indian eye care industry – market size trends

Source: CRISIL MI&A

The growth in the industry is led by factors such as high prevalence of eye related disorders in India, rise in incomes levels, shifting age demographics, lifestyle changes, emerging eye care service chains, government and non-government organisation initiatives to promote awareness about eye health in India. Rise in income levels enable higher spending by the individuals on the health care, including eye care. With changing lifestyle such as increase in time spent on electronic devices may increase the eye disorders. With rise in diabetic patients in India, there will be higher prevalence of diabetic eye diseases such as cataract, glaucoma, diabetic retinopathy etc. Eye care is a critical healthcare need in India today, with increasing requirements for healthcare providers to tackle the problem of vision impairment and blindness. Emerging eye care service chains enable access to quality eye care treatments with standard operating procedures to maintain high quality services to their patients. These eye care service chains have multiple branches in or across cities to ease the eye care treatment procedure for their patients. In India, government is playing a key role in promoting eye care treatments with multiple initiatives to support patients suffering from eye related disorders. Basis these factors, the eye care industry in India is projected to grow at CAGR of 12-14% between Financial Year 2024 to 2028. This growth is higher than the CAGR growth rate of 9-11% projected for the healthcare delivery market in India during the same period. The size of the Indian eye care services industry was approximately ₹378 billion in the Financial Year 2024 and is projected to grow to ₹550-650 billion in Financial Year 2028. As of the Financial Year 2024, eye care formed approximately 6% of the overall healthcare delivery market in India.

#### Comparison of visually impaired population of India versus other key countries

## According to The International Agency for Prevention of Blindness ("IAPB"), India had the highest number of citizens with vision loss in the world as of 2020 with 275 million individuals with vision loss

In India, blindness and vision loss are part of the key challenges in the nation's healthcare system. Nearly 1 out every 5 persons in India faces vison loss disorder, which stood at 275 million people as of 2020. Compared to India, nearly 1 out of 20 persons in United States have vision loss disorder.

According to WHO, globally there are at least 2.2 billion individuals with near or distance vision impairment and in 1 billion individuals among these, vision impairment could have been prevented or is yet to be addressed.

#### Segmentation of the eye care industry

#### Surgical treatments occupy the majority share in Indian eye care industry

The surgical treatments in the eye care industry are the majority contributor to revenues for eye care hospital as about 80-85% of revenue in the industry comes through these treatments. Key surgical treatments in the eye care industry include the cataract surgery, retina surgery, refractive surgery, glaucoma and cornea-based surgery. The non-surgical treatment in the eye care industry is essential for regular check-ups, proper screening and timely identification of key eye disorders which may require a surgical procedure to prevent vision loss. The non-surgical treatments also support the patient in the recovery post-surgical procedures with regular check-ups and monitoring of healing process.

Source: CRISIL MI&A

#### The eye care service chains in India contribute to about 13-15% of the total eye care market in India

The Indian eye care industry consist of government-based hospitals, charitable/trust-based hospitals, single speciality hospitals, multi-speciality hospitals and standalone clinics. The eye care service chains are part of single speciality and multi-speciality hospitals with network of eye care centres within/across various cities. These eye care service chains have strong brand equity as these hospitals work on standard operating procedures, offering reliable and quality treatment of patients at their centres. While standalone hospitals/clinics are, typically, doctor owned hospitals/clinics rather than large corporations or healthcare networks. These hospitals/clinics are located in a single location and focus on performing high volume procedures. These hospitals and clinics can also be single or multi-speciality healthcare centres. Consistent clinical outcomes are a key success factor for eye care service providers. The eye care industry is highly fragmented with presence of few eye care service chains. The share of eye care service chains in India is about 13-15% of the total eye market as of March 31, 2024, which was estimated to be 12-14% in Financial Year 2023, signifying the headroom for growth for organised eye care service chain market in India.

With rise in income levels and awareness about the eye care health, the share of these eye care service chains is expected to rise as more individual would prefer convenience and reliability offered by these eye care service chains. This industry is also witnessing merger and acquisitions activities along with investments for growth.

#### Overview of key growth drivers for eye care industry

#### Rising income levels

India's per capita income, a broad indicator of living standards, rose to ₹99,404 in Financial Year 2023 from ₹63,462 in Financial Year 2012 at a CAGR of 4.2%. Growth was led by better job opportunities, propped up by overall economic growth. Additionally, population growth was stable at approximately 1% CAGR. Also, as per the provisional estimates, the per capita net national income (constant prices) was estimated to have increased to ₹106,744, thereby registering an on-year growth of approximately 7.4%.

#### Per capita NNI

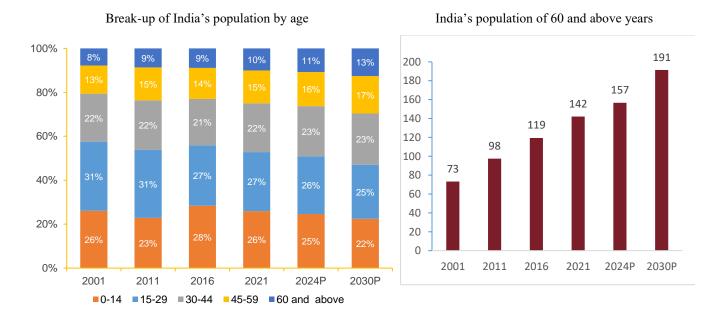

RE: Revised estimates, AE: Advance estimates; PE: Provisional estimates Source: Provisional Estimates of Annual National Income, 2023-24, CSO, MoSPI, CRISIL MI&A

Rising incomes have resulted in increasing affordability for better medical services and high-end procedures. For instance, in urban India, the number of people who do not want to wear eyeglasses or lenses is increasing and are opting for corrective surgeries like LASIK in order to correct refractive errors.

#### Ageing population

India is experiencing a demographic shift, with more people entering the older age bracket. The share of the population in the above 60-year age bracket, which was just 8% in 2001, is expected to increase to 13% by 2030. This trend is driven by factors such as increased life expectancy, owing to improved healthcare infrastructure and advancements in medical care.

#### Increasing prevalence of eye disorders such as myopia, cataract and glaucoma

In India, there are several key factors which lead to rise in the prevalence of eye disorders in India. Aging population and rise in share of population with age 60 and above are key factors which will lead to rise in prevalence of eye disorders in India. Prevalence of refractive and cataract disorder increases with age. Changing lifestyles and increase of screen time will also promote prevalence of eye disorders such as refractive issue.

Rise of other diseases or conditions may also lead to higher prevalence of eye disorders in India. The rise in cases of diabetes is linked with retina disorder known as diabetic retinopathy. When an individual has diabetes for a long time, changes in the glucose levels may cause blood vessels in the retina to weaken and get damaged. When blood vessels in the retina gets damaged, it may lead to the growth of abnormal blood vessels in the eye. This leads to glaucoma as the growth of abnormal blood vessels leads to block in the eye's natural drainage system and this blockage may lead to higher intraocular pressure.

#### Government initiatives such as NPCB&VI and Ayushman Bharat promote growth in eye industry in India

The eye care forms an integral part of the Indian healthcare system and government of India runs various initiatives such as NPCB&VI, Ayushman Bharat etc. to promote eye related health in India. The goal of the NPCB&VI program is to reduce the prevalence of avoidable blindness to 0.25% by 2025. Under this program, about 8.3 million cataract surgeries were operated in India in Financial Year 2023, compared to 6.7 million surgeries in Financial Year 2019.

Launched in 2018, Ayushman Bharat is a government scheme to provide affordable healthcare to economically vulnerable sections of society. It seeks to address gaps in healthcare access by strengthening primary healthcare infrastructure and offering financial protection to the poor by providing health insurance coverage. Under this scheme, there are Health Benefit Package (HBP), in which there are packages with procedures/surgeries for various eye related disorders.

#### Growing health insurance penetration in India

Low health-insurance penetration is one of the major impediments to the growth of the healthcare delivery industry in India, as affordability of quality healthcare facilities by the lower-income groups remain an issue. Health insurance coverage has increased from 17% in Financial Year 2012 to approximately 38% in Financial Year 2022. As per the Insurance Regulatory and Development Authority (IRDA), more than 520 million people have health insurance coverage in India (as of Financial Year 2022), as against 288 million (in Financial Year 2015), but despite this robust growth, the penetration in Financial Year 2022 stood at only 38%. CRISIL MI&A sees that while low penetration is a key concern, it also presents a huge opportunity for the growth of healthcare delivery industry in India. With the PMJAY scheme and other growth drivers, the insurance coverage in the country is expected to increase to 47-50% by Financial Year 2027.

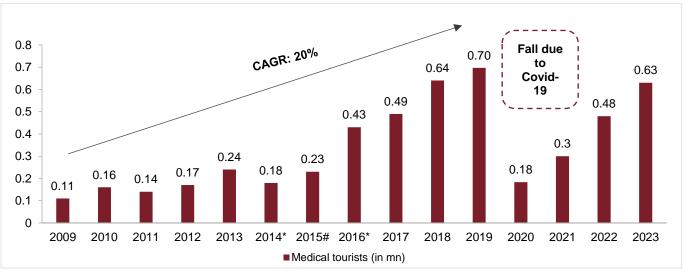

With health insurance coverage in India set to increase, hospitalisation rates are likely to go up. In addition, health check-ups, which form a mandatory part of health insurance coverage, are also expected to increase, boosting demand for a robust healthcare delivery platform. Covid-19 has also accelerated the coverage and also online channels which make it easier to get insurance.

#### Medical tourism in India

Medical value travel, which is also referred to as 'medical tourism', has gained momentum over the years and India is fast emerging as a major tourist destination, owing to the relatively low cost of surgery and critical care, along with the presence of technologically advanced hospitals with specialized doctors and facilities, such as e-medical visa. India benefits from medical value travel stemming from neighbouring countries such as Bangladesh, Nepal and Bhutan. Eastern India is geographically well positioned for medical value travel from Bangladesh, Nepal and Bhutan, from patients who prefer to obtain quality healthcare services in India.

According to the latest data available with the Ministry of Tourism, of the total foreign tourist arrivals in India, the proportion of medical tourists has grown from 2.2% (0.11 million tourists) in 2009 to 6.4% (0.70 million tourists) in 2019. However, the number of medical tourists fell sharply in 2020(0.18 million tourists) because of international travel restrictions due to Covid-19. The number of medical tourists has recovered well to 0.63 million tourists in 2023 (January-December 2023). The government has constituted a National Medical and Wellness Tourism Board along with provision of financial assistance to the tune of ₹1.7 million to medical tourism service providers under market development assistance (MDA) scheme during the last four Financial Year years to develop medical tourism in India as of July 2022. The government had estimated medical tourism to be worth 9 billion US\$ by 2020 garnering 20% of the global share, up from the 3 billion US\$ in 2015, however we might have fallen short of this figure in the year 2020 owing to travel restrictions put in place due to Covid-19 pandemic.

#### Compared to other economies, India has lower average cataract surgery rates

In India, on average, the cost for cataract eye surgery ranges from US\$300 to 400, per eye, which is significantly lower to the average cost for cataract surgery in other countries

#### Country-wise cost of cataract surgery

| Ailments (\$)  | US\$        |  |  |
|----------------|-------------|--|--|
| United States  | 3,000-7,000 |  |  |
| United Kingdom | 1,500-3500  |  |  |
| France         | 1,500-3,500 |  |  |
| India          | 300-400     |  |  |
| Australia      | 500-1700    |  |  |

#### Rise in awareness about eye health in India

In India, nearly one out of five persons has vision loss disorder, making blindness and vision loss a key challenge for the nation's healthcare system. To a common person, occurrence of eye symptoms such as blurred vision, unattended eye injury etc., may seem simple but timely diagnosis of these symptoms can resolve the issue and prevent vision loss. For the same, mass public awareness about eye health in India is essential for timely diagnosis and treatment of eye related disorders.

In India, the awareness about eye related health is increasing due to various factors such as rise in income levels, trust/charitable eye hospitals and government initiatives to promote eye health in India, initiatives by various NGOs, increase in eye care service chains, rise in literacy levels etc. With rise in income revels in India, people give higher priority to their health care in India including eye care. The rise of eye care service chains is playing a crucial role in spreading awareness about the eye diseases in India. These hospital chains with their network of hospitals across cities make eye care more accessible. These hospitals also often conduct awareness programs, eye screening and community initiatives to educate people about common eye diseases, their symptoms, and importance of regular eye check-ups. Various NGOs and trust-based hospitals in India are working across the country to deliver quality eye care to various communities and spreading awareness about eye health. Government of India also promotes awareness about eye related disorder. Government of India collaborated with World Health Organization (WHO) and International Agency for the Prevention of Blindness (IAPB) to develop 'Vision 2020: Right to Sight-India' with the aim to eliminate avoidable blindness in the country.

# Lifestyle related changes to increase demand for eye care

Indians, especially those in urban regions, are moving towards a more sedentary lifestyle with a sizable proportion of adults working in front of computer screens or watching television for long hours. Even children are increasingly spending time playing video games or watching television. Computer vision syndrome or digital eye strain which causes eye strain, headaches, blurred vision, dry eyes etc is becoming increasingly common among users of computers in urban areas and can be a pre curser to eye disorders like reduced visual abilities etc. Such lifestyle related changes that impact the eye will also act as one of the drivers for the growth of eye care treatments.

#### Value added services and products in eye care industry in India

In the eye care industry, there are various pre and post treatment services provided by eye care hospitals to the patients. Pretreatment services includes check-ups, scans, test and other services, which are essential before eye treatment is given to the patient. Patients with cataract disorders have to undergo preoperative assessment to understand requirements and expected surgical problems of the patient. Under the preoperative assessment of cataract surgery, a full ocular examination is conducted. This examination checks for eye anatomy and inflation, state of dry eye, abnormalities in cornea, type of cataract, measurement of intra ocular pressure, and other key checks. Apart from the ocular examination, biometry test, corneal topography, blood sugar and blood pressure measurement and other key tests and checkups are conducted to increase the chance of successful cataract surgery. In the eye care industry, post-treatment services include follow up check-ups, optical and pharma products. Post-treatment checks enable the ophthalmologist to monitor the healing progress and adjust medications as needed. These pre and post treatment services and products are essential part of the value chain of the eye care treatment and adds to revenue streams for eye care hospitals and clinics.

# High brand equity, network presence, standard operating procedures (SOPs) and comprehensive set of treatments to promote growth for eye care service chains in India

The eye care industry in India, though dominated by the standalone eye clinic and hospitals, is witnessing a surge in eye care service chains. Key factors driving growth of eye care service chains are as follows:

# **Higher brand equity**

High brand equity plays a crucial role in fostering trust among customers in the eye care service chain industry in India. In the eye care industry, where issues of vision and health are paramount, trust is particularly vital. Brands with strong equity are perceived as reliable, offering quality services and products, which are essential in a field as sensitive as eye care. In a market as competitive as India's eye care sector, where numerous eye care service chains and standalone players are striving for customers' attention, high brand equity can be a significant differentiator, helping companies stand out and build lasting relationships with their customers.

# **Network presence**

Eye care service chains benefit from their network of hospitals within and across cities as it establishes a brand's visibility and credibility, as a widespread presence implies reliability and trustworthiness. A strong network of hospitals allows for better coordination between different branches, facilitating seamless patient care and referral systems. In a competitive Indian eye market, where accessibility and convenience are crucial factors for consumers, a high network presence gives eye care service chains a competitive edge, enabling them to cater effectively to the growing demand for quality eye care services across the country.

# Standard operating procedures (SOPs) and comprehensive set of treatments

Standard operating procedures (SOPs) are vital growth drivers for eye care service chains in India. SOPs ensure consistent, high-quality patient care across all centers, building trust and reputation. This consistency builds trust among patients, as they know they will receive the same quality of care regardless of the location they visit. Also, SOPs streamline processes and workflows, leading to increased efficiency and productivity. By clearly outlining the steps to be followed, SOPs help in minimizing errors, reducing wastage of time and resources, and maximizing output. Also, set SOPs help in delivering complex healthcare services and in attracting clinical talent.

Due to presence of comprehensive set of treatments, standard operating procedures, ability to provide complex healthcare services, quality standards, ability to attract clinical talent, standard operating procedures and network of centres across various regions, the eye care service chains in India are positioned to grab the market share from standalone eye care centres in India.

# Overview of key eye disorders in India

#### Cataract

It is an eye disorder where the clear lens of the eye becomes cloudy leading to deterioration in vision. Age is the most common cause of this disease. As people age, the protein in the lens breaks down due to which it becomes rigid and cloudy. Around 70 percent of the Indian population above the age of 60 years suffer from this disorder.

#### Refractive errors

Refractive error is one of the most common eye problems which can start at any age and occurs due to the alteration in length or shape of eyes. In India, it is prevalent amongst 40-50 percent of the population. The most common types of refractive errors include vision impediments such as myopia (near-sightedness), hyper-metropia (far-sightedness) and astigmatism (blurring of vision due to inability of eye to focus an object into a sharp focused image on the retina). Glasses or contact lenses can usually correct refractive errors and surgeries are not necessary. However, laser-based procedures or intra ocular surgeries can be used to change the shape of the cornea or replace the lens and correct the refractive error.

#### Glaucoma

Glaucoma is another eye disorder disease in which the optic nerve (which transmits images to the brain) gets damaged on account of increased pressure within the eye, also known as intraocular pressure (IOP). Due to the lack of obvious symptoms a majority of the people suffering from glaucoma do not realize that they are suffering from this disorder until the disease reaches advanced stages. Without treatment, glaucoma can lead to permanent blindness within a few years. According to Indian Journal of Clinical and Experimental Ophthalmology, glaucoma affected 12 million people in India as of 2020. The treatment for glaucoma is medical (i.e., through drugs or eye-drops) or surgical, depending upon the stage of glaucoma.

#### Retina based disorders

The retina is the light sensitive lining at the back of the eye that transmits images to the brain through the optic nerve. One of the major types of retinal disorders is diabetic retinopathy which is the damage to the retina caused by prolonged and inadequate blood glucose control and it is one of the leading retinal disorders in India. Other common retinal diseases are retinal detachment, age related macular degeneration etc.

#### Cornea based disorders

The cornea is the clear front part of the eye. It lets light into the eye and helps in focusing light rays on the retina. Common corneal diseases are Keratitis (caused mainly by bacterial/fungal infections) and keratoconus. When the cornea becomes cloudy, light cannot penetrate the eye to reach the light-sensitive retina, which results in poor vision or even blindness in some cases. In such a case, a corneal transplant is required which involves replacing the diseased or scarred cornea with a new one.

# Pterygium

A pterygium is a fleshy, triangular or wing-shaped growth of the conjunctiva of the eye. It usually occurs on the inner corner of the eye but can also appear on the outer corner.

# Cataract is the leading cause of blindness and visual impairment for adults 50 and above in age

Among the principal causes for blindness and visual impairment, cataract have majority of the share for population in India for population above the age of 50 and above. Based on National Blindness and Visual Survey in India-2015-2019, untreated cataract was the cause of 66.2% cases of blindness and of 71.2 % cases of visually impairment cases. Since uncorrected refractive error does not, typically, lead to blindness, so share of cases of blindness from uncorrected refractive error was 0.1% but the share of this disorder in visual impairment cases was 13.4%. Corneal opacity eye disorder is scarring of cornea which makes it hard for light to pass from cornea to the retina. Typically, this eye disorder is caused by injury, infection or swelling in the eye. This eye disorder was the cause of 7.2% of cases of blindness and 5.9% of the cases of visual impairment in India. Glaucoma was the cause of 5.5% of cases of blindness and 1.4% of cases of visual impairment.

# Causes of blindness & visual impairment in population with age above 50

| Principal cause                 | Share in blindness | Share in visual impairment |
|---------------------------------|--------------------|----------------------------|
| Untreated cataract              | 66.2%              | 71.2%                      |
| Corneal opacity                 | 8.2%               | 1.8%                       |
| Cataract surgical complications | 7.2%               | 5.9%                       |
| Glaucoma                        | 5.5%               | 1.4%                       |

# Overview of cataract treatment industry in India

# The volume of cataract surgeries in India grew by a CAGR of 4-6% between Financial Year 2019 and 2024

As per the NPCB&VI, cataract is the most common cause of blindness amongst Indians, with about 62.6 percent of blindness resulting from cataract. NPCB&VI launched the 'Netra Jyoti Abhiyan' to clear the backlog in the cataract surgeries in India. Under this campaign, each state and union territory has been allotted yearly targets for cataract surgeries. Cataract surgeries under the NPCB&VI, increased from 6.7 million in Financial Year 2019 to 8.3 million in Financial Year 2023, against a target of 7.5 million the Financial Year 2023. Apart from NPCB&VI, cataract surgeries are performed at trust/charitable hospitals operating across India. These hospitals provide paid and free cataract surgeries facilities for their patients.

Source: CRISIL MI&A

The total volume of cataract surgeries in India grew at a CAGR of 4-6% between Financial Year 2019 to Financial Year 2024 to reach 14-16 million in Financial Year 2024. Going forward, the volume of the cataract surgery in India is projected to grow at CAGR of 4-6% between Financial Year 2024 and 2028 to reach the surgery volume of approximately 17-19 million in Financial Year 2028.

#### Growth drivers for cataract surgeries in India

# Key growth drivers Description

Aging population

In 2018, about 8.9% of the Indian population was aged above 60 and above, and this proportion is projected to grow to 21.4% of the overall Indian population in 2028. Since the prevalence of cataract is high among the individual with age 60 and above, rise in population would lead to higher cases of cataract patients in the country

In Financial Year 2023, India's per capita income increase from ₹63,462 in Financial Year 2012 to ₹99,404 in Financial Year 2023, growing at a CAGR of 4.2%. With higher income levels in India, more individual can afford healthcare services, including cataract surgeries. This leads to increased demand for such procedures, resulting in more individual seeking treatment for cataracts to improve their vision and thus, quality of life. Also, rise in income levels may lead to increase in number of patients who choose premium packages for respective surgeries.

Government launched the NPCB (later re-designed to NPCB&VI) in the year 1976 to reduce the prevalence of blindness from 1.4% to 0.3% in India. Under this program, the government arranged for 8.3 million cataract surgery in Financial Year 2023. Other non-government organizations such as charitable and trust-based hospital also provide support for performing cataract surgery in India

Key growth drivers

Rise in diabetic patients

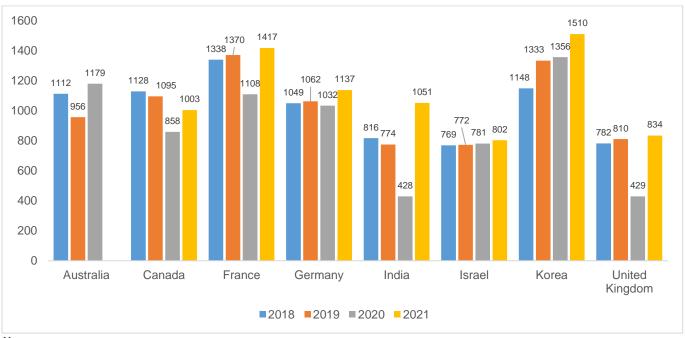

# Description

When blood glucose for any individual stays high over a period, it may damage the tiny blood vessels which are located at the back of the eye. These damaged tiny blood cells may leak fluid, causing swelling and may lead to growth of other weak blood cells. These blood vessels may start serious diabetic eye diseases for an individual. Since the number of diabetic patients in India is rising, this may lead to higher cases of diabetic case diseases.

# Among the key global economies, India has one of the lowest number of cataract surgeries per 100,000 people for 2018 to 2020

Among the countries under consideration, India has one of lowest number of cataract surgeries across 2018 to 2020. In 2018, Israel had the least number of cataract surgeries performed per 100,000 people followed by UK and India. In 2019 too, Israel has the least number of cataract surgeries per 100,000 people followed by India. In 2020, India has the least number of cataract surgeries performed per 100,000 people.

#### Overview of refractive, cornea and glaucoma treatment industry in India

# Cornea based treatment

Cornea is the transparent part of the eye which covers the iris and pupil. The cornea allows the light to pass through the eye and plays a crucial role to focus the light on retina. There are several conditions that can affect the cornea and lead to vision disorder. Abrasions on the cornea may cause vision problems. Small abrasions in the cornea get healed on their own while the deeper abrasions may cause scarring of the cornea and result in vision disorder. Another condition which causes cornea related eye disorder is inflammation of cornea due to bacterial infection. This condition is called corneal ulcer. Keratoconus is another cornea related condition in which shape of the cornea changes. In this condition, the cornea becomes thin and bulge outwards, resulting in vision disorders. Cornea transplant is one of the common eye related surgeries in which partial thickness of the diseased cornea or entire cornea is removed and replaced with health donor cornea layer. Among the various eye related surgeries operated in India, cornea related surgeries contribute to about 3-5% of the surgeries.

#### Refractive based treatment

The refractive eye disorder is the most prevalent eye disorder in India with 40-50% of the Indian population affected by the same. Though refractive issue has most prevalence under eye disorder in the country, majority population in India resolves their refractive eye disorder with use of eye spectacles. But with rise in per capita income, growing awareness about refractive disorder and advancement in eye care technology, there is increase in patients with refractive eye disorder, who choose refractive eye surgery to resolve their eye disorder. Of the total eye surgery operated in India, the refractive surgeries contribute to about 8-10% of the surgeries.

#### Glaucoma

Glaucoma is an eye related disease in which optic nerve of the eye is damaged leading to vision disorder. The optic nerve is essential for good vision as it carries information from the eye to the brain. In this disorder, an increase in intraocular pressure leads to optic nerve damage. Since glaucoma is a serious eye disorder it requires fast and effect treatment to preserve the vision. There are various eye treatments for glaucoma, depending on severity of the disorder. The treatment of glaucoma starts using eye drops which decreases the intraocular pressure. If the eye drops do not cure the disorder, then laser therapy is a common treatment. Under this therapy, a laser is used to open drained channel in the eye. In the advanced cases of glaucoma, typically, surgery is necessary, in which a new drainage channel is created for the eye. Among the eye surgeries operated in India, glaucoma contributes to 3-5% of the surgeries.

## Overview of eye care delivery structure in India

# Primary eye care

The primary eye care centres are facilities with outpatient services for screening and consultations. These centres provide affordable and accessible eye care treatment to the patients, serving as their initial point of contact and ensuring lifelong support. These centres are essential for timely identification of eye diseases such as cataract and refractive errors. Services in primary eye care include examination of the visual system, diagnosing for any abnormalities in the visual system, prescribing aids such as glasses and contact lenses, counselling the patients for maintaining healthy vision, checking for key eye related diseases that may be asymptomatic. These centres also decide on the plan for the treatment of the patient and may also prescribe their patients, which are diagnosed with complex eye diseases, for secondary and tertiary care centre for further treatment.

# Secondary eye care

The secondary eye care centres offer facilities for diagnosis of various eye related diseases and simple procedures and surgeries. Services provided by the ophthalmologist in these centres include cataract surgeries, simple glaucoma surgeries and other minor surgical procedures. These centres also offer non-surgical management of the other conditions and may also refer to tertiary eye care for cases in which treatment requires more advanced facilities and subspecialties in the ophthalmology.

#### Tertiary eye care

The tertiary eye care centres play a pivotal role in eye care delivery. These centres provide eye care for complete set of eye related diseases. Ophthalmologists with sub specialities in eye care diseases are staffed at these centres. These centres may also perform research and provide training to secondary centres.

# Community eye care

This eye care model has been essential to increase the access of eye care services in India, particularly in rural areas where access to quality eye care is limited. Centres in the community eye care engages with local communities by establishing eye care centres or camps in their vicinity. These centres are typically arranged by Non-Governmental Organisations (NGOs), trust based hospitals and government initiatives. These centres provide services such as vision screening, and diagnosis of eye disorders. For any serious and complex eye disorders, the patients in the community eye care are referred to secondary or tertiary eye care centres.

#### Overview of different operating models adopted in the eye care industry in India

The eye care industry in India is delivered through various operating models across primary, secondary and tertiary centres. Broadly the eye care operating model can be classified into hospitals and clinics models and these hospitals and clinics are further classified into eye care service chains and standalone centres.

# Classification of eye care industry's operating model by clinics and hospitals

In the eye care industry, clinics are primary centre of eye care which provide basic diagnostic and consultation to their patients. These centres provide services for routine check-ups, eye examination, vision correction, medicine prescription. For complex diagnostic and procedures, these clinics refer the patient to hospitals.

Hospitals

In the eye care industry, hospitals are centres of secondary and tertiary care which provide comprehensive eye care diagnostic and procedure services to their patients. These centres are equipped with advanced diagnostic and procedure equipment with skilled medical professionals to carry out advanced eye care procedures.

Hospitals in the eye care industry are further classified into single speciality hospitals, multi-specialty and trust-based hospitals.

#### Classification of eye care industry's hospitals by single speciality, multi-speciality and trust-based hospitals

Single speciality hospitals

Such type of hospitals focuses exclusively on treatment and care of single type of eye related illness. These hospitals are known for specialization in high quality treatment and care for as their focus is only on single set of diseases in eye care. As these hospitals work on single set of diseases, they are agile in decision making and, require less capital compared to multi-speciality hospitals.

Multi-speciality Hospitals

These hospitals provide broad spectrum of medical services and treatments for diverse illness and conditions. These hospitals are centres with facilities and workforce to attend patients across specialities such as Cardiology, Ophthalmology, Orthopaedics etc.

Trust/charity based hospitals

These hospitals are institutions which operate to provide eye care services to underserved communities in India. Such hospitals are run by charitable organisations, trusts or non-for-profit organisations. These centres offer both free and paid services to their patients.

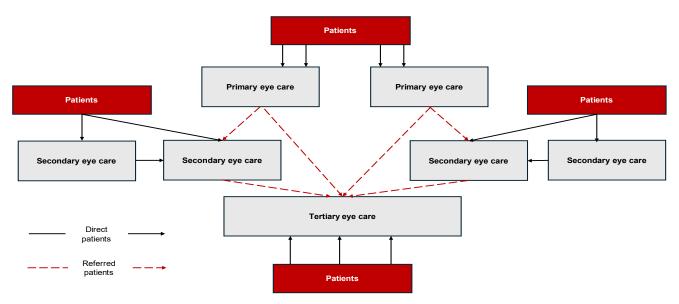

Further, the hospitals and clinics in the eye care industry are also classified basis the number of centres for each eye care hospital and clinics.

Overview of hub and spoke model in the eye care industry and its advantages

The hub and spoke model in the healthcare industry is a model with multiple practising sites. In this model, a hub acts as a site of speciality area and the spoke are the connecting secondary centres. The hub and spoke arranges service delivery assets into a network with central hub providing a full range of services, supported by satellite spokes offering limited services, directing patients requiring intensive care to the hub for treatment.

In the eye care industry in India, the hub and spoke model works across the network of primary, secondary and tertiary centres. The primary centres provide outpatients services such as screening and consultation services, including eye examination, medicine prescription, foreign body removal, intraocular pressure measurement etc. These primary centres provide affordable eye treatment at the patient doorstep in the rural and smaller towns. These primary centres also reduce overcrowding of patients in the secondary and tertiary centres by conducting primary screening and filtering tasks.

### Value chain for hub and spoke model in the eye care industry

Source: CRISIL MI&A

Secondary centres offer diagnoses of range of eye related diseases. These centres have the facilities and equipments to perform simple eye procedures and surgeries. Among various procedures and surgeries, these centres mostly perform cataract surgeries and for any complicated surgery, these centres refer the patient to the tertiary centres of eye care located in the city.

The tertiary centres in the eye care industry provide comprehensive range of eye related services including general consultations, simple and complex eye procedures. Complex medical surgeries, which require intensive technology and skills are performed at these centres as these centres have all the sophisticated equipment for eye related treatments such as LASIK machine.

#### Benefits of hub and spoke model in the eye care industry

- Primary care centre in the hub and spoke model enable basic diagnostic and consultation for patients in smaller towns and villages at their nearby locations.
- The primary centres reduce the flux of patients in secondary and tertiary centre of eye care as primary centres
  perform initial screening and only the patients which require complex eye care treatments are referred to secondary
  and tertiary eye care.
- Secondary eye care centres perform cataract surgeries for the patients which provides the tertiary eye care centres with more resources for complex eye care related procedures.
- Higher cost efficiency due to higher volumes and utilisation across primary, secondary and tertiary centres
- Each type of centre is able to provide higher quality care to patients due to specialisation of treatment in each type of centre
- This model increases the access of eye care for patients as it drives deeper penetration of eye care services across various geographical areas
- Rise in consumer satisfaction as they can refer to different type of eye care centres basis their requirements

#### Overview of cataract surgeries and refractive surgeries

### **Cataract Surgeries:**

Cataract is the clouding of the eye's natural lenses. It is the most common cause of vision loss in people over the age of 40. As a result of cataract, the eye lens becomes hazy and does not allow light to enter the eye and hence a hazy image is seen. Cataract patients typically suffer from increased sensitivity to light, glare, double vision, dim vision, poor night vision and frequent change of glasses. Cataract results from aging, congenital factors, trauma (i.e., an eye injury) or from other health issues (such as diabetes or exposure to steroids). Cataract surgeries are aimed at removal of the cloudy natural lens and replacing it with an artificial lens called an intraocular lens. Some of the surgical procedures to treat cataract are:

- **Small incision cataract surgery**: In this procedure, the cataract is removed manually using keratome (a surgical instrument used for making an incision in the cornea in cataract operations) and an IOL is placed in the eye.
- Phacoemulsification: In this procedure, ultrasonic energy is used to emulsify and aspirate the cataractous lens and an IOL is inserted.
- Robotic cataract surgery: In this procedure, many steps of cataract surgery that have been traditionally performed with handheld surgical instruments in phacoemulsification are done with a computer controlled high speed laser for added precision. The high speed laser is used to break the lens into pieces enabling the procedure to be done with significantly less ultrasound energy than used in traditional phacoemulsification. Although robotic cataract can be done in all types of cataract, it is the preferred procedure for patients with dense cataract, mature cataract, weak corneas and high astigmatism.
- Glued IOL: Glued IOL treatment is a technique where the IOL is placed in the normal anatomical position by using biological glue to fix the optics of the eye. This method is utilized when there is insufficient capsular support to hold the IOL. As the IOL is fixed to the eye using glue, no stitches are used.

# **Refractive Surgeries:**

Light rays are bent (refracted) as they pass through the cornea and the lens. The light is then focused exactly on the retina, which results in clear vision. Any error in this refraction may result in light rays being focused either in the front of the retina or behind the retina. This is called refractive error. Patients suffering from refractive errors see clearly with the help of spectacles or contact lenses or refractive surgery, which help to focus the light exactly on the retina. Refractive treatments include surgical procedures to correct the refractive error of the eye to get rid of or reduce dependence on glasses and contact lens. Primary refractive treatments include the following:

- Laser-assisted in-situ keratomileusis surgery: LASIK procedures involve using advanced laser technology to reshape the cornea, addressing common refractive errors such as near-sightedness, far-sightedness, and astigmatism. LASIK surgery can be of two types: zyoptix and intra-lase. Zyoptix eye surgery involves using a computer-controlled excimer laser (a cold, ultraviolet laser) and a microkeratome (a highly specialized motorized blade). The cornea has six layers. With a blade, a surgeon creates a thin flap of the first few layers. Subsequently, an excimer laser is fired on the underlying layer to reshape the cornea in order to correct the refractive error. The flap is then replaced without using sutures, and it adheres back to the cornea within minutes. In intra-lase surgery, the flap of the first two layers is created with a laser and the remaining procedure remains the same.
- Small incision lenticule extraction: This is a minimally invasive refractive surgery that corrects vision by creating a small, lens-shaped piece of tissue inside the cornea, which is then removed through a small incision. It targets refractive errors by reshaping the cornea which corrects the refractive error and improves vision clarity.
- Implantable collamer lens treatment: It is a type of refractive procedure to help correct myopia, and is an alternative to LASIK and other refractive procedures. In this procedure, an implantable collamer lens or an IOL is implanted into the eye over the natural lens for power correction. This is suitable for patients with high power and a thin cornea.
- **Photo refractive keratectomy:** In this process, an excimer laser is used to precisely re-shape the curvature of the cornea's surface. A bandage-like soft contact lens is then placed on the cornea to help protect the eye as it heals.

# Other key surgical treatments

#### **Retinal treatments:**

The retina is the innermost layer of the eye. It consists of 10 layers including specialised cells called hotoreceptors. Common retinal disorders include diabetic retinopathy (i.e., damage to the retina as a result of having too much blood sugar), age-related macular degeneration (damage to the macula, the part of the eye that controls sharp, straight-ahead vision), retinal detachment (an emergency situation in which the retina pulls away from the layer of blood vessels that provides it with oxygen and nutrients),

vitreous haemorrhage (blood floating in the vitreous humor, which lies between the lens and the retina, clouding the view of retina variably) and myopic retinal degeneration (a severe form of near-sightedness that causes damage to the retina).

Primary retinal treatments include the following:

- **Intra-vitreal injections:** This is an injection into the vitreous, used to deliver drugs to the retina and other structures in the back of the eye. These injections are given mainly to reduce the swelling in the macula.
- **Vitrectomy:** A vitrectomy is a surgical procedure undertaken by a specialist where the vitreous humour gel is cleared to provide better access to the retina.
- **Retinal Laser Photocoagulation:** During this process, laser is used to generate heat energy to achieve retinal coagulation.
- Scleral buckle surgery: Scleral buckle surgery is one of the surgeries done to re-attach a detached retina.

# Corneal transplantation and pinhole pupilloplasty:

The cornea is the transparent outermost layer of the eye. Corneal transplantation involves surgically removing a patient's diseased cornea and replacing it with a donated corneal tissue. This improves the vision in conditions where blurring is due to a corneal pathology. Pinhole pupilloplasty is used to treat corneal astigmatism by creating a pinhole aperture that allows passage of rays of light through the central aperture and blocks the rays emanating from the peripheral irregular cornea, so that the impact of higher order aberrations caused by irregular corneal astigmatism is minimized.

# Oculoplasty:

Oculoplasty covers a variety of procedures that involve eyelids, eyebrows, orbits, tears ducts, and the face, and covers both medically necessary procedures and cosmetic procedures. The scope of oculoplasty extends across a wide range of procedures from correcting droopy eyelids to fitting artificial eye prosthesis. Oculoplastic surgeries are carried out by specially trained surgeons and are often highly customized.

#### Qualitative overview of advanced technologies in the eye care delivery

#### LASIK surgery

LASIK is eye surgery procedure, which is used to treat visions problems caused by the refractive errors. For a person to see clearly, the light must pass through the cornea and the lens, which refract the light, so it lands on retina. But for a person suffering from the refractive errors, the shape of his/her cornea and lens changes and do not properly bend and refract light on retina, resulting in a blurry vision. To fix the disorder, an ophthalmologist performs LASIK eye surgery procedure, which includes using a laser light to change the shape of the patient's cornea, resulting in better focus of light rays on retina. This surgery is used to treat myopia, hyperopia and astigmatism.

# Femtosecond surgery

This eye surgery procedure includes use of infrared laser, which provides laser energy at high rate with pulse duration in the range of one quadrillionth of a second. Through this procedure, instead of cutting eye tissues by a blade, the tissues are broken apart at the molecular level. The tissue, which is targeted, is vapourised resulting in a split at the tissue where a cut would be made. Through this procedure, there is minimal damage to surrounding tissues, resulting in faster healing and recovery for the patient after the surgery. This technology is used in the cataract surgeries.

# Zepto cataract surgery

Zepto cataract surgery is an advanced automated cataract surgery procedure. For this surgery, 'Zepto Capsulotomy Device' is used, which is disposable and attached to a console. An ophthalmologist inserts this device in the patient eye by creating a 2mm incision in the cornea. This procedure helps in easier removal of the cataract and higher accuracy placement of the intraocular lens. Also, for patients suffering from the corneal opacities or with small pupils, femtosecond surgery cannot be practised but Zepto capsulotomy device can be used for surgeries in such cases.

# Lamellar corneal transplant

Patients which suffer from eye disorder such as corneal opacity, may have to undergo corneal transplant surgery to restore their vision. Earlier, for corneal transplant, full thickness corneal transport surgery was conducted by the ophthalmologist to restore the vision of the patient. Nowadays, with advancements in technology, the ophthalmologists perform the lamellar corneal

transplant surgery, in which only the selective part of the cornea, which are damaged/scarred, is transplanted. Based on which part of the cornea is damaged/scarred, an ophthalmologist can perform the corneal transplant surgery for that part of cornea without replacing the entire cornea. DALK surgery is performed when the stroma, part of the cornea, is damaged and endothelium, which is innermost layer of the cornea, is not damaged/scarred. Similarly, if the endothelium is damaged then the DSEK surgery is performed to replace that layer in the cornea.

#### Small Incision Lenticule Extraction (SMILE) eye surgery

SMILE eye surgery is also a type of laser-based refractive surgery to modify the shape of cornea to solve refractive eye disorder. Under this procedure, a very fast and short pulse-based laser is used to make cuts in the cornea, creating a thin disc shaped piece of tissue. This piece of tissue is called lenticule, which must be cut to precise specifications as required by desired refractive correction. Once the lenticule is created it is removed from the corneal bed, resulting in modification in the shape of the cornea. This change in the shape of the cornea corrects the refractive issue in the patient's eye.

# Key threats and challenges for the eye care industry

Set out below are the key threats and challenges faced by players in the eye care industry.

# Paucity of healthcare personnel in eye care industry in India

In India, the availability of ophthalmologist and optometrists is very low compared to national need of these professionals. As of 2024, India has about 26,000-27,000 ophthalmologist which is about 1.8 to 1.9 ophthalmologist for 100,000 persons. Compared to the available ophthalmologist, India need about 125,000 ophthalmologists to serve eye patients in India, which is approximately 8.7 ophthalmologists for 100,000 persons, signifying workforce shortage in the eye care health services in the country.

The issue of shortage of workforce in the eye care health services in India is further increased by the uneven distribution of eye care workforce in urban and rural India. Large portion of the eye care workforce practice in the urban areas and majority share for health care infrastructure and resource is also concentrated in the urban areas while majority of the population still resides in rural areas of the country. This results in rural population having lack of easy access to diagnostic facilities and advanced treatment, when facing major eye illness.

### Insufficient infrastructure in rural areas in India

In rural areas of the country, not only shortage of workforce is a challenge, but insufficient infrastructure is a serious concern. Since eye care facilities in India are concentrated in urban areas of the country, rural population have to travel long distances to access quality eye care facilities in India. With poor road infrastructure, transit facilities and distances from the remote communities to quality eye care centres, the delivery of quality eye care services for the rural population remains a challenge.

# Directions by Supreme Court of India to regulate prices of hospitals procedure in private healthcare sector

In February 2024, the Supreme Court of India has directed the central government to find ways to fix price bands for all medical treatments offered by hospitals in India. During a Public Interest Litigation (PIL) hearing this year, the Apex court highlighted the high procedure rates and large variations in the procedure prices for healthcare treatments in India. The Supreme court directed the Union government to report back or the court would impose medicate rates for health care procedure charged under the Central Government Health Scheme (CGHS) as an interim measure.

# Healthcare financing has been a pain point

In India, out-of-pocket ("OOP") expenditure on health accounted for nearly 50% of total health expenditure as of 2021 as insurance earlier did not cover out-patient treatments (Insurance companies started covering OPD treatments under health insurance only recently). Hence, OOP expenditure on out-patient treatments is greater than in-patient treatments.

Nearly 17% of the rural population and 13% of the urban population are dependent on borrowings for funding their healthcare expenditure for July 2017- June 2018 as per NSS 75th Round Health in India Report. And nearly 80% of the rural population and 84% of the urban population use their household savings on healthcare-related expenditure as per "Health in India – 2018, NSS 75th Round". Health expenditure contributes to nearly 3.6% and 2.9% of rural and urban poverty, respectively. And annually, an estimated 60 to 80 million people fall into poverty due to healthcare-related expenditure. However, with Pradhan Mantri Jan Arogya Yojana (PMJAY), the affordability aspect of healthcare expenditure is expected to be taken care of to some degree, especially for the deprived population.

#### Outstanding receivables affecting fiscal profile of hospitals

The financial profile of many hospitals empanelled under state schemes became weak due to rising outstanding receivables from the government (state and Centre) for providing treatments to beneficiaries under health insurance schemes. However, this challenge is expected to be dealt with on priority under the PMJAY, by fixing a particular timeline for reimbursements of claims.

# Mitigations to the challenges faced by the industry

One of the ways to manage paucity of eye care healthcare personal in India is to leverage the technologies such as tele-ophthalmology. In tele-ophthalmology, eye care services are provided to the patients through telecommunications and digital medical equipment. Through these technologies eye care services can be provided to people living in remote areas, which have limited access to quality eye care facilities.

The rise in healthcare infrastructure, especially in rural India, is another the key measures to increase the access to eye care for Indian population. Rise in infrastructure for healthcare in rural areas of the country will also reduce the uneven distribution of eye care workforce in the country. Along with healthcare infrastructure, improvements in general infrastructure such as better roads and transit facilities would also lead to better access of eye care to rural population in India.

# Key entry barriers for eye care service chains

- To scale eye care service chains to a national chain, high quality talent and institutional capabilities may be required to continuously upskill and train the manpower
- To scale nationally, eye care service chains may need strong operational expertise to design stand operating procedures (SOPs)
- Due to continuously evolving technologies, eye care service chains may have to upgrade their technology in line with industry trends, which may lead to higher capex

# Overview of key government policies and regulatory framework for the eye care industry in India

#### National Programme for Control of Blindness and Visual Impairment (NPCB&VI)

This programme was launched by the government of India in the year 1976 with the goal to reduce the prevalence of blindness from 1.4% to 0.3%. At the time of the launch of the scheme, it was 100% centrally sponsored scheme but now the scheme is sponsored 60% by the central government and 40% by the state governments for all states except for Northeastern states where the scheme is 90% sponsored by the central government and rest 10% is sponsored by the state government.

After its launch in 1976, the NPCB program was re-designed in 2017 and renamed to National Programme for Control of Blindness and Visual Impairment (NPCB&VI) to cover all kind of visual impairment in India and with a goal to reduce the prevalence of avoidable blindness by 2025 to 0.25%. Under NPCB&VI, government launched the 'National Netra Jyoti Abhiyan', which is a mission mode cataract campaign for 3 years from 2022 to 2025. The aim of this campaign to clear backlog of eligible cataract cases in India. Under this campaign, each state and union territory has been given a yearly target for completing cataract surgeries.

#### To achieve the targeted number of cataract surgeries, various states have started campaigns for cataract surgeries

| State       | Initiatives taken to clear backlog and achieved the targeted number of cataract surgeries   |
|-------------|---|
| Maharashtra | In Maharashtra, the health department of the state launched the special cataract surgery campaign from February 19 to March 4, 2024, which was later extended to March 9, 2024. Under this campaign, the state made district wise plans to achieve 0.1 million cataract surgeries across Maharashtra. The state has a target of achieving 2.7 million cataract surgeries from 2022 to 2025. |
| Odisha      | The Odissa government aimed to operate 0.32 million cataract surgery in the year 2022-23, of which 0.33 million cataract surgery were operated in this period. In 2023-24, the Odissa government has aimed to   |

|         | operate 0.39 million cataract surgeries and target for 2024-25 is to operate 0.46 million cataract surgery in the state.  |
|---------|---|
| Gujarat | In 2022, the Government of Gujarat launched the 'Cataract-Blindness Free Gujarat' campaign to make Gujarat state cataract blind backlog free. As of Oct 2022, the Gujarat state achieved more than 150% of yearly target for year 2022-23 as the state achieved 316,694 cataract surgeries against the target of 126,300. |

# Ayushman Bharat- Pradhan Mantri Jan Arogya Yojana (AB-PMJAY)

Ayushman Bharat was launched in September 2018 to provide affordable healthcare to economically vulnerable sections of society. It seeks to address gaps in healthcare access by strengthening primary healthcare infrastructure and offering financial protection to the poor by providing health insurance coverage.

Ayushman Bharat comprises two interrelated components — health and wellness centers (HWCs) and Pradhan Mantri Jan Arogya Yojana (PM-JAY). In February 2018, the government announced the setting up of 150,000 HWCs by transforming the existing sub-centers and primary health centers. HWCs are expected to deliver comprehensive primary healthcare by bringing healthcare closer to the people's homes. These provide maternal and child health services, treat NCDs, and provide free essential drugs and diagnostic services.

The PM-JAY aims to provide ₹0.5 million health cover per family per year for secondary and tertiary care hospitalization. The scheme is expected to benefit over 107.4 million poor and vulnerable families (approximately 500 million individuals). All existing central and state health insurance schemes are subsumed under Ayushman Bharat. The model of implementation of the scheme (via insurance company, trust or mixed model) is the state's prerogative.

Since its inception in 2018, more than 340 million Ayushman Cards have been issued, approximately 30,000 hospitals have been empanelled and more than ₹800 billion is spent under this scheme to cover various diseases. Till March 2024, about 1.8 million claims related to ophthalmology have been submitted to PMJAY. The amount paid for these claims is about ₹13.91 billion, which is about 1.7% of the total amount re-imbursed under PMJAY scheme.

#### Mahatma Jyotiba Phule Jan Arogya Yojana (MJPJAY)

MJPJAY scheme, earlier known as Rajiv Gandhi Jeevandayee Arogya Yojana, was started in July 2012 in eight districts. This scheme is health insurance scheme by the Government of Maharashtra and offers comprehensive cashless services for specified diseases via a network of providers from both public and private sectors. In November 2013, the scheme was expanded to 28 districts. AB-PMJAY was launched in Maharashtra with integration of MPJAY. Both schemes were integrated and launched in April 2020. The integrated scheme was implemented on insurance and assurance services.

The health insurance coverage to beneficiaries covered under this integrated scheme is provided by United India Insurance Company Limited (Public sector Undertaking Company) and State Health Assurance Society provides assurance coverage for the beneficiaries. The AB-PMJAY is funded by the Government of India and Government of Maharashtra in the ratio of 60:40 while the MJPJAY is funded solely by the Government of Maharashtra.

The State Health Assurance Society pays a premium of ₹797 per family per year to the insurance company on behalf of the beneficiary families.

The MJPAY scheme covers all the medical expenses for hospitalization of its beneficiaries, with limit up to ₹1,50,000 per family per policy year. In the case of renal transplant, the limit for medical expenses for hospitalization increases to ₹2,50,000 per family per policy year. The medical expenses are covered for every member of the family on a floater basis, in which the total amount can be used by single members or by all members of the family in a policy year.

#### DNB Programs for eye care in India

Diplomate of National Board (DNB) is a medical qualification awarded by the National Board of Examination (NBE). It is a 3-year program approved by the government of India and is deemed equivalent to the postgraduate and post-doctoral programs offered by the medical institutes in India.

DNB Ophthalmology or DNB in Ophthalmology is a specialization which focuses on the study of concepts related to the diagnosis, treatment, and prevention of all eye disorders. Admission to 3-years post MBBS DNB Ophthalmology course is only through Entrance Examination conducted by NBE and Centralized Merit Based Counseling conducted by National Board of Examination as per prescribed guidelines. The program aims to generate competent ophthalmic surgeons with suitable level of current subject knowledge combined with adequate surgical and diagnostic abilities by standardizing ophthalmology training at a postgraduate level, hence achieving uniformity in postgraduate teaching.

# Rise in interest of private equity players in eye care market in India

The players in eye care industry are attracting investments from various private equity (PE) firms, indicating high growth potential in the eye care market in India. In May 2024, Centre For Sight announced approximately ₹8.3 billion investment from ChrysCapital. In 2023, Quadria Capital, which is a private equity firm, announced investment in Maxivision Hospitals. The PE firm planned to invest ₹13 billion to acquire stake in the eye care service chain company. Dr. Agarwal's Health Care raised about ₹6.5 billion in 2023 and ₹10.5 billion in 2022 from TPG and Temasek Holdings (Private) Limited. In 2022, ASG Eye Hospitals raised ₹15 billion from General Atlantic and Kedaara Capital. In 2020, private equity firm InvAsent invested ₹700 million in Sharp Sight Group of Eye Hospitals.

# Overview of the eye care industry in Africa

# Dearth of medical workforce and eye health training institutions in African region

Globally, there are 285 million people living with visual impairments, comprising 39 million who are blind and 246 million with low vision. In Africa, there are 4.8 million blind individuals and 16.6 million with visual impairments. The high rate of visual impairment in the region not only impacts the people's life but also the economy of the region. Despite the considerable burden of eye disorders in Africa, less than 1% of the world's ophthalmologists practice there. Among the African countries, only 13 has one eye health professional for every 55,000 people, meeting minimum requirement of eye health professional.

Ophthalmologists and optometrists primarily work in urban areas, while allied ophthalmic personnel ("AOP") tend to serve smaller towns outside of capital cities.

In Africa, the shortage of human resources for eye health (HReH) is worsened by the limited capacity of eye health training institutions in the African Region. This crisis significantly impacts the African Region. Adequate skilled human resources for eye health are necessary to make a significant impact on cataract surgical rates, coverage, and the correction of refractive errors, thus reducing vision impairment and blindness.

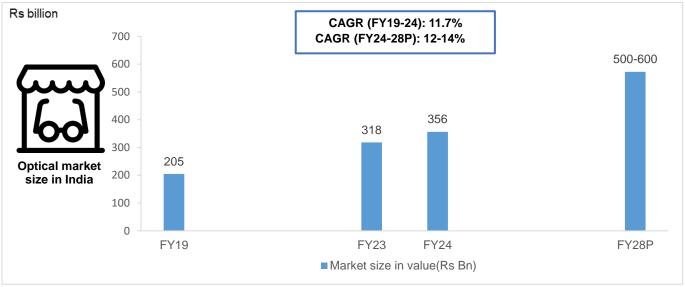

In 2011, the WHO Regional Office for Africa responded to the needs of the WHO African Region by crafting a roadmap spanning from 2012 to 2025, aiming to bolster the health workforce to enhance service accessibility. This roadmap encompasses all sectors of the health workforce and delves into the challenges confronting the region. Recognizing the significance of eye health, the WHO issued a global appeal for attaining top-notch care, emphasizing people-centricity and integration. The WHO's global action plan for 2014–2019, "Towards Universal Eye Health," aims to decrease visual impairment by 25% till 2019, from the 2010 baseline by integrating eye care services into the broader health system. The cornerstone for enhancing the quality, quantity, and pertinence of the eye health workforce lies in fortifying training institutions to produce more proficient professionals adhering to appropriate standards and ensuring their seamless integration into the health system.

# OVERVIEW OF OPTICAL INDUSTRY IN INDIA

# The Indian optical industry is projected to grow at a CAGR of 12-14% between Financial Year 2024 to 2028

CRISIL MI&A has considered the Indian optical industry to consist of spectacles and contact lenses used by people with refractive eye disorders. As nearly half of the Indian population faces refractive disorders, there is high demand for optical industry in India. As the awareness and access to optical products is increasing in India, the demand for these products is not limited to only urban areas but have extended to rural areas as well. The value of the Indian optical industry increased from ₹205 billion in Financial Year 2019 to ₹356 billion in Financial Year 2024, growing at a CAGR of 11.7%.

# Indian optical industry - market size trends

Source: CRISIL MI&A

Going forward, the Indian optical industry is projected to grow at CAGR of 12-14% to reach ₹500-600 billion by Financial Year 2028. There are various factors which are driving the growth of Indian optical industry such as rise in geriatric population, increase in income levels, increased use of electronic gadgets, rise in awareness regarding refractive eye disorder, increasing chains of optical stores etc.

# Key growth drivers for optical industry in India

Rise in geriatric population

In India, the share of geriatric individuals in total population was 8.9% in 2018 which is projected to increase to 11.4% by the year 2028. In elderly population the prevalence for refractive disorder is higher and this population need optical correction in form of either spectacles or contact lenses. As the awareness about the eye health grows and accesses to affordable optical solutions improves, more elderly individuals will seek optical products for vision correction.

Use of electronic gadgets

With rise in internet penetration in India, the increasing use of electronic gadgets such as smartphones, computers, tablets etc have led to rise in refractive issue in India. Prolonged exposure to the lighted emitted by these devices may impact eye health of their user. With widespread adoption of electronic devices in work, education and entertainment, the prevalence of refractive issues is expected to continue rising, leading to demand for optical products in India.

Rise in income levels

India's per capita income, a broad indicator of living standards, rose to ₹99,404 in Financial Year 2023 from ₹63,462 in Financial Year 2012 at a CAGR of 4.2%. As income levels rise in India, more people have disposable income to spend on healthcare including optical products. Higher income allows people to afford regular eye check-ups, leading to increased diagnostic of refractive disorder, leading to subsequent purchase of optical products.

The rise in awareness about the refractive eye disorder plays a key role in the growth of optical products in India. Through various awareness programs by government and non-government institutions, more people in India are becoming aware about conditions such as myopia, hyperopia and astigmatism. As a result, more individuals seeking solutions to correct their vision, driving demand for spectacles and contact lenses

Increase in optical store chains

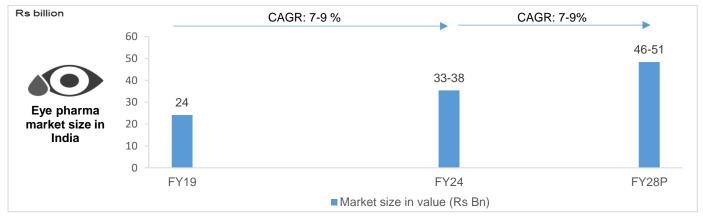

The chains of optical stores in India offer standardized services, easier access to eye care professionals and competitive pricing. These stores attract customers through the quality, convenience and wide range of optical products. The online chains of optical companies are further enhancing the customer experience by working on omnichannel model, integrating online and offline experiencing for the customer. These online optical companies also provide services such as virtual try on and home eye test.

#### OVERVIEW OF EYE PHARMA INDUSTRY IN INDIA

# The eve pharma market in India is estimated to be around ₹33-38 billion in Financial Year 2024

The Indian eye pharma market has grown at a CAGR of 7-9% between the Financial Year 2019 and 2024, reaching a value of approximately ₹33-38 billion in Financial Year 2024. Many domestic as well as foreign players have invested in capabilities in eye care pharma market in India. Allergan India, Sun pharma, Ajanta pharma, Novartis India, Cipla are among the key pharma players for the eye care market in India domestic formulation market. Medications for ailments such as dry eyes, glaucoma, etc. are among the key medications in the Indian eye care pharma market.

#### **Indian eye pharma industry – market size trends**

Source: CRISIL MI&A

The growth in the eye care pharma market is driven by rise in income levels, increasing prevalence of eye care disorders such as myopia, cataract, glaucoma etc., increase in penetration health insurance and increased awareness about eye health. Rising income levels in India enhance affordability and awareness of eye care, driving demand for ophthalmic medications. Increase in prevalence of various eye related disorders promotes the growth of eye care pharma market in India. Rise in population in India with age 60 and above will lead to higher prevalence of eye disorders in India as prevalence for disorders such as cataract and refractive disorder increases with age. Change in lifestyle and rise in screen time also leads to eye related disorders such as refractive issues. There are several other conditions which leads to higher prevalence of eye related disorders in India, such as the rise in cases of diabetes may lead to higher cases of diabetic retinopathy. Rising medical insurance also supports the growth of eye care pharma in India as insurance reduce out of pocket expenses for patients, encouraging them for opting for various eye related procedures. Going forward CRISIL MI&A projects the eye care pharma market to grow at a CAGR of 7-9% to reach market size of ₹46-51 billion in Financial Year 2028.

#### ASSESSMENT OF SELECT HEALTHCARE SPECIALTIES IN INDIA

In the following section CRISIL MI&A has analyzed eye care, dental care, mother and child (IVF included), orthopedic and oncology markets in India. We have compared the market sizes, growth rates, unit economics, financial feasibility (internal rate of returns) for these select healthcare specialties.

# Overview of eye care and other select healthcare specialties

# The eye care specialty market had the highest CAGR growth, among the specialties considered, between Financial Year 2019 and 2024

The eye care market in India had the highest growth rate, among the specialties considered, between Financial Year 2019 and 2024 of approximately 11-13%, followed by oncology and dental care market with growth rate of around 10-12%. The growth drivers for the eye care market included rise in income levels, aging population, initiatives by government and non-government organization to promote awareness about eye health in India, rise in prevalence of eye related ailments, changing lifestyles etc.

# Oncology and eye care markets are expected to grow the fastest between Financial Year 2024 and 2028, among the specialties considered

Going forward, oncology and eye care specialties are expected to have the highest CAGR growth, among the specialties considered, between Financial Year 2024 and 2028. The growth in the eye care industry would be continued to be driven by rise in income levels, awareness, and aging population. The growth in the industry would also be led by changing lifestyles and growth in eye care service chains.

#### Internal rate of returns (IRR) for select specialties in India

In the following section, CRISIL MI&A has analysed the financial feasibility of a typical tertiary eye care centre over a fifteen-year period in order to understand the returns generated. We have also compared these returns with those generated by a typical orthopedic, oncology, mother & child hospital and dental centre for the same time period. This exercise has been done separately for metro and non-metro locations.

# Key assumptions for calculations of IRR

| Details   |  |  |  |
|---|--|--|--|
| Gurgaon (Delhi-NCR) region has been considered for metro IRR calculations   |  |  |  |
| Ahmedabad has been considered for non-metro IRR calculations  |  |  |  |
| For eye care & dental, the centre sizes required are small, hence land is not purchased and is rented. For other specialties, land purchase has been considered in capex as per current prevalent commercial land rates |  |  |  |
| For eye care hospitals, the construction period considered is 1 year. For dental, 6 months has been considered. For other specialties, 3 years construction period has been considered                                  |  |  |  |
| Eye care: 5,000 square feet secondary plus / tertiary centre  |  |  |  |
| Dental: Each centre with 2 seats. Total area 1,000 square feet  |  |  |  |
| Oncology: 100 bedded hospitals with 75 beds for inpatients and 25 beds for day-care therapies such  |  |  |  |
| as chemotherapy and radiology. Built-up area of approximately 600 square feet per bed for metro   |  |  |  |
| and approximately 800 square feet per bed for non-metro location  |  |  |  |
| Orthopedic: 100 bedded hospital. Built-up area of approximately 500 square feet per bed for metro and approximately 600 square feet per bed for non-metro location.   |  |  |  |
| Mother & child: 40 bedded hospital. Built-up area of approximately 600 square feet per bed for  |  |  |  |
| metro and approximately 750 square feet per bed for non-metro location.   |  |  |  |
| Players have been analysed in each segment, and prevalent occupancy rates, ARPOB, ALOS have   |  |  |  |
| been used to arrive at revenues. Similarly, cost structure of players operating in each specialty have  |  |  |  |
| been analysed and basis those, costs have been assumed to build the P&L statement for each  |  |  |  |
| specialty   |  |  |  |
|   |  |  |  |

# Internal rate of returns (IRR) for eye care centre to be around 17-18% for a metro city

CRISIL MI&A estimates the IRR for eye care centre to be around 17-18% for a secondary/tertiary centre in a metro city and 16.5-17.5% in a non-metro city. Compared to IRR of other considered specialties, the eye care market has the second highest IRR for a metro city and highest IRR for a non-metro city (eye care and dental have highest IRR for non-metro city). For a metro city, dental care centre has the highest IRR of 18-19%.

However, capital expenditure required to start a dental centre is very low compared to eye care centre (3 million for dental centre vs 80 million for eye care centre in a metro city). Additionally, revenue per centre for dental specialty is very low compared to eye care specialty (7 million in one year for dental centre with 2 seats in a metro city vs 80 million in one year for a tertiary eye care centre in a metro city).

The eye care and dental care treatments, typically, do not require overnight hospitalization compared to other considered specialties. This leads to less requirement of land for these specialties and consequently lower expenditure as centres for both these specialties usually operate on a rent / lease model.

For eye care and dental care specialty, the estimated payback period in metro city is lower, compared to other considered specialties, due to higher IRR for a metro city. Similarly, for a non-metro city, orthopedic specialty has the highest estimated payback period, compared to other considered specialties, due to its lowest IRR compared to other specialties.

# IRR for various healthcare specialties

| Type of healthcare specialty     | IRR in metro city | IRR in non-metro city |
|----------------------------------|-------------------|-----------------------|
| Eye care                         | 17-18%            | 16.5-17.5%            |
| Dental care                      | 18-19%            | 16.5-17.5%            |
| Mother and child (including IVF) | 10-11%            | 16-17%                |
| Oncology                         | 10.5-11.5%        | 14.5-15.5%            |
| Orthopedic                       | 10-11%            | 10-11%                |

Unit economics comparison of eye care and other select healthcare specialties

Among the eye care, dentalcare, mother and child, oncology and orthopedic specialties, oncology has the highest operating revenue per centre for Financial Year 2023. This is due to complex cancer treatment procedures such as surgeries, chemotherapy, radiotherapy, and other key procedures which require complex technological equipment and expertise resulting in high surgical and non-surgical expenses for patients. The eye care market had the highest OPBDIT and lowest cost of sales as a percentage of the operating revenue among the specialties considered for Financial Year 2023 due to lower capital and operating cost in the industry.

## **OVERVIEW**

We provide a comprehensive range of eye care services, including cataract, refractive and other surgeries; consultations, diagnoses and non-surgical treatments; and sell opticals, contact lenses and accessories, and eye care related pharmaceutical products. According to the CRISIL MI&A Report, we had a market share of approximately 25% of the total eye care service chain market in India during the Financial Year 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201). With long-standing operational history, we endeavour to address all the needs of our patients in their eye treatment journey through a network, which as of September 30, 2024, comprised 209 Facilities. According to the CRISIL MI&A Report, among our compared listed and unlisted peers, we had the highest number of eye care service facilities in India, as of September 30, 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201). 737 doctors served our patients across our Facilities as of September 30, 2024, and during the Financial Year 2024, we served 2.13 million patients and performed 220,523 surgeries. We served 1.15 million patients and performed 140,787 surgeries during the six months ended September 30, 2024.

#### Our offerings cover:

- *Services*, which comprise the following:
  - Surgeries:

- \* Cataract surgeries: We offer cataract surgical treatments at our Facilities, such as small incision cataract surgery, phacoemulsification, robotic cataract surgery and glued intraocular lens treatments;
- \* Refractive surgeries: Our refractive surgeries include surgical procedures to correct the refractive error of the eye to get rid of or reduce dependence on glasses and contact lens. Primary refractive treatments include laser-assisted in-situ keratomileusis ("LASIK") surgeries, small incision lenticule extraction ("SMILE") treatments, implantable collamer lens treatment and photo-refractive keratectomy;
- Other surgeries: We also offer a range of other surgical treatments for eye ailments, such as surgical retinal treatments, corneal transplantation and pinhole pupilloplasty, oculoplasty and surgeries for the treatment of glaucoma and pterygium;
- Consultations, diagnoses and non-surgical treatments: We also offer doctor consultation services, diagnostic
  services for eye disorders along with non-surgical treatments, including retinal laser therapy and dry eye treatment;
  and
- *Products*, which comprise the following:
  - Sale of opticals, contact lens and accessories: We offer a wide range of glasses, lenses, contact lenses and frames at our Facilities; and
  - Sale of eye care-related pharmaceutical products: We sell certain eye care-related pharmaceutical products at our Facilities, as prescribed by our doctors.

We categorize our Facilities as Primary Facilities (which are non-surgical eye care facilities); Secondary Facilities (which are surgical Facilities); and Tertiary Facilities (which are super-specialty surgical Facilities and include three centres of excellence ("COEs")), depending upon the nature of services provided. Our business operations are structured as a "hub and spoke" model, which enables us to build a scalable and accessible platform for the continued growth of our business. As of September 30, 2024, our network in India includes 28 "hubs" (which are Tertiary Facilities, including three COEs) and 165 "spokes" (comprising 53 Primary Facilities and 112 Secondary Facilities). Our Primary Facilities provide initial eye care diagnosis and clinical investigation services. The Secondary Facilities at our spokes provide select services including cataract surgeries and clinical investigations while our Tertiary Facilities have super-specialty surgical capabilities including retinal, corneal, and refractive surgeries. Our COEs, in addition to being Tertiary Facilities, also offer academic programs in ophthalmology and provide continuous training for our doctors, optometrists, and counsellors, among others. Our integrated hub and spoke model enables deeper geographic penetration, allowing greater accessibility to patients while driving efficiency of critical resources across the network.

According to the CRISIL MI&A Report, the Indian eye care industry is projected to grow at a CAGR of 12% to 14% from Financial Year 2024 to Financial Year 2028. The size of the Indian eye care services industry was approximately ₹378 billion in Financial Year 2024, and is projected to grow to ₹550 − 650 billion by the Financial Year 2028. Further, according to the International Agency for Prevention of Blindness, India had the highest number of citizens with vision loss in the world as of 2020, with 275 million individuals with vision loss. The share of eye care service chains in India is about 13% to 15% of the total eye market in the Financial Year 2024, and was estimated to be 12% to 14% in the Financial Year 2023, signifying the headroom for growth for the organized eye care service chain market in India (see "Industry Overview – Structure of the eye care industry in India" on page 171). Given the growth potential and availability of substantial opportunities, India is our core market with 193 Facilities across 117 metro and non-metro cities spanning 14 states and four union territories as of September 30, 2024.

In addition to our operations in India, we commenced our international operations in 2012 and as of September 30, 2024, operate 16 Facilities across nine countries in Africa, where we provide a range of eye care services, including treatments for cataract, glaucoma, diabetic retinopathy, retinal detachment, and dry eye, along with refractive surgeries, and paediatric and neuro ophthalmological treatments.

Led by our Chairman, Dr. Amar Agarwal, who has more than 35 years of clinical experience in the eye care services industry and has received several awards recognizing his contribution to ophthalmology, we have an experienced management team with extensive industry experience. Our marquee institutional shareholders include Temasek Holdings (Private) Limited (through its indirect wholly owned subsidiaries, Arvon Investments Pte. Ltd. and Claymore Investments (Mauritius) Pte. Ltd.) and TPG (through Hyperion Investments Pte. Ltd.). Further, we have a clinical board comprising qualified doctors supported by clinical committees to ensure standardisation of clinical protocols, products, and processes across our Facilities and is a critical operating factor for us. Our operational standards enable us to deliver successful clinical outcomes for the large volume of patients across our network.

## **OUR COMPETITIVE STRENGTHS**

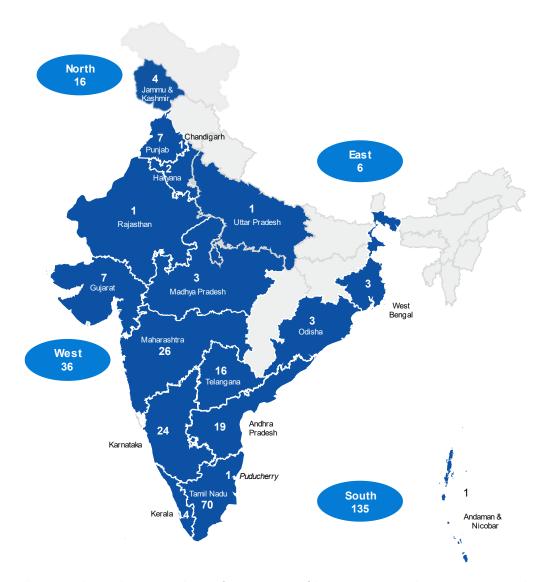

## Largest eye care services provider in India with a trusted brand

According to the CRISIL MI&A Report, we are India's largest eye care service chain by revenue from operations for the Financial Year 2024, with approximately 1.7 times the revenue from operations of the second-largest eye care service chain in the country during such period. Further, according to the CRISIL MI&A Report, we also had a market share of approximately 25% of the total eye care service chain market in India during the Financial Year 2024 and had the highest number of eye care service facilities in India, as of September 30, 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201).

As of September 30, 2024, we have 193 Facilities in India spanning 14 states and 4 union territories, and 16 Facilities spread across nine countries in Africa. According to the CRISIL MI&A Report, we have a diversified presence across Tier-I cities (where 70 of our Facilities are located) and other cities (where 123 of our Facilities are located) in India (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201). Our wide network maximizes our patient reach and fosters our brand visibility across urban and rural areas. The map below sets forth our Facilities in India as of September 30, 2024:

<sup>(2)</sup> Mature Facilities are defined as Facilities which have (i) been operational for more than three years from the date of commencement of operations; or (ii) have been acquired and operated by us for a period of more than three years.

<sup>(3)</sup> Other surgeries include surgical services in relation to retinal treatments, corneal transplantation and pinhole pupilloplasty, oculoplasty and other treatments and surgeries.

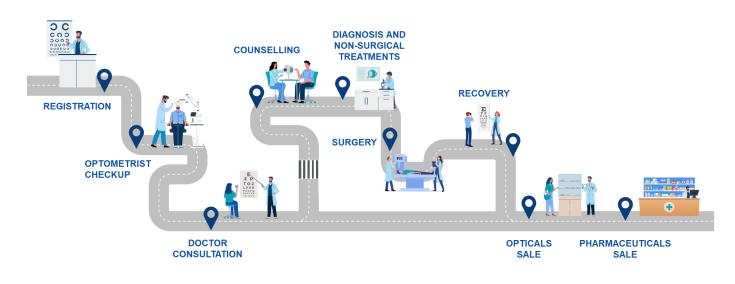

With long-standing operational history, *Dr Agarwal's Eye Hospital* is a trusted brand in the eye care services industry, as demonstrated by awards received for our brand. We have been consistently recognized for delivering quality eye care services including the "Best Employer 2024 – 2025 – Tamil Nadu" at the 19<sup>th</sup> Employer Branding Awards, "Digital Initiative for Patient Education" award at the Smart Hospitals and Diagnostic Summit and Awards, 2024, "Best Use of TV in Healthcare – Gold" and "Best Use of Print in Healthcare – Silver" awards at the annual e4m Indian Marketing Awards, 2024 – South, "Most Trusted Eye Hospital Brand in India" award at the Trust Research Advisory Awards, 2023, "One of the Best Healthcare Brands of 2023" by the Economic Times, the "Centre of Excellence in Ophthalmology in India" award at the Healthcare and Wellness Awards 2023, and "Best Eye Hospital" at Vikatan Pulse Health Care Awards, 2022.

According to the CRISIL MI&A Report, a patient-focused approach is a key factor in how patients choose their eye care services provider (see "Industry Overview – Structure of the eye care industry in India" on page 171). Our brand's reputation is built on the strength of the reputation of our doctors and medical staff, our quality service offerings, and our widespread reach, which results in a strong brand affinity, making us our patients' preferred eye care service provider. Our wide reach through our Facilities, qualified team of doctors, and specialized equipment enables us to improve our services and assisted us in being the largest eye care services provider in India.

## End-to-end, comprehensive eye care services offering

We are an end-to-end eye care services provider offering a comprehensive set of services, which allows us to cater to all ophthalmic needs of our patients. We provide a comprehensive range of eye care services and products, covering cataract surgeries, refractive treatments and other surgeries; and other services, such as consultations, clinical investigations and non-surgical treatments; along with optical and eye care related pharmaceutical products.

According to the CRISIL MI&A Report, patient experience is a key parameter across all stages of operations in the eye care services industry (see "Industry Overview – Structure of the healthcare industry in India – Segmentation of Indian healthcare delivery market by single specialty and multispecialty centres – Growth drivers for single specialty centres in India" on page 169). In addition, standard operating procedures ("SOPs") are vital growth drivers for eye care service chains in India. SOPs ensure consistent, high-quality patient care across all centers, building trust and reputation. We endeavour to offer a standardized level of experience to our patients across all our Facilities by streamlining our systems and operating protocols. Our Facilities follow similar operating and medical protocols across locations to smoothen the experience of our patients throughout their journey with us, including navigating through registration, optometrist check-ups, doctor consultations, counselling, diagnosis, and non-surgical treatments, surgeries, and post-surgery care, as well as sales of optical and eye care-related pharmaceutical products. A typical patient experience at our Facilities is depicted below:

In order to instil convenience in our patient's eye care journey with us, several of our Facilities also have embedded pharmacies and optical product counters, which facilitate cross-selling of optical and eye care related pharmaceutical products to our patients. Our pharmacy business comprises sales of ophthalmic and nutraceutical products prescribed by our doctors while our optical product counters offer a wide range of glasses, lenses, contact lenses and frames. Set out below are the contributions of (i) sale of opticals, contact lens and accessories; and (ii) sale of pharmaceutical products, to our revenue from operations during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022:

## Scalable, asset-light, hub-and-spoke operating model

Our network operates on a "hub-and-spoke" model which supports high patient volumes and yields economies of scale, allowing greater accessibility and choice to patients while driving efficiency of crucial doctor resources across the network. We lease all (except one) of our Facilities, which allows us to scale our operations with minimal upfront investment. Through this hub and spoke and asset light approach, we were able to grow to 193 Facilities in India as of September 30, 2024 from 91 Facilities as of March 31, 2022.

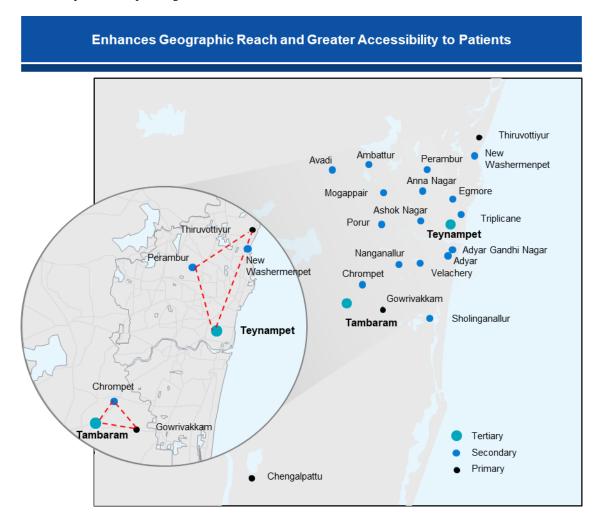

As of September 30, 2024, our network in India includes 28 "hubs" (which are Tertiary Facilities, including three COEs) and 165 "spokes" (comprising 53 Primary Facilities and 112 Secondary Facilities). Below is a brief summary of our offerings at our hubs and spokes:

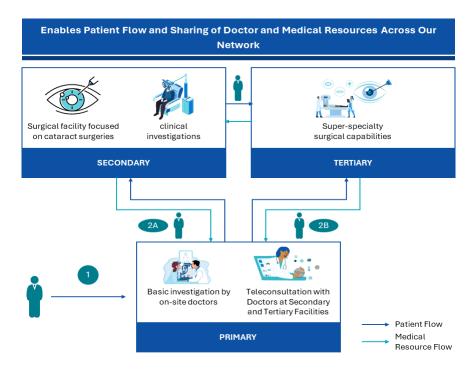

- <u>Primary Facilities</u>: Our Primary Facilities, which are non-surgical eye care facilities, act as the closest patient touch points and facilitate patient acquisition for us. These clinics have basic investigative equipment with ophthalmologists and trained professionals present, and also offer teleconsultation with our ophthalmologists in our other spoke and hub Facilities. They are usually located on the periphery of metro and non-metro cities. Many of our Primary Facilities also have embedded pharmacies and optical product counters.
- <u>Secondary Facilities</u>: Our Secondary Facilities, which are surgical facilities, provide select services including cataract surgeries and clinical investigations, in addition to also offering the services available at our Primary Facilities.
- <u>Tertiary Facilities</u>: Our Tertiary Facilities, which are super-specialty surgical facilities, have comprehensive surgical capabilities including surgeries such as retinal, corneal, and refractive surgeries. We have three COEs across Chennai (Tamil Nadu), Tirunelveli (Tamil Nadu), and Cuttack (Odisha). These COEs offer all services provided at our Tertiary Facilities. Further, our COEs provide, among others, postgraduate and fellowship programs in ophthalmology, training for our doctors, optometrists, and counsellors, and avenues for clinical research. They operationalize our protocols for centralised quality control and assurance services across our network.

In our "hub and spoke" model, patients can walk-in to a "spoke" (<u>i.e.</u>, our Primary Facilities and Secondary Facilities) nearest to them and can eventually be referred to a Secondary Facility or a Tertiary Facility (<u>i.e.</u>, a "hub"), as required. This model facilitates greater sharing of crucial doctor resources, and helps us build a scalable platform for the continued growth of our business. Our Primary Facility network is technology enabled wherein patients have local access to basic eye care diagnosis

and investigation services, along with teleconsultation with doctors from the nearest Secondary Facility or Tertiary Facility. Doctors can refer patients to our other Facilities, where they are then able to follow up for comprehensive eye care services, surgical procedures or other medical treatments, as required. Our Secondary Facilities provide select services including cataract surgeries and clinical investigations, in addition to also offering the services available at our Primary Facilities, while our Tertiary Facilities have comprehensive surgical capabilities including surgeries such as retinal, corneal, and refractive surgeries. This integrated model has strengthened our market position by helping us service a large community by enabling a steady flow of patients as well as sharing of crucial doctor and medical resources across our network.

An illustrative example of our operating model for the Chennai cluster is included below:

Further, as a result of our "asset-light" approach, the upfront capital expenditure requirement for our new Facilities is limited and primarily attributable to the cost of installing medical equipment and ancillary infrastructure.

## Proven clinical excellence driven by a strong clinical board and history of surgical innovations

According to the CRISIL MI&A Report, consistent clinical outcomes are a key success factor for eye care service providers (see "Industry Overview – Structure of the eye care industry in India – Segmentation of the eye care industry" on page 172), which we aim to maintain across our Facilities. Chaired by Dr. Ashvin Agarwal and comprising qualified doctors, we have a clinical board to ensure standardisation of clinical protocols, products, and processes across our network. Our clinical board is overseen by our international advisory team and internal specialty expert team, which provide strategic direction and oversight across our operations. We have also constituted clinical committees to further the standardization of our services, including the following:

- Quality control committee, which oversees the regular audit of clinical aspects. This committee oversees the audit of clinical aspects of our Facilities on multiple parameters, such as the formulation of protocols and policies, ensuring transparency in reporting adverse events, analyzing adverse events, identifying and addressing areas of improvement and collaborating with other departments and stakeholders to develop and implement quality improvement initiatives.
- Education committee, for continuous and ongoing training of doctors. This committee is responsible for ensuring
  continuous training of doctors, optometrists, and para-medical staff, and to conduct conferences and conventions in this
  regard.
- Drug and medical devices committee, to control the introduction and usage of new pharmaceutical products and intraocular lens ("IOLs"), and to streamline the process of approval / upgradation/ replacement of medical devices.
- Research and development committee, which conducts clinical trials in cataract, glaucoma, corneal and retinal specialties. During the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, this committee has completed 28 clinical research studies, with 17 studies ongoing.

Our clinical board has also established an international advisory board comprising doctors from the United States of America to advise on improvements in clinical practices in ophthalmology, and a specialty advisory board comprising 31 experts to focus on nine specialised services. Having a robust set of operational standards has allowed us to deliver successful clinical outcomes for the large volume of patients across our scaled network. See "— Clinical Board" on page 236.

Our three COEs in Chennai (Tamil Nadu), Tirunelveli (Tamil Nadu) and Cuttack (Odisha) operationalize our protocols for centralised quality control and assurance services across our network, perform clinical research, and also offer post-graduate and fellowship programs specializing in ophthalmology.

Our doctors have a track record of consistent surgical innovations. For example, in March 2024, a team of our doctors was awarded the 'Best Scientific Poster Award' at the Annual Meeting of the American Society for Cataract and Refractive Surgery,

2024 for their study on 'The efficacy of RevitalVision vision-training software in improving best-corrected vision in stable keratoconus patients post Crosslinking surgery.' Teams of our doctors have also been awarded the "International Ophthalmic Heroes of India" award at the All India Ophthalmological Society Conference, the Best Poster Award at the EuCornea Congress, the American Academy of Ophthalmology's Secretariat Award and film festival awards at the American Society of Cataract and Refractive Surgery (which awards films covering surgical techniques, research advancements and clinical updates). Our doctors also serve as course directors, faculty and guest speakers or moderators at global ophthalmology conferences organized by the American Academy of Ophthalmology, the American Society of Cataract & Refractive Surgery and the European Society of Cataract & Refractive Surgery.

Further, our doctors have developed and published research on surgical techniques including Glued IOL Technique, Scaffold IOL Extrusion Cannula Assisted Levitation ("ECAL"), Pre-Descemets Endothelial Keratoplasty ("PDEK"), Contact Lens Assisted Cross-Linking ("CACXL"), and Corneal Allogenic Intrastromal Ring Segments ("CAIRS"), among others. As of September 30, 2024, our doctors hold two patents for their innovations. This gives us a distinct advantage relative to our competitors in delivering diverse range of high-quality service to our patients.

We have a significant operational history in India, with Dr. Agarwal's Eye Hospital Limited, our Material Subsidiary which is also listed on the BSE Limited, being incorporated in 1994. Some of our doctors have also been associated with us for more than two decades. The details of our doctors' surgical innovations are set out below:

We are also committed to our clinical research in collaboration with our sponsors, such as pharmaceutical manufacturers, and have completed 28 clinical trials during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, with 17 trials presently ongoing. In addition, our doctors have published 58 publications in international medical journals during the six months ended September 30, 2024 and the past three Financial Years.

Further, we seek to use specialized equipment and techniques to strengthen our diagnosis capabilities as well as surgical outcomes. We have installed the following equipment and technology at our Secondary Facilities and Tertiary Facilities:

- Advanced FemtoSecond Laser (Catalys, FS 200, LensX), used to treat cataracts;
- Phaco Machine (Centurion, Elite), used in cataract surgeries;
- Excimer Laser (Amaris 500 E, Amaris 750S, EX 500), used for refractive surgeries;
- SMILE Machine (Visu Max 800), used in refractive surgeries;
- OCT (Mirante), used in clinical investigations;
- Wide angle Fundus Camera (Dayatona, Eidon), used in clinical investigations;
- Vitrectomy machine (Constellation, Stellaris PC Elite), used for other ophthalmological surgical procedures; and
- Minimally invasive glaucoma surgery equipment, used to treat glaucoma and for other ophthalmological surgical procedures

Many of our Secondary Facilities and Tertiary Facilities also have modular operation theatres which facilitate hygiene and safety, thereby improving surgical outcomes due to their design, systems, and quality infrastructure.

Further, our Facilities have received national and international accreditations, such as from the National Accreditation Board for Hospitals and Healthcare Providers (the "NABH"). According to the CRISIL MI&A Report, as of December 2024, we had the highest number of NABH accredited eye care facilities (excluding accreditations under renewal) with 29 accredited eye care facilities (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201).

## Doctor-promoters leading a team of qualified medical professionals and supported by an experienced management

Our founder, late Dr. Jaiveer Agarwal, was awarded the prestigious *Padma Bhushan*, the third-highest civilian award in India, by the Government of India in 2006 in recognition of his distinguished contribution to medicine. Our Chairperson, Dr. Amar Agarwal, has pioneered multiple surgical innovations in ophthalmology and has published several papers in reputed scientific journals globally. He has also received several awards recognizing his contribution to ophthalmology, including the Norman Galloway Award in 2024, the 'Best Doctor' award from the Government of Tamil Nadu in 2014, the Casebeer award in 2010, the Kelman award in 2005, and the Barraquer award in 2002.

Under the aegis of Dr. Amar Agarwal, we are led by our doctor-Promoter team comprising:

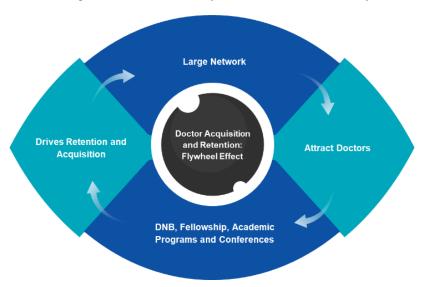

- Dr. Adil Agarwal, our Chief Executive Officer and a Whole-time Director of our Company, who has more than 12 years of experience in the eye care services industry. He holds a Master of Science degree in Ophthalmology and a Master of Business Administration degree from the Stanford Graduate School of Business (part of the Leland Stanford Junior University);
- Dr. Anosh Agarwal, our Chief Operating Officer and a Whole-time Director of our Company, who has more than 12 years of experience in the eye care services industry. He has specialized training in vitreoretinal surgery, and holds a Master of Business Administration degree from Harvard Business School;
- Dr. Ashvin Agarwal, our Chief Clinical Officer, who has more than 13 years of experience in the eye care services industry. He specializes in complex cataract care, corneal refractive surgeries, and anterior segment repair procedures. He holds a post-graduate degree in Ophthalmology and has undergone training at the Bascom Palmer Institute, Miami, Florida and Price Vision Group, Indianapolis; and
- Dr. Ashar Agarwal, our Chief Business Officer, who has more than five years of experience in the eye care service industry. He holds a Master of Science degree in Ophthalmology and is also a Fellow of Royal College of Physicians and Surgeons (F.R.C.S, Glasgow). He also holds a Master of Business Administration degree from Kellogg School of Management.

Our management team members have industry and technical knowledge with an average of 16 years of experience in the industry. Mr. Yashwanth Venkat, our Chief Financial Officer, holds a post graduate diploma in management from the Indian Institute of Management, Bangalore and has over 15 years of experience in the field of finance, strategy and mergers and acquisitions. Dr. Vandana Jain, our Chief Strategy Officer, is a gold medallist in Ophthalmology, holds a master's degree in business administration from the Stanford Graduate School of Business (part of the Leland Stanford Junior University), and is the co-founder of Advanced Eye Institute Private Limited, which we acquired in December 2019. Mr. Rahul Agarwal, our Chief Operating Officer (Hospitals), holds a post graduate diploma in management from the Indian Institute of Management, Lucknow and has over two decades of experience in healthcare and financial services. Our marquee institutional shareholders include Temasek Holdings (Private) Limited (through its indirect wholly owned subsidiaries, Arvon Investments Pte. Ltd. and Claymore Investments (Mauritius) Pte. Ltd.) and TPG (through Hyperion Investments Pte. Ltd.).

As of September 30, 2024, we have 737 doctors, who specialize in multiple super-specialties, including, cataract, cornea, retinal and refractive surgery, glaucoma, oculoplasty, and neuro-ophthalmology, among others. The combination of the clinical insights of our Promoters, our experienced management team and qualified doctors enables us to continuously enhance our service offerings with the evolving needs of the industry.

Our ability to recruit and retain highly skilled doctors has been fundamental to the success of our business. We follow a doctor engagement model wherein a majority of our doctors work exclusively at our Facilities on a full-time basis. This model ensures round-the-clock availability and dedicated commitment of our doctors at our Facilities. According to the CRISIL MI&A Report, we are the largest eye care service chain in India in terms of revenue from operations for the Financial Year 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201), on account of which we enjoy scale benefits in attracting quality medical talent to our Facilities. We offer continuous learning and research opportunities to our doctors in the form of continuous training programs in surgical techniques and medical education, conference participations, curated seminars, research and development opportunities, diploma, fellowship, and academic programs in ophthalmology, among others.

Our large network, robust career development program and continuous doctor engagement strategy creates strong network effects of attracting as well as retaining the talent in the industry, as reflected in the below flywheel.

## Proven track record of delivering organic growth, integrating and scaling acquisitions and improving operating profitability

Our business has demonstrated attractive financial performance over the last three Financial Years. We witnessed a growth in our revenue from operations to ₹13,321.52 million for the Financial Year 2024 from ₹10,179.80 million for the Financial Year 2023 and ₹6,960.78 million for the Financial Year 2022, representing a revenue growth of 30.86% between the Financial Years 2023 and 2024, and a growth of 46.25% between the Financial Years 2022 and 2023. In addition, our revenue from operations stood at ₹8,200.63 million for the six months ended September 30, 2024, representing a 26.05% growth from ₹6,505.75 million for the six months ended September 30, 2023. Similarly, our EBITDA increased to ₹4,065.55 million for the Financial Year 2024 and ₹2,838.60 million for the Financial Year 2023 from ₹1,998.22 million for the Financial Year 2022, representing an EBITDA growth of 43.22% between the Financial Years 2023 and 2024, and a growth of 42.06% between the Financial Years 2022 and 2023. EBITDA for the six months ended September 30, 2024 was ₹2,284.77 million, having grown at 28.13% from ₹1,783.16 million for the six months ended September 30, 2023. According to the CRISIL MI&A Report, we were the only specialty eye care service provider to experience an increase in our operating profit margin from the Financial Year 2023 to 2024 (see "Industry Overview — Assessment of competitive environment of key players in India — Key Observations" on page 201). Further, our financial stability is demonstrated by the below-mentioned breakdown of our revenue from operations from our Mature Facilities and Emerging Facilities:

<sup>(2)</sup> Mature Facilities are defined as Facilities which have (i) been operational for more than three years from the date of commencement of operations; or (ii) have been acquired and operated by us for a period of more than three years.

Our revenue from Mature Facilities located in India grew at a rate of 17. 20% from ₹4,298.97 million for the six months ended September 30, 2023 to ₹5,038.35 million for the six months ended September 30, 2024. Our attractive financial profile is also evidenced by our low level of indebtedness, reflecting our capital efficient expansion model. As of September 30, 2024, our debt-to-equity ratio was 0.66, as compared to 0.70 as of March 31, 2024, 1.30 as of March 31, 2023, and 2.71 as of March 31, 2022. Our return on capital employed was 14.61% for the Financial Year 2024, 15.18% for the Financial Year 2023 and 15.02% for the Financial Year 2022. See "Other Financial Information – Reconciliation of Non-GAAP measures" on page 391 for details of the computation of return on capital employed.

Due to our stable financial growth, we are able to continuously grow our network, maintain a consistent focus on improving our operational efficiency. Our "asset-light" approach to expansion optimizes our upfront capital expenditure while increasing our network of Facilities. Our financial position and results of operations have also enabled us to invest in our medical equipment and clinical talent.

## **OUR STRATEGIES**

The following key strategies of our Company have been adopted by our Board pursuant to a resolution dated January 14, 2025:

## Continued organic expansion of our network in India

We will continue to explore expansion opportunities in India by setting up new Facilities to expand our geographic footprint and deepen patient reach. We have an established expansion track record supported by our capital efficient hub and spoke model.

Our key criteria for selecting a new micro-market or region (which we refer to as a "cluster") includes market size and growth potential, competitor dynamics, infrastructure viability and potential of scaling up the business to provide a differentiated experience to our patients in these regions. We plan to continue to scale our presence across target micro-markets in India. We have a strong presence in many of our existing clusters (such as Chennai, Hyderabad, and Bengaluru), wherein we have been present for more than 10 years. We intend to deepen our geographic footprint in such clusters, primarily through our organic expansion led strategy. We have cluster specific teams that continuously monitor the micro market across factors including disease incidence, competitor analysis, infrastructure and location viability, doctor and talent availability and substantial patient pool with unmet eye care needs.

We expect that a wider geographic presence will help expand our patient base as well as improve our profitability by allowing us to better leverage our infrastructure through our hub and spoke model. We will also continue to identify and relocate select Mature Facilities, which cater to a high volume of patients, and we expect footfalls to increase further, to nearby locations. With larger space and better infrastructure, we plan to accommodate these high volumes and efficiently cater to the increase in demand.

We intend to continue building our presence in target micro-markets to target the large, underserved communities in these regions which lack adequate eye care facilities. According to the CRISIL MI&A Report, India has the highest number of visually impaired people in the world as nearly one out of every five individuals in India face vision loss disorder. Because of high prevalence of eye disorder in the Indian population, eye care is an integral part of the Indian health care system. The eye care market in India has been growing at a CAGR of 11.5% between the Financial Years 2019 and 2024 to reach a value of ₹378 billion in the Financial Year 2024 (see "Industry Overview – Structure of the eye care industry in India" on page 171). We aim to deepen patient reach of our network and address the demand in these regions by expanding our Primary Facility network. We provide initial diagnosis in these clinics through a mix of our optometrists located at the clinic, part-time visiting doctors, and tele-consultations with doctors at our other Facilities. These Primary Facilities are located on the periphery of our

<sup>(3)</sup> Emerging Facilities are defined as Facilities which have (i) been operational for fewer than three years from the date of commencement of operations; or (ii) have been acquired and operated by us for a period of less than three years.

<sup>(4)</sup> The sum of revenue from Mature Facilities and revenue from Emerging Facilities is not equal to our consolidated revenue from operations, as revenues attributable to our Mature Facilities and Emerging Facilities exclude revenues attributable to one of our Subsidiaries, Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million, ₹14.93 million, ₹34.18 million, ₹45.67 million and ₹30.54 million, contributing to 0.21%, 0.23%, 0.25%, 0.44% and 0.44% of our revenue from operations for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

existing hubs and other spoke centres, allowing us to direct patients who need medical and surgical intervention to one of our nearest Secondary or Tertiary Facilities. We have also set up optical counters at these clinics and sell frames, lenses, contact lenses and glasses to patients at our Facilities.

This model enables us to expand our patient touch points with limited capital expenditure and high scalability.

## Strengthen our brand equity with community, patients, and doctors across India

As we expand our network across India, we plan to continue to invest in enhancing our brand image, market presence and visibility.

Leveraging our experienced doctor and paramedical team, we aim to boost our brand recognition and reputation to attract more patients. We intend to continue our patient education and awareness programs to educate patients regarding eye care treatment options. Further, we will continue to launch initiatives to improve our patient experience, which is expected to further strengthen our brand. We have recently revamped our eye care diagnosis reports to patient friendly formats, which are easier to understand. We have a dedicated team of multi-linguistic call centre executives fluent in 14 regional and national languages, including English and Hindi, to provide ease of communication to senior citizens, which form our core patient group. These executives are able to answer patient queries and aim to generate new leads. We continue to invest in technology to elevate patient experience and track their medical journey with us, allowing us to serve them in an efficient manner.

We will also continue with our strategy of direct consumer marketing activities, including advertising in print, television, outdoor and digital media as well as through medical conferences and health camps. We work with regional and national celebrities to promote our brand and raise awareness through mass media. Through these initiatives, we seek to further strengthen our brand and our commitment to the community, patients, and doctors across India.

We have been consistently recognized for delivering quality eye care services including the "Best Employer 2024 – 2025 – Tamil Nadu" at the 19<sup>th</sup> Employer Branding Awards, "Digital Initiative for Patient Education" award at the Smart Hospitals and Diagnostic Summit and Awards, 2024, "Best Use of TV in Healthcare – Gold" and "Best Use of Print in Healthcare – Silver" awards at the annual e4m Indian Marketing Awards, 2024 – South, "Most Trusted Eye Hospital Brand in India" award at the Trust Research Advisory Awards, 2023, "One of the Best Healthcare Brands of 2023" by the Economic Times, the "Centre of Excellence in Ophthalmology in India" award at the Healthcare and Wellness Awards 2023, and "Best Eye Hospital" at Vikatan Pulse Health Care Awards, 2022.

## Undertake opportunistic acquisitions and restructuring to scale our operations, leveraging our experience of inorganic growth and integration

As a part of our growth strategy, we acquire established clinical establishments and hospitals to further expand our network. We are also able to leverage the brand recognition and patient footfall of these acquired Facilities to set up additional "spoke" Facilities. For instance, in the state of Maharashtra we acquired our first Facility in Pune in April 2017 and later entered the Mumbai Metropolitan Region in December 2019 by acquiring a Facility in Navi Mumbai. We continued to expand our network in Maharashtra, and as a result, as of September 30, 2024, we operate 26 Facilities across Maharashtra, of which 23 Facilities were acquired by us and three Facilities were set up as a part of our greenfield expansion strategy, leveraging our initial acquisitions. A brief timeline of our key acquisitions in the state of Maharashtra is set forth below:

We intend to deepen our presence in underpenetrated clusters through our acquisition-led inorganic expansion strategy, which includes business transfers as well as equity based acquisitions. This helps us to rapidly expand in new markets and allows us to tap into high-quality clinical talent by acquiring qualified doctors. We seek to acquire targets with excellent clinical outcomes and high brand equity, evidenced by good patient feedback. Our dedicated M&A team continuously engages with leading independent doctor-led practices in our target regions, analyses their business performance and brand strength, and identifies a pipeline for potential future acquisitions.

Our successful acquisitions over the years illustrate our strength in the identification and implementation of suitable inorganic growth opportunities, and our ability to integrate acquired businesses into our network under a common brand with standardized clinical and operating protocols. For instance, in December 2019, we acquired Advanced Eye Institute Private Limited, a multispecialty eye care Facility in Mumbai, Maharashtra. This was our first acquisition in the city of Mumbai in Maharashtra. Leveraging our expertise and through our interventions, we have been able to increase our revenue from operations attributable to this Facility by two times since our acquisition.

Using our expertise and brand equity, we have and will continue to successfully integrate and improve the profitability of these acquired businesses by (i) implementing our operating best practices, including standard operating procedures, resulting in efficiency and quality enhancement; (ii) providing access to our sales and marketing network and referral patients from our large network; and (iii) enabling access to high-quality consumables and equipment at well-negotiated prices, including access to our eye bank in Chennai, Tamil Nadu.

In addition, we may, subject to market conditions, applicable law and regulatory, shareholders' and other approvals, explore opportunities to acquire additional Facilities or restructure our operations through mergers, amalgamations or other corporate actions involving one or more of our Subsidiaries. Our listed Subsidiary, Dr. Agarwal's Eye Hospital Limited, is engaged in a similar line of business as us. We may, subject to compliance with applicable law including obtaining requisite corporate and regulatory approvals (including from the board of directors and shareholders of both the companies), approvals from lenders, business synergy, market conditions and growth potential, explore opportunities to merge with Dr. Agarwal's Eye Hospital Limited within three years post listing of our Company. For details in relation to the business of Dr. Agarwal's Eye Hospital Limited, see "History and Certain Corporate Matters - Our Subsidiaries - Indian Subsidiaries - AEHL" on page 256. Further, see "Risk Factors – Internal Risk Factors – We may, subject to market conditions, applicable law and regulatory, shareholders' and other approvals (including approval of the board of directors and shareholders of respective companies), explore opportunities to restructure our operations through mergers involving our listed Subsidiary in the future. We may, subject to compliance with applicable law, including obtaining requisite corporate and regulatory approvals, business synergies, market conditions and growth potential, explore opportunities to merge our Company and Dr. Agarwal's Eye Hospital Limited and endeavor to do so within three years post listing of the Company. In the event that we undertake such change to the group holding structure or operations or consider options to merge or there is a perception that such merger may occur, it may affect our operations and the trading price of our Equity Shares." on page 47.

## Attracting and retaining qualified doctors and paramedics through continuous training, knowledge sharing and upskilling

The success of our endeavours relies heavily on the competence of our doctors. We intend to strengthen our integrated human resources management system to further enhance the recruitment, training, upskilling, and retention of high-quality doctors and paramedical staff. We continue to leverage our relationship with medical institutions for recruitment of high quality entry-level medical professionals. We also utilize other recruitment channels such as professional medical talent recruiting agencies and internal referrals to attract experienced doctors and paramedical staff to strengthen our existing network.

We will continue to offer learning and research opportunities to our doctors through continuous training and upskilling programs in surgical techniques and medical education, conference participations, curated seminars, R&D opportunities, academic programs, and fellowship programs in ophthalmology, among others. We will also explore opportunities for participation in clinical research initiatives, including in collaboration or alliance with large multinational players, including key suppliers of high-end equipment and consumables such as intra-ocular lenses. Further, to better retain and incentivize our doctors, we will continue to enhance our performance-based compensation (which is based on both the individual doctor's performance as well as the overall Facility performance) and review system to reward and promote service excellence.

Our track record of clinical excellence, our commitment to imparting best practices to professionals, and our comprehensive training and upskilling programs, positions us well to attract top-tier doctor talent.

## Focus on improving profitability and Facility-level growth and enhancing operational efficiencies

We continue to explore avenues to reduce the cost of our eye care services delivery and make it affordable for patients, and contribute to the growth in our profitability. We carry out centralized purchases of equipment, surgical consumables, and optical and pharmaceutical products for all our Facilities and seek to maintain uniformity in procurement prices, and attempt vendor consolidation, to improve our margins. We also have in-house specialized teams for bio-medical procurements. Further, to enhance operational efficiencies, we have recently implemented a common, integrated technology platform, which enables us to seamlessly access patient data, including diagnosis and surgical history, across our network. This helps our doctors and paramedical staff to have easy access to patient history, thus enabling us to efficiently manage our operations across Facilities. We have also implemented an internal application which tracks our surgical consumables per surgery and thus assists in tracking our surgical costs in an efficient manner. It also helps us in tracking any volatility in consumption. We will continue to upgrade our technology infrastructure to assist in our operating efficiency. Further, as and when we invest in newer equipment, we selectively transfer our existing equipment from our hubs to our spokes, where less sophisticated treatments are offered.

We target to continue to drive our Facility level growth through (i) focus on improving our surgical conversions through continued patient education and patient experience enhancement initiatives as well as training our paramedical staff, (ii) cross-selling our optical and pharmaceutical products to patients, (iii) continuing to invest in newer eye care specialities to cater to varying needs of patients, and (iv) continue our business development activities like targeting corporate tie-ups, government empanelment and schemes, and health camps, among others. We have undertaken a few initiatives in this regard, for instance, we have developed an internal application to track prior patient interactions including doctor recommendations. This is used by our paramedical staff to monitor and assist patients with their surgical options. We will continue to invest in internal applications and protocols for tracking our supply chain, resource utilization and other operating costs.

## DESCRIPTION OF OUR BUSINESS

## **Our Offerings**

We provide a comprehensive range of eye care services, covering cataract, refractive and other surgeries; consultations, diagnoses and non-surgical treatments; and sell optical and eye care related pharmaceutical products through a network of Facilities across 14 states and four union territories with 117 cities in India, and nine countries in Africa.

We offer surgical services in relation to the eye ailments set forth below. Our surgical procedures are day procedures and do not require patients to stay overnight in our Facilities. Set forth below is a description of our services:

## Cataract surgeries

Cataract is the clouding of the eye's natural lenses. It is the most common cause of vision loss in people over the age of 40. As a result of cataract, the eye lens becomes hazy and does not allow light to enter the eye and hence a hazy image is seen. Cataract patients typically suffer from increased sensitivity to light, glare, double vision, dim vision, poor night vision and frequent change of glasses. Cataract results from aging, congenital factors, trauma (i.e., an eye injury) or from other health issues (such as diabetes or exposure to steroids).

Cataract surgeries are aimed at removal of the cloudy natural lens and replacing it with an artificial lens called an intraocular lens. We provide the following surgical procedures to treat cataract:

- <u>Small incision cataract surgery</u>: In this procedure, the cataract is removed manually using keratome (a surgical instrument used for making an incision in the cornea in cataract operations) and an intraocular lens ("**IOL**") is placed in the eye.
- <u>Phacoemulsification</u>: In this procedure, ultrasonic energy is used to emulsify and aspirate the cataractous lens and an IOL is inserted.
- <u>Robotic cataract surgery</u>: In this procedure, many steps of cataract surgery that have been traditionally performed with
  handheld surgical instruments in phacoemulsification are done with a computer controlled high speed laser for added
  precision. The high speed laser is used to break the lens into pieces enabling the procedure to be done with significantly
  less ultrasound energy than used in traditional phacoemulsification. Although robotic cataract can be done in all types of
  cataract, it is the preferred procedure for patients with dense cataract, mature cataract, weak corneas and high
  astigmatism.
- <u>Glued IOL</u>: Glued IOL treatment is a technique where the IOL is placed in the normal anatomical position by using biological glue to fix the optics of the eye. This method is utilized when there is insufficient capsular support to hold the IOL. As the IOL is fixed to the eye using glue, no stitches are used.

#### Refractive surgeries

Light rays are bent (refracted) as they pass through the cornea and the lens. The light is then focused exactly on the retina, which results in clear vision. Any error in this refraction may result in light rays being focused either in the front of the retina or behind the retina. This is called refractive error. Patients suffering from refractive errors see clearly with the help of spectacles or contact lenses or refractive surgery, which help to focus the light exactly on the retina.

Refractive treatments include surgical procedures to correct the refractive error of the eye to get rid of or reduce dependence on glasses and contact lens. Primary refractive treatments include the following:

- Laser-assisted in-situ keratomileusis surgery: LASIK procedures involve using advanced laser technology to reshape the cornea, addressing common refractive errors such as near-sightedness, far-sightedness, and astigmatism. LASIK surgery can be of two types: zyoptix and intra-lase. Zyoptix eye surgery involves using a computer-controlled excimer laser (a cold, ultraviolet laser) and a microkeratome (a highly specialized motorized blade). The cornea has six layers. With a blade, a surgeon creates a thin flap of the first few layers. Subsequently, an excimer laser is fired on the underlying layer to reshape the cornea in order to correct the refractive error. The flap is then replaced without using sutures, and it adheres back to the cornea within minutes. In intra-lase surgery, the flap of the first two layers is created with a laser and the remaining procedure remains the same.
- <u>Small incision lenticule extraction</u>: This is a minimally invasive refractive surgery that corrects vision by creating a small, lens-shaped piece of tissue inside the cornea, which is then removed through a small incision. It targets refractive errors by reshaping the cornea which corrects the refractive error and improves vision clarity.

- <u>Implantable collamer lens treatment</u>: It is a type of refractive procedure to help correct myopia, and is an alternative to LASIK and other refractive procedures. In this procedure, an implantable collamer lens or an IOL is implanted into the eye over the natural lens for power correction. This is suitable for patients with high power and a thin cornea.
- <u>Photo refractive keratectomy</u>: in this process, an excimer laser is used to precisely re-shape the curvature of the cornea's surface. A bandage-like soft contact lens is then placed on the cornea to help protect the eye as it heals.

## Other surgeries

We also offer surgical treatments for a range of other eye ailments, which are set out below:

| Particulars                    | Description  |
|--------------------------------|--|
| Retinal treatments             | The retina is the innermost layer of the eye. It consists of 10 layers including specialised cells called photoreceptors. Common retinal disorders include diabetic retinopathy (i.e., damage to the retina as a result of having too much blood sugar), age-related macular degeneration (damage to the macula, the part of the eye that controls sharp, straight-ahead vision), retinal detachment (an emergency situation in which the retina pulls away from the layer of blood vessels that provides it with oxygen and nutrients), vitreous haemorrhage (blood floating in the vitreous humor, which lies between the lens and the retina, clouding the view of retina variably) and myopic retinal degeneration (a severe form of near-sightedness that causes damage to the retina). |
|                                | Primary retinal treatments include the following:  |
|                                | <u>Intra-vitreal injections</u> : This is an injection into the vitreous, used to deliver drugs to the retina and other structures in the back of the eye. These injections are given mainly to reduce the swelling in the macula.   |
|                                | <u>Vitrectomy</u> : A vitrectomy is a surgical procedure undertaken by a specialist where the vitreous humour gel is cleared to provide better access to the retina.   |
|                                | <u>Retinal Laser Photocoagulation</u> : During this process, laser is used to generate heat energy to achieve retinal coagulation.   |
|                                | <u>Scleral buckle surgery</u> : Scleral buckle surgery is one of the surgeries done to re-attach a detached retina.  |
| Corneal transplantation and    | The cornea is the transparent outermost layer of the eye.  |
| pinhole pupilloplasty          | Corneal transplantation involves surgically removing a patient's diseased cornea and replacing it with a donated corneal tissue. This improves the vision in conditions where blurring is due to a corneal pathology. Pinhole pupilloplasty is used to treat corneal astigmatism by creating a pinhole aperture that allows passage of rays of light through the central aperture and blocks the rays emanating from the peripheral irregular cornea, so that the impact of higher order aberrations caused by irregular corneal astigmatism is minimized.   |
| Oculoplasty                    | Oculoplasty covers a variety of procedures that involve eyelids, eyebrows, orbits, tears ducts, and the face, and covers both medically necessary procedures and cosmetic procedures. The scope of oculoplasty extends across a wide range of procedures from correcting droopy eyelids to fitting artificial eye prosthesis. Oculoplastic surgeries are carried out by our specially trained surgeons and are often highly customized.  |
| Other treatments and surgeries | In addition to the above surgeries, we also perform surgeries for the following ailments:  |
|                                | <u>Glaucoma</u> : Glaucoma is a chronic disease of the optic nerve, usually due to high intraocular pressure. If untreated or uncontrolled, glaucoma first causes peripheral vision loss and can eventually lead to blindness. The treatment for glaucoma is medical (i.e., through drugs or eye-drops) or surgical, depending upon the stage of glaucoma.   |
|                                | <u>Pterygium</u> : A pterygium is a fleshy, triangular or wing-shaped growth of the conjunctiva of the eye. It usually occurs on the inner corner of the eye but can also appear on the outer corner. We perform surgery to remove the pterygium.  |

## Consultations, diagnoses and non-surgical treatments

Our doctors provide consultation services to patients at our Facilities. The consultation services are primarily in relation to identification of refraction, measurement of eye pressure, assessment of damage caused to the eyes, procedures for diagnosing other conditions or ailments, determining suitable lens power required, appropriate pharmaceutical measures to cure the condition of the eyes, and post-surgery reviews.

Diagnoses and non-surgical treatments refer to clinical investigation services for eye disorders as well as non-surgical treatments including retinal laser therapy and dry eye treatment. These treatments also include investigations for disorders that may eventually require surgery. Non-surgical treatments include eyedrops and other medication.

#### Sale of opticals and eye care-related pharmaceutical products

Several of our Facilities have embedded pharmacies and optical product counters, which enable us to cross-sell products to patients. Sale of eye care related pharmaceutical products covers the sale of ophthalmic and nutraceutical products prescribed by our doctors. Further, we offer a wide range of glasses, lenses, contact lenses and frames.

## Income from annual maintenance contracts

In addition to the above offerings, one of our Subsidiaries, Elisar Life Sciences Private Limited, also manufactures bio-medical equipment and offers maintenance support services to its clients through annual contracts, which we record as income from annual maintenance contracts.

## **Our Network**

As of September 30, 2024, we offer eye care services through a network of 193 Facilities in India, and 16 Facilities across nine countries in Africa. The following table sets forth a breakdown of our revenue from operations from within and outside India, in absolute terms and as a percentage of total revenue from operations during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

## **Hub and Spoke Model**

Our network operates on a "hub and spoke" model. As of September 30, 2024, our Indian network includes 28 "hubs" (which are Tertiary Facilities, including three COEs) and 165 "spokes" (comprising 53 Primary Facilities and 112 Secondary Facilities). At our "hub" Facilities, we provide a comprehensive range of eye care services such as retinal, corneal, and refractive surgeries. Our COEs, in addition to being Tertiary Facilities, also offer academic programs in ophthalmology and provide continuous training for our doctors, optometrists, and counsellors, among others. These are supported by our spokes wherein we provide select services including cataract surgeries and clinical investigations. This integrated model has strengthened our market position by helping us service a large community by improving accessibility of our doctors and building a steady stream of patient referrals for surgical care to our hubs arising from the spokes.

Below is a brief summary of our offerings at our hubs and spokes:

- **Primary Facilities**: Our Primary Facilities, which are non-surgical eye care facilities, act as the closest patient touch points and facilitate patient acquisition for us. These clinics have basic investigative equipment with ophthalmologists and trained professionals present, and also offer teleconsultation with our ophthalmologists in our other spoke and hub Facilities. They are usually located on the periphery of metro and non-metro cities. Many of our Primary Facilities also have embedded pharmacies and optical product counters.
- **Secondary Facilities**: Our Secondary Facilities, which are surgical facilities, provide select services including cataract surgeries and clinical investigations, in addition to also offering the services available at our Primary Facilities.
- **Tertiary Facilities**: Our Tertiary Facilities, which are super-specialty surgical facilities, have comprehensive surgical capabilities including surgeries like vitreo retinal, corneal, and refractive surgeries. We have three COEs across Chennai (Tamil Nadu), Tirunelveli (Tamil Nadu), and Cuttack (Odisha). These COEs offer all services provided at our Tertiary Facilities in addition to postgraduate and fellowship programs in ophthalmology, training for our doctors, perform clinical research and operationalize our protocols for centralised quality control and assurance services across our network.

The table below provides the number of each of the aforementioned Facilities (across India and Africa) as of September 30, 2024 and 2023 and as of March 31, 2024, 2023 and 2022:

## **Our International Operations**

We commenced our international operations in 2012 and as of September 30, 2024, operate 16 Facilities across nine countries in Africa, wherein we provide a range of eye care services, including treatments for glaucoma, cataract, diabetic retinopathy, retinal detachment, and dry eye, along with refractive surgeries, paediatric and neuro ophthalmological treatments, embedded pharmacies and optical product counters.

The following map sets forth the locations of our Facilities in Africa as of September 30, 2024:

## **Clinical Board**

We have a distinguished clinical board chaired by Dr. Ashvin Agarwal, which aim to ensure standardization of clinical protocols, products, and processes across our network. We have also constituted clinical committees to further our standardization of services, including the following:

- Quality control committee, which oversees the regular audit of clinical aspects. This committee oversees the audit of clinical aspects of our Facilities on multiple parameters, such as the formulation of protocols and policies, ensuring transparency in reporting adverse events, analyzing adverse events, identifying and addressing areas of improvement and collaborating with other departments and stakeholders to develop and implement quality improvement initiatives.
- *Education committee*, for continuous and ongoing training of doctors. This committee is responsible for ensuring continuous training of doctors, optometrists, and para-medical staff, and to conduct conferences and conventions in this regard.
- *Drug and medical devices committee*, to control the introduction and usage of new pharmaceutical products and IOLs, and to streamline the process of approval / upgradation/ replacement of medical devices.
- Research and development committee, which conducts clinical trials in cataract, glaucoma, corneal and retinal specialties. During the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, this committee has completed 28 clinical research studies, with 17 studies ongoing.

Our clinical board has also established an international advisory board comprising doctors from the United States of America to advise on improvements in clinical practices in ophthalmology, and a specialty advisory board comprising 31 experts to focus on nine specialised services.

## **Medical Education Programs**

We provide educational programs for ophthalmology through training programs at our Facilities. Our ophthalmology programs include Diplomate of National Board ("**DNB**") and fellowship and training programs, which include fellowships in general ophthalmology, glaucoma treatments, corneal and refractive treatments, medical/surgical retinal treatments, orbit and occuloplasty, and squint and pediatric ophthalmology. Further, to foster a culture of research and academia, our doctors participate in and present papers in continuing medical awareness programs.

## **Payment Arrangements**

We classify our patients as (i) cash customers who pay for themselves; and (ii) credit customers wherein the payment is made by either (a) third party administrators (which are companies that provide operational services such as claims processing and employee benefits management under contract to other companies, called "**TPAs**"), or (b) insurance companies, or (c) Central or State Government scheme arrangements. In the case of credit customers, we have arrangements with third parties through negotiated tariffs. These arrangements are generally revised annually/bi-annually depending upon the terms of the original arrangements. In case of credit customers covered under insurance schemes there may be a co-payment clause whereby the customer is required to pay a portion of the invoice directly to the hospital and the balance will be paid by the insurance companies. The table below provides the breakdown of payments received through cash payments; insurance companies and third-party administrators; and government companies or schemes during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022:

The sum of payments received from payors is not equal to our consolidated revenue from operations, as revenues attributable to payors exclude revenues attributable to one of our Subsidiaries, Elisar Life Sciences Private Limited, which aggregated to ₹16.93 million and ₹14.93 million, contributing to 0.21% and 0.23% of our revenue from operations for the six months ended September 30, 2024 and 2023, respectively. This Subsidiary is engaged in the business of design, development, manufacturing, servicing, installation and sales of medical devices with a focus on ophthalmic diagnostics and does not operate healthcare Facilities. Accordingly, revenues from such Subsidiary have not been included in the table above.

## **Licensing and Empanelments**

As a provider of healthcare services in India, we are regulated under both Central and State legislation in India. All of our doctors, pharmacists and nursing staff are required to be duly qualified and registered under the laws of India in order to be

eligible for being engaged by us, and our Facilities are also required to be registered under the appropriate legislations in the states where they are located. In addition, we are subject to environmental laws (including in respect of disposal of biomedical wastes and hazardous wastes) as well as laws governing human organ transplant, clinical trials (including the requirement for prior registration of any clinical trials performed by us) and the distribution and sale of drugs.

We are empaneled with insurers, TPAs, and companies and corporate groups, as well as with government entities, including public sector enterprises. Insurers and TPAs are required to be licensed with the IRDA for provision of health insurance, or related healthcare services under an agreement with an insurer, respectively. The Central Government Health Scheme (CGHS) is a central government scheme designed for the benefit of central government employees and pensioners and their dependents. The Ex-Servicemen Contributory Health Scheme (ECHS) is a Central Government scheme designed for the benefit of retirees from the Indian armed forces and their dependents. Both the IRDA (in respect of TPAs) and the GoI (under the CGHS and ECHS), have notified certain documentation and other operational protocols required to be followed, which we must also facilitate and comply with, in order to be empanelled as a healthcare provider for beneficiaries of such cashless or insured healthcare schemes.

For more information on the regulatory framework in which we operate, and the government and other approvals that we have been granted and have applied for, see "Key Regulations and Policies in India" and "Government and other Approvals" on pages 243 and 440, respectively.

## **Diagnostic Tools and Ophthalmic Equipment**

We use advanced diagnostic tools and procedures such as optical coherence tomography, visual field analysers, Fundus Fluorescein Angiography, corneal topography and lasers. For phacoemulsification procedures, we use advanced phacoemulsification systems such as the Signature and Compact equipment from AMO and Centurion, Infiniti, Laureate equipment from Alcon and Stellaris (Bausch and Lomb). We utilize excimer laser platforms such as VISX, AMO, Zeiss and NIDEK to reshape the cornea to provide refractive correction and utilize advanced vitreo-retinal machines such as Constellation (Alcon) and Stellaris PC (Bausch and Lomb) to perform complex retinal surgeries. We also use specialized ophthalmic microscopes for intraocular, vitreoretinal and oculoplastic surgeries and YAG lasers, double frequency lasers and green laser, for medical treatment of glaucoma, retina and posterior capsular opacification (after cataract). We generally import our ophthalmic equipment from international suppliers such as Carl Zeiss, Bausch & Lomb, Alcon, AMO, Topcon and Nidek. We also perform clinical trials from time to time, for our ophthalmic equipment suppliers as well as for pharmaceutical suppliers, which has helped us to grow our relationships with our suppliers.

## Supplies, Procurement and Inventory Management

Purchase of optical products, medical consumables and pharmacy items represents one of our most significant expenses and is procured from third-party institutions. We procure clinical and non-clinical items for our operations across India and Africa. Our clinical supplies include IOL, consumables, biomedical equipment, pharmacy items and optical products while we typically require non-clinical supplies such as vehicles, office equipment and stationery. We are also able to shift older equipment from our hub Facilities to our spoke Facilities upon upgradation of such equipment at our hub Facilities.

When evaluating the requirement to source any supplies, our procurement and drugs, medical devices and application departments generally evaluate products based on functionality, quality and price. Distributors are selected or products are onboarded with existing distributors in mutual agreement with the supplies manufacturer. We have a decentralized distribution network, with product requisitions being raised by individual Facilities through our internal information technology systems. Requisitions are then approved by the procurement team based on an analysis of the Facility's existing inventory and historical supplies consumption. Purchase orders are then issued to authorized suppliers and delivery is completed at the relevant Facility. Our international operations receive supplies for their operations through local purchases and exports from India.

We evaluate potential vendors on multiple aspects, including service level, delivery time, geographical coverage, pricing and the vendors' financial health. Our supply agreements generally provide for uniform pricing for procurement across India and waiver of logistics, packing and insurance costs. Except for our arrangements with our Associate, IdeaRx Services Private Limited, for the procurement of medical consumables, there is no conflict of interest between the suppliers of raw materials and third-party service providers crucial for our operations and us, our Promoters, Promoter Group, Key Managerial Personnel, Directors, Subsidiaries, Group Companies and their directors. Please see below amounts of our purchases from IdeaRx Services Private Limited during the six months ended September 30, 2024 and 2023 and the past three Financial Years, in absolute terms and as a percentage of our total expenses:

## Inventory Management

With the objective of maintaining transparency and accountability across our Facilities, we conduct centralized purchasing for most of our Facilities, which are approved by our supply chain team based on historical consumption and current stock. In addition, our stock consumption is tracked on a monthly basis and Facility-wise reports are submitted to our finance team. Facilities also return expired or near-to-expiry stock to vendors.

We conduct our inventory management through specialized software, through which we are able to manage the purchase order lifecycle from the receipt of goods until sales. We also use third-party software for our "procure-to-pay" lifecycle, through which we are able to track purchase orders, from order creation until payments are made to vendors. Our supply chain management team monitors key inventory metrics, such as pending goods receipts, expired and near-to-expiry stock, and inventory days.

We generally endeavor to maintain an inventory of drugs, intra-ocular lenses, implants, opticals and consumables at a reasonable level in order to enable us to respond to the needs of our patients while also managing our cash flow effectively. In addition to the management of our consumables inventory, we also maintain our fixed assets and medical equipment on an ongoing basis, through periodic maintenance contracts with external agencies. Our staff at our Facilities are also trained in basic maintenance for our medical equipment by original equipment manufacturers.

## Marketing, Customer Relationship Management and Brand Promotion

Our marketing department is focused on communicating our positioning and key differentiators across offline and online channels. Through these channels, we aim to showcase the clinical knowledge of our doctors, increase awareness regarding eye care and reinforce our brand's recall in the minds of consumers. We utilize both online and offline channels in pursuit of these objectives.

Our digital marketing team focuses on creating content for our brand, enhancing our website's visibility through search engine optimization, social media management, running targeted ad campaigns and leveraging digital marketing tools to enhance our brand's online presence.

We aim to optimize our customer interactions and customer loyalty through CRM strategies, analysis of customer data, derivation of actionable insights and providing customer support and service.

Our brand and offline marketing team aims to ensure consistency in our brand's visual identity and usage, including logos, colors, typography, design elements and promotions through print, television, radio, events, public relations and outdoor advertising.

## **Quality Control, Risk Management and Internal Controls**

## Quality Control

We have implemented quality control systems at our Facilities to ensure safety and efficacy in our treatments and procedures. In this regard, we have qualified doctors and medical staff that oversee each step of our patents' journey at our Facilities, from pre-operative assignments to post-operative care. In addition, we also maintain quality control protocols for sterilization, maintenance of equipment and handling of medication. We also participate in external quality assurance programs, such as the QCI and NABH, that benchmark our protocols against industry standards.

#### Risk Management

The medical procedures offered at our Facilities carry inherent risks, which we aim to minimize and ensure patient safety through our risk management measures. We have implemented risk assessment procedures to identify potential hazards associated with our procedures, equipment and medication. We also implement preventive measures to address risks through regular staff training programs, communication protocols and incident reporting systems. Our clinical board regularly audits and reviews each of our Facilities in order to identify and address risks and to improve our risk management procedures.

#### Internal Controls

We have implemented a variety of internal financial controls at our Facilities in order to enable financial and ethical propriety. These controls include a well-defined governance structure with clearly identified authority and accountability for decision-making within our Group, a financial management system that aims to ensure accurate and transparent financial reporting of transactions and a code of conduct for all of our staff. We also engage with audit firms for internal audits and to test the internal controls of our Facilities, which are reported to our Audit Committee and the Board of Directors on a periodic basis.

## **Information Technology Infrastructure**

We have a common, integrated technology platform, which enables us to access patient data, including payment history, clinical diagnosis and surgical history, across our network. This data helps our doctors and paramedical staff have easy access to patient history, thus enabling us to efficiently manage our operations across Facilities.

We utilize cloud computing-based infrastructure to integrate data across our Facilities' operations. Our integrated technology platform and cloud computing infrastructure is licensed from third parties. We have also designed our own Management Information System to take control of our information technology requirements.

Our integrated technology platform provides key business support functions such as tracking of business data, operational adherence, management visibility on key data points, tracking patient volumes, waiting times and inventory management, as well as enabling us to maintain medical records in accordance with the applicable clinical regulatory framework, including pursuant to arrangements with the CGHS, ECHS, TPAs and other government and corporate entities and agencies with which we are empanelled as an eye care service provider.

Further, due to our data storage on cloud-based infrastructure, our medical and non-medical teams across our Facilities are able to fetch patient data remotely. Our enterprise resource planning is supported by a Business Intelligence tool that helps our management to visualize business-related information and supports decision-making. We also utilize a licensed technology platform for managing our finance, human resource and payroll functions.

#### **Corporate Social Responsibility**

We have adopted a corporate social responsibility ("**CSR**") policy in compliance with the requirements of applicable law. Through our CSR initiatives, we aim to enhance environmental sustainability, social equity and community engagement. During the Financial Year 2024, we have donated to the Akshaya Patra foundation in Hubli, Karnataka to foster community welfare and enable the elimination of classroom hunger. We have incurred the following expenditure towards our CSR initiatives during the six months ended September 30, 2024 and 2023 and the past three Financial Years:

## KEY REGULATIONS AND POLICIES IN INDIA

The following is an overview of certain key sector specific laws and regulations in India which are applicable to the business and operations of our Company and its Material Subsidiaries. The information available in this section has been obtained from sources available in the public domain and is based on the current provisions of Indian law and the judicial, regulatory and administrative interpretations thereof, which are subject to change or modification by subsequent legislative actions, regulatory, administrative, quasi-judicial, or judicial decisions. The description of laws and regulations set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice.

## **Industry specific laws**

# The Clinical Establishments (Registration and Regulation) Act, 2010 ("CERR Act") and the Clinical Establishments (Central Government) Rules 2012 ("CECG Rules") and allied state legislation

The CERR Act is a central legislation and provides for registration and regulation of clinical establishments. It prescribes the minimum standards for facilities and services provided by clinical establishments. In terms of the Clinical Establishments Act, a 'clinical establishment' means, among other things, a hospital, maternity home, nursing home, dispensary, clinic, sanatorium or an institution by whatever name called that offers services requiring diagnosis, treatment or care for illness, injury, deformity, abnormality or pregnancy in any recognized system of medicine established and administered or maintained by any person or body of persons, whether incorporated or not. Several states and union territories have adopted the state specific legislation in this respect. Such adoption supersedes the existing regime for registration of clinical establishments, e.g. for our material branches in Telangana, the Clinical Establishments (Registration and Regulation) Act, 2010 was adopted by Telangana on June 14, 2022, along with publication of the Telangana State Clinical Establishments (Registration and Regulation) Rules, 2011 in the official gazette, which requires a clinical establishment to register within a period of one year from the date of the commencement of the act, superseding the erstwhile regulation i.e., Telangana Allopathic Private Medical Care Establishments (Registrations and Regulation) Act, 2002. The CERR Act mandates the registration of a clinical establishment. Every clinical establishment shall obtain a certificate of provisional registration and thereafter, upon fulfilment of prescribed standards, a certificate of permanent registration from the district registering authority. Further, the council established at the national and state levels under the CERR Act is, inter alia, required to maintain registers and periodically review the minimum standards to be followed by the clinical establishments. The CECG Rules, inter alia, provide conditions for registration and continuation of clinical establishments. In terms of the CECG Rules, clinical establishments are required to charge rates for each type of procedures and services within the range of rates determined by the central government in consultation with the state governments and display such rates for the benefit of the patients at a conspicuous place in a local language as well as in English. Clinical establishments are required to maintain electronic records of patients and statistics, in accordance with the CECG Rules.

# The Transplantation of Human Organs and Tissues Act, 1994 ("Transplantation Act") and the Transplantation of Human Organs and Tissues Rules, 2014 ("Transplantation Rules")

The Transplantation Act, and the Transplantation Rules are applicable to all states and union territories except Jammu & Kashmir and Andhra Pradesh and have been enacted to regulate the removal, storage, and transplantation of human organs and tissues for therapeutic purposes, and for the prevention of commercial dealings in human organs and tissues. The Transplantation Act prohibits the removal of any human organ except in situations provided therein. No hospital can provide services relating to the removal, storage or transplantation of any human organ or tissue or both for therapeutic purposes unless such hospital is duly registered under the Transplantation Act. Certificate of registration under the Transplantation Act and the Transplantation Rules are issued by appropriate bodies appointed by the State Government.

## The National Medical Commission Act, 2019 ("NMC Act")

The NMC Act, 2019 provides for, among others, a medical education system that improves access to quality and affordable medical education, ensures availability of adequate and high-quality medical professionals, encourages medical professionals to adopt latest medical research and enforces high ethical standards in medical services. The National Medical Commission, constituted under the NMC Act, is entrusted with the exercise of powers and functions under the NMC Act, including prescribing policies for quality medical education and for regulating medical institutions and professionals, and assessing healthcare requirements and developing a road map to meet such requirements. No person other than a person who is enrolled in the state or national medical register shall be allowed to practice medicine as a qualified medical practitioner and doing so is punishable with a fine or imprisonment or both.

## The Indian Nursing Council Act, 1947 ("Nursing Act")

Under the Nursing Act, nurses, midwives or health visitors are required to hold recognized qualifications (as prescribed in the Nursing Act) for enrolment in the state register. Further, each state is entitled to establish a state council to regulate the registration of nurses, midwives or health visitors in the relevant state. The Nursing Act also empowers the executive committee of the Indian Nursing Council, constituted under the Nursing Act, to appoint inspectors to inspect any institution which is

recognized as a training institution granting any recognized qualification or recognized higher qualification under the Nursing Act.

## The Indian Medical Council (Professional Conduct, Etiquette and Ethics) Regulations, 2002 ("Ethics Regulations")

The Ethics Regulations enforce numerous requirements on medical practitioners, including in relation to good practices, maintenance of medical records, duties of physicians to patients and to the paramedical profession, regulations on advertising and publicity and a framework for punishment and disciplinary action for misconduct and violation of the Ethics Regulations. Oversight and enforcement of the Ethics Regulations have been conferred upon the relevant medical councils. If, upon enquiry, a medical practitioner is found guilty of violating norms prescribed in the Ethics Regulations, the appropriate medical council may award such punishment as deemed necessary, including a direction towards removal of such medical practitioner's name from the medical registers (state and/or national level), either permanently or for a limited period.

Further, the Indian Medical Council (Professional Conduct, Etiquette and Ethics) (Amendment) Regulations, 2020, has enabled the practice of telemedicine, specifying that consultation through telemedicine by registered medical practitioners shall be permissible in accordance with the Telemedicine Practice Guidelines specified in the Ethics Regulations.

## Epidemic Disease Act, 1897 ("ED Act")

The ED Act is a central legislation that provides for the prevention of spread of a dangerous epidemic disease. It prescribes the powers of the State and Central Government to take special measures to prevent the spread of the epidemic including power to prescribe temporary regulations to be observed by the public.

## Indian Council of Medical Research Regulations – ICMR Guidelines for Good Clinical Laboratory Practices, 2021 ("GCLP")

The GCLP are guidelines provided by the Indian Council of Medical Research with the objective of promoting uniformity in maintaining quality of laboratory services, the first GCLP guidelines were released in the year 2008. 217 GCLP 2021 aims to establish minimum criteria which should be followed by clinical and research laboratories involved in examining human samples, in routine healthcare delivery and clinical research, respectively. The GCLP 2021 provides guidelines with regards to (i) infrastructure; (ii) personnel training; (iii) equipment; (iv) examination processes; (v) sample storage and disposal; (vi) safety and hygiene measure; (vii) ethical considerations; and (viii) quality control and management.

## National Accreditation Board for Hospitals and Healthcare Providers ("NABH")

NABH is a constituent board of the Quality Council of India, set up to establish and operate accreditation programme for healthcare organisations. The board is structured to cater to much desired needs of the consumers and to set benchmarks for progress of health industry. The board while being supported by all stakeholders including industry, consumers, government, have full functional autonomy in its operation. NABH offers a certification programme for laboratories that conduct biological, microbiological, immunological, chemical, haematological, pathological, cytological or other examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention and treatment of disease. The Eye care organization standards ("Standards") were launched in September 2016. These Standards provide accreditation to an eye care organization. An eye care organization willing to be accredited by the Eye Care Organization ("ECO") must ensure the implementation of the Standards.

## National Accreditation Board for Testing and Calibration Laboratories ("NABL")

The NABL is an autonomous body established under the aegis of Department of Science and Technology, Government of India. NABL provides government, regulators and the diagnostic industry with a scheme of laboratory accreditation through third-party assessment for formally recognizing the quality and technical competence of the testing and calibration of laboratories in accordance with International Organisation for Standardization Standards. NABL certification is a mandatory eligibility condition for diagnostic centres empanelment under the Central Government Health Scheme. Diagnostic laboratories which are not accredited by NABL may also participate in application and get empanelled under the Central Government Health Scheme but their empanelment shall be provisional till they are inspected by Quality Council of India or NABL and are recommended for continuation of empanelment under the Central Government Health Scheme; however, there is no legal obligation to obtain certification from the NABL.

## Central Government Health Scheme ("CGHS") and Ex-servicemen Contributory Health Scheme ("ECHS")

The CGHS Scheme seeks to provide medical care to the Central Government employees and pensioners enrolled under the scheme. This scheme covers identified categories of Central Government employees in cities covered by the CGHS. Eligible employees and their dependents who have been duly enrolled to the CGHS can avail cashless treatment for procedures covered by the CGHS, which include procedures under allopathic, homoeopathic and Indian streams of medicine.

The ECHS was launched by the Ministry of Defence, Government of India and has been in effect since April 1, 2003. The ECHS provides for medical treatment of ex-servicemen pensioners and their dependents. Under the ECHS, private hospitals, nursing homes and diagnostic centres are empanelled for the provision of healthcare coverage to ECHS beneficiaries. Our facilities are also empanelled with other various Central Government and State Government operated health schemes including, inter alia, the Ayushman Bharat Yojana (Pradhan Mantri Jan Arogya Yojana). An update to the ECHS was issued in March 2022 by Director General Medical Services, Indian Navy whereby scope of ECHS facilities were enhanced along with empanelment of more hospitals.

## The Food Safety and Standards Act, 2006 ("FSSA")

The FSSA was enacted on August 23, 2006 by the Central Government, repealing and replacing the Prevention of Food Adulteration Act, 1954. The FSSA pursues to consolidate the laws relating to food and establish the FSSAI for laying down scientific standards for articles of food and to regulate their manufacture, storage, distribution, sale and import to ensure availability of safe and wholesome food for human consumption, and for matters connected therewith or incidental thereto. The standards prescribed by the FSSAI include specifications for food additives, flavourings, processing aids and materials in contact with 218 food, ingredients, contaminants, pesticide residue, biological hazards and labels. Under the provisions of the FSSA, no person may carry on any food business except under a license granted by the FSSAI. The FSSA sets forth the requirements for licensing and registering food businesses in addition to laying down the general principles for safety, responsibilities and liabilities of food business operators.

## Consumer Protection Act, 2019 ("Consumer Protection Act") and the rules made thereunder

The Consumer Protection Act was enacted to provide for timely and effective administration and settlement of consumer disputes. It seeks, *inter alia* to promote, protect and enforce the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of "consumer" has been expanded under the Consumer Protection Act to include persons who buy goods or avail services by offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. It provides for the establishment of consumer disputes redressal commissions for the purposes of redressal of consumer grievances. In the event of medical negligence, patients are entitled to, depending on the quantum of the claims, file complaints against us before the District Consumer Disputes Redressal Commission, the State Consumer Disputes Redressal Commission or the National Consumer Disputes Redressal Commission. In addition, under the Consumer Protection Act, in cases of misleading and false advertisements, a manufacturer or service provider who causes a false or misleading advertisement to be made which is prejudicial to the interest of consumers can be punished with imprisonment for a term which may extend to two years and with fine which may extend to ten lakh rupees.

# The Drugs and Cosmetics Act, 1940 ("Drugs Act"), the Drugs and Cosmetics Rules, 1945 ("Drugs Rules"), the New Drugs and Clinical Trials Rules, 2019 ("Clinical Trials Rules") and The Drugs (Prices Control) Order, 2013 ("DPCO 2013")

The Drugs Act regulates the import, manufacture, distribution and sale of drugs and prohibits the manufacture and sale of drugs which are misbranded, adulterated or spurious. The Drugs Act and the Drugs Rules specify the conditions for grant of a license for the manufacture, sale, import or distribution of any drug or cosmetic and regulation of operation of blood banks. It further mandates that every person holding a license must keep and maintain such records, registers and other documents as may be prescribed which may be subject to inspection by the relevant authorities. Violation of certain provisions of the Drugs Act, including those pertaining to the manufacturing and import of spurious drugs, non-disclosure of specified information and a failure to keep the required documents, are punishable with a fine, or imprisonment or both.

Further, under the Clinical Trials Rules, the ethics committee constituted thereunder is required to register itself with the central licensing authority in order to conduct any clinical trial, bioavailability study or bioequivalence study. The Clinical Trials Rules further provide for the composition and functions of the ethics committee and its period of validity. The Clinical Trials Rules further mandate the maintenance of records for a period of five years after completion of the clinical trial, bioavailability study or bioequivalence study, as the case may be.

The DPCO 2013 governs the price control mechanism for formulations listed in the National List of Essential Medicines. In addition, the National Pharmaceutical Pricing Authority has in the past set ceilings on prices of cancer drugs, vaccines, cardiac stents, drug eluting stents, condoms and intra-uterine devices. The DPCO 2013 is amended from time to time, to fix or revise the ceiling prices of certain drug formulations sold in India. The National Pharmaceutical Pricing Authority ("NPPA") also from time to time notifies ceiling price for additional formulations either under the DPCO or in the National List of Essential Medicines. Under the terms of the DPCO 2013, non-compliance with the notified ceiling price or breaching the ceiling price would tantamount to overcharging the consumer under the order, and the amount charged over and above the ceiling price shall be recovered along with interest thereon from the date of overcharging.

## The Pharmacy Act, 1948 and the Pharmacy Practice (Amendement) Regulations, 2021

Under the Pharmacy Act, 1948, which seeks to regulate the profession of pharmacy, pharmacists are required to be registered with the Pharmacy Council of India. The Pharmacy Practice (Amendment) Regulations, 2021 impose certain obligations on the

owners of pharmacy businesses and registered pharmacists. For instance, names of the owner and the registered pharmacist must be mandatorily displayed in the premises where the business is being carried on and the pharmacy business should be conducted in compliance with the various conditions stipulated thereunder. Under the Pharmacy Act, 1948, if pharmacists falsely claim to be registered, or dispense medicines without being registered, they are punishable with fine or imprisonment or both.

The Narcotic Drugs and Psychotropic Substances Act, 1985 ("NDPS Act") and the Narcotic Drugs and Psychotropic Substances Rules, 1985 ("NDPS Rules") and Maharashtra Narcotic & Psychotropic Substances Rules, 1985 ("MNPS Rules")

The NDPS Act regulates the possession and use of drugs falling within the definition of "narcotic drug" and "psychotropic substances" and seeks to regulate operations relating to such substances. Under the NDPS Rules, a hospital will need to obtain recognition as a medical institution from the relevant authority, to deal with substances regulated thereunder. The recognition will also provide for the quantity of drugs allowed thereunder and the conditions subject to which the hospital is permitted to possess and administer narcotic drugs. The NDPS Act also provides for penalties for contravention, which includes imprisonment and fine. The MNPS Rules applies to the state of Maharashtra and imposes certain restrictions to regulate the manufacture, trade, sale, transport, and possession of drugs falling within the definition of "narcotic drug" and "psychotropic substances", as defined under the NDPS Act.

## **Key environmental legislations:**

Environment Protection Act, 1986 (the "EP Act") and the Environment Protection Rules, 1986 (the "EP Rules") read with the Environmental Impact Assessment Notification, 2006 ("EIA Notification")

The EP Act has been enacted with the objective of protection and improvement of the environment and for matters connected therewith. As per the EP Act, the Central Government has been given the power to take all such measures for the purpose of protecting and improving the quality of the environment and to prevent, control and abate environmental pollution. Further, the Central Government has been given the power to give directions in writing to any person or officer or any authority for any of the purposes of the EP Act, including the power to direct the closure, prohibition or regulation of any industry, operation, or process. The EP Rules prescribes the standards for emission or discharge of environmental pollutants from industries, operations, or processes, prohibitions and restrictions on the location of industries as well as prohibitions and restrictions on the handling of hazardous substances in different areas for the purpose of protecting and improving the quality of the environment and preventing and abating environmental pollution. Additionally, under the EIA Notification and its subsequent amendments, projects are required to mandatorily obtain environmental clearance from the concerned authorities depending on the spatial extent of potential impacts on human health and resources.

# Air (Prevention and Control of Pollution) Act, 1981(the "Air Act") and Air (Prevention and Control of Pollution) Rules, 1982 ("Air Rules")

The Air Act was enacted to provide for the prevention, control and abatement of air pollution in India. It is a specialised piece of legislation which was enacted to take appropriate steps for the preservation of natural resources of the earth, which among other things include the preservation of the quality of air and control of air pollution. We are required to obtain consents under the Air Act.

# Water (Prevention and Control of Pollution) Act, 1974 (the "Water Act") and Water (Prevention and Control of Pollution) Board, 1975 ("Water Rules")

The Water Act was enacted to control and prevent water pollution and for maintaining or restoring of wholesomeness of water in the country. The Water Act was enacted to control and prevent water pollution and for maintaining or restoring the purity of water in India. The objective of this legislation is to ensure that domestic and industrial pollutants are not discharged into streams and wells without adequate treatment. We are required to obtain consents under the Water Act.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (the "Hazardous Waste Rules"), as amended by the Hazardous and Other Wastes (Management and Transboundary Movement) Amendment Rules, 2024 ("Amendment Rules")

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. A list of hazardous wastes and processes that generate hazardous waste have been specified under the Hazardous Waste Rules. We are required to obtain authorizations for, inter alia, the generation, processing, treatment, package, storage, transportation, use, collection, destruction or transfer of the hazardous waste from the concerned state pollution control board.

The Bio-Medical Waste Management Rules, 2016 ("BMW Rules")

The BMW Rules apply to all persons who generate, collect, receive, store, transport, treat, dispose or handle bio-medical waste in any form including hospitals, nursing homes and clinics. We are required to obtain an authorization under the BMW Rules for the generation of bio-medical waste to ensure that such waste is handled without any adverse effect to human health and the environment and to set up bio-medical waste treatment facilities as prescribed under the BMW Rules, including pre-treating laboratory and microbiological waste, and proving training to health care workers and others involved in handling bio-medical waste. We are also required to submit an annual report to the prescribed authority and also to maintain records related to the generation, collection, storage, transportation, treatment, disposal, and/ or any form of handling of biomedical waste in accordance with the BMW Rules and the guidelines issued thereunder. The prescribed authority may cancel, suspend or refuse to renew an authorization, if for reasons to be recorded in writing, the occupier/operator has failed to comply with any of the provisions of EP Act or BMW Rules.

#### Labour laws

#### Factories Act, 1948

The Factories Act, 1948, as amended (the "Factories Act"), defines a "factory" to cover any premises which employs or had employed 10 or more workers on any day of the preceding 12 months and in which a manufacturing process is carried on with the aid of power or any premises where at least 20 workers are or were employed on any day of the preceding 12 months, and where a manufacturing process is carried on without the aid of power.

## Contract Labour (Regulation and Abolition) Act, 1970 ("CLRA")

The **CLRA** regulates the employment of contract labour in certain establishments. The CLRA provides that the appropriate Government may, after consultation with the Central or State Advisory Boards (constituted under the CLRA), prohibit employment of contract labour in any process, operation or other work in any establishment.

## Shops and establishments legislations

Under the provisions of local shops and establishments legislations applicable in the states in India where our establishments are set up and business operations exist, such establishments are required to be registered. Such legislations regulate the working and employment conditions of the workers employed in shops and establishments, including commercial establishments, and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of records, maintenance of shops and establishments and other rights and obligations of the employers and employees. The local shops and establishments legislations, the employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The various other labour and employment-related legislations (and rules issued thereunder) that may apply to our operations, from the perspective of protecting the workers' rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include the following:

- Employee's Compensation Act, 1923;
- Employees' Provident Funds and Miscellaneous Provisions Act, 1952;
- Employees' State Insurance Act, 1948;
- The Equal Remuneration Act, 1976;
- Maternity Benefit Act, 1961;
- Minimum Wages Act, 1948;
- Payment of Bonus Act, 1965;
- Payment of Gratuity Act, 1972;
- Payment of Wages Act, 1936;
- The Industrial Disputes Act, 1947;
- The Equal Remuneration Act, 1976;
- The Industrial Employment (Standing Orders) Act, 1946;
- The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979;
- The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986;

- The Tamil Nadu Payment of Subsistence Allowance Act, 1981;
- The Tamil Nadu Panchayats Act, 1994;
- The Apprentices Act, 1961;
- The Labour Welfare Fund Act, 1965;
- Rights of Persons with Disabilities Act, 2016; and
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

In order to rationalize and reform labour laws in India, the Government of India has framed four labour codes, namely:

- (a) The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020, and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979. This code proposes to provide for, *among other things*, standards for health, safety and working conditions for employees of establishments, and will come into effect on a date to be notified by the Central Government.
- (b) The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020, and proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947 and the Industrial Employment (Standing Orders) Act, 1946. The Industrial Relations Code, 2020 will come into effect on a date to be notified by the Central Government.
- (c) The Code on Wages, 2019 received the assent of the President of India on August 8, 2019. Through its notification dated December 18, 2020, the Government of India brought into force certain sections of the Code on Wages, 2019. The remaining provisions of this code will be brought into force on a date to be notified by the Government of India. It proposes to subsume four separate legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.
- (d) The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020. Through its notification dated April 30, 2021, the Government of India brought into force Section 142 of the Code on Social Security, 2020. The remaining provisions of this code will be brought into force on a date to be notified by the Government of India. It proposes to subsume several separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, and the Payment of Gratuity Act, 1972.

## **Intellectual property laws**

# The Trade Marks Act, 1999 (the "Trademarks Act")

The Trademarks Act governs the statutory protection of trademarks and prohibits any use of deceptively similar trademarks, among others. The purpose of the Trade Marks Act is to grant exclusive rights to marks such as a brand, label and heading, and to obtain relief in case of infringement of registered trademarks. Indian law permits the registration of trademarks for both goods and services. Once granted, a trademark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark is removed from the register of trademarks and the registration is required to be restored.

# The Patents Act, 1970 (the "Patents Act")

The Patents Act governs the patent regime in India. Being a signatory to the TRIPS, India is required to recognize product patents as well as process patents. In addition to the broad requirement that an invention satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection, the Patents Act further provides that patent protection may not be granted to certain specified types of inventions and materials even if they satisfy the above criteria.

Section 39 of the Patents Act also prohibits any person resident in India from applying for a patent for an invention outside India without making an application for a patent for the same invention in India. The term of a patent granted under the Patents Act pursuant to Section 53 is for a period of twenty years from the date of filing of the application for the patent. A patent shall cease to have effect if the renewal fee is not paid within the period prescribed for the payment of such renewal fee. Further, the Patents Act also provides for the recognition of product patents in respect of food, medicine and drugs; that import of patented products will not be considered as an infringement; and that under certain circumstances, the burden of proof in case of infringement of process patents may be transferred to the alleged infringer.

#### **Data Protection regulations**

The Information Technology Act, 2000 (the "IT Act") and the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 ("IT Security Rules")

The IT Act aims to provide legal recognition to transactions carried out by various means of electronic data interchange and other means of electronic communication and facilitate electronic filing of documents including sensitive personal data such as 'medical records and history. The IT Act creates a constructive mechanism for the authentication of electronic documentation through digital signatures. The IT Act makes electronic commerce seamless by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability for failure to protect such sensitive personal data.

The IT Security Rules enlists directions for the disclosure, collection and transfer of sensitive personal data by a body corporate or any person acting on behalf of a body corporate. The IT Security Rules require every such body corporate or person who on behalf of the body corporate receives, possesses, stores, deals or handles information to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

# The Digital Personal Data Protection Act, 2023 ("Data Protection Act")

The Data Protection Act received the assent of the President of India on August 11, 2023. However, the rules under the Data Protection Act are yet to be notified. The Data Protection Act provides for collection and processing of digital personal data by persons, including companies. According to the Data Protection Act, companies collecting and dealing in high volumes of personal data will be defined as significant data fiduciaries. These significant data fiduciaries will be required to fulfil certain additional obligations under the Data Protection Act including appointment of a data protection officer who will be the point of contact between such fiduciaries and individuals for grievance redressal. Further such data fiduciaries will also be required to appoint an independent data auditor who will evaluate their compliance with the Data Protection Act. The Central Government will establish the Data Protection Board of India (the "**DPB**"). Key functions of the DPB include: (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by data principals. The DPB members will be appointed for two years and will be eligible for re-appointment. The Central Government will prescribe details such as the number of members of the DPB and the selection process.

Details regarding material acquisitions or divestments of business/ undertakings, mergers, amalgamation, any revaluation of assets, etc. in the last 10 years

Acquisition and amalgamation of Advanced Eye Institute Private Limited ("AEIPL")

# Share purchase agreement dated December 8, 2019, entered into by and amongst Dr. Vandana Jain, Dr. Arbinder Kumar Singhal, AEIPL and our Company

Pursuant to share purchase agreement dated December 8, 2019, our Company acquired 1,720,018 equity shares of face value of ₹10 of AEIPL aggregating to 100% of issued, subscribed and paid-up share capital of AEIPL for an aggregate purchase consideration of ₹250 million from Dr. Vandana Jain and Dr. Arbinder Kumar Singhal. The effective date of the acquisition of AEIPL was December 12, 2019.

There was no relationship of our Promoters or our Directors with Dr. Vandana Jain and Dr. Arbinder Kumar Singhal.

As per the valuation report dated October 31, 2019 by S. L. Gadhiya & Co., Chartered Accountants, commissioned by AEIPL, the fair value of an equity share of AEIPL, as on October 31, 2019, was determined to be ₹142.38 per equity share.

AEIPL was subsequently amalgamated with our Company as described below.

# Scheme of amalgamation effective from April 1, 2021, for the amalgamation of AEIPL with our Company

AEIPL filed the scheme of amalgamation under Section 200 to Section 233 of Companies Act, 2013 before the National Company Law Tribunal, Chennai to merge their entire business of AEIPL, which includes managing and running hospitals, eye banks, blood banks, nursing homes, clinics, medical research and institutes for eye care and treatment, with our Company. The scheme of amalgamation was approved by the National Company Law Tribunal, Chennai pursuant to the order dated September 15, 2021, merging the entire business and undertakings, including *inter alia* all freehold lands, leasehold land, buildings, plants, investments, motor vehicles, liabilities, borrowings, statutory licenses, approvals, staff, workmen and employees, with our Company.

The objective of the scheme of amalgamation was broadly for the ease of doing business as both the companies are part of the same group and amalgamation provided re-alignment of shareholding of promoters and other shareholders in the group and also to save the cost associated with managing separate entities within the same group.

Pursuant to the scheme of amalgamation, the authorised equity share capital of our Company was increased to ₹ 900 million divided into 9,200,000 equity shares of 10 each, 10,000,000 RNCPS and 7,080,000 0.001% fully and compulsorily convertible non-cumulative participating preference shares of face value of ₹100 each. The scheme of amalgamation came into effect from April 1, 2021.

Except our Company being the holding Company of AEIPL, there was no relationship of our Promoters or our Directors with AEIPL.

The share purchase agreement, the valuation report and the scheme of amalgamation have been included in "Material Contracts and Documents for Inspection – Material Documents" on page 503.

Amalgamation of Orbit Health Care Services Limited ("OHCL")

# Scheme of amalgamation effective from September 29, 2018, for the amalgamation of OHCL with our Company.

OHCL, a company incorporated under the Laws of Mauritius filed a scheme of arrangement under Section 230 and 232 of the Companies Act, 2013 before the National Company Law Tribunal, Chennai to merge the entire business of OHCL, which includes establishing, managing, and running hospitals for various branches, with our Company. The scheme of amalgamation was approved by the National Company Law Tribunal, Chennai pursuant to an order dated August 31, 2018, merging the entire business and undertakings of OHCL, including *inter alia* all assets, liabilities, borrowings, statutory licenses, approvals, trademarks, patents, registrations, authorizations, staff, workmen and employees, with our Company.

The objective of the scheme of amalgamation was broadly for the ease of doing business as both the companies are part of the same group and amalgamation provided re-alignment of shareholding of promoters and other shareholders in the group and also to save the cost associated with managing separate entities within the same group.

Pursuant to the scheme of amalgamation our Company issued 33,303.55 fully paid up equity shares of face value of ₹ 10 each for every 1,000 ordinary shares held by the OHCL's shareholders. The Scheme of Amalgamation came into effect on September 29, 2018.

For determining the ratio of entitlement of shares, M.K. Dandeker and Co., Chartered Accountants, was commissioned by our Company. The independent share entitlement report dated April 10, 2017 determined that every member of OHCL holding 1,000 shares will receive 33,303.55 shares of our Company of face value ₹10 each.

Apart from OHCL being held in its entirety by Dr. Agarwal's Eye Institute, there was no relationship of our Promoters or our

Directors with OHCL.

The scheme of amalgamation and the independent share entitlement report have been included in "Material Contracts and Documents for Inspection – Material Documents" on page 503.

Pursuant to Regulation 2(1)(pp)(ii) of the SEBI ICDR Regulations, an 'immediate relative' of a promoter (i.e., any spouse of that person, or any parent, brother, sister or child of the person or the spouse) is required to form part of the 'Promoter Group'. Accordingly, while Sunita Rana Agarwal and Pankaj Sondhi are members of the promoter group in accordance with Regulation 2(1)(pp) of the SEBI ICDR Regulations, the relevant confirmations and undertakings in respect of their respective selves and their relevant entities as 'promoter group', as defined under the SEBIICDR Regulations ("Sunita & Pankaj Group") have not been provided by them. Despite several attempts by the Company to obtain the relevant confirmations and information from the Sunita & Pankaj Group, Sunita Rana Agarwal and Pankaj Sondhi have refused to provide the relevant information. Since our Company has not been able to procure relevant information, from, and in relation to, the Sunita & Pankaj Group, and to comply with the provisions of the SEBI ICDR Regulations, the disclosures in relation to the Sunita & Pankaj Group in this Red Herring Prospectus have been included to the best of our Company's knowledge and to the extent the information was available and accessible in the public domain published on the websites of Watchout Investors, CIBIL, the Stock Exchanges, Ministry of Corporate Affairs, and Crime Check. Our Company filed an application dated September 27, 2024 with SEBI for seeking exemption under Regulation 300(1)(c) of the SEBI ICDR Regulations, and SEBI has, pursuant to a letter dated October 25, 2024 bearing reference number SEBI/HO/CFD/RAC-DIL2/p/OW/2024/32128/1 acceded to our request to be exempted from disclosing details of Sunita Rana Agarwal, Pankaj Sondhi, and entities forming part of their Promoter Group, to the extent that such information is not available in the public domain. For details, please see "Risk Factors - Two of the relatives of our Promoters, Sunita Rana Agarwal and Pankaj Sondhi, who are deemed to be a part of our Promoter Group under the SEBI ICDR Regulations, have not provided their consent to be identified as members of our Promoter Group and have not provided any information in respect of themselves and their relevant entities as Promoter Group." on page 52.

### **DIVIDEND POLICY**

The declaration and payment of dividends on our Equity Shares, if any, will be recommended by our Board to the Shareholders for their approval in the Annual General Meeting, at their discretion, subject to compliance with the provisions of the Companies Act, including the rules made thereunder and other relevant regulations, if any, each as amended. Further the Board shall also have the absolute power to declare interim dividend in compliance with the Act. The dividend distribution policy of our Company was approved and adopted by our Board at its meeting on September 25, 2024.

The declaration and payment of dividend will depend on a number of internal and external factors. Some of Ihe internal factors on the basis of which our Company may declare dividend shall *inter alia* include financial commitments with respect to outstanding borrowings and interest thereon, financial requirement for business expansion and/or diversification, acquisition, etc., of new businesses, present and future capital expenditure plans of our Company including organic/ inorganic growth opportunities, our Company's liquidity position including its present and expected obligations and cost of borrowings. The external factors on the basis of which our Company may declare the dividend shall *inter alia* include the state of economy and capital markets requiring our Company to maintain liquidity, evaluation of whether there are any exceptional circumstances in the global market, regulatory changes including introduction of new or changes in existing tax or regulatory requirements (including dividend distribution tax) having significant impact on our Company's operations or finances.

There is no guarantee that any dividends will be declared or paid in the future. For details in relation to risks involved in this regard, see "Risk Factors – Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements" on page 69.

Our Company has not declared and paid any dividend in the six month period ended September 30, 2024 preceding the date of this Red Herring Prospectus and the Financial Years ended March 31, 2024, March 31, 2023 and March 31, 2022, and the period from October 1, 2024 until the date of this Red Herring Prospectus.

# INDEPENDENT AUDITOR'S EXAMINATION REPORT ON RESTATED CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors **Dr. Agarwal's Health Care Limited** 

Dear Sirs,

- 1. We have examined, as appropriate (refer paragraph 6 below), the attached Restated Consolidated Financial Information of Dr. Agarwal's Health Care Limited (the "Company" or the "Issuer") and its subsidiaries (the Company and its subsidiaries collectively referred to as the "Group") which includes Group's share of profit/loss in its associate, comprising the Restated Consolidated Statement of Assets and Liabilities as at September 30, 2024 and 2023 and as at March 31, 2024, 2023 and 2022, the Restated Consolidated Statements of Profit and Loss (including other comprehensive income), the Restated Consolidated Statements of Changes in Equity, the Restated Consolidated Statements of Cash Flows for the six month periods ended September 30, 2024 and 2023 and for the years ended March 31, 2024, 2023 and 2022, the Summary Statement of Material Accounting Policies, and other explanatory information (collectively, the "Restated Consolidated Financial Information"), as approved by the Board of Directors of the Company at their meeting held on January 14, 2025 for the purpose of inclusion in the Red Herring Prospectus ("RHP") and Prospectus (collectively, Offer Documents") prepared by the Company in connection with its proposed Initial Public Offer of equity shares ("IPO") prepared in terms of the requirements of:
  - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "Act");
  - b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
  - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note").
- 2. The Company's Board of Directors is responsible for the preparation of the Restated Consolidated Financial Information for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India (SEBI), Registrar of Companies (Tamil Nadu at Chennai) ("RoC"), BSE Limited and National Stock Exchange of India Limited (collectively, with BSE Limited, the "Stock Exchanges") in connection with the proposed IPO. The Restated Consolidated Financial Information have been prepared by the management of the Company on the basis of preparation stated in note 2 to the Restated Consolidated Financial Information. The respective Board of Directors of the companies included in the Group and of its associate are responsible for designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the respective restated financial information. The respective Board of Directors are also responsible for identifying and ensuring that the Group and its associate comply with the Act, ICDR Regulations and the Guidance Note.

- 3. We have examined such Restated Consolidated Financial Information taking into consideration:
  - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated August 21, 2024 in connection with the proposed IPO of equity shares of the Issuer;
  - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
  - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and
  - d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.
- 4. These Restated Consolidated Financial Information have been compiled by the management from:
  - a) the audited special purpose consolidated interim Ind AS financial statements of the Group and its associate as at and for the six month period ended September 30, 2024 (along with comparative financial information as at and for the six month period ended September 30, 2023) prepared in accordance with recognition and measurement principles of Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under section 133 of the Act and other accounting principles generally accepted in India ("Special Purpose Consolidated Interim Ind AS Financial Statements"), which have been approved by the Board of Directors at their meeting held on January 14, 2025.
  - b) the audited consolidated Ind AS financial statements of the Group and its associate as at and for the years ended March 31, 2024, 2023 and 2022 prepared in accordance with the Indian Accounting Standard ("Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on September 25, 2024, August 10, 2023 and August 12, 2022 respectively.
- 5. For the purpose of our examination, we have relied on:
  - a) Auditors' reports issued by us dated January 14, 2025 on the Special Purpose Consolidated Interim Ind AS Financial Statements as at and for the six month period ended September 30, 2024 as referred in Paragraph 4(a) above.
  - b) Auditors' reports issued by us dated September 25, 2024, August 10, 2023 and August 26, 2022 on the consolidated Ind AS financial statements of the Group as at and for the years ended March 31, 2024, 2023 and 2022 as referred in Paragraph 4 above.

- 6. As indicated in our audit report referred above:
  - a) we did not audit financial statements / consolidated financial statements of certain subsidiaries and an associate whose share of total assets, total revenues, and net cash inflows / (outflows) and share of profit in its associate included in the special purpose consolidated interim Ind AS financial statements / consolidated Ind AS financial statements, for the relevant period is tabulated below, which have been audited by other auditors, and whose report have been furnished to us by the Company's management and our opinion on the special purpose consolidated interim Ind AS financial statements / consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these components, is based solely on the report of the other auditors:

These other auditors of such subsidiaries, as mentioned above, have examined the restated financial information and have confirmed that the restated financial information:

- a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications in the six month period ended September 30, 2023 and financial years ended March 31, 2024, 2023 and 2022 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six month period ended September 30, 2024;
- b) do not require any adjustment for modification as there is no modification in the underlying audit report; and
- c) have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
- 7. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the examination reports submitted by the other auditors for the respective periods/years, we report that the Restated Consolidated Financial Information:
  - a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the six month period ended September 30, 2023 and in the financial years ended March 31, 2024, 2023, and 2022 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the six month period ended September 30, 2024;
  - b) do not require any adjustment for modification as there is no modification in the underlying audit report; and
  - c) have been prepared in accordance with the Act, ICDR Regulations and the Guidance
- 8. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
- 9. The Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the special purpose consolidated interim Ind AS financial statements / audited consolidated financial statements mentioned in paragraph 4 above.
- 10. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us, nor should this report be construed as a new opinion on any of the financial statements referred to herein.
- 11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.

12. Our report is intended solely for use of the Board of Directors for inclusion in the Offer Documents to be filed with SEBI, the Stock Exchanges and the RoC, in connection with the proposed IPO. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

#### Notes to the Restated Consolidated Financial Information

(All amounts are INR in millions unless otherwise stated)

#### 1 Corporate information

Dr. Aganwal's Health Care Limited (the Company) was incorporated on 19 April 2010. The company and its subsidiaries/associate detailed in Note 2(c) below are primarily engaged in running, owning and managing eye care hospitals, opticals, pharmacies, etc. and related services. The Company and its subsidiaries / associate are together referred to as "Group". As at 30 September 2024, the Group is operating in 209 locations in India and Africa.

#### 2 Statement of Compliance and Basis of Preparation

The Restated Consolidated Financial Information of the Group comprises of the Restated Consolidated Statement of Assets and Liabilities as at 30 September 2024, 30 September 2023, 31 March 2024, 1 March 2023 and 31 March 2022, the related Restated Consolidated Statements of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statement of Cash Flows, the Restated Consolidated Statement of Changes in Equity for the six months ended 30 September 2024, 30 September 2023 and for the years ended 31 March 2024, 31 March 2023 and 31 March 2022 and the Material Accounting Policies and explanatory notes (collectively, the 'Restated Consolidated Financial Information').

These Restated Financial Information has been prepared by the Management of the Group for the purpose of inclusion in the Red Herring Propsectus and Prospectus (Collectively, the "Offer documents" to be filed by the Company with the Securities and Exchange Board of India (SEBI") in connection with its proposed Initial Public Offer ("IPO") in terms of the requirements of:

- (i) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended ("the Act");
- (ii) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
- (iii) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (ICAI), as amended (the "Guidance Note")

These Restated Consolidated Financial Information have been compiled by the management of the Group from:

- (A) The audited special purpose consolidated interim financial statements of the Group as at and for the period ended 30 September 2024 (along with comparative financial information as at and for the period ended 30 September 2023), prepared in accordance with the recognition and measurement principles of Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under section 133 of the Act read with relevant rules issued thereunder, as amended and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meetings held on 14 January 2025.
- (B) Audited consolidated financial statements of the Group as at and for the years ended 31 March 2024, 31 March 2023 and 31 March 2022 which were prepared in accordance with the Indian Accounting Standard (referred to as "INDAS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as a mended, other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 25 September 2024, 10 August 2023, and 12 August 2022, respectively.

The accounting policies have been consistently applied by the Group in preparation of the Restated Consolidated Financial Information and are consistent with those adopted in the preparation of consolidated financial statements for the six month period ended 30 September 2024.

#### he Restated Financial information

a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the six month period ended 30 September 2023 and in the financial years ended 31 March 2024, 31 March 2023 and 31 March 2022 to reflect the same accounting treatment as per the accounting policy and grouping/classifications followed as at and for the six month period ended 30 September 2024

b) do not require any adjustment for modification as there is no modification in the underlying audit reports on the Consolidated Financial Statements.

These Restated Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of board meeting for adoption of the audited special purpose consolidated interim financial statements as at and for the six month period ended 30 September 2024 and audited Consolidated Financial Statements as at and for the years ended 31 March 2024, 31 March 2023 and 31 March 2029

These financial statements have been prepared on the historical cost basis, except for certain assets and liabilities (refer accounting policy regarding financial instruments and business combinations) and share based payments which have been measured at fair value as per Ind AS 102. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- · Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- · Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- · Level 3 inputs are unobservable inputs for the asset or liability.

#### **Principles of Consolidation**

#### A. Subsidiary

The Restated Consolidated Financial Information have been prepared on the following basis:

- (i) The Restated Consolidated Financial information incorporate the financial statements of the Group and entities controlled by the Group (its subsidiaries) up to 31 March each year. Control is achieved when the Group:
  - has the power over the investee;
  - $\bullet$  is exposed, or has rights, to variable returns from its involvement with the investee; and
  - has the ability to use its power to affects its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

(ii) Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when 'the Group loses control of the subsidiary. Specifically, the results of subsidiaries acquired or disposed of during the year are included in profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with the Group's accounting policies

Non-controlling interests in subsidiaries are identified separately from the Group's equity therein. Those interests of non-controlling shareholders that are present ownership interests entitling their holders to a proportionate share of net assets upon liquidation may initially be measured at fair value or at the noncontrolling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of the subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interests in subsidiaries that do not result in a loss of control are accounted for as equity transactions. The carrying amount of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Group.

When the Group loses control of a subsidiary, the gain or loss on disposal recognised in profit or loss is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), less liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as required/permitted by applicable Ind ASs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109 when applicable, or the cost of initial recognition of an investment in an associate or a joint venture.

#### B. Associate

The investment in the associate companies has been accounted under the equity method as per Ind AS 28 – 'Investments in Associates and Joint Ventures' notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognized as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognized directly in equity as capital reserve in the period in which the investment is acquired.

#### 3 Material accounting policies

#### Use of Estimates

The preparation of the financial information requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses during the reporting period. Examples of such estimates include provision for doubtful debts/advances, provision for employee benefits, useful lives of fixed assets, lease term, provision for contingencies etc. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively in the year in which the estimate is revised and/or in future years, as applicable.

#### Cash and Cash Equivalents (for the purpose of Statement of Cash Flows)

Cash comprises cash on hand, cheques and demand drafts on hand, balances with banks in current accounts / demand deposits. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank balances other than the balance included in cash and cash equivalents represents balance on account of margin money deposit with banks and balances in earmarked Escrow accounts.

#### 3.3 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

#### Functional and Presentation Currency

Items included in the financial information of the Group are measured using the currency of the primary economic environment in which the Group operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupees (INR), the national currency of India, which is the functional currency of the Group. All the financial information have been presented in Indian Rupees except for share data and as otherwise stated. The functional currencies of the subsidiaries are the currencies of the countries in which they are incorporated in.

#### 3.5 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

### Current versus non-current classification

The Group presents assets and liabilities in the restated consolidated statement of assets and liabilities based on current/non-current classification.

#### An asset is treated as current when it is:

- I. Expected to be realized or intended to be sold or consumed in normal operating cycle.
- II. Held primarily for the purpose of trading.
- III. Expected to be realized within twelve months after the reporting period, or
- IV. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

#### A liability is treated as current when:

- I. It is expected to be settled in normal operating cycle.
- II. It is held primarily for the purpose of trading
- III. It is due to be settled within twelve months after the reporting period, or
- IV. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

#### 3.6 Business Combinations

Business combinations in which control is acquired are accounted for using the acquisition method, other than those between entities subject to common control. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange of control of the acquiree. Acquisition related costs are generally recognised in Statement of Profit and Loss as incurred. Contingent consideration, if any, is measured at its acquisition date fair value. Subsequent changes to the fair values are recognised in the Statement of Profit and Loss unless such adjustments qualify as measurement period adjustments in which such it is adjusted to the cost of acquisition. The Group determines whether a transaction is part of the consideration exchanged for the business combination or whether it is separate taking into account factors such as the reasons for the transaction, who initiated the transaction and the timing of the transaction. In assessing such situations, the Group considers whether the transaction is primarily for the benefit of the Company post the business combination rather than for the benefit of the acquiree before the combination, in which case such transactions are treated separate from the business combination. Factors that the Group considers in making such assessment include continuing employment where it is substantive, duration, levels of other elements of remuneration, incremental payments to other shareholders, linkage of payment to valuation of the business, formula for additional payments etc., as may be applicable to each business combination.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognized as of that date. The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date. The measurement period is subject to a maximum of one year subsequent to the acquisition date.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that

- Deferred tax assets or liabilities related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 Income taxes and Ind AS 19 Employee benefits respectively.
- Liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 at the acquisition date (see below) and
- '- Intangible assets acquired in a business combination and recognized separately from goodwill are initially recognized at their fair value at the acquisition date. Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. Contracts acquired in a business combination are assessed for whether favorable or unfavorable relative to current market terms and if such favorable or unfavorable terms exist, the Group adjusts the effects of such terms in the measurement of the related assets or liabilities.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 are measured in accordance with that Standard.
- Favorable component of right of use assets and lease liabilities are recognized and measured in accordance with IND AS 116 Leases

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. Contingent liabilities acquired in a business combination are initially measured at fair value at the date of acquisition.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

#### 3.7 Property, Plant & Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment loss (if any). The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates and includes taxes, duties, freight, incidental expenses related to the acquisition and installation of the assets concerned and is net Goods and Services Tax (GST), wherever the credit is availed. Borrowing costs paid during the period of construction in respect of borrowed funds pertaining to construction / acquisition of qualifying property, plant and equipment is adjusted to the carrying cost of the underlying property, plant and equipment.

Any part or components of property, plant and equipment which are separately identifiable and expected to have a useful life which is different from that of the main assets are capitalized separately, based on the technical assessment of the Management.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each reporting date are disclosed as "Capital Advances" under Other Non Current Assets and cost of Property, Plant and Equipment not ready to use before such date are disclosed under "Capital Work- in- Progress".

#### Depreciation

Depreciable amount for assets is the cost of an asset less its estimated residual value

Depreciation on tangible property, plant and equipment has been provided on the straight line method (refer Note 6.1 for change in method of depreciation effective 1st April 2022) as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in cases of certain assets where the management's estimate of the useful life based on technical assessment is less than the life prescribed in Schedule II in which case depreciation is provided on the useful life as assessed by the management.

| Category               | Useful life     |
|------------------------|-----------------|
| Leasehold Improvements | Over lease term |
| Building               | upto 60 years   |
| Medical Equipments     | 1-15 years      |
| Office Equipments      | 1 - 5 years     |
| Vehicles               | 8-10 years      |
| Computers              | 1-6 years       |
| Electrical Fittings    | 1-10 years      |
| Furniture and Fixtures | 1-10 years      |
| Lab Equipments         | 1-10 years      |

Depreciation is accelerated on property, plant and equipment, based on their condition, usability etc., as per the technical estimates of the Management, where necessary.

Improvements to Leasehold premises is amortized over the remaining primary lease period

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

#### 3.8 Goodwil

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquire (if any) over the net of the acquired amounts of the identifiable assets acquired and the liabilities assumed.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. Cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

### 3.9 Intangible Assets

Intan dible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses (if any). The intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date of asset available to Group for its use. The useful life considered for the intangible assets are as under:

- (i) Computer Software 5 years
- (ii) Trademarks 10 15 years
- (iii) Customer Relationship 5 years
- (iv) Research & Development 3 years
- (v) Non-compete With effect from 1st April 2023, are amortized over the agreement term unless a shorter useful life is warranted as per the nature of the acquistion. Refer note 9 for changes in estimated useful lives effective 1st April 2023.

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

An Intangible asset is derecognized on disposal or when no future economic benefits are expected from use of disposal. Gains or losses arising from derecognition of an intangible asset measured as the difference between the net disposal proceeds and the carrying amount of the asset as recognized in profit or loss when the asset is derecognized.

### 3.10 Intangible Assets under Development

Product Development activities involve a plan or design for the production of new or substantially improved products and processes. Development expenditures are capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Group intends to and has sufficient resources to complete development and to use or sell the asset.

The expenditures to be capitalized include the cost of materials and other costs directly attributable to preparing the asset for its intended use. Other development expenditures are recognized in the statement of profit and loss as incurred.

### 3.11 Research and Development Expenditure

Expenditure on research activities are recognized as expense in the period in which it is incurred.

An internally generated intangible asset arising from development (or from development phase of an internal project) is recognized if, and only if, all the following have been demonstrated:

- a) the technical feasibility of completing the intangible assets so that it will be available for use or sale;
- b) the intention to complete the intangible asset and use or sell it;
- c) the ability to use or sell the intangible asset;
- d) how the intangible asset will generate probable future economic benefits;
- e) the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- f) the ability to reliably measure the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated asset can be recognized, development expenditure is recognized in the statement of profit and loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

### 3.12 Impairment of Tangible and Intangible Assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

The Group's policy for impairment of Goodwill is given in Note 3.8 above.

### 3.13 Inventories

Inventory of Traded Goods comprising Opticals, Contact Lenses and Accessories, Pharmaceutical Products, and Consumables are valued at lower of cost ascertained using the First-in-First-out method and net realizable value. Cost includes cost of purchase, freight, taxes, duties and other charges incurred for bringing the goods to the present location and condition and are net of GST credit, wherever credit has been availed.

Consumption of Surgical Lens including other consumables mainly comprises of IOL(intraocular lenses) and the respective cost is disclosed in Statement of Profit & Loss under "Consumption of Surgical Lens including other consumables".

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Due allowance is estimated and made for unusable/ non-saleable/ expired items of inventory wherever necessary, based on the past experience of the Group and such allowances are adjusted against the inventory carrying value.

### 3.14 Revenue Recognition

### (i) Revenue from Operations

Revenue is measured at the transaction price of the consideration received or receivable. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Sales and Service Income exclude Goods and Service Tax (GST) and are net of trade / volume discounts, where applicable.

Sale of products comprising Sale of Optical Frames and Lens, Contact Lens and related accessories, Pharmaceutical Products, and food items is recognised on delivery of items to the customers and when control on goods is passed on to the customers.

Sale of services comprising Income from Consultation, Surgeries, Treatments and Investigations performed are recognised when performance obligation is satisfied at a point in time, on rendering the related services.

Other Operating Income comprises medical support services provided by the Group and is recognised on rendering the related services.

### Material accounting policies (continued)

### 3.14 Revenue Recognition (continued)

### (ii) Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend Income is accounted for when right to receive it is established.

### 3.15 Foreign Currency Transactions

### Initial Recognition:

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

### Subsequent Recognition:

As at the reporting date, non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction

### Treatment of Exchange Differences:

All monetary assets and liabilities in foreign currency are restated at the end of accounting period at the closing exchange rate and exchange differences on restatement of all monetary items are recognized in the Statement of Profit and Loss.

### Consolidation of subsidiaries situated in foreign countries:

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their Statements of Profit and Loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognized in Other Comprehensive Income (OCI). On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in the Statement of Profit and Loss.

### 3.16 Employee Benefits

### Retirement benefit costs and termination benefits:

### (i) Defined Benefit Plans:

Employee defined benefit plans include gratuity.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Restated Consolidated Statement of Assets and Liabilities with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in the Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service

The retirement benefit obligation recognized in the Restated Consolidated Statement of Assets and Liabilities represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring

The Group makes contribution to a scheme administered by the insurer to discharge gratuity liabilities to the employees.

### (ii) Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

### (iii) Defined Contribution Plans

Employee defined contribution plans include provident fund and Employee state insurance.

### Provident Fund and Employee State Insurance:

All employees of the Group receive benefits from Provident Fund and Employee's State Insurance, which are defined contribution plans. Both, the employee and the Group make monthly contributions to the plan, each equaling to a specified percentage of employee's applicable emoluments. The Group has no further obligations under the plan beyond its monthly contributions. The Group contributes to the Employee Provident Fund and Employee's State Insurance scheme maintained by the Central Government of India and Provident Funds maintained by the Governments of the countries where the subsidiaires are incorporated and the contribution thereof is charged to the Statement of Profit and Loss in the year in which the services are rendered by the employees.

### 3.17 Borrowing Costs

Borrowing costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the Ioan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

### 3.18 Government Grants, Subsidies and Export Incentives

Government grants and subsidies are recognized when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants / subsidies will be received. Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognized as income over the life of a depreciable asset by way of a reduced depreciation charge.

Export benefits, if any, are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are accounted in Reserves and Surplus in Other Equity. Government grants in the form of non-monetary assets, given at a concessional rate, are recorded on the basis of their acquisition cost. In case the non-monetary asset is given free of cost, the grant is recorded at a nominal value.

Other government grants and subsidies are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

### 3.19 Segment Reporting

Operating segments reflect the Group's management structure and the way the financial information is regularly reviewed by the Group's Chief Operating Decision Maker (CODM). The CODM considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / (loss) amounts are evaluated regularly by the Executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue, where applicable, is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis are included under "unallocated revenue / expenses / assets / liabilities".

### 3.20 Leases

The Group's lease asset classes consists of leases for buildings and medical equipments. The Group, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability audited for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense over the lease term.

### 3.21 Earnings Per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earnings per share from continuing operations. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

### 3.22 Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax expense for the year is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income-tax Act, 1961 and with the provisions of the respective tax laws of the subsidiary.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial information and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all deductible temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

### 3.23 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the Group has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are determined based on the best estimate required to settle the obligation at the reporting date and measured using the present value of cash flows estimated to settle the present obligations (when the effect of time value of money is material). These are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for

- (i) Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

The Group does not recognize a contingent liability but discloses its existence in the Financial Information. Contingent assets are only disclosed when it is probable that the economic benefits will flow to the entity.

(All amounts are INR in millions unless otherwise stated)

### 3 Material accounting policies (continued)

### 3.24 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

### 3.25 Financial Instruments

### Initial Recognition

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value (except trade receivables with no significant financing component, which is measured at transaction cost). Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognized in the statement of profit and loss.

### 3.25.1 Financial Assets

### (a) Recognition and initial measurement

(i) The Group initially recognizes loans and advances, deposits and subordinated liabilities on the date on which they originate. All other financial instruments (including regular way purchases and sales of financial assets) are recognized on the trade date, which is the date on which the Group becomes a party to the contractual provisions of the instrument. A financial asset or liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

### (b) Classification of financial assets

On initial recognition, a financial asset is classified to be measured at amortized cost, fair value through other comprehensive income (FVTOCI) or FVTPL.

- A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated at FVTPL:
- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- For the impairment policy in financial assets measured at amortized cost, refer Note 3.25.1 (e)
- A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognized at FVTPL:
- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. All other financial assets are subsequently measured at fair value.

### (c) Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or where appropriate, a shorter period, to the gross carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other Income" line item.

### (d) Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortized cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortized cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases. The Group has not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

### (e) Impairment of financial assets

The Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

For trade receivables, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

### (f) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

### (g) Foreign exchange gains and losses

- The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss.
- · Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income
- For the purposes of recognizing foreign exchange gains or losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in the Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

### 3.25.2 Financial Liabilities and Equity Instruments

### (a) Classification as debt or equity:

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

### (b) Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. Repurchase of the Group's own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

### (c) Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking;
- A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:
- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis;

### (d) Financial liabilities subsequently measured at amortized cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

For financial liabilities that are denominated in a foreign currency and measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on amortized cost of the instruments and are recognized in the Statement of Profit and Loss

The fair value of the financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at FVTPL, the foreign exchange component forms part of the fair value gains or losses recognized in the Statement of profit and Loss.

The Group derecognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in the Statement of Profit and Loss

### 3.26 Goods & Serivce Tax Input Credit

Goods & Serivce Tax Input Credit is accounted for in the books during the period in which the underlying service received is accounted and where there is no uncertainty in availing/utilizing the same.

Exceptional items are items of income and expenses which are of such size, nature or incidence that their separate disclosure is relevant to explain the performance of the Group.

### 3.28 Share Based Payments:

The Group is covered under the employee stock option scheme of Dr. Agarwal's Health Care Limited, India (the holding company). Under the plan, the employees and doctors of the Group are granted shares and other stock awards of the holding company, in accordance with the terms and conditions as specified in the plan. The plan is assessed, managed and administered by the holding company, whose shares and share based benefits have been granted to the employees and doctors of the Group. The holding company currently operates the plan / scheme of employee stock option ("ESOP") and a Doctors' Incentive Plan ("DIP").

Equity settled share based payments to the employees of the Group are measured at the fair value of the equity instruments at the grant date.

Compensation expense for the Employee Stock Option Plan ("ESOP") is measured at the option value as on grant date and the cost of the option will be amortised on a systematic basis which reflects pattern of the vesting of the options over the period of Three & Four years. (Refer note 48.2)

### **Doctors' Incentive Plan:**

Cash settled share based payments to the doctors of the Group is remeasured at the value of units at the end of every reporting period. Compensation expense for the Doctors' Incentive Plan will be accounted at every reporting date till the date of exercise of the Doctors' Incentive Plan based on the information provided by the holding Group Refer note 48.3.

### Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of Financial Information in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the grouping disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying value of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial information are included in the following notes:

- (i) Useful lives of Property, plant and equipment (Refer Note 3.7)
- (ii) Useful lives of intangible assets (Refer Note 3.9)
- (iii) Assets and obligations relating to employee benefits (Refer Note 3.16) (iv) Valuation and measurement of income taxes and deferred taxes (Refer Note 3.22)
- (v) Provisions for disputed statutory and other matters (Refer Note 3.23)
- (vi) Valuation of Goodwill and intangible assets on business combinations (Refer Note 3.6)
- (vii) Impairment of Goodwill (Refer Note 3.8)
- (viii) Allowance for expected credit losses (Refer Note 3.25.1(e)) (ix) Fair value of Financial Assets and Liabilities (Refer Note 3.25.1 and 3.25.2)
- (x) Lease Term of Leases entered by the Group (Refer Note 3.20)

### Determination of functional currency:

Currency of the primary economic environment in which the Group operates ("the functional currency") is Indian Rupee (INR) in which the Group primarily generates and expends cash. Accordingly, the Management has assessed its functional currency to be Indian Rupee (INR).

The functional currencies of the subsidiaries are the currencies of the countries in which they are incorporated in.

### 5 Application of New and Revised Ind AS

All the Ind AS issued and notified by the Ministry of Corporate Affairs ('MCA') under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the Restated Consolidated Financial Information are authorised, have been considered in preparing these Restated Consolidated Financial Information.

MCA notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As of 30 September 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group that has not been applied.

- **6.1** During the year ended 31 March 2023, the Group changed its method of depreciation from its method of written down value (WDV) for certain categories of assets to straight line method (SLM) taking into account its reassessment of the expected pattern of economic benefits from those assets. Had the group continued its previous method of written down value for these assets, the depreciation expenses for the year ended 31 March 2023 would have been higher by INR 249.20 Millions.
- **6.2** There are no impairment losses recognised during each reporting period.
- **6.3** Refer note 25 for assets pledged for borrowings.
- 6.4 The Group has not revalued its property, plant and equipment as on each reporting period and therefore Schedule III disclosure with respect to fair value details is not applicable.
- 6.5 The title deeds of immovable properties (other than properties where the Group is a lessee and the lease arrangement are duly executed in the favour of the lessee) are held in the name of the Group.

Note: Hitherto, Until 01 April 2023, the Group used to amortize the Intangible Asset in the form of Non-Compete Agreement over a period of 5 years. From financial year 2023-24 onwards, taking into consideration the contractual term in the recent agreements and the experience from past acquisitions, the Group has reassessed the useful life of the asset, to change the same to be amortized over the agreed term of the contract unless the lower term is warranted based on the nature of the contract. Had the Group continued its previous estimated period of 5 years, the amortization expense for the year ended 31 March 2024 would have been higher by INR 202.01 Millions.

### 9.1 Particulars of business combinations accounted by the group

The group accounts for business combinations using the acquisition method of accounting. This method requires the application of fair values for both the consideration given and the assets and liabilities acquired. The calculation of fair values is often dependent on estimates and judgments including future cash flows discounted at an appropriate rate to reflect the risk inherent in the acquired assets and liabilities (refer to Note below - Acquisition of Businesses for details of business combinations).

During the current period, the Group had the below business combinations primarily comprising acquisition of "Eye Hospitals" on a going concern basis. These business combinations involved acquisition of the Eye Hospitals from the Doctors and did not involve share acquisitions in any other entities except in the case of Dr.Thind Eye Care Private Limited, details of which are disclosed in Note 63. As part of the acquisition, the Group acquired the assets, liabilities, employees etc. as determined pursuant to the acquisition agreements and also continuity of the acquiree Doctors who are also covered by a non-compete and have entered into a service contract to provided services to the Group. There are no non-controlling interests in the business combinations entered during the year. The details of the eligible/identifiable assets and liabilities have been furnished below. The resultant goodwill on such business combinations consists primarily of the synergies, increase in market share, workforce etc. The amount of such goodwill is not expected to be deductible for tax purposes. The contingent consideration arrangement requires the Group to pay the Acquiree's specified percentage of consideration if the acquired business meet the revenue targets for the periods mentioned in the agreements.

### 9.4 Impairment testing

Goodwill balances have been tested for impairment at every reporting period. As on 31st March 2024, 30 September 2023 and 31st March 2023, no provision was required to be recorded in accordance with the requirements of Ind AS 36.

During the year ended 31 March 2022, the Group has fully impaired the non-compete fee and customer relationship recognised in relation to the acquisition of Vinayak Nethralaya hospital located at Janjeerwala square (Hospital at Indore), which had a net carrying value of INR 37 Millions. Further, contingent consideration of INR 22.9 Millions accrued under acquisition liability towards this hospital was also written back as this liability is no longer payable. Subsequently, during the year ended 31 March 2024, the arbitration case that was initiated against the erstwhile owner was ruled in the Company's favor. Further, the Company was intimated about the appeal against the favorable order filed by the counter party.

Further, during the period ended 30 September 2024, the Group has impaired the Goodwill amounting to INR 5.25 million recognised in relation to the acquisition of Vinayak Nethralaya hospital located at Janjeerwala square (Hospital at Indore), which had a net carrying value of INR 92.99 Millions.

The key assumptions used by management in setting the cash flow projections/budgets for the five-year period were as follows:

### Forecast sales growth rates

Forecast sales growth rates are based on past experience adjusted for adjusting the market trends, loyalty/reputation of the doctor practitioners, geographical location and the strategic decisions made in respect of the cash-generating unit.

### Operating profits

Operating profits are forecast based on historical experience of operating margins, adjusted for the impact of cost saving due to synergies and initiatives and also revenue pricing changes.

### Cash conversion

Cash conversion is the ratio of operating cash flow to operating profit. Management forecasts cash conversion rates based on historical experience.

Cash flow projections during the budget period are based on the same expected gross margins and inventory price inflation throughout the budget period. The cash flows beyond five-year period have been extrapolated using a 3.5% (2023-24: 3%, 2022-23: 2%, 2021-22: 2%) per annum growth rate which is the projected long-term average growth rate. Discount rate of 16.79% to 17.97% (2023-24: 2022-23: 15.58% to 17.70%, 2021-22: 14.70% to 15.20%) determined using Capital Asset Pricing Model.

### Sensitivity analysis

The Group has conducted an analysis of the sensitivity of the impairment test to changes in the key assumptions used to determine the recoverable amount for each of the group of CGUs to which goodwill is allocated. The management believes that any reasonably possible change in the key assumptions on which the recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the related CGUs.

9.5 The Group has not revalued its intangible assets as on each reporting period and therefore Schedule III disclosure requirements with respect to fair value details is not applicable.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future. Accordingly, deferred income tax liabilities on undistributed cumulative earnings of subsidiaries as at 30 September 2024, 30 September 2023, 31 March 2024, 31 March 2023, and 31 March 2022 has not been recognized. Further, it is not practicable to estimate the amount of the unrecognized deferred tax liabilities for these undistributed earnings.

#### Note:

The services are rendered to various patients and there are no patients who represent more than 10% of the total revenue. However, the Hospital's also serves patients who are covered under insurance/health schemes run by insurance companies, corporates and the central/state government agencies, wherein the services rendered to the patient is on credit to be reimbursed by the said insurance Group, corporate or government agency.

#### 35.2 Trade receivables and contract balances

The Group classifies the right to consideration in exchange for deliverables as receivable.

A receivable is a right to consideration that is unconditional upon passage of time. Revenue is recognized as and when the related goods / services are delivered / performed to the customer.

Trade receivable are presented net of impairment in the Balance Sheet.

Contract liabilities include payments received in advance of performance under the contract, and are realized with the associated revenue recognized under the contract.

#### 35.3 Performance obligations and remaining performance obligations

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Group expects to recognise these amounts in revenue. Applying the practical expedient as given in IND AS - 115, the Group has not disclosed information about remaining performance obligations in contracts where the original contract duration is one year or less or where the entity has the right to consideration that corresponds directly with the value of entity's performance completed to date.

The Group operates a gratuity plan covering qualifying employees. The benefit payable is calculated as per the Payment of Gratuity Act, 1972/Worker's Rights Act 2019 (for Orbit Healthcare Services (Mauritius) Ltd) and the benefit vests upon completion of 12 months of continuous service (for Orbit Healthcare Services) (Mauritius) Ltd) and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Group makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India/PRGF (for Orbit Healthcare Services) (Mauritius) Ltd).

In respect of the plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at 30th September 2024, 30th September 2023, 31st March 2024, 31st March 2023, and 31st March 2022 by M/s Kapadia Actuaries and Consultants for the entire group (except for Orbit for which the valuation was done by M/s SWAN Actuaries and Consultants).

The present value of the defined benefit obligation, and the related current service cost and paid service cost, were measured using the projected unit cost credit method.

The plan assets comprise insurer managed funds. None of the assets carry a quoted market price in active market or represent the entity's own transferable financial instruments or property occupied by the entity.

#### (f) Actuarial assumptions

Investment Risk:
The present value of defined benefit plan liability is calculated using a discount rate which is determined by reference to the prevailing market yields of Indian government securities as at the reporting date for the estimated term of the obligations.

A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's Investments.

Longevity Risk:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk:
The present value of the defined benefit plan liability is calculated by reference to the future salaries. In particular, there is a risk for the group that any adverse salary growth can result in an increase in cost of providing these benefits to employees in future.

The principal assumptions used for the purpose of actuarial valuation were as follows :

- The discount rate is based on the prevailing market yields of Indian Government securities as at reporting date for the estimated term of the obligation.
   The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.
- 3. In order to protect the capital and optimize returns within acceptable risk parameters, the plan assets are maintained with an insurer managed fund (maintained by the Life Insurance Corporation ("LIC")) and is well diversed.

These sensitivities have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period which is the same as that applied in calculating the defined benefit obligation liability recognized in the restated consolidated statement of assets and liabilities.

There is no change in the methods and assumptions used in preparing the sensitivity analysis from the prior years.

#### (g) Asset-Liability Matching Strategies

The Group has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is quaranteed for a period of one year. The insurance company, as part of the policy rules, makes payment of all gratuity liability occurring during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Group is exposed to movement in interest rate.

#### (h) Effect of Plan on Entity's Future Cash Flows

a Funding Arrangements and Funding Policy

-The Group has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Group. Any deficit in the assets arising as a result of such valuation is funded by the Group.

#### b) The Group expects to make a contribution of INR 32.68 Millions during the next financial year.

c) The weighted average duration of the benefit obligation as at 30th September 2024 is 3.39/3.87 years, (as at 30th September 2023 is 3.41/3.87 years, as at 31st March 2024 is 3.37/3.84 years, as at 31st March 2024 is 3.37/3.84 years,

#### 46 Segment reporting

The Group is engaged in providing eye care and related services provided from its hospitals which are located in India and Africa. Based on the "management approach" as defined in Ind-AS 108 - Operating Segments, the Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by the overall business segment, i.e. Eye care related sales and services.

As the allocation of resources and profitability of the business is evaluated by the CODM on an overall basis, with evaluation into individual categories to understand the reasons for variations, no separate segments have been identified. Accordingly no additional disclosure has been made for the segmental revenue, segmental results and the segmental assets & liabilities.

#### 48.3 Doctors' Incentive Plan

The Doctors' Incentive Plan ("DIP") gives consultant doctors of the Group the opportunity to receive a cash bonus equal to the appreciation in the value of the units which shall, for each Unit, be the difference between Fair Market Value of the equity shares as at Payment Event Trigger (PET)\* of Dr. Agarwal's Health Care Limited (the Company) and INR 2548/- (excercise price) as stated under the Plan.

- \*PET is defined as either 1 of the 3 below:
- i. On the occurrence of an Initial Public Offer (IPO) by the Company
- ii. Entry of any new investor in the Company acquiring more than 30% shareholding or change of shareholding by more than 30% of the paid up capital in any manner.
- iii. Any other event that the Board may decide at its own discretion.

However, the payment timing shall not exceed 4 (four) years from the date of grant. If PET occurred only after 4 (four) years from the date of grant, then the 100% of the payment will be made at the end of the fourth year.

The management assessed that fair value of cash and cash equivalents, trade receivables, loans, borrowings, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in

a forced or liquidation sale.

#### The following methods and assumptions were used to estimate the fair value/amortized cost

- (i) Long-term fixed-rate receivables/borrowings are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual losses and creditworthiness of the receivables.
- (iii) The fair value of unquoted instruments, loans from banks and other financial liabilities, as well as other non-current financial liabilities are estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. In addition to being sensitive to a reasonably possible change in the forecast cash flows or discount rate, the fair value of the unquoted instruments is also sensitive to a reasonably possible change in the growth rates. The valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the tables below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.
- (iii) Fair values of the Group's interest-bearing borrowings and loans are determined by using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk as at 30 September 2024, 30 September 2023, 31 March 2024, 31 March 2023 & 31 March 2022 was assessed to be insignificant.

#### 50.3 Financial risk management framework

The Group's board of directors and the board of directors of the respective subsidiaries/associate have overall responsibility for the establishment and oversight of the Group's risk management framework. The Group manages financial risk relating to the operations through internal risk reports which analyze exposure by degree and magnitude of risk.

The Group's activities expose it to a variety of financial risks: liquidity risk, credit risk and market risk (including interest rate risk and other price risk). The Group's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Group's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Group's risk assessment and management policies and processes.

#### (a) Liquidity Risk Management :

Liquidity risk refers to the risk that the Group cannot meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Group's reputation. The Group maintains adequate reserves and banking facilities, and continuously monitors the forecast and actual cash flows by matching maturing profiles of financial assets and financial liabilities in accordance with the approved risk management policy of the Group periodically. The Group believes that the expected future cashflows from the acquisitions during the year, working capital (including banking limits not utilized) and its cash and cash equivalent are sufficient to meet its short and medium term requirements.

#### Liquidity and Interest Risk Tables:

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group may be required to pay. The interest bearing financial liabilities were high when compared to non interest bearing financial assets, which is primarily due to acquisition of hospitals during the year. This risk will be reduced with the operating cash inflows generated from the newly acquired hospitals and from the existing hospitals.

#### (b) Credit Risk:

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. None of the other financial instruments of the Group result in material concentration of credit risk. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

The carrying amount of the financial assets recorded in these financial statements, grossed up for any allowance for losses, represents the maximum exposures to credit risk.

- i. Trade receivables: The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and credit history, also has an influence on credit risk assessment.
- ii. Credit risk on current investments, and cash & cash equivalent is limited as the Group generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Investments primarily include investment in Mutual Funds.
- iii. Financial instruments and cash deposits: Credit risk from balances with banks and financial institutions is managed by the Group in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Parent's Board of Directors on an annual basis. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.
- iv. Financial guarantees have been provided as corporate guarantees to financial institutions and banks that have extended credit facilities to the Group's related party/subsidiary. In this regard, the Group does not foresee any significant credit risk exposure.

The Group has access to the following undrawn facilities as at the end of the each reporting period:

#### (c) Market Risk:

Market risk is the risk of loss of any future earnings, in realizable fair values or in future cash flows that may result from adverse changes in market rates and prices (such as interest rates and foreign currency exchange rates) or in the price of market risk sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short-term and long-term debt. The Group is exposed to market risk primarily related to foreign exchange rate risk and interest rate risk and the market value of its investments. Thus, the Group's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

The Company issued D2 Series CCPS which was classified as financial liability and accordingly measured at fair value through Profit and Loss. The amount of D2 Series CCPS as at September 30, 2024 INR Nil millions (September 30, 2023 is INR 0.61 millions, March 31, 2024 is INR 0.9 millions March 31, 2023 INR Nil millions). Accordingly, fair value fluctuations arising from market volatility is recognised in Restated Consolidated Statement of Profit and Loss. The Company invests in Mutual Fund schemes of leading fund houses. Such investments are susceptible to market price risk that arise mainly from changes in interest rate which may impact the return and value of such investments. However, given the relatively short tenure of underlying portfolio of the Mutual Fund schemes in which the Company has invested, such price risk is not significant. Fixed deposits are held with highly rated banks and have a short tenure and are not subject to interest rate volatility.

#### (c.1) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates.

The Group's management monitors the interest fluctuations, if any, and accordingly, take necessary steps to mitigate any interest rate risk.

#### Interest Rate sensitivity analysis:

A change (decrease/increase) of 100 basis points in interest rates at the reporting date would increase/(decrease) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

#### (c.2 Foreign Currency Risk Management :

The Group undertakes transactions denominated in foreign currencies and consequently, exposures to exchange rate fluctuations arises. The Group has not entered into any derivative contracts for the period ended 30th September 2024, 30th September 2023 and during the year ended 31st March 2024, 31 March 2023, & 31 March 2022 and there are no outstanding contracts as at 30 September 2024, 30 September 2023, 31 March 2024, 31 March 2023 & 31 March 2022

There are no carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities as at 30 September 2024, 30 September 2023, 31 March 2023 & 31 March 2022. Hence, there is no impact of Foreign currency sensitivity on Profit and loss for the reporting period and total equity as at the end of the reporting period.

#### 50.4 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The Management considers that the carrying amount of financial assets and financial liabilities recognized in the financial statements approximate their fair values.

#### 50.5 Offsetting of financial assets and financial liabilities

The Group has not offset financial assets and financial liabilities.

#### 50.6 Fair value measurement:

The Group measures financial instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The principle or the most advantageous market must be accessible by the group. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

\* The details of the eligible/identifiable assets and liabilities have been furnished above. The resultant goodwill on such business combinations consists primarily of the synergies, increase in market share, workforce etc. The amount of such goodwill is not expected to be deductible for tax purposes.

The Group has issued a written put option to non-controlling interest of 49% in respect of the above acquisition in accordance with the terms of the agreement and such put option is exercisable at a future date based on terms and conditions as specified in the agreement. Should the option be exercised, the Group has to settle such liability by payment of cash or other financial asset. The Group also has a call option to the non-controlling interest in respect of the above acquisition which is exercisable anytime from the date of the acquisition in accordance with the terms of the agreement pursuant to which the entire stake of non controlling interest can be acquired by the Group upon exercise.

The amount that may become payable under the put option to acquire the stake held by the non controlling interest upon exercise in a case where the option does not grant present ownership interest to the Group is recognized as a financial liability at the fair value with a corresponding adjustment to shareholder equity on initial recognition. In the absence of any mandatorily applicable current accounting guidance, the Company has elected an accounting policy to recognize changes on subsequent measurement of the liability in shareholders' equity. At the end of each reporting period, the non-controlling interest subject to the put option is derecognized with a corresponding effect to Shareholder Equity. The call option in a case where the option do not grant present ownership interest to the group and is not equity in nature, is accounted as a financial asset recognized at fair value through profit and loss. Considering the terms of the call and put options that the Group has entered into, the fair value of the liability for the remaining stake of 49% carried as a liability as at 30 September 2024 is Rs. 3,293.29 million and the fair value of the call option asset as at 30 September 2024 is Rs. 450 million.

As at the reporting date, the Group has accounted for the above business combination on a provisional basis, in accordance with Ind AS 103. Adjustments to such provisional amounts during the measurement period as per Ind AS 103, will be given effect to on finalization of the purchase price allocation exercise.

<sup>\*</sup> Not Annualised for the six month period ended September 2024 and September 2023 Notes:

The ratios have been computed as under:

- (1) Basic and diluted earnings per share: Basic and diluted earnings per equity share are computed in accordance with Indian Accounting Standard 33 notified under the Companies (Indian Accounting Standards) Rules of 2015 (as amended). Basic and diluted earnings per equity share is computed by dividing the restated profit for the period/year attributable to the owners of our Company by the weighted average number of shares outstanding during the period/year.
- (2) Return on Net Worth (%) is calculated as restated profit for the year attributable to the owners of our Company divided by the Net Worth at the end of the respective period/year. Net worth means aggregate value of the paid-up equity share capital, instruments in the nature of equity, and other equity excluding legal reserve, capital redemption reserve and other amalgamation reserves.
- (3) Net asset value per Equity Share (₹) is net worth at the end of the period / year divided by weighted average number of equity shares outstanding considered for the purpose of computing Basic EPS at the end of the period / year.
- (4) Earnings before interest, taxes, depreciation and amortisation, or EBITDA, is a non-GAAP measure which represents restated profit for the period/year, before tax expenses, finance costs and depreciation and amortisation expenses.
- (5) Accounting ratios are derived from the Restated Consolidated Financial Information.

For risks in relation to the financial and other covenants required to be complied with in relation to our borrowings, see "Risk Factors – Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business, results of operations, financial condition, and cash flows." on page 50.

# MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion of our financial condition and results of operations in conjunction with our Restated Consolidated Financial Information included in this Red Herring Prospectus as of and for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, including the related notes, schedules and annexures on page 304. Our Restated Consolidated Financial Information has been prepared in accordance with Ind AS, Section 26 of the Companies Act, the SEBI ICDR Regulations and the Guidance Note. Ind AS differs in certain material respects from IFRS and U.S. GAAP. See "Risk Factors – External Risk Factors – Risks related to India – Significant differences exist between Ind AS used to prepare our financial information and other accounting principles, such as IFRS and U.S. GAAP, with which investors may be more familiar" on page 73.

This discussion contains certain forward-looking statements that involve risks and uncertainties and reflect our current view with respect to future events and financial performance, many of which are beyond our control, which may cause the actual results to be different from those expressed or implied by the forward-looking statements. See "Forward-Looking Statements" and "Risk Factors" on pages 31 and 33, respectively.

We have included certain non-GAAP financial measures and other performance indicators relating to our financial performance and business in this Red Herring Prospectus, each of which is a supplemental measure of our performance and liquidity and not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or U.S. GAAP. Furthermore, such measures and indicators are not defined under Ind AS, Indian GAAP, IFRS, U.S. GAAP or other accounting standards, and therefore should not be viewed as substitutes for performance, liquidity, or profitability measures under such accounting standards. In addition, such measures, and indicators are not standardized terms and a direct comparison of these measures and indicators between companies may not be possible. Other companies may calculate these measures and indicators differently from us, limiting their usefulness as a comparative measure. Although such measures and indicators are not a measure of performance calculated in accordance with applicable accounting standards, our management believes that they are useful to an investor in evaluating our operating performance.

Unless otherwise indicated or the context otherwise requires, in this section, references to "we", "us" and "our" are to our Company and our Subsidiaries on a consolidated basis and references to "the Company" or specifically to "our Company" are to Dr. Agarwal's Health Care Limited on a standalone basis.

#### Overview

We provide a comprehensive range of eye care services, including cataract, refractive and other surgeries; consultations, diagnoses and non-surgical treatments; and sell opticals, contact lenses and accessories, and eye care related pharmaceutical products. According to the CRISIL MI&A Report, we had a market share of approximately 25% of the total eye care service chain market in India during the Financial Year 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201). With long-standing operational history, we endeavour to address all the needs of our patients in their eye treatment journey through a network, which as of September 30, 2024, comprised 209 Facilities. According to the CRISIL MI&A Report, among our compared listed and unlisted peers, we had the highest number of eye care service facilities in India, as of September 30, 2024 (see "Industry Overview – Assessment of competitive environment of key players in India – Key Observations" on page 201). 737 doctors served our patients across our Facilities as of September 30, 2024, and during the Financial Year 2024, we served 2.13 million patients and performed 220,523 surgeries. We served 1.15 million patients and performed 140,787 surgeries during the six months ended September 30, 2024.

#### Our offerings cover:

- Services, which comprise the following:
  - Surgeries:
    - \* Cataract surgeries: We offer cataract surgical treatments at our Facilities, such as small incision cataract surgery, phacoemulsification, robotic cataract surgery and glued intraocular lens treatments;
    - \* Refractive surgeries: Our refractive surgeries include surgical procedures to correct the refractive error of the eye to get rid of or reduce dependence on glasses and contact lens. Primary refractive treatments include LASIK surgeries, SMILE treatments, implantable collamer lens treatment and photo-refractive keratectomy;
    - Other surgeries: We also offer a range of other surgical treatments for eye ailments, such as surgical retinal treatments, corneal transplantation and pinhole pupilloplasty, oculoplasty and surgeries for the treatment of glaucoma and pterygium;
  - Consultations, diagnoses and non-surgical treatments: We also offer doctor consultation services, diagnostic services for eye disorders along with non-surgical treatments, including retinal laser therapy and dry eye treatment; and
- *Products*, which comprise the following:
  - Sale of opticals, contact lens and accessories: We offer a wide range of glasses, lenses, contact lenses and frames at our Facilities; and
  - Sale of eye care-related pharmaceutical products: We sell certain eye care-related pharmaceutical products at our Facilities, as prescribed by our doctors.

We categorize our Facilities as Primary Facilities (which are non-surgical eye care facilities); Secondary Facilities (which are surgical Facilities); and Tertiary Facilities (which are super-specialty surgical Facilities and include three COEs), depending upon the nature of services provided. Our business operations are structured as a "hub and spoke" model, which enables us to build a scalable and accessible platform for the continued growth of our business. As of September 30, 2024, our network in India includes 28 "hubs" (which are Tertiary Facilities, including three COEs) and 165 "spokes" (comprising 53 Primary Facilities and 112 Secondary Facilities). Our Primary Facilities provide initial eye care diagnosis and clinical investigation services. The Secondary Facilities at our spokes provide select services including cataract surgeries and clinical investigations while our Tertiary Facilities have super-specialty surgical capabilities including retinal, corneal, and refractive surgeries. Our COEs, in addition to being Tertiary Facilities, also offer academic programs in ophthalmology and provide continuous training for our doctors, optometrists, and counsellors, among others. Our integrated hub and spoke model enables deeper geographic penetration, allowing greater accessibility to patients while driving efficiency of critical resources across the network.

According to the CRISIL MI&A Report, the Indian eye care industry is projected to grow at a CAGR of 12% to 14% from Financial Year 2024 to Financial Year 2028. The size of the Indian eye care services industry was approximately ₹378 billion in Financial Year 2024, and is projected to grow to ₹550 − 650 billion by the Financial Year 2028. Further, according to the International Agency for Prevention of Blindness, India had the highest number of citizens with vision loss in the world as of 2020, with 275 million individuals with vision loss. The share of eye care service chains in India is about 13% to 15% of the total eye market in the Financial Year 2024, and was estimated to be 12% to 14% in the Financial Year 2023, signifying the headroom for growth for the organized eye care service chain market in India (see "Industry Overview – Structure of the eye care industry in India" on page 171). Given the growth potential and availability of substantial opportunities, India is our core market with 193 Facilities across 117 metro and non-metro cities spanning 14 states and four union territories as of September 30, 2024.

In addition to our operations in India, we commenced our international operations in 2012 and as of September 30, 2024, operate 16 Facilities across nine countries in Africa, where we provide a range of eye care services, including treatments for cataract, glaucoma, diabetic retinopathy, retinal detachment, and dry eye, along with refractive surgeries, and paediatric and neuro ophthalmological treatments.

Led by our Chairman, Dr. Amar Agarwal, who has more than 35 years of clinical experience in the eye care services industry and has received several awards recognizing his contribution to ophthalmology, we have an experienced management team with extensive industry experience. Our marquee institutional shareholders include Temasek Holdings (Private) Limited (through its indirect wholly owned subsidiaries, Arvon Investments Pte. Ltd. and Claymore Investments (Mauritius) Pte. Ltd.) and TPG (through Hyperion Investments Pte. Ltd.). Further, we have a clinical board comprising qualified doctors supported by clinical committees to ensure standardisation of clinical protocols, products, and processes across our Facilities and is a critical operating factor for us. Our operational standards enable us to deliver successful clinical outcomes for the large volume of patients across our network.

#### **Significant Factors Affecting our Results of Operations**

## Our services and product offerings and our patient footfall

Our revenue from operations primarily comprises sale of services (i.e., surgeries, consultations, treatments and investigations, and annual maintenance contracts) and sale of products (i.e., sale of opticals, contact lens and accessories, pharmaceutical products, and advanced vision analyzer – AVA and trial lens). Our revenue mix from the services and products that we provide is a significant factor that affects our results of operations.

Income from surgeries constitutes a significant portion of our revenue from operations, and we are focused on our clinical excellence and increasing the number of surgeries we offer at our Facilities, both in terms of the number of surgeries performed as well as the varieties of surgeries we offer. With a strong surgical focus, we offer surgeries for multiple eye ailments, including cataract, corneal, vitreo-retinal, and refractive, among other surgeries, such as glaucoma treatments, squint treatments, and oculoplasty surgeries, among others. Some of our key surgical capabilities include glued intraocular lens procedures, cornea transplantation, pinhole pupilloplasty, single pass four-throw pupilloplasty and LASIK surgeries. Several of our Facilities have embedded pharmacies and optical product counters, which enable us to cross-sell products to patients. Sale of eyecare related pharmaceutical products covers the sale of ophthalmic, clinical, nutraceutical and therapeutic products prescribed by our doctors. Further, we offer a wide range of glasses, lenses, contact lenses and frames. For details, please see "Our Business" on page 400.

The tables below sets forth a breakdown of our revenue from operations, along with our patient volumes and number of surgeries performed for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

Further, our revenues are correlated with the number of patients we serve at our Facilities. Patient volumes at our Facilities are driven by, among other things, our brand reputation, the clinical reputation of our doctors, our ability to provide complex healthcare procedures, our quality standards, our ability to attract and retain clinical talent, our network of Facilities across regions, the location of our individual Facilities, the competence of our paramedical staff, the competitive cost of treatment, the variety of services offered, the economic and social conditions of local communities, the degree of competition from other eyecare service providers and insurance and third-party relationships.

## Our asset-light "hub-and-spoke" operating model

Our network operates on a "hub and spoke" model which supports high patient volumes and yields economies of scale, allowing greater accessibility and choice to patients while driving efficiency of crucial doctor resources across the network. We lease all (except one) of our Facilities, which allows us to scale our operations with minimal upfront investment. Through this hub and spoke and asset light approach, we were able to grow to 193 Facilities in India as of September 30, 2024 from 165 Facilities as of March 31, 2024 and 91 Facilities as of March 31, 2022. As of September 30, 2024, our network in India includes 28 "hubs" (which are Tertiary Facilities, including three centres of excellence) and 165 "spokes" (comprising 53 Primary Facilities and 112 Secondary Facilities). Our "asset-light" approach to expansion optimizes our upfront capital expenditure while increasing our network of Facilities.

Our "hub and spoke" model, wherein patients walk-in to a "spoke" (i.e., our Primary Facilities or Secondary Facilities) nearest to them and are able to eventually move or be referred from our Primary Facilities to our Secondary Facilities or to one of our "hubs" (i.e., Tertiary Facilities) as required, provides greater sharing of crucial doctor resources, and helps us build a scalable platform for the continued growth of our business. Our Primary Facility network is technology enabled wherein patients have local access to basic eye care diagnosis and investigation services, along with teleconsultation with doctors at the nearest hub. Doctors can refer patients to our other Facilities, where they are then able to follow up for comprehensive eye care services, surgical procedures or other medical treatments, as required. Our Secondary Facilities provide select services including cataract surgeries and clinical investigations, in addition to also offering the services available at our Primary Facilities, while our Tertiary Facilities have comprehensive surgical capabilities including surgeries such as retinal, corneal, and refractive surgeries. This integrated model has strengthened our market position by helping us service a large community by enabling a steady flow of patients as well as sharing of crucial doctor and medical resources across our network. We have witnessed a significant growth in our revenue from operations, in part due to our ability to effectively refer patients from our Primary Facilities to our Secondary Facilities or Tertiary Facilities which offer surgical treatments, which are a significant driver of our revenue from operations.

## Expansion of our Facility network in India

We have significantly expanded our geographical presence in the past through the addition of Facilities across India through organic and inorganic expansion. Through this expansion, we have been able to improve our revenue from operations by offering our eyecare services to patients in regions where we did not previously have a presence and who may not have previously had access to quality eyecare, as well as increasing our patient reach in existing regions. According to the International Agency for Prevention of Blindness, India had the highest number of citizens with vision loss in the world as of 2020, with 275 million individuals with vision loss. According to the CRISIL MI&A Report, the share of eye care service chains in India is about 13% to 15% of the total eye market in the Financial Year 2024, and was estimated to be 12% to 14% in the Financial Year 2023, signifying the headroom for growth for the organized eye care service chain market in India (see "Industry Overview – Structure of the eye care industry in India – Segmentation of the eye care industry" on page 172).

We intend to continue to explore expansion opportunities in India by setting up new Facilities to expand our geographic footprint and deepen patient reach. We also intend to expand through inorganic acquisitions and have an established expansion track record supported by our capital efficient hub and spoke model. The table below sets out details of the number of Facilities we have set up or acquired in the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022:

Our key criteria for selecting a new micro-market or region (which we refer to as a "cluster") includes market size and growth potential, competitor dynamics, infrastructure viability and potential of scaling up the business to provide a differentiated experience to our patients in these regions. We plan to continue to scale our presence across target micro-markets in India. We have a strong presence in many of our existing clusters (such as Chennai, Hyderabad, and Bengaluru), wherein we have been present for more than 10 years. We intend to deepen our geographic footprint in such clusters, primarily through our organic expansion led strategy. We have cluster specific teams that continuously monitor the micro market across factors including disease incidence, competitor analysis, infrastructure and location viability, doctor and talent availability and substantial patient pool with unmet eyecare needs. Through these initiatives, we are able to grow our presence and revenues in our existing geographies through inorganic acquisitions or by setting up Facilities in strategic locations. Our in-house real estate and project execution teams identify locations and enable us to complete our infrastructural investments in a timely manner.

We expect that a wider geographic presence will help expand our patient base as well as improve our profitability by allowing us to better leverage our infrastructure through our hub and spoke model. We will also continue to identify and relocate select Mature Facilities, which cater to a high volume of patients, and we expect footfalls to increase further, to nearby locations. With larger space and better infrastructure, we plan to accommodate these high volumes and efficiently cater to the increase in demand.

#### Inorganic growth through scaling our acquisitions

In addition to the organic growth of our business, we have also increased the reach of our business through inorganic acquisitions. We have undertaken several acquisitions over the years, which illustrate our strength in the identification and implementation of suitable inorganic growth opportunities, and our ability to integrate acquired businesses into our network under a common brand with standardized clinical and operating protocols. For instance, in the state of Maharashtra we acquired our first Facility in Pune in April 2017 and later entered the Mumbai Metropolitan Region in December 2019 by acquiring a Facility in Navi Mumbai. We continued to expand our network in Maharashtra, and as a result, as of September 30, 2024, we operate 26 Facilities across Maharashtra, of which 23 Facilities were acquired by us and three Facilities were set up as a part of our greenfield expansion strategy, leveraging our initial acquisitions. As part of our growth strategy, we may seek to undertake additional acquisitions on an opportunistic basis. For details, see "Our Business – Our Strategies" on page 225.

The acquisitions undertaken by us in the past have had a significant effect on our revenue from operations. Acquisitions, strategic investments, partnerships and alliances also enable us to improve the quality of our personnel, operations and technology through the Facilities that we acquire. For instance, acquisition of established clinical establishments, hospitals and eye clinics helps in acquiring suitable medical talent, including qualified doctors. Acquisition of additional Facilities also enables us to expand our geographical presence and offer surgeries and other treatments to a wider patient base, which contributes to our results of operations.

## Expenses relating to our doctors and employees

Our ability to recruit and retain highly skilled doctors, along with our focus on clinical excellence, has been fundamental to the success of our business. We follow a doctor engagement model wherein a majority of our doctors work exclusively at our Facilities on a full-time basis. Through this, we are able to provide consistent and quality eyecare services to our patients. Our expenses have historically been significantly affected by expenses relating to our doctors, comprising consultancy charges for doctors, and other employees. Details of our consultancy charges for doctors and employee benefits expense, in rupee terms and as percentages of our revenue from operations, for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, are set out below:

The increase in employee benefits expense have been driven by increases in the number of Facilities, the average salary of our employees and increases in the number of employees at existing Facilities. The increase in consultancy charges for doctors were primarily driven by the increase in the consultancy fees of doctors and the grant of incentives under our erstwhile doctors' incentive plan to our doctors. The consultancy fees that we pay to doctors have fixed and variable components, with the variable pay being dependent on the volume of business and revenue generated at the relevant Facilities. The fixed component of our overall consultancy charges for doctors has reduced over time, as a function of the growth in our Facility revenues. The variable component of our doctors' compensation also depends on the nature of the Facility at which they are engaged (i.e., whether it is an acquired Facility or a greenfield one), the location of the Facility, and the experience and profile of the relevant doctor.

Our performance and the execution of our business strategies depend substantially on our ability to attract, recruit and retain medical professionals in general ophthalmology, and specialties such as glaucoma treatments, cornea and refractive treatments, medical/surgical retina treatments, oculoplastic, and squint and pediatric ophthalmology. We compete with other healthcare service providers in recruiting and retaining medical professionals. Factors that may be of significance to medical professionals may include professional fees, incentives, reputation of the healthcare establishment, quality of the Facilities, complexity of surgeries, academic and research opportunities, and sufficiency of the number of patients.

## Expenses relating to surgical lens, other medical consumables, stock-in-trade and cost of materials consumed

Expenses relating to consumption of surgical lens and other consumables and purchases of stock-in-trade constitute a significant portion of our expenses. We also incur expenses in relation to the cost of materials consumed, as well as changes in our inventories of finished goods, stock-in-trade and work-in-progress. The above expenses comprise expenses in relation to the procurement of intraocular lens, opticals, contact lens and accessories, pharmaceutical products, purchases of raw materials and components and clinical items and equipment held for trading; and expenses associated with the use of surgical lens and other medical consumables. Details of such expenses (collectively, our "materials cost"), in rupee terms and as percentages of our revenue from operations, for the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, are set out below:

The prices of the above medical consumables and pharmaceutical products are driven by various factors, including but not limited to market demand, competition among suppliers and pricing policies of the government (which specify caps on the price of consumables and pharmacy items). We have a centralized procurement team to procure clinical and non-clinical items for our operations across India and Africa. Our clinical supplies include IOL, consumables, biomedical equipment, pharmacy items and optical products while we typically require non-clinical supplies such as vehicles, office equipment and stationery.

When evaluating the requirement to source any supplies, our procurement and drugs, medical devices and application departments generally evaluate products based on functionality, quality safety standards and price. Distributors are selected or products are onboarded with existing distributors in mutual agreement with the supplies manufacturer. We have a decentralized distribution network, with product requisitions being raised by individual Facilities through our internal information technology systems. Requisitions are then approved by the procurement team based on an analysis of the Facility's existing inventory and historical supplies consumption. Purchase orders are then issued to authorized suppliers and delivery is completed at the relevant Facility. Our operations outside India receive supplies for their operations through local purchases and imports, including from India. Through these measures, we are able to manage our inventory requirements and our expenses relating to the consumption of surgical lens, including other consumables and our purchases of stock-in-trade.

#### Our international operations

We commenced our international operations in 2012 and as of September 30, 2024, operate 16 Facilities across nine countries in Africa, wherein we provide a range of eye care services, including treatments for glaucoma, cataract, diabetic retinopathy, retinal detachment, and dry eye, along with refractive surgeries, and corneal, paediatric and neuro ophthalmological treatments. The following table sets forth a breakdown of our revenue from operations from within and outside India, in absolute terms and as a percentage of total revenue from operations during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022, respectively:

Our international operations contribute to our overall revenue from operations and enable us to enhance our brand reputation in international markets and offer our services to a wider patient base. We are also able to benefit from our experience operating in such markets and improve our offerings in the domestic market. For instance, we are able to refer patients from our Facilities outside India to our hub Facilities in India for more complex and higher-margin surgeries, which are not available at our Facilities outside India. Also see "Risk Factors – Internal Risk Factors – Our international operations expose us to complex management, legal, tax, political and economic risks, and our failure to address such risks could adversely affect our business, results of operations, financial condition and cash flows" on page 40.

# Government regulations and policies

The healthcare industry is subject to laws, rules and regulations in the regions where we conduct our business or in which we intend to expand our operations. We are required to obtain a number of approvals from governmental and regulatory authorities such as in relation to the operation of our Facilities, procurement and operation of medical equipment, storage and sale of drugs. Healthcare organizations which are empaneled under central and state government schemes are also required to be inspected by the Quality Council of India.

Moreover, health and safety laws and regulations in India have become increasingly stringent over time, and it is possible that they will continue to become more stringent in the future. See "Key Regulations and Policies" on page 243. Regulations related to price control on specified services may also adversely affect our operations. The Supreme Court of India is presently hearing a petition to direct the Government of India to implement standardized pricing for surgical consumables, procedures and treatments across private hospitals. If implemented, such regulations could restrict our ability to achieve favorable pricing and

revenue. The possibility of future regulatory interventions by the Government is an existing challenge for healthcare service providers in India. Any failure or non-compliance to adequately monitor compliance may subject us to penalties, fines, or suspension of any of our Facilities' licenses. Also see "Risk Factors – Internal Risk Factors – We operate in a regulated industry, and our failure to comply with applicable safety, health, environmental, labor and other regulations, or to obtain or renew approvals, may adversely affect our business, reputation, financial condition, results of operations and cash flows" on page 46.

# **Material Accounting Policies**

The notes to our Restated Consolidated Financial Information included in this Red Herring Prospectus contain a summary of our material accounting policies. Set forth below is a summary of our most significant accounting policies under Ind AS.

#### Use of Estimates

The preparation of the Restated Consolidated Financial Information requires our management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the Restated Consolidated Financial Information and the reported income and expenses during the reporting period. Examples of such estimates include provision for doubtful debts/advances, provision for employee benefits, useful lives of fixed assets, lease term, provision for contingencies etc. Our management believes that the estimates used in the preparation of the Restated Consolidated Financial Information are prudent and reasonable. Future results may vary from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively in the year in which the estimate is revised and/or in future years, as applicable.

#### Cash and Cash Equivalents (for the purpose of Statement of Cash Flows)

Cash comprises cash on hand, cheques and demand drafts on hand, balances with banks in current accounts / demand deposits. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Bank balances other than the balance included in cash and cash equivalents represents balance on account of margin money deposit with banks and balances in earmarked escrow accounts.

#### Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from our operating, investing and financing activities are segregated based on the available information.

## Functional and Presentation Currency

Items included in the Restated Consolidated Financial Information are measured using the currency of the primary economic environment in which we operate (i.e. the "functional currency"). The Restated Consolidated Financial Information are presented in Indian Rupees (INR), the national currency of India, which is our functional currency. All the financial information have been presented in Indian Rupees in million except for share data and as otherwise stated. The functional currencies of the Subsidiaries are the currencies of the countries which they are incorporated in.

## **Operating Cycle**

Based on the nature of our products / activities and the normal time between acquisition of assets and their realization in cash or cash equivalents, we have determined our operating cycle as 12 months for the purpose of classification of our assets and liabilities as current and non-current.

## Current versus non-current classification

We present assets and liabilities in the restated consolidated statement of assets and liabilities based on current/ non-current classification.

An asset is treated as current when it is:

- (i) Expected to be realized or intended to be sold or consumed in normal operating cycle.
- (ii) Held primarily for the purpose of trading.
- (iii) Expected to be realized within twelve months after the reporting period, or

(iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current when:

- (i) It is expected to be settled in normal operating cycle.
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. Advance tax paid is classified as non-current assets.

#### **Business Combinations**

Business combinations in which control is acquired are accounted for using the acquisition method, other than those between entities subject to common control. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition date fair values of the assets transferred by us, liabilities incurred by us to the former owners of the acquiree and the equity interests issued by us in exchange of control of the acquiree. Acquisition related costs are generally recognised in Statement of Profit and Loss as incurred. Contingent consideration, if any, is measured at its acquisition date fair value. Subsequent changes to the fair values are recognised in the Statement of Profit and Loss unless such adjustments qualify as measurement period adjustments in which such it is adjusted to the cost of acquisition. We determine whether a transaction is part of the consideration exchanged for the business combination or whether it is separate taking into account factors such as the reasons for the transaction, who initiated the transaction and the timing of the transaction. In assessing such situations, we consider whether the transaction is primarily for our benefit post the business combination rather than for the benefit of the acquiree before the combination, in which case such transactions are treated separate from the business combination. Factors that we consider in making such assessment include continuing employment where it is substantive, duration, levels of other elements of remuneration, incremental payments to other shareholders, linkage of payment to valuation of the business, formula for additional payments etc., as may be applicable to each business combination.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, we report provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognized as of that date. The measurement period is the period from the date of acquisition to the date we obtain complete information about facts and circumstances that existed as of the acquisition date. The measurement period is subject to a maximum of one year subsequent to the acquisition date.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- Deferred tax assets or liabilities related to employee benefits arrangements are recognised and measured in accordance with Ind AS 12 Income taxes and Ind AS 19 Employee benefits respectively;
- Liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements we entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 at the acquisition date (see below);
- Intangible assets acquired in a business combination and recognized separately from goodwill are initially recognized at their fair value at the acquisition date. Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree (if any) over the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed. Contracts acquired in a business combination are assessed for whether favorable or unfavorable relative to current market terms and if such favorable or unfavorable terms exist, the Group adjusts the effects of such terms in the measurement of the related assets or liabilities;
- assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 are measured in accordance with that Standard; and
- Favorable component of right of use assets and lease liabilities are recognized and measured in accordance with Ind AS 116 (Leases).

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. Contingent liabilities acquired in a business combination are initially measured at fair value at the date of acquisition.

When a business combination is achieved in stages, our previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

## Property, Plant & Equipment

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment loss (if any). The cost of Property, Plant and Equipment comprises its purchase price net of any trade discounts and rebates and includes taxes, duties, freight, incidental expenses related to the acquisition and installation of the assets concerned and is net Goods and Services Tax (GST), wherever the credit is availed. Borrowing costs paid during the period of construction in respect of borrowed funds pertaining to construction / acquisition of qualifying property, plant and equipment is adjusted to the carrying cost of the underlying property, plant and equipment.

Any part or components of property, plant and equipment which are separately identifiable and expected to have a useful life which is different from that of the main assets are capitalized separately, based on the technical assessment of the Management.

Advances paid towards the acquisition of Property, Plant and Equipment outstanding at each balance sheet date are disclosed as "Capital Advances" under Other Non-Current Assets and cost of Property, Plant and Equipment not ready to use before such date are disclosed under "Capital Work-in-Progress".

#### Depreciation

Depreciable amount for assets is the cost of an asset less its estimated residual value.

Depreciation on tangible property, plant and equipment has been provided on the straight line method for change in method of depreciation with effect from April 1, 2022 as per the useful life prescribed in Schedule II to the Companies Act, 2013 except in cases of certain assets where our management's estimate of the useful life based on technical assessment is less than the life prescribed in Schedule II in which case depreciation is provided on the useful life as assessed by our management.

| Category               | Useful life     |
|------------------------|-----------------|
| Leasehold Improvements | Over lease term |
| Building               | upto 60 years   |
| Medical Equipments     | 1-15 years      |
| Office Equipments      | 1 - 5 years     |
| Vehicles               | 8-10 years      |
| Computers              | 1-6 years       |
| Electrical Fittings    | 1-10 years      |
| Furniture and Fixtures | 1-10 years      |
| Lab Equipments         | 1-10 years      |

Depreciation is accelerated on property, plant and equipment, based on their condition, usability etc., as per the technical estimates of our management, where necessary.

Improvement to leasehold premises is amortized over the remaining primary lease period.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

# Goodwill

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquire (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of our cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units. Cash generating unit to which goodwill has been allocated is tested for

impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

## Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses (if any). The intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, commencing from the date of asset available to us for our use. The useful life considered for the intangible assets are as under:

- (i) Computer Software 5 years;
- (ii) Trademarks -10 15 years;
- (iii) Customer Relationship 5 years;
- (iv) Research & Development 3 years; and
- (v) Non-compete With effect from April 1, 2023, are amortized over the agreement term unless a shorter useful life is warranted as per the nature of the acquisition.

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from use of disposal. Gains or losses arising from derecognition of an intangible asset measured as the difference between the net disposal proceeds and the carrying amount of the asset as recognized in profit or loss when the asset is derecognized.

# Intangible Assets under Development

Product development activities involve a plan or design for the production of new or substantially improved products and processes. Development expenditures are capitalized only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and we intend to and have sufficient resources to complete development and to use or sell the asset.

The expenditures to be capitalized include the cost of materials and other costs directly attributable to preparing the asset for its intended use. Other development expenditures are recognized in the Statement of Profit and Loss as incurred.

#### Research and Development Expenditure

Expenditure on research activities are recognized as expense in the period in which it is incurred.

An internally generated intangible asset arising from development (or from development phase of an internal project) is recognized if, and only if, all the following have been demonstrated:

- (a) the technical feasibility of completing the intangible assets so that it will be available for use or sale;
- (b) the intention to complete the intangible asset and use or sell it;
- (c) the ability to use or sell the intangible asset;
- (d) how the intangible asset will generate probable future economic benefits;
- (e) the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and

(f) the ability to reliably measure the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated asset can be recognized, development expenditure is recognized in the Statement of Profit and Loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

## Impairment of Tangible and Intangible Assets

At the end of each reporting period, we review the carrying amounts of our tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, we estimate the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

#### Inventories

Inventory of Traded Goods comprising Opticals, Contact Lenses and Accessories, Pharmaceutical Products, and Consumables are valued at lower of cost ascertained using the First-in-First-out method and net realizable value. Cost includes cost of purchase, freight, taxes, duties and other charges incurred for bringing the goods to the present location and condition and are net of GST credit, wherever credit has been availed.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Due allowance is estimated and made for unusable/ non-saleable/ expired items of inventory wherever necessary, based on our past experience and such allowances are adjusted against the inventory carrying value.

#### Revenue Recognition

#### Revenue from Operations

Revenue is measured at the transaction price of the consideration received or receivable. Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Sales and Service Income exclude Goods and Service Tax (GST) and are net of trade / volume discounts, where applicable.

Sale of products comprising Sale of Optical Frames and Lens, Contact Lens and related accessories, Pharmaceutical Products, and food items is recognised on delivery of items to the customers and when control on goods is passed on to the customers.

Sale of services comprising Income from Consultation, Surgeries, Treatments and Investigations performed are recognised when performance obligation is satisfied at a point in time, on rendering the related services.

Other operating income comprises medical support services provided by us and is recognised on rendering the related services.

#### Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to us and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend Income is accounted for when right to receive it is established.

## Foreign Currency Transactions

## **Initial Recognition:**

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

#### **Subsequent Recognition:**

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

## **Treatment of Exchange Differences:**

All monetary assets and liabilities in foreign currency are restated at the end of accounting period at the closing exchange rate and exchange differences on restatement of all monetary items are recognized in the Statement of Profit and Loss.

#### Consolidation of subsidiaries situated in foreign countries:

On consolidation, the assets and liabilities of foreign operations are translated into INR at the rate of exchange prevailing at the reporting date and their Statements of Profit and Loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, we use an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognized in Other Comprehensive Income ("OCI"). On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognized in the Statement of Profit and Loss.

# Employee Benefits

## Retirement benefit costs and termination benefits:

Defined Benefit Plans:

Employee defined benefit plans include gratuity.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in the Statement of profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

We present the first two components of defined benefit costs in profit or loss in the line item 'employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in our defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

A liability for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

We make contribution to a scheme administered by the insurer to discharge gratuity liabilities to the employees.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of short term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by us in respect of services provided by employees up to the reporting date.

Defined Contribution Plans

Employee defined contribution plans include provident fund and employee state insurance.

Provident Fund and Employee State Insurance:

All our employees receive benefits from Provident Fund and Employee's State Insurance, which are defined contribution plans. Both, the employee and we make monthly contributions to the plan, each equaling to a specified percentage of employee's applicable emoluments. We have no further obligations under the plan beyond our monthly contributions. We contribute to the Employee Provident Fund and Employee's State Insurance scheme maintained by the Central Government of India and Provident Funds maintained by the Governments of the countries where the subsidiaries are incorporated and the contribution thereof is charged to the Statement of Profit and Loss in the year in which the services are rendered by the employees.

# **Borrowing Costs**

Borrowing costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalization of such asset are added to the cost of the assets. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

# Government Grants, Subsidies and Export Incentives

Government grants and subsidies are recognized when there is reasonable assurance that we will comply with the conditions attached to them and the grants / subsidies will be received. Government grants whose primary condition is that we should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognized as income over the life of a depreciable asset by way of a reduced depreciation charge.

Export benefits, if any, are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is ordinarily expected in respect thereof, are accounted in Reserves and Surplus in Other Equity. Government grants in the form of non-monetary assets, given at a concessional rate, are recorded on the basis of their acquisition cost. In case the non-monetary asset is given

free of cost, the grant is recorded at a nominal value.

Other government grants and subsidies are recognized as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

#### Segment Reporting

Operating segments reflect our management structure and the way the financial information is regularly reviewed by our chief operating decision maker ("CODM"). The CODM considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / (loss) amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with our accounting policies. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue, where applicable, is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to us as a whole and are not allocable to segments on reasonable basis are included under "unallocated revenue / expenses / assets / liabilities".

#### Leases

Our lease asset classes consists of leases for buildings and medical equipments. At the inception of a contract, we assess whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration.

We recognise a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using our incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in our estimate of the amount expected to be payable under a residual value guarantee, or if we change our assessment of whether we will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

We have elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. We recognise the lease payments associated with these leases as an expense over the lease term.

# Earnings Per Share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earnings per share from continuing operations. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

## Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax expense for the year is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income-tax Act, 1961 and with the provisions of the respective tax laws of the subsidiary.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Restated Consolidated Financial Information and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which we expect, at the end of the reporting period, to recover or settle the carrying amount of our assets and liabilities.

## Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when we have a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are determined based on the best estimate required to settle the obligation at the balance sheet date and measured using the present value of cash flows estimated to settle the present obligations (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for:

- (i) Possible obligations which will be confirmed only by future events not wholly within our control; or
- (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

We do not recognize a contingent liability but disclose its existence in the Restated Consolidated Financial Information. Contingent assets are only disclosed when it is probable that the economic benefits will flow to us.

#### Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

## Financial Instruments

## **Initial Recognition**

Financial assets and financial liabilities are recognized when we become a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value (except trade receivables with no significant financing component, which is measured at transaction cost). Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognized in the statement of profit and loss.

#### Financial Assets

#### Recognition and initial measurement

We initially recognize loans and advances, deposits and subordinated liabilities on the date on which they originate. All other financial instruments (including regular way purchases and sales of financial assets) are recognized on the trade date, which is

the date on which we become a party to the contractual provisions of the instrument. A financial asset or liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue.

## Classification of financial assets

On initial recognition, a financial asset is classified to be measured at amortized cost, fair value through other comprehensive income ("FVTOCI") or FVTPL.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy in financial assets measured at amortized cost, see below.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognized at FVTPL:

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

## Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or where appropriate, a shorter period, to the gross carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other Income" line item.

• Financial assets at fair value through profit or loss ("FVTPL")

Debt instruments that do not meet the amortized cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortized cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortized cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases. We have not designated any debt instrument as at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognized when our right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

# Impairment of financial assets

We apply the expected credit loss model for recognizing impairment loss on financial assets measured at amortized cost, debt instruments at FVTOCI, trade receivables and other contractual rights to receive cash or other financial asset.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to us in accordance with the contract and all the cash flows that we expect to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted

effective interest rate for purchased or originated credit-impaired financial assets). We estimate cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

We measure the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, we measure the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

For trade receivables, we always measure the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, we have used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

## Derecognition of financial assets

We derecognize a financial asset when the contractual rights to the cash flows from the asset expire, or when we transfer the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If we neither transfer nor retain substantially all the risks and rewards of ownership and continue to control the transferred asset, we recognize our retained interest in the asset and an associated liability for amounts we may have to pay. If we retain substantially all the risks and rewards of ownership of a transferred financial asset, we continue to recognize the financial asset and also recognize a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when we retain an option to repurchase part of a transferred asset), we allocate the previous carrying amount of the financial asset between the part we continue to recognize under continuing involvement, and the part we no longer recognize on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

# Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognized in profit or loss.
- Changes in carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognized in other comprehensive income.
- For the purposes of recognizing foreign exchange gains or losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in the Statement of Profit and Loss and other changes in the fair value of FVTOCI financial assets are recognized in other comprehensive income.

#### Financial Liabilities and Equity Instruments

#### Classification as debt or equity:

Financial liabilities and equity instruments issued by us are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### **Equity instruments:**

An equity instrument is any contract that evidences a residual interest in our assets after deducting all of our liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. Repurchase of our own equity instruments is recognized and deducted directly in equity. No gain or loss is recognized in profit or loss on the purchase, sale, issue or cancellation of our own equity instruments.

#### Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that we manage together and has a recent actual pattern of short-term profit-taking;

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with our documented risk management or investment strategy, and information about the grouping is provided internally on that basis;

#### Financial liabilities subsequently measured at amortized cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

## Foreign exchange gains and losses:

For financial liabilities that are denominated in a foreign currency and measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on amortized cost of the instruments and are recognized in the Statement of Profit and Loss.

The fair value of the financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured at FVTPL, the foreign exchange component forms part of the fair value gains or losses recognized in the Statement of profit and loss.

#### Derecognition of financial liabilities:

We derecognize financial liabilities when, and only when, our obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in the Statement of Profit and Loss.

## Goods and service tax input credit

Goods and service tax input credit is accounted for in the books during the period in which the underlying service received is accounted and where there is no uncertainty in availing/utilizing the same.

## **Exceptional Items**

Exceptional items are items of income and expenses which are of such size, nature or incidence that their separate disclosure is relevant to explain our performance.

#### Share Based Payments

We are covered under the employee stock option scheme of Dr. Agarwal's Health Care Limited, India (the holding company). Under the plan, our employees and doctors are granted shares and other stock awards of our Company, in accordance with the terms and conditions as specified in the plan. The plan is assessed, managed and administered by our Company, whose shares and share based benefits have been granted to our employees and doctors. Our Company currently operates the plan / scheme of employee stock option ("ESOP").

#### **ESOPs**

Equity settled share based payments to our employees are measured at the fair value of the equity instruments at the grant date.

Compensation expense for the ESOP is measured at the option value as on grant date and the cost of the option will be amortised on a systematic basis which reflects pattern of the vesting of the options over the period of four years.

## Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the Restated Consolidated Financial Information in conformity with Ind AS requires our management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and the grouping disclosures. Uncertainty about the assumptions and estimates could result in outcomes that require a material adjustment to the carrying value of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Restated Consolidated Financial Information are included in the following notes in the Restated Consolidated Financial Information:

- (i) Useful lives of Property, plant and equipment;
- (ii) Useful lives of intangible assets;
- (iii) Assets and obligations relating to employee benefits;
- (iv) Valuation and measurement of income taxes and deferred taxes;
- (v) Provisions for disputed statutory and other matters;
- (vi) Valuation of Goodwill and intangible assets on business combinations;
- (vii) Impairment of Goodwill;
- (viii) Allowance for expected credit losses;
- (ix) Fair value of Financial Assets and Liabilities; and
- (x) Lease Term of Leases entered by us.

## Determination of functional currency

Currency of the primary economic environment in which we operate ("the functional currency") is Indian Rupee (INR) and in which we primarily generate and expend cash. Accordingly, our management has assessed our functional currency to be Indian Rupee (INR).

The functional currencies of the subsidiaries are the currencies of the countries in which they are incorporated in.

#### Changes in accounting policies and recent accounting pronouncements

There have been no changes in our accounting policies during the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022.

As of the date of this Red Herring Prospectus, there are no recent accounting pronouncements that have had a material effect on our financial condition or results of operations.

## **Key Components of our Restated Statement of Profit and Loss**

The key components of our restated statement of profit and loss are described below:

#### Income

Revenue from operations. Revenue from operations comprises (i) revenue from sale of products; (ii) revenue from sale of services; and (iii) other operating revenues. Revenue from the sale of products comprises revenue from the sale of opticals, contact lens and accessories, pharmaceutical products, and advanced vision analyzer – AVA and trial lens. Revenue from sale of services comprises income from surgeries, consultations, treatments and investigations, and from annual maintenance contracts. Revenue from annual maintenance contracts relates to revenues generated by one of our Subsidiaries which manufactures bio-medical equipment and offers maintenance support services to its clients through annual contracts. Other operating revenues primarily comprise revenue from clinical research and from the sale of food at our Facilities.

Set out below is a breakdown of our revenue from (i) sale of products; and (ii) sale of services, during the six months ended September 30, 2024 and 2023 and the Financial Years 2024, 2023 and 2022:

Our revenue from operations generated outside India is attributable to operations at our Facilities located in Africa. Also see "Our Business – Description of our Business – Our International Operations" on page 235.

Other income. Other income primarily comprises interest income on financial assets carried at amortised cost, which primarily includes interest income earned from (i) bank deposits and (ii) security deposits. Other income also includes interest income on income-tax refunds, profits on sale of property, plant and equipment, liabilities no longer required to be written back, profits on the termination of leases, net gains on foreign currency transactions and translation, profit on redemption of current investments and miscellaneous income. Miscellaneous income includes income from sale of scrap and from training.

## Expenses

Expenses comprise cost of materials consumed, purchases of stock-in-trade, changes in inventories of finished goods, stock-in-trade and work-in-progress, consumption of surgical lens including other consumables, consultancy charges for doctors, employee benefits expense, finance costs, depreciation and amortisation expense and other expenses.

Cost of materials consumed. Cost of materials consumed comprises the cost of purchasing raw materials and consumables.

*Purchases of stock-in-trade*. Purchases of stock-in-trade comprise the cost of procuring opticals, pharmaceutical products, contact lens and accessories, purchases of food items, raw materials and components and clinical items and equipment held for trading.

Changes in inventories of finished goods, stock-in-trade and work-in-progress. Changes in inventories of finished goods, stock-in-trade and work-in-progress reflect the changes in our inventories, comprising opticals, pharmaceutical products, contact lens and accessories, raw materials and components and clinical items and equipment held for trading, during a given year.

Consumption of surgical lens, including other consumables. Consumption of surgical lens, including other consumables primarily comprises our costs incurred on the use of surgical lens and other consumable medical tools at our Facilities.

Consultancy charges for doctors. Consultancy charges for doctors comprise expenses incurred on account of consultancy fees paid to our doctors that we engage through retainership arrangements and through our erstwhile doctors' incentive plan.

*Employee benefits expense*. Employee benefits expense primarily comprises salaries and bonus. It also includes contribution to provident and other funds, staff welfare expenses and employee stock option expenses.

*Finance costs*. Finance costs primarily comprise interest expense on bank term loans, debentures, deferred consideration and business payables to micro, small and medium enterprises, and interest on delayed remittance of statutory dues and interest on lease liabilities. Interest on deferred consideration comprises the interest on deferred liabilities associated with acquisitions, which are charged to our profit and loss statement as an expense in accordance with Ind AS.

Depreciation and amortisation expense. Depreciation and amortisation expense consists of depreciation on tangible assets (such as buildings, medical equipment, plant and equipment, office equipment, vehicles, computers, and furniture and fixtures), depreciation of right-of-use assets, amortisation of intangible assets (such as non-compete, customer relations, trademarks, research and development, and software) and impairment on intangible assets.

Other expenses. Other expenses primarily includes marketing expenses, hospital maintenance charges and security charges, business promotion and entertainment, power and fuel, legal and professional charges, travelling and conveyance expenses and payments to auditors.

## Exchange difference on translation of foreign subsidiary

Exchange difference on translation of foreign subsidiary is accounted in accordance with our accounting policies formulated under Indian Accounting Standards. Unrealised exchange differences arising on long-term monetary liabilities provided to our subsidiaries in Africa denominated in US\$ has been recognised directly in equity and accumulated in a separate component of our statement of profit and loss as foreign currency translation reserves.

## Tax Expense

Our tax expense consists of current tax and deferred tax.

Six months ended September 30, 2024 compared to six months ended September 30, 2023

<u>Total income</u>: Total income increased by 26.45% to ₹8,379.40 million for the six months ended September 30, 2024 from ₹6,626.90 million for the six months ended September 30, 2023 primarily due to an increase in revenue from operations and

other income.

Revenue from operations: Revenue from operations increased by 26.05% to ₹8,200.63 million for the six months ended September 30, 2024 from ₹6,505.75 million for the six months ended September 30, 2023 primarily due to increases in:

- revenue from sale of services to ₹6,464.40 million for the six months ended September 30, 2024 from ₹5,112.32 million for the six months ended September 30, 2023, which was primarily driven by increases in: (i) income from surgeries to ₹5,378.16 million from ₹4,172.31 million, primarily due to an increase in surgeries at our existing Facilities, along with incremental revenue from the opening and acquisition of new Facilities. In addition, income from surgeries increased due to a focus on attracting patients for out-patient procedures at our Primary Facilities, improvement in patient conversions through referrals from our Primary Facilities to our Secondary Facilities and Tertiary Facilities and a movement towards high-end surgeries; (ii) income from consultation to ₹437.69 million from ₹380.02 million; (iii) income from treatments and investigations to ₹646.97 million from ₹559.87 million, both primarily due to increases in the revenues from existing Facilities due to our focus on marketing and business development activities to improve patient numbers and incremental revenue from the opening of new Facilities; and (iv) income from annual maintenance contract to ₹1.58 million from ₹0.12 million. We witnessed an increase in patient volumes and surgeries performed to 1,153,398 patients and 140,787 surgeries during the six months ended September 30, 2023; and
- revenue from sales of products to ₹1,725.41 million for the six months ended September 30, 2024 from ₹1,369.43 million for the six months ended September 30, 2023, primarily due to increases in (i) sales of opticals, contact lens and accessories to ₹1,052.17 million from ₹840.19 million, primarily due to an increase in the volumes of products sold at our existing Facilities, incremental revenue from the opening of new Facilities during the six months ended September 30, 2024, the full year effects of Facilities that we opened, acquired or made interventions at in the previous period, and improvements in the conversion of orders; (ii) sales of pharmaceutical products to ₹657.89 million from ₹514.43 million, primarily due to an increase in the volumes of products sold at our existing Facilities, incremental revenue from the opening of new Facilities during the six months ended September 30, 2024 and the full year effects of Facilities that we opened or made interventions at in previous period, and (iii) sales of advanced vision analyzer AVA and trial lens to ₹15.35 million from ₹14.81 million,

which was partially offset by a decrease in other operating revenues to ₹10.82 million for the six months ended September 30, 2024 from ₹24.00 million for the six months ended September 30, 2023, primarily on account of decrease in clinical research carried out during the six months ended September 30, 2024.

Other income: Other income increased to ₹178.77 million for the six months ended September 30, 2024 from ₹121.15 million for the six months ended September 30, 2023 primarily due to increases in (i) profit on redemption of current investments (which includes net gain / (loss) arising on financial assets designated as FVTPL) to ₹54.90 million from ₹52.04 million, which was primarily due to gains on investments made from funds raised through equity infusions during the six months ended September 30, 2024; (ii) liabilities no longer required - written back to ₹51.23 million from ₹5.53 million, which comprised overdue trade payables that were subsequently written back during the six months ended September 30, 2024; (iii) net gain on foreign currency transactions and translation to ₹3.88 million from ₹3.47 million; and (iv) miscellaneous income to ₹40.10 million from ₹22.48 million. This was partially offset by a decrease in interest income on financial assets carried at amortised cost - bank deposits to ₹15.36 million for the six months ended September 30, 2024 from ₹22.49 million for the six months ended September 30, 2023.

<u>Total expenses</u>: Total expenses increased by 26.99% to ₹7,775.85 million for the six months ended September 30, 2024 from ₹6,123.18 million for the six months ended September 30, 2023 primarily due to increases in purchases of stock-in-trade; changes in inventories of finished goods, stock-in-trade and work-in-progress; consumption of surgical lens including other consumables; consultancy charges for doctors; employee benefits expense; finance costs; depreciation and amortisation expenses; and other expenses.

<u>Cost of materials consumed</u>: Cost of materials consumed decreased by 8.46% to ₹5.02 million in the six months ended September 30, 2024 from ₹5.48 million in the six months ended September 30, 2023.

Purchases of stock-in-trade: Purchases of stock-in-trade increased by 25.08% to ₹888.82 million in the six months ended September 30, 2024 from ₹710.58 million in the six months ended September 30, 2023 primarily due to increases in purchases of stock-in-trade of (i) opticals, contact lens and accessories to ₹412.97 million from ₹329.80 million; (ii) pharmaceutical products to ₹431.03 million from ₹345.13 million; and (iii) clinical items and equipments held for trading to ₹42.52 million from ₹33.27 million, which was partially offset by decreases in our purchase of food items to ₹2.29 million from ₹2.38 million.

Changes in inventories of finished goods, stock-in-trade and work-in-progress: We experienced a net increase in our inventories of finished goods, stock-in-trade and work-in-progress of ₹69.39 million during the six months ended September 30, 2024. This was due to increases in our inventories of (i) opticals, contact lens and accessories from ₹162.80 million at the beginning of the period to ₹196.32 million at the end of the period; (ii) pharmaceutical products from ₹90.70 million at the beginning of the period to ₹126.38 million at the end of the period; and (iii) clinical items and equipments held for trading from ₹1.85 million

at the beginning of the period to ₹2.04 million at the end of the period.

In comparison, we experienced a net increase of ₹59.53 million in our inventories of finished goods, stock-in-trade and work-in-progress during the six months ended September 30, 2023, primarily due to increases in our inventories of (i) opticals, contact lens and accessories from ₹127.18 million at the beginning of the period to ₹151.27 million at the end of the period; (ii) pharmaceutical products from ₹75.62 million at the beginning of the period to ₹100.10 million at the end of the period; and (iii) clinical items and equipments held for trading from ₹0.42 million at the beginning of the period to ₹11.38 million at the end of the period.

Consumption of surgical lens including other consumables: Consumption of surgical lens including other consumables increased by 28.55% to ₹1,025.73 million during the six months ended September 30, 2024 from ₹797.92 million during the six months ended September 30, 2023, primarily due to increases in our patient volumes and surgeries performed, which required increased volumes of surgical lens and other consumables.

Consultancy charges for doctors: Consultancy charges for doctors increased by 25.65% to ₹1,244.63 million for the six months ended September 30, 2024 from ₹990.57 million for the six months ended September 30, 2023, primarily due to increments offered to our doctors and increase in the variable pay of our doctors associated with increases in our revenue, and costs associated with the engagement of additional doctors upon the opening of new Facilities during the six months ended September 30, 2024 and the full period effects of Facilities that we opened during the Financial Year 2024. We engaged 737 doctors as of September 30, 2024 compared to 618 doctors as of September 30, 2023.

Employee benefits expense: Employee benefits expense increased by 30.42% to ₹1,558.56 million for the six months ended September 30, 2024 from ₹1,195.03 million for the six months ended September 30, 2023, primarily due to an increase in salaries and bonus to ₹1,382.05 million from ₹1,060.18 million, which was mainly attributable to increments and an increase in our number of employees to 3,234 employees (other than doctors and paramedical staff) as of September 30, 2024 from 2,565 employees (other than doctors and paramedical staff) as of September 30, 2023, including costs associated with hiring additional senior and middle management personnel. This increase in salaries and bonus was driven by the opening of new Facilities during the six months ended September 30, 2024 and the full period effects of Facilities that we opened in Financial Year 2024. In addition, contributions to provident and other funds increased to ₹86.04 million for the six months ended September 30, 2024 from ₹65.76 million for the six months ended September 30, 2023 due to increased provisions for statutory benefits in accordance with the increments offered to employees.

Finance costs: Finance costs increased by 20.92% to ₹554.30 million in the six months ended September 30, 2024 from ₹458.41 million in the six months ended September 30, 2023 primarily due to increases in (i) interest expense – interest on term loan from banks to ₹165.28 million from ₹141.52 million due to new loan taken during the six months ended September 30, 2024; (ii) interest expense – interest on deferred consideration to ₹156.56 million from ₹111.41 million on account of interest payments on liabilities associated with the acquisition of new Facilities; and (iii) interest on lease liabilities to ₹231.02 million from ₹178.54 million, which was partially offset by a decrease in interest expense – interest on debentures to ₹0.00 during the six months ended September 30, 2024 from ₹25.18 million during the six months ended September 30, 2023, due to the refinancing of debentures.

Depreciation and amortisation expense: Depreciation and amortisation expense increased by 37.26% to ₹1,126.92 million for the six months ended September 30, 2024 from ₹821.03 million for the six months ended September 30, 2023 primarily due to increases in (i) depreciation on tangible assets to ₹424.79 million from ₹290.09 million, primarily on account of additions to leasehold improvements and medical equipment during the period; (ii) depreciation of right-of-use assets to ₹377.03 million from ₹310.71 million due to the addition to buildings and lease arrangements constituting right-of-use assets upon the setting up of five Facilities during the six months ended September 30, 2024; and (iii) amortization of intangible assets to ₹319.85 million from ₹220.23 million, primarily due to additions to intangible assets comprising non-compete and customer relationship during the six months ended September 30, 2024.

Other expenses: Other expenses increased by 19.74% to ₹1,441.26 million for the six months ended September 30, 2024 from ₹1,203.69 million for the six months ended September 30, 2023. Marketing expenses, which is the largest component of our other expenses, increased to ₹216.16 million from ₹206.53 million primarily due to expenditure on television commercials and increased expenses attributable to digital marketing initiatives. Other key components of our other expenses that increased were (i) legal and professional charges, to ₹168.05 million from ₹85.45 million; (ii) power and fuel expenses, to ₹129.02 million from ₹106.52 million due to increases in operations at our existing Facilities and the addition of Facilities during the six months ended September 30, 2024; (iii) business promotion and entertainment expenses, to ₹124.82 million from ₹107.72 million due to the expansion of operations at existing Facilities and the addition of Facilities during the six months ended September 30, 2024; (iv) repair and maintenance to ₹133.14 million from ₹95.80 million, primarily due to increases in costs associated with the maintenance of our existing Facilities and the opening of new Facilities; (v) hospital maintenance and security charges, to ₹170.12 million in the six months ended September 30, 2023, primarily due to increases in costs associated with the maintenance of our existing Facilities and the opening of new Facilities. These increases were partially offset by decreases in our (i) net loss on foreign currency transactions and translation expenses to ₹0.00 million from ₹2.50 million; and (ii) short term rent expenses to ₹69.40 million in the six months ended September 30, 2023.

<u>Tax expenses</u>: Our total tax expense increased to ₹207.91 million for the six months ended September 30, 2024 from ₹192.39 million for the six months ended September 30, 2023 due to an increase in current tax expense to ₹187.78 million from ₹127.38 million, which was attributable to an increase in our profit before tax to ₹603.55 million during the six months ended September 30, 2024 from ₹503.72 million during the six months ended September 30, 2023. In addition, we experienced a decrease in deferred tax expenses to ₹20.13 million from ₹65.01 million on account of reversal of deferred tax assets during the six months ended September 30, 2024. Our effective tax rate (which represents total tax expense expressed as a percentage of profit before tax for the relevant year) was 34.45% and 38.19% for the six months ended September 30, 2024 and six months ended September 30, 2023, respectively.

<u>Restated profit for the period</u>: As a result of the foregoing, our restated profit for the period increased by 27.08% to ₹395.64 million for the six months ended September 30, 2024 from ₹311.33 million for the six months ended September 30, 2023.

#### Financial Year 2024 compared to Financial Year 2023

<u>Total income</u>: Total income increased by 33.44% to ₹13,764.49 million for the Financial Year 2024 from ₹10,314.94 million for the Financial Year 2023 primarily due to an increases in revenue from operations and other income.

Revenue from operations: Revenue from operations increased by 30.86% to ₹13,321.52 million for the Financial Year 2024 from ₹10,179.80 million for the Financial Year 2023 primarily due to increases in:

- revenue from sale of services to ₹10,457.71 million for the Financial Year 2024 from ₹7,858.79 million for the Financial Year 2023, which was primarily driven by increases in: (i) income from surgeries to ₹8,551.86 million from ₹6,360.52 million, primarily due to an increase in surgeries at our existing Facilities, along with incremental revenue from the opening and acquisition of new Facilities during the Financial Year 2024. In addition, income from surgeries increased due to a focus on attracting patients for out-patient procedures at our Primary Facilities, improvement in patient conversions through referrals from our Primary Facilities to our Secondary Facilities and Tertiary Facilities and a movement towards high-end surgeries; (ii) income from consultation to ₹770.01 million from ₹493.81 million; (iii) income from treatments and investigations to ₹1,133.83 million from ₹1,004.30 million, both primarily due to increases in the revenues from existing Facilities due to our focus on marketing and business development activities to improve patient numbers and incremental revenue from the opening of new Facilities during the Financial Year 2024; and (iv) income from annual maintenance contract to ₹2.01 million from ₹0.16 million. We witnessed an increase in patient volumes and surgeries performed to 2,128,655 patients and 220,523 surgeries during the Financial Year 2024 from 1,595,137 patients and 170,580 surgeries during the Financial Year 2023;
- revenue from sales of products to ₹2,819.04 million for the Financial Year 2024 from ₹2,306.03 million for the Financial Year 2023, primarily due to increases in (i) opticals, contact lens and accessories to ₹1,739.61 million from ₹1,449.64 million, primarily due to an increase in the volumes of products sold at our existing Facilities, incremental revenue from the opening of new Facilities during the Financial Year 2024, the full year effects of Facilities that we opened, acquired or made interventions at in Financial Year 2023, and improvements in the conversion of orders and an increase in our average order value; (ii) pharmaceutical products to ₹1,047.26 million from ₹810.88 million, primarily due to an increase in the volumes of products sold at our existing Facilities, incremental revenue from the opening of new Facilities during the Financial Year 2024 and the full year effects of Facilities that we opened or made interventions at in Financial Year 2023, which was partially offset by a decrease in revenue from sale of advanced vision analyzer AVA & Trial Lens to ₹32.17 million from ₹45.51 million; and
- other operating revenues to ₹44.77 million for the Financial Year 2024 from ₹14.98 million for the Financial Year 2023, primarily on account of increased clinical research carried out during the Financial Year 2024.

Other income: Other income increased significantly to ₹442.97 million for the Financial Year 2024 from ₹135.14 million for the Financial Year 2023 primarily due to increases in (i) profit on redemption of current investments which (includes net gain / (loss) arising on financial assets designated as FVTPL) to ₹246.69 million from ₹46.62 million, which was primarily due to gains on investments made from funds raised through equity infusions during the Financial Year 2024; (ii) liabilities no longer required - written back to ₹44.08 million from ₹6.84 million, which comprised overdue trade payables that were subsequently written back during the Financial Year 2024; (iii) net gain on foreign currency transactions and translation to ₹24.67 million from ₹0.00; (iv) interest income on financial assets carried at amortised cost - bank deposits to ₹51.35 million from ₹27.77 million; and (v) miscellaneous income to ₹41.87 million from ₹28.30 million.

<u>Total expenses</u>: Total expenses increased by 30.38% to ₹12,358.81 million for the Financial Year 2024 from ₹9,479.03 million for the Financial Year 2023 primarily due to increases in purchases of stock-in-trade; changes in inventories of finished goods, stock-in-trade and work-in-progress; consumption of surgical lens including other consumables; consultancy charges for doctors; employee benefits expense; finance costs; depreciation and amortisation expenses; and other expenses.

<u>Cost of materials consumed</u>: Cost of materials consumed decreased by 38.65% to ₹10.81 million in the Financial Year 2024 from ₹17.62 million in the Financial Year 2023, primarily due to a decrease in purchases of raw materials and consumables

during the year to ₹7.91 million in the Financial Year 2024 from ₹14.72 million in the Financial Year 2023.

Purchases of stock-in-trade: Purchases of stock-in-trade increased by 22.84% to ₹1,409.69 million in the Financial Year 2024 from ₹1,147.57 million in the Financial Year 2023 primarily due to increases in purchases of stock-in-trade of (i) opticals, contact lens and accessories to ₹632.62 million from ₹536.86 million; (ii) pharmaceutical products to ₹683.44 million from ₹536.68 million; (iii) clinical items and equipments held for trading to ₹89.18 million from ₹70.06 million; and (iv) purchase of food items to ₹4.45 million from ₹3.97 million.

Changes in inventories of finished goods, stock-in-trade and work-in-progress: We experienced a net increase in our inventories of finished goods, stock-in-trade and work-in-progress of ₹52.13 million during the Financial Year 2024. This was due to increases in our inventories of (i) opticals, contact lens and accessories from ₹127.18 million at the beginning of the year to ₹162.80 million at the end of the year; (ii) pharmaceutical products from ₹75.62 million at the beginning of the year to ₹90.70 million at the end of the year; and (iii) clinical items and equipments held for trading from ₹0.42 million at the beginning of the year to ₹1.85 million at the end of the year. In comparison, we experienced a net increase of ₹30.58 million in our inventories of finished goods, stock-in-trade and work-in-progress during the Financial Year 2023, primarily due to increases in our inventories of (i) opticals, contact lens and accessories from ₹105.73 million at the beginning of the year to ₹127.18 million at the end of the year; and (ii) pharmaceutical products from ₹52.09 million at the beginning of the year to ₹75.62 million at the end of the year, which was partially offset by a decrease in clinical items and equipments held for trading from ₹13.92 million at the beginning of the year to ₹0.42 million at the end of the year.

Consumption of surgical lens including other consumables: Consumption of surgical lens including other consumables increased by 36.28% to ₹1,641.47 million during the Financial Year 2024 from ₹1,204.45 million during the Financial Year 2023, primarily due to increases in our patient volumes and surgeries performed, which required increased volumes of surgical lens and other consumables.

Consultancy charges for doctors: Consultancy charges for doctors increased by 38.56% to ₹2,038.54 million for the Financial Year 2024 from ₹1,471.23 million for the Financial Year 2023, primarily due to increments offered to our doctors and increases in the variable pay of our doctors associated with increases in our revenue, full-year effects of our doctors' incentive plan (which we introduced in November 2022 and subsequently cancelled on December 20, 2024) and costs associated with the engagement of additional doctors upon the opening of new Facilities during the Financial Year 2024 and the full year effects of Facilities that we opened in Financial Year 2023. We engaged 667 doctors during the Financial Year 2024, compared to 549 doctors during the Financial Year 2023.

Employee benefits expense: Employee benefits expense increased by 27.53% to ₹2,428.26 million for the Financial Year 2024 from ₹1,904.02 million for the Financial Year 2023 primarily due to an increase in salaries and bonus to ₹2,147.83 million from ₹1,701.25 million, which was mainly attributable to increments and an increase in our number of employees to 2,772 employees (other than doctors and paramedical staff) as of March 31, 2024 from 2,373 employees (other than doctors and paramedical staff) as of March 31, 2023, including costs associated with hiring additional senior and middle management personnel. This increase in salaries and bonus was driven by the opening of new Facilities during the Financial Year 2024 and the full year effects of Facilities that we opened in Financial Year 2023. In addition, contributions to provident and other funds increased to ₹140.36 million for the Financial Year 2024 from ₹110.51 million for the Financial Year 2023 due to increased provisions for statutory benefits in accordance with the increments offered to employees.

Finance costs: Finance costs increased by 32.86% to ₹956.21 million in the Financial Year 2024 from ₹719.73 million in the Financial Year 2023 primarily due to increases in (i) interest expense – interest on term loan from banks to ₹313.09 million from ₹85.59 million due to the refinancing of debentures aggregating to ₹1,650 million through a term loan, which led to increased interest expenses; (ii) interest expense – interest on deferred consideration to ₹236.60 million from ₹128.44 million on account of interest payments on liabilities associated with the acquisition of new Facilities; and (iii) interest on lease liabilities to ₹377.48 million from ₹300.88 million. These was partially offset by decreases in (i) interest expense – interest on debentures to ₹25.18 million during the Financial Year 2024 from ₹141.62 million during the Financial Year 2023 due to the refinancing of debentures discussed above; and (ii) interest expense – interest on others to ₹3.10 million during the Financial Year 2024 from ₹62.91 million during the Financial Year 2023.

Depreciation and amortisation expense: Depreciation and amortisation expense increased by 32.79% to ₹1,703.66 million for the Financial Year 2024 from ₹1,282.96 million for the Financial Year 2023 primarily due to increases in (i) depreciation on tangible assets to ₹626.46 million from ₹405.12 million, primarily on account of additions to leasehold improvements and medical equipment during the year; (ii) depreciation of right-of-use assets to ₹645.97 million from ₹494.58 million due to the addition to buildings and lease arrangements constituting right-of-use assets upon the setting up of 45 Facilities during the Financial Year 2024; and (iii) amortization of intangible assets to ₹431.23 million from ₹383.26 million, primarily due to additions to non-compete and customer relations during the Financial Year 2024.

Other expenses: Other expenses increased by 26.12% to ₹2,222.30 million for the Financial Year 2024 from ₹1,762.03 million for the Financial Year 2023. Marketing expenses, which is the largest component of our other expenses, increased to ₹361.43 million from ₹238.89 million primarily due to expenditure on television commercials and increased expenses attributable to digital marketing initiatives. Other key components of our other expenses that increased were (i) hospital maintenance charges

and security charges to ₹288.66 million from ₹192.29 million due to the addition of new Facilities; (ii) power and fuel expenses to ₹194.68 million from ₹137.87 million due to increases in operations at our existing Facilities and the addition of Facilities during the Financial Year 2024; (iii) business promotion and entertainment expenses to ₹196.79 million from ₹136.31 million due to the expansion of operations at existing Facilities and the addition of new Facilities during the Financial Year 2024; and (iv) repair and maintenance - other expenses to ₹100.65 million from ₹67.15 million, primarily due to increases in costs associated with the maintenance of our existing Facilities and the opening of new Facilities. These increases were partially offset by decreases in our net loss on foreign currency transactions and translation expenses to ₹0.00 from ₹20.05 million.

<u>Tax expenses</u>: Our total tax expense significantly increased to ₹455.17 million for the Financial Year 2024 from a credit of ₹196.39 million for the Financial Year 2023 due to an increase in current tax expense to ₹277.59 million from ₹202.22 million, which was attributable to an increase in profit before tax to ₹1,405.68 million from ₹835.91 million. In addition, we experienced an increase in deferred tax expenses to ₹177.58 million from a credit of ₹398.61 million due to the first-time recognition of deferred tax assets during the Financial Year 2023. Our effective tax rate (which represents total tax expense expressed as a percentage of profit before tax for the relevant year) was 32.38% and (23.49)% for the Financial Years 2024 and 2023, respectively.

<u>Restated profit for the year</u>: As a result of the foregoing, our restated profit for the year decreased by 7.92% to ₹950.51 million for the Financial Year 2024 from ₹1,032.30 million for the Financial Year 2023.

## Financial Year 2023 compared to Financial Year 2022

<u>Total income</u>: Total income increased by 44.51% to ₹10,314.94 million for the Financial Year 2023 from ₹7,137.84 million for the Financial Year 2022 primarily due to an increase in revenue from operations and other income.

<u>Revenue from operations</u>: Revenue from operations increased by 46.25% to ₹10,179.80 million for the Financial Year 2023 from ₹6,960.78 million for the Financial Year 2022 primarily due to increases in:

- revenue from sale of services to ₹7,858.79 million for the Financial Year 2023 from ₹5,249.34 million for the Financial Year 2022, which was mainly driven by increases in (i) income from surgeries to ₹6,360.52 million from ₹4,012.80 million, primarily due to a combination of acquisition and setting up of Facilities, along with an increase in our patient volumes during the Financial Year 2023 compared to reduced numbers during the Financial Year 2022 on account of the COVID-19 pandemic, and our focus on improving patient conversions and referrals from our Primary Facilities to Secondary Facilities and Tertiary Facilities for surgeries; (ii) income from consultation to ₹493.81 million from ₹344.27 million, primarily due to the acquisition and scaling of our Facilities through marketing initiatives and business development activities; (iii) income from treatments and investigations to ₹1,004.30 million from ₹892.27 million; and (iv) income from annual maintenance contract to ₹0.16 million from ₹0.00. We witnessed an increase in patient volumes and surgeries performed to 1,595,137 patients and 170,580 surgeries during the Financial Year 2023 from 1,093,164 patients and 115,294 surgeries during the Financial Year 2022;
- revenue from sales of products to ₹2,306.03 million for the Financial Year 2023 from ₹1,703.31 million for the Financial Year 2022, primarily due to increases in (i) opticals, contact lens and accessories to ₹1,449.64 million from ₹1,102.73 million, primarily due to an increase in patient volumes during the Financial Year 2023 compared to reduced numbers during the Financial Year 2022 on account of the effects of the COVID-19 pandemic; (ii) pharmaceutical products to ₹810.88 million from ₹570.04 million, primarily due to a an increase in patient volumes and walk-ins at our Facilities, compared to the reduced numbers during Financial Year 2022 on account of the movement restrictions implemented to curb the spread of the COVID-19 pandemic; and (iii) sales of advanced vision analyzer AVA & Trial Lens to ₹45.51 million from ₹30.54 million; and
- other operating revenues to ₹14.98 million for the Financial Year 2023 from ₹8.13 million for the Financial Year 2022.

Other income: Other income decreased by 23.68% to ₹135.14 million for the Financial Year 2023 from ₹177.06 million for the Financial Year 2022 primarily due to decreases in (i) net gain on foreign currency transactions and translation to ₹0.00 from ₹81.92 million; (ii) profit on termination of lease (net) to ₹4.50 million from ₹24.38 million; (iii) liabilities no longer required - written back to ₹6.84 million from ₹22.85 million; and (iv) interest on income tax refund to ₹2.00 million from ₹14.31 million. These decreases was partially offset by increases in (i) profit on redemption of current investments (which includes net gain / (loss) arising on financial assets designated as FVTPL) to ₹46.62 million from ₹0.00, due to redemptions of mutual funds and the consequent realization of gains on such investments during the Financial Year 2023; (ii) interest income on financial assets carried at amortised cost – bank deposits to ₹27.77 million from ₹12.66 million, primarily due to an increase in amounts placed as fixed deposits with banks; (iii) interest income on financial assets carried at amortised cost – security deposits to ₹18.71 million from ₹5.37 million; and (iv) miscellaneous income to ₹28.30 million from ₹15.57 million.

*Total expenses*: Total expenses increased by 44.27% to ₹9,479.03 million for the Financial Year 2023 from ₹6,570.21 million for the Financial Year 2022 primarily due to increases in each of our expenses, corresponding to an increase in our revenue from operations on account of an expansion of our business and acquisition of additional Facilities.

Cost of materials consumed: Cost of materials consumed increased by 61.50% to ₹17.62 million in the Financial Year 2023 from ₹10.91 million in the Financial Year 2022 primarily due to an increase in the purchases of raw materials and consumables during the year to ₹14.72 million in the Financial Year 2023 from ₹11.01 million in the Financial Year 2022.

Purchases of stock-in-trade: Purchases of stock-in-trade increased by 34.56% to ₹1,147.57 million in the Financial Year 2023 from ₹852.80 million in the Financial Year 2022, primarily due to increases in purchases of stock-in-trade of (i) opticals, contact lens and accessories to ₹536.86 million from ₹418.74 million; and (ii) pharmaceutical products to ₹536.68 million from ₹364.04 million, which corresponded to increases in our revenue from sale of products during the Financial Year 2023.

Changes in inventories of finished goods, stock-in-trade and work-in-progress: We experienced a net increase of ₹30.58 million in our inventories of finished goods, stock-in-trade and work-in-progress during the Financial Year 2023, primarily due to increases in our inventories of (i) opticals, contact lens and accessories from ₹105.73 million at the beginning of the year to ₹127.18 million at the end of the year; and (ii) pharmaceutical products from ₹52.09 million at the beginning of the year to ₹75.62 million at the end of the year, which was partially offset by a decrease in clinical items and equipments held for trading from ₹13.92 million at the beginning of the year to ₹0.42 million at the end of the year. In comparison, we experienced a net increase of ₹26.97 million in our inventories of finished goods, stock-in-trade and work-in-progress during the Financial Year 2022, primarily due to increases in our inventories of (i) opticals, contact lens and accessories from ₹82.52 million at the beginning of the year to ₹105.73 million at the end of the year; (ii) pharmaceutical products from ₹49.96 million at the beginning of the year to ₹52.09 million at the end of the year; and (iii) clinical items and equipments held for trading from ₹10.39 million at the beginning of the year to ₹13.92 million at the end of the year, which was partially offset by a decrease in our inventories of raw materials and components from ₹2.80 million at the beginning of the year to ₹0.90 million at the end of the year.

Consumption of surgical lens including other consumables: Consumption of surgical lens including other consumables increased by 57.86% to ₹1,204.45 million during the Financial Year 2023 from ₹762.99 million during the Financial Year 2022, primarily due to increases in our patient volumes and surgeries performed, which required increased volumes of stock-in-trade, surgical lens and other consumables.

Consultancy charges for doctors: Consultancy charges for doctors increased by 58.59% to ₹1,471.23 million for the Financial Year 2023 from ₹927.72 million for the Financial Year 2022, primarily due to the effects of the COVID-19 pandemic, which resulted in fewer doctors being engaged at our Facilities and a reduction in the number of surgeries and treatments during the Financial Year 2022, leading to lower variable pay for our doctors. We set up or acquired 31 new Facilities and engaged 549 doctors during the Financial Year 2023 compared to 12 new Facilities and 403 doctors during the Financial Year 2022. In addition, we also offered increments and incentives under our erstwhile doctors' incentive plan to our doctors during the Financial Year 2023, contributing to an increase in the consultancy charges for doctors.

Employee benefits expense: Employee benefits expense increased by 36.18% to ₹1,904.02 million for the Financial Year 2023 from ₹1,398.20 million for the Financial Year 2022 primarily due to an increase in salaries and bonus to ₹1,701.25 million from ₹1,286.60 million, which was mainly attributable to lower salaries and bonuses being paid during the Financial Year 2022 on account of the effects of the COVID-19 pandemic, which was then offset by increased increments during the Financial Year 2023. In addition, we set up or acquired 31 new Facilities during the Financial Year 2023 and employed 2,373 employees (other than doctors and paramedical staff) as of March 31, 2023, which included hiring additional senior and middle management personnel, compared to 12 new Facilities during the Financial Year 2022 and 1,742 employees (other than doctors and paramedical staff) as of March 31, 2022.

<u>Finance costs</u>: Finance costs increased by 58.53% to ₹719.73 million in the Financial Year 2023 from ₹453.99 million in the Financial Year 2022 primarily due to increases in (i) interest expense – interest on deferred consideration to ₹128.44 million from ₹8.29 million on account of interest payments on liabilities associated with the acquisition of Facilities; (ii) interest on lease liabilities to ₹300.88 million from ₹238.03 million; (iii) interest expense – interest on term loan from banks to ₹85.59 million from ₹24.08 million due to the conclusion of the interest moratorium period that was instituted by the RBI during the COVID-19 pandemic on term loans availed by us; and (iv) interest expense – interest on others to ₹62.91 million from ₹16.76 million. This was partially offset by a decrease in interest expense – interest on debentures to ₹141.62 million from ₹166.65 million.

Depreciation and amortisation expense: Depreciation and amortisation expense increased by 31.37% to ₹1,282.96 million for the Financial Year 2023 from ₹976.60 million for the Financial Year 2022 primarily due to increases in (i) amortization of intangible assets to ₹383.26 million from ₹154.51 million on account of additions to non-compete during the Financial Year 2023; and (ii) depreciation of right-of-use assets to ₹494.58 million from ₹321.65 million due to the addition of buildings and lease arrangements constituting right-of-use assets upon the setting up of 31 Facilities during the Financial Year 2023. This was partially offset by reductions in (i) depreciation on tangible assets to ₹405.12 million from ₹463.41 million due to changes in our accounting estimates relating to depreciation, from a written-down value method to straight-line depreciation; and (ii) impairment on intangible assets to ₹0.00 from ₹37.03 million.

Other expenses: Other expenses increased by 45.15% to ₹1,762.03 million for the Financial Year 2023 from ₹1,213.97 million for the Financial Year 2022. Marketing expenses, which is the largest component of our other expenses, increased to ₹238.89 million from ₹143.25 million primarily due to additional marketing campaigns run by our Company in specific regions, along

with the initiation of digital marketing activities, television advertisements, radio campaigns and newspaper advertisements in order to improve patient footfalls and support the growth of our Facilities in light of competition from our peers. Other key components of our other expenses that increased were (i) travelling and conveyance expenses to ₹174.53 million from ₹99.67 million due to the gradual lifting of travel restrictions that were implemented to curb the spread of the COVID-19 pandemic and our expansion efforts into new regions; (ii) business promotion and entertainment expenses to ₹136.31 million from ₹67.76 million on account of increased business development activities upon the lifting of restrictions due to the COVID-19 pandemic, to increase patient footfalls at our existing Facilities and to promote our new Facilities that we acquired or set up; (iii) rent expenses to ₹141.26 million from ₹95.46 million; (iv) power and fuel expenses to ₹137.87 million from ₹96.38 million; (v) legal and professional charges expenses to ₹145.46 million from ₹109.25 million; (vi) hospital maintenance charges and security charges to ₹192.29 million from ₹159.05 million; and (vii) software maintenance charges to ₹55.03 million from ₹23.73 million, which were primarily due to the addition of additional Facilities during the Financial Year 2023 and increased expenses associated with the re-opening and scaling of Facilities upon the lifting of restrictions after the COVID-19 pandemic. These increases were partially offset by decreases in (i) miscellaneous expenses to ₹33.49 million from ₹45.89 million; and (ii) loss on sale of property, plant and equipment to ₹0.00 from ₹2.36 million.

<u>Tax expenses</u>: Our total tax expense significantly decreased to a credit of ₹196.39 million for the Financial Year 2023 from an expense of ₹135.99 million for the Financial Year 2022, primarily due to an increase in our deferred tax credit to ₹398.61 million from ₹10.80 million upon the first-time recognition of deferred tax assets. This was partially offset by an increase in current tax expense to ₹202.22 million from ₹146.79 million, which was attributable to an increase in our profit before tax to ₹835.91 million from ₹567.63 million. Our effective tax rate (which represents total tax expense expressed as a percentage of profit before tax for the relevant year) was (23.49)% and 23.96% for the Financial Years 2023 and 2022, respectively.

<u>Restated profit for the year</u>: As a result of the foregoing, our profit for the year increased significantly to ₹1,032.30 million for the Financial Year 2023 from ₹431.64 million for the Financial Year 2022.

#### **Liquidity and Capital Resources**

Our primary source of liquidity is cash generated from operations. As of September 30, 2024, we had cash and cash equivalents of ₹1,667.60 million and bank balances other than cash and cash equivalents of ₹126.71 million. We primarily utilize cash towards working capital and day-to-day operational requirements of our business. We also utilize cash generated from financing activities for investments in our business, such as the acquisition of additional Facilities. Cash generated by our Subsidiaries may also be utilized for construction of new Facilities and the renovation of existing Facilities operated by such Subsidiaries.

Our financing requirements are primarily for working capital and investments in our business such as capital expenditures. We expect that cash flow from revenue from operations will continue to be our principal source of cash in the long-term. We evaluate our funding requirements periodically in light of our net cash flow from operating activities, the requirements of our business and operations, and potential acquisition opportunities.

This was primarily due to proceeds from issue of equity share capital (including employee stock options) of ₹3,008.96 million and proceeds from borrowings of ₹1,730.80 million, which was partially offset by repayment of borrowings of ₹779.60 million, payment of lease liabilities of ₹629.75 million, finance costs paid on borrowings of ₹292.74 million, and dividend paid (including tax thereon) of ₹4.28 million.

Net cash generated from financing activities was ₹354.33 million in the Financial Year 2022. This was primarily due to proceeds from borrowings of ₹908.31 million, proceeds from issue of debentures of the company of ₹201.75 million and proceeds from issue of convertible preference shares of ₹148.25 million, which was partially offset by payment of lease liabilities of ₹510.19 million, finance costs paid on borrowings of ₹207.67 million, repayment of borrowings of ₹184.47 million, expenses on account of issue of shares and debentures of ₹1.58 million and dividend paid (including tax thereon) of ₹0.07 million.

# Capital expenditure

Our capital expenditures primarily relate to the purchase of property, plant and equipment and intangible assets, and our additions to property, plant and equipment and intangible assets aggregated to \$6,358.82 million, \$5,047.39 million, \$5,170.78 million and \$1,366.28 million for the six months ended September 30, 2024 and the Financial Years 2024, 2023 and 2022, respectively. As of September 30, 2024, we had estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) of \$853.45 million. During the Financial Year 2025, we expect to further incur \$2,925.06 million as capital expenditure towards the setting up of additional Facilities and renovation or relocation of our existing Facilities.

### Financial indebtedness

As of September 30, 2024, we had borrowings (current and non-current) amounting to ₹3,736.82 million, which primarily consisted of term loans from banks and others and proceeds from the issue of non-convertible debentures. For further details

related to our indebtedness, see "Financial Indebtedness" on page 394.

#### Contractual obligations

The following table sets forth the maturity profile of our contractual obligations for our non-derivative financial liabilities with agreed repayment periods. The tables include both interest and principal cash flows.

To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which we may be required to pay. The interest bearing financial liabilities were high when compared to non-interest bearing financial assets, which is primarily due to acquisition of hospitals during the year. This risk will be reduced with the operating cash inflows generated from the newly acquired hospitals and from the existing hospitals.

#### Lease liabilities

Our lease liabilities primarily relate to leases of land, buildings and medical equipment and are measured on a current and non-current basis. As of September 30, 2024 and 2023, our lease liabilities (current and non-current) aggregated to ₹6,607.74 million and ₹5,309.76 million, respectively. Further, as of March 31, 2024, 2023 and 2022, our lease liabilities (current and non-current)

<sup>(</sup>iii) Based on Professional Advice / Management's assessment of all the above claims, the Group expects a favorable decision in respect of the above claims and hence no specific provision has been considered for the above claims.

aggregated to ₹5,786.43 million, ₹5,011.69 million and ₹3,431.37 million, respectively.

## **Off-balance sheet arrangements**

We do not have any off-balance sheet arrangements, derivative instruments, swap transactions or relationships with other entities or other unconsolidated entities or financial partnerships that would have been established for the purpose of facilitating off-balance sheet arrangements.

#### Quantitative and qualitative disclosures regarding market and other risks

We are exposed to various types of market risks during the normal course of business. The primary varieties of financial risks that we are exposed to include liquidity risk, credit risk and market risk (including interest rate risk and other price risk).

# Liquidity Risk

Liquidity risk refers to the risk that we will not be able to meet our financial obligations as they become due. We manage our liquidity risk by ensuring as far as possible, that we will always have sufficient liquidity to meet our liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to our reputation. We maintain adequate reserves and banking facilities, and continuously monitor the forecast and actual cash flows by matching maturing profiles of financial assets and financial liabilities in accordance with our approved risk management policy periodically. We believe that the expected future cashflows from the acquisitions during the year, working capital (including banking limits not utilized) and our cash and cash equivalent are sufficient to meet our short and medium term requirements. Also see "— Contractual Obligations" on page 430.

#### Credit Risk

Credit risk is the risk of financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, cash and cash equivalents, bank deposits and other financial assets. None of our other financial instruments result in material concentration of credit risk. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit.

The carrying amount of the financial assets recorded in our Restated Consolidated Financial Information, grossed up for any allowance for losses, represents the maximum exposures to credit risk.

#### Trade receivables

Our exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and credit history, also has an influence on credit risk assessment. We classify the right to consideration in exchange for deliverables as a receivable. A receivable is a right to consideration that is unconditional upon passage of time. Revenue is recognized as and when the related goods or services are delivered or performed to the customer. Trade receivables are presented net of provisions for expected credit losses in our restated balance sheet. Set out below are details of our outstanding trade receivables as of September 30, 2024 and 2023 and as of March 31, 2024, 2023 and 2022:

Current investments, cash and cash equivalents and derivatives

Risks in relation to current investments, cash and cash equivalents and derivatives are limited as we generally transact with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies. Our investments primarily include investment in mutual funds.

#### Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed in accordance with our policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by our Company's Board of Directors on an annual basis. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

#### Financial guarantees

Financial guarantees have been provided as corporate guarantees to financial institutions and banks that have extended credit facilities to our related parties and Subsidiaries. In this regard, we do not foresee any significant credit risk exposure.

#### Other qualitative factors

#### Related party transactions

We have in the past entered into, and in the future may enter into, transactions with several related parties in the ordinary course of our business. Such transactions could be for, among other things, purchase of materials and services, rent expenses, rental deposits, sale of assets, interest on loans, directors' remuneration and reimbursement of expenses. For further details of our related party transactions, see "Summary of Offer Document – Summary of related party transactions" on page 21.

# Dependence on a few suppliers or customers

We do not have any material dependence on a single or a few suppliers or customers.

#### Significant economic changes

Other than as described above under "— Significant Factors Affecting our Results of Operations" on page 400, to the knowledge of our management, there are no other significant economic changes that materially affect or are likely to affect our income from continuing operations.

# Unusual or infrequent events or transactions

Except as disclosed in this Red Herring Prospectus, to our knowledge, there have been no "unusual" or "infrequent" events or transactions that have in the past, or may in the future, affect our business operations or future financial performance.

#### Known trends or uncertainties

Our business has been affected and we expect will continue to be affected by the trends identified above in "— *Significant Factors Affecting our Results of Operations*" on page 400 and the uncertainties described in "*Risk Factors*" on page 33. To our knowledge, except as described or anticipated in this Red Herring Prospectus, there are no known factors which we expect will have a material adverse impact on our revenues or income from continuing operations.

# Future relationship between cost and income

Other than as described in this Red Herring Prospectus, to the knowledge of our management, there are no known factors that might affect the future relationship between costs and revenues.

#### New products or business segments

Other than as described in "Our Business — Strategies" on page 225, there are no new products or business segments in which we operate or propose to operate.

# Seasonality of business

Our business is affected by seasonality and our income and profits may vary from quarter to quarter depending on changes in weather, seasonal festivities (which could affect the schedules on which our patients opt for surgical and other treatments), and other events specific to the regions in which our Facilities are located. Some of these factors may have a seasonal or cyclical pattern, which may affect the patient footfalls and the revenue from operations at our facilities. For instance, given that many of the surgeries and treatments that we offer are elective in nature, we have observed that the demand for our services tends to be higher during winter months, when the incidence of infections and allergies may increase, and festive seasons, when patients may opt for such surgeries or treatments to improve their vision or appearance. Accordingly, our patient visits and consequently, our revenue from operations, could vary. Our operating results are expected to continue to vary from quarter to quarter and from half-year period to half-year period, and results in a single quarter or half-year may not be indicative of our annual financial

results. These variations may not reflect the underlying trends or growth prospects of our business, and may not be comparable across different periods within a single financial year, or between different periods in different years. Also see "Risk Factors – Internal Risk Factors – Our business is subject to seasonality and our quarterly or periodic results published upon listing may not be indicative of our annual financial performance and results of operations" on page 67.

#### SECTION VI: LEGAL AND OTHER INFORMATION

#### **OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS**

Except as disclosed in this section, there are no outstanding (i) criminal proceedings (including matters which are at FIR stage even if no cognizance has been taken by any court); (ii) action taken (including all disciplinary actions, penalties and show cause notices) by regulatory or statutory authorities; (iii) claims related to direct and indirect taxes (disclosed in consolidated manner); or (iv) other pending litigation as determined to be material as per the materiality policy adopted by our Board in accordance with SEBI ICDR Regulations, in each case involving our Company, its Subsidiaries, our Promoters and Directors ("Relevant Parties"). There are no pending litigations involving our Group Companies which has a material impact on our Company. Further, there are no disciplinary actions including penalty imposed by the SEBI or stock exchanges against our Promoters in the last five Financial Years including any outstanding action.

For the purpose of identification of material litigation in (iv) above, our Board pursuant to the Board resolution dated September 25, 2024, has considered and adopted the following policy on materiality with regard to outstanding litigation to be disclosed by our Company in this Red Herring Prospectus:

All outstanding litigation involving the Relevant Parties (excluding Dr. Agarwal's Eye Hospital Limited), other than criminal proceedings (including matters which are at FIR stage even if no cognizance has been taken by any court), actions (including all disciplinary actions, penalties and show cause notices) by regulatory authorities and statutory authorities against the Relevant Parties, tax matters involving the Relevant Parties regarding claims related to direct and indirect taxes, would be considered 'material' if: (i) aggregate monetary amount of claim/dispute amount/liability involved whether by or again the Relevant Parties in any such pending litigation is in excess of the lower of the following is above a materiality threshold of (a) 2% of the net worth of the Company as per the last audited Restated Consolidated Financial Information, except in case the arithmetic value of the net worth is negative or, (b)  $\stackrel{?}{\sim} 2\%$  of turnover of the Company as per the last audited Restated Consolidated Financial Information and (c) 5% of the average of absolute value of profit or loss after tax of the Company as per the last three audited Restated Consolidated Financial Information ("Materiality Threshold"); or (ii) such matters which may have a significant effect on the business, operations, financial condition, prospects, reputation, results of operations or cash flows of the Company irrespective that the amount involved in such litigation (including any litigation under the Insolvency and Bankruptcy Code, 2016) may not meet the materiality threshold in (i) above, or such matters where the aggregate monetary amount of claim/dispute amount/liability involved is not quantifiable. This will also include civil litigations where the decision in one case is likely to affect the decision in similar cases even though the amount involved in an individual litigation may not exceed the materiality threshold. Accordingly, 5% of the average of absolute value of restated profit for the year, based on the Restated Consolidated Financial Information of the preceding three financial years disclosed in the DRHP, i.e., ₹40.24 million has been considered as the materiality threshold.

All outstanding litigation involving Dr. Agarwal's Eye Hospital Limited ("AEHL") other than criminal proceedings (including matters which are at FIR stage even if no cognizance has been taken by any court), actions (including disciplinary actions, penalties, and show cause notices) by regulatory authorities and statutory authorities against AEHL, tax matters involving AEHL regarding claims related to direct and indirect taxes, would be considered 'material' if the aggregate monetary amount of claim/dispute amount/liability involved whether by or against AEHL in any such pending litigation is in excess of the lower of (a) 2% of the net worth of AEHL as per the last audited consolidated financial statements of AEHL, except in case the arithmetic value of the net worth is negative or, (b) 2% of turnover of AEHL as per the last audited consolidated financial statements of AEHL or (c) 5% of the average of absolute value of profit or loss after tax of AEHL as per the last three audited financial statements of AEHL ("AEHL Materiality"); or (ii) where monetary liability is not quantifiable or does not exceed the AEHL Materiality under (i) above, the outcome of any such pending proceedings may have a material bearing on the business, operations, prospects, financial position or reputation of our AEHL, irrespective that the amount involved in such litigation (including any litigation under the Insolvency and Bankruptcy Code, 2016) may not meet the AEHL Materiality, or such matters where the aggregate monetary amount of claim/dispute amount/liability involved is not quantifiable. Accordingly, 5% of the average of absolute value of profit for the year, based on the audited consolidated financial statements of AEHL for the preceding three financial years disclosed in the DRHP, i.e., ₹17.89 million has been considered as the AEHL Materiality.

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties (excluding notices issued by statutory authorities or regulatory authorities or tax authorities), have not been considered as litigation until such time that the Relevant Parties are not impleaded as a defendant in the litigation proceedings before any judicial forum. We have also disclosed matters relating to direct and indirect taxes involving the Relevant Parties in a consolidated manner giving details of number of cases and total amount involved in such claims.

Except as stated in this section, there are no material outstanding dues to creditors of our Company. For this purpose, our Board has pursuant to the Board resolution dated September 25, 2024, considered and adopted a policy of materiality for identification of material outstanding dues to creditors. In terms of this materiality policy, outstanding dues to any creditor of our Company having a monetary value which exceeds 5% of our trade payables (excluding provisions) as of September 30, 2024, shall be considered as 'material'. Accordingly, as on September 30, 2024, any outstanding dues exceeding ₹86.84 million have been considered as material outstanding dues for the purposes of disclosure in this section. For outstanding dues to any micro, small or medium enterprise, the disclosure shall be based on information available with our Company regarding the

status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006 as amended, read with the rules and notification thereunder.

Unless otherwise specified, the terms defined in the description of a particular litigation matter pertain to such matter only.

#### Litigation by our Company

Material civil litigation

Our Company through an application dated March 22, 2022, initiated arbitration proceedings against Vinayak Netralaya, Pranay Kumar Singh, S. Sonu Verma and Vinayak Optix ("Respondent No. 1", "Respondent No. 2," "Respondent No. 3," and Respondent No. 4" respectively, and collectively, the "Respondents"), before the arbitral tribunal comprising of Justice R. Banumathi in Chennai ("Tribunal"). Our Company, Dr. Pranay Kumar Singh, Dr. S Sonu Verma, Vinayak Netralaya and Vinayak Optix entered into four business transfer agreements ("BTAs") dated January 31, 2020. Further, Dr. Pranay Kumar Singh and Dr. S. Sonu Verma also entered into two contract of service agreements ("CSAs") with our Company dated January 31, 2020. Our Company made a lump sum payment of ₹164.30 million as per the BTAs to the Respondents. On November 17, 2021, Respondent No. 2, and Respondent No. 3 issued notices for termination of the BTAs and the CSAs to our Company. In the statement of claim dated July 20, 2022 filed before the Tribunal, our Company ("Claim") alleged, that the termination of the BTAs by the Respondents was not justified as Respondent No. 2 and Respondent No. 3, inter alia, breached the non-competition and non-solicitation clauses of each of the BTAs and CSAs, and started a competing business; and claimed ₹300 million towards the loss of business and erosion of the business value of our Company.

The Tribunal in its award dated February 28, 2024 ("**Award**") found inter alia that the termination of the BTAs and the CSAs by the Respondents is not just and lacked sufficient cause. The Award granted an amount of ₹98.73 million to our Company. Additionally, as per the Award, the Respondents were directed to pay an amount of ₹5 million to our Company towards costs. The Respondents have intimated our Company of the appeal against the Award dated April 24, 2024, vide letter dated June 14, 2024. The matter is currently pending in appeal at the Madras High Court.

#### Criminal litigation

1. Our Company filed a complaint dated February 18, 2022, ("Complaint") against Pranay Kumar Singh, S. Sonu Verma, Sachin Arya, Aarti Ahuja and Anjali Karla (collectively, the "Defendants") with the Chief Judicial Magistrate, Indore. Our Company alleged violations of Sections 403, 405, 406, 409, 415, 416, 418, 420, 463, 465, 471, 477A, read with Sections 120B and 34 of the Indian Penal Code, 1860 and Section 72 and 72A of the Information Technology Act, 2000 in relation to certain activities undertaken by the Defendants during their tenure with our Company. The Complaint was allowed by the Chief Judicial Magistrate, Indore by way of an order dated July 22, 2023 instructing the concerned police station to register a first information report ("FIR") against the Defendants. Thereafter, the Defendants filed three petitions against our Company, one dated July 28, 2023 and two dated December 5, 2023, before the High Court of Madhya Pradesh, seeking quashing of the FIR under Section 482 of the Code of Criminal Procedure, 1973 and a stay against the consequential proceedings arising from the order dated July 22, 2023. The replies on behalf of the Company were filed on March 20, 2024. The matter is currently pending.

# II. Litigation involving our Directors

Litigations against our Directors

#### Material civil litigation

1. Smt. Munipoojamma along with thirteen others (collectively, the "Plaintiffs") filed a civil suit dated February 19, 2020, before the Court of the City Civil and Sessions Judge at Bangalore against one of our Non-Executive Independent Directors, Dr. Ranjan Ramdas Pai, Smt. Shruthi Ramdas Pai, and D.S. Deshpande (collectively, the "Defendants"). The suit was initiated in relation to a dispute pertaining to a property situated at Jakkur Plantation, Yelahanka Hobli, Bangalore North ("Suit Property"). The Plaintiffs claimed that they are absolute owners and in peaceful physical possession and enjoyment of the Suit Property. The Plaintiffs alleged that the Defendants engaged in impersonation of one of the Plaintiffs and applied to the revenue authority on July 30, 2009, for conversion of the Suit Property from agricultural nature to residential purpose. The Plaintiffs further alleged that the Defendants thereafter, knowingly and fraudulently secured permission for sale of the Suit Property and created a sale deed dated August 6, 2009 ("Sale Deed"). The matter is currently pending.

This Red Herring Prospectus does not constitute an offer to sell or an invitation to subscribe to Equity Shares offered hereby, in any jurisdiction to any person to whom it is unlawful to make an offer or invitation in such jurisdiction. Any person into whose possession this Red Herring Prospectus comes is required to inform him or herself about, and to observe, any such restrictions. Any dispute arising out of the Offer will be subject to the jurisdiction of appropriate court(s) in Bengaluru, India only. The Draft Red Herring Prospectus does not constitute an invitation to subscribe to or purchase the Equity Shares in the Offer in any jurisdiction, including India. No action has been, or will be, taken to permit a public offering in any jurisdiction where action would be required for that purpose, except that the Draft Red Herring Prospectus has been filed with the SEBI for its observations. Accordingly, the Equity Shares represented thereby may not be issued, directly or indirectly, and this Red Herring Prospectus may not be distributed in any jurisdiction, except in accordance with the legal requirements applicable in such jurisdiction. Neither the delivery of this Red Herring Prospectus nor any offer or sale hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of our Company or any of the Selling Shareholders since the date of this Red Herring Prospectus or that the information contained herein is correct as at any time subsequent to this date. Invitations to subscribe to or purchase the Equity Shares in the Offer will be made only pursuant to this Red Herring Prospectus if the recipient is in India or the preliminary offering memorandum for the Offer, which comprises this Red Herring Prospectus and the preliminary international wrap for the Offer, if the recipient is outside India.

No person outside India is eligible to Bid for Equity Shares in the Offer unless that person has received the preliminary offering memorandum for the Offer, which contains the selling restrictions for the Offer outside India.

# **Eligibility and Transfer Restrictions**

The Equity Shares offered in the Offer have not been and will not be registered, listed or otherwise qualified in any jurisdiction outside India and may not be offered or sold to, and Bids may not be made by, persons in any such jurisdiction except in compliance with the applicable laws of each such jurisdiction. In particular, the Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (i) within the United States solely to persons reasonably believed to be "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act and referred to in this Red Herring Prospectus as "U.S. QIBs"; for the avoidance of doubt, the term U.S. does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Red Herring Prospectus as "QIBs") pursuant to Section 4(a) of the U.S. Securities Act, and (ii) outside the United States in "offshore transactions", as defined in, and in compliance with. Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales are made.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Until the expiry of 40 days after the commencement of the Offer, an offer or sale of Equity Shares within the United States by a dealer (whether or not it is participating in the Offer) may violate the registration requirements of the U.S. Securities Act, unless made pursuant to Section 4(a) or another available exemption from the registration requirements of the U.S. Securities Act and in accordance with applicable state securities laws in the United States.

### **Stock Market Data of Equity Shares**

This being an initial public offer of Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

#### **Mechanism for Redressal of Investor Grievances**

The Registrar Agreement provides for the retention of records with the Registrar to the Offer for a period of at least eight years from the date of listing and commencement of trading of the Equity Shares on the Stock Exchanges, to enable the Bidders to approach the Registrar to the Offer for redressal of their grievances.

All Offer-related grievances, other than of Anchor Investors may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the Bid cum Application Form was submitted, giving full details such as name of the sole or First Bidder, Bid cum Application Form number, Bidder's DP ID, Client ID, PAN, address of Bidder, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Bid Amount was blocked or the UPI ID (for UPI Bidders who make the payment of Bid Amount), date of Bid cum Application Form and the name and address of the relevant Designated Intermediary where the Bid was submitted. Further, the Bidder shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Bids submitted through Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as the name of the sole or First Bidder, Bid cum Application Form number, Bidders' DP ID, Client ID, PAN, date of the Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for, Bid Amount paid on submission of the Bid cum Application Form and the name and address of the BRLMs with whom the Bid cum Application Form was submitted by the Anchor Investor.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding two Working Days from the Bid / Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher, for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, and subject to applicable law, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days. Further, the investors shall be compensated by the SCSBs in accordance with SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 in the events of delayed unblock for cancelled/withdrawn/deleted applications, blocking of multiple amounts for the same UPI application, blocking of more amount than the application amount, delayed unblocking of amounts for non-allotted/partially-allotted applications, for the stipulated period. In an event there is a delay in redressal of the investor grievance in relation to unblocking of amounts, the post-Offer BRLM shall also compensate the investors at the rate higher of ₹100 or 15% per annum of the Bid Amount for the period of such delay. Further, in terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

The following compensation mechanism has become applicable for investor grievances in relation to Bids made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

| Scenario                                       | Compensation amount                           | Compensation period                             |

|  |   | date of actual unblock                          |

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the post-Offer BRLM shall be liable to compensate the investor at the rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock. Further, in accordance with circulars prescribed by SEBI, from time to time, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Managers, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

Our Company, each of the Selling Shareholders, the BRLMs and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under the applicable provisions of SEBI ICDR Regulations.

Further, in accordance with circulars prescribed by SEBI, from time to time, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Managers, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For helpline details of the Book Running Lead Managers pursuant to the SEBI Circular SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see "General Information – Book Running Lead Managers" on page 87.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

All grievances relating to Bids submitted with Registered Brokers may be addressed to the Stock Exchanges with a copy to the Registrar to the Offer. The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Banks for addressing any clarifications or grievances of ASBA Bidders. Bidders can contact our Company Secretary and Compliance Officer, the BRLMs or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allottnent, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

# Disposal of Investor Grievances by our Company

Our Company has obtained authentication on the SCORES in terms of the SEBI circular bearing number SEBI/HO/OIAE/IGRD/CIR/P/2023/156 dated September 20, 2023 in relation to redressal of investor grievances through SCORES.

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the relevant Designated Intermediary, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint, provided however, in relation to complaints pertaining to blocking/unblocking of funds, investor complaints shall be resolved on the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Each of the Selling Shareholders, severally and not jointly, has authorized the Company Secretary and the Compliance Officer of our Company and the Registrar to the Offer to redress investor grievances, if any, in relation to itself and its respective portion of the Offered Shares, provided that in any such case requiring a written response in respect of any investor grievance, the prior written approval (which includes any approval obtained over e-mail) of the relevant Selling Shareholder on such response shall be obtained by the Company.

Our Company has not received investor complaints in relation to the Equity Shares for the three years prior to the filing of this Red Herring Prospectus, hence no investor complaint in relation to our Company is pending as on the date of filing of this Red Herring Prospectus.

Investors can contact the Company Secretary and Compliance Officer, the BRLMs or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allottment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund orders or non-receipt of funds by electronic mode, etc. Our Company has also appointed Thanikainathan Arumugam, as our Company Secretary and Compliance Officer. For details, see "General Information – Company Secretary and Compliance Officer" on page 87.

Our Company has constituted a Stakeholders' Relationship Committee comprising of Archana Bhaskar; Ankur Nand Thadani; and Ved Prakash Kalanoria. For details, see "Our Management - Stakeholders' Relationship Committee" on page 283.

# Exemption from complying with any provisions of SEBI ICDR Regulations

The Company has included disclosures pertaining to Sunita Rana Agarwal and Pankaj Sondhi and their relevant entities as members of the Promoter Group in this Red Herring Prospectus based on, and limited to the extent of, publicly available information from the websites of certain government authorities including, among others, watchout investors, CIBIL, the BSE Limited, the National Stock Exchange of India Limited and the Ministry of Corporate Affairs, in order to comply with the requirements of the SEBI ICDR Regulations. Further, in the absence of the relevant information and confirmations from Sunita Rana Agarwal and Pankaj Sondhi, the Company is also unable to identify an exhaustive list of their relevant entities as members of the Promoter Group, other than to the extent identified pursuant to public searches.

In view of the above, the Company had filed an exemption application dated September 27, 2024, and SEBI has, pursuant to a letter dated October 25, 2024 bearing reference number SEBI/HO/CFD/RAC-DIL2/p/OW/2024/32128/1, acceded to our request to make such disclosures (as required under the SEBI ICDR Regulations) and to provide the required confirmations in relation to Sunita Rana Agarwal, Pankaj Sondhi, and their related entities falling within the definition of 'promoter group' as prescribed in the SEBI ICDR Regulations, on the basis of information available in the public domain, accordingly our Company has been exempted under Regulation 300(1)(c) of the SEBI ICDR Regulations from disclosing details of Sunita Rana Agarwal, Pankaj Sondhi and their relevant entities as members of the Promoter Group, to the extent that such information is not available in the public domain. For further details, please see "Risk Factor – Two of the relatives of our Promoters, Sunita Rana Agarwal and Pankaj Sondhi, who are deemed to be a part of our Promoter Group under the SEBI ICDR Regulations, have not provided their consent to be identified as members of our Promoter Group and have not provided any information in respect of themselves and their relevant entities as Promoter Group" on page 52.

#### Other confirmations

No person connected with the Offer, except for fees or commission for services rendered in relation to the Offer, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.

#### SECTION VII: OFFER INFORMATION.

## TERMS OF THE OFFER

The Equity Shares being offered, Allotted and transferred pursuant to the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, the MoA, AoA, SEBI Listing Regulations, the terms of this Red Herring Prospectus, the Prospectus, the Abridged Prospectus, Bid cum Application Form, the Revision Form, the CAN/ Allotment Advice and other terms and conditions as may be incorporated in other documents/ certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the issue of capital, offer for sale, and listing and trading of securities, issued from time to time, by SEBI, the GoI, the Stock Exchanges, the RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the GoI, the Stock Exchanges, the RoC and/or any other authorities while granting its approval for the Offer.

## The Offer

The Offer comprises a Fresh Issue by our Company and an Offer for Sale by the Selling Shareholders. For details in relation to the sharing of Offer expenses amongst our Company and the Selling Shareholders, see "Objects of the Offer – Offer related expenses" on page 130.

# **Ranking of the Equity Shares**

The Allottees upon Allotment of Equity Shares under the Offer will be entitled to dividend and other corporate benefits, if any, declared by our Company after the date of Allotment. The Equity Shares being offered and Allotted/ transferred in the Offer shall be subject to the provisions of the Companies Act, SEBI ICDR Regulations, SCRA, SCRR, MoA and AoA and shall rank pari passu with the existing Equity Shares in all respects including voting, right to receive dividends and other corporate benefits. For further details, see "Description of Equity Shares and Terms of Articles of Association" on page 497.

## Mode of payment of dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of the Companies Act, the Memorandum and Articles of Association, dividend distribution policy of our Company, and provisions of the SEBI Listing Regulations and any other guidelines or directions which may be issued by the Government in this regard. Dividends, if any, declared by our Company after the date of Allotment (pursuant to the transfer of Equity Shares from the Offer for Sale), will be payable to the Bidders who have been Allotted or transferred Equity Shares in the Offer, for the entire year, in accordance with applicable laws. For further details in relation to dividends, see "Dividend Policy" and "Description of Equity Shares and Terms of Articles of Association" at pages 303 and 497, respectively.

## Face Value, Offer Price and Price Band

The face value of each Equity Share is ₹1 and the Offer Price at the lower end of the Price Band is ₹[•] per Equity Share and at the higher end of the Price Band is ₹[•] per Equity Share. The Anchor Investor Offer Price is ₹[•] per Equity Share.

The Price Band and the minimum Bid Lot for the Offer will be decided by our Company, in consultation with the BRLMs, and published and advertised in all editions of Financial Express, an English national daily newspaper, all editions of Jan Satta, a Hindi national daily newspaper and all edition of Dina Kural, a Tamil daily newspaper, Tamil being the regional language of Tamil Nadu, where our Registered and Corporate Office is located, each with wide circulation, at least two Working Days prior to the Bid/ Offer Opening Date, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, and shall be made available to the Stock Exchanges for the purpose of uploading the same on their websites. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be pre-filled in the Bid cum Application Forms available on the respective websites of the Stock Exchanges. The Offer Price shall be determined by our Company, in consultation with Book Running Lead Managers, after the Bid/Offer Closing Date.

At any given point of time, there shall be only one denomination for the Equity Shares, unless otherwise permitted by law.

# Compliance with disclosure and accounting norms

Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

## **Rights of the Equity Shareholders**

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our equity Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;

- Right to vote on a poll either in person or by proxy, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claims being satisfied;
- Right of free transferability of their Equity Shares, subject to applicable laws including any RBI rules and regulations;
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations and the Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see "Description of Equity Shares and Terms of Articles of Association" at page 497.

## Allotment only in dematerialised form

Pursuant to Section 29 of the Companies Act and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges. In this context, our Company has entered into the following agreements with the respective Depositories and Registrar to the Offer:

- Tripartite agreement dated July 12, 2024 amongst our Company, NSDL and Registrar to the Offer; and
- Tripartite agreement dated July 12, 2024 amongst our Company, CDSL and Registrar to the Offer.

For details in relation to the Basis of Allotment, see "Offer Procedure" on page 474.

## **Market Lot and Trading Lot**

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allotment in the Offer will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of [•] Equity Shares. For further details, see "Offer Procedure" on page 474.

# **Joint Holders**

Subject to the provisions of the Articles of Association, where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

#### Jurisdiction

Exclusive jurisdiction for the purpose of the Offer is with the competent courts/authorities in Chennai, India.

## Period of operation of subscription list

See "- Bid/ Offer Programme" on page 466.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

## Nomination facility to Bidders

In accordance with Section 72 of the Companies Act, 2013, read with the Companies (Share Capital and Debentures) Rules, 2014, as amended, the Sole Bidder, or the First Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of Sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is modified or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A nomination may be cancelled or modified by nominating any other person in place of the present nominee, by the holder of the Equity Shares who made the nomination, by giving a notice of such cancellation or variation to our Company. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the Registrar and Transfer Agent of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by our Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may thereafter withhold payment of all dividends, interests, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Depository Participant.

# **Bid/Offer Programme**

Our Company, in consultation with the BRLMs, may consider participation by Anchor Investors. The Anchor Investor Bid/ Offer Period shall be one Working Day prior to the Bid/Offer Opening Date in accordance with the SEBI ICDR Regulations

(2) UPI mandate end time and date shall be at 5:00 pm IST on Bid/ Offer Closing Date, i.e. Friday, January 31, 2025

The above timetable, other than the Bid/Offer Closing Date, is indicative and does not constitute any obligation or liability on our Company, any of the Selling Shareholders or the BRLMs.

Any circulars or notifications from the SEBI after the date of this Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within three Working Days from the Bid/Offer Closing Date or such other time as prescribed by SEBI, the timetable may be extended due to various factors,

In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/Offer Closing Date for cancelled/ withdrawn/ deleted ASBA Forms, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher from the date on which the request for cancellation/withdrawal/deletion is placed in the Stock Exchanges bidding platform until the date on which the amounts are unblocked (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the Bidder shall be compensated at a uniform rate ₹100 per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Bid Amount, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the difference in amount, whichever is higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Bids, exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the SCSB responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. The Bidders shall be compensated in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, read with SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023, which for the avoidance of doubt, shall be deemed to be incorporated in the deemed agreement of our Company with the SCSBs, to the extent applicable, issued by SEBI, and any other applicable law in case of delays in resolving investor grievances in relation to blocking/unblocking of funds. The processing fees for applications made by the UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI Circular No. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022. SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, read with SEBI master circular no. SEBI/HO/CFD/PoD2/P/CIR/2023/00094 dated June 21, 2023, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹500,000, shall use UPI. RIBs and Eligible Employees Bidding under Employee Reservation Portion for up to ₹ 500,000 and individual investors Bidding under the Non-Institutional Portion Bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

such as extension of the Bid/ Offer Period by our Company, in consultation with the BRLMs, revision of the Price Band by our Company, in consultation with the BRLMs, or any delay in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws. Each Selling Shareholder confirms that it shall severally and not jointly extend such reasonable support and co-operation as may be reasonably requested by our Company and/or the BRLMs, in relation to itself and its respective portion of the Offered Shares to facilitate the process of listing and commencement of trading of the Equity Shares on the Stock Exchanges within such time prescribed under applicable law.

The Registrar to the Offer shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Offer Opening Date till the Bid/ Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLMs and the Registrar to the Offer on a daily basis in accordance with the SEBI RTA Master Circular.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for initial public offerings. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within such period as may be prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

UPI mandate end time shall be 5:00 p.m. on the Bid/Offer Closing Date

# On the Bid/ Offer Closing Date, the Bids shall be uploaded until:

- (i) 4.00 p.m. IST in case of Bids by QIBs and NIBs, and
- (i) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs, Eligible Employees Bidding in the Employee Reservation Portion and Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion.

On Bid/Offer Closing Date, extension of time may be granted by Stock Exchanges only for uploading Bids received RIBs and Eligible Employees under the Employee Reservation Portion, after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

<sup>#</sup> QIBs and Non-Institutional Bidders can neither revise their bids downwards nor cancel/withdraw their bids

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs, or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date and in any case no later than 1:00 p.m. IST on the Bid/Offer Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids and any revision in Bids will be accepted only during Working Days during the Bid/Offer Period and revision shall not be accepted on Saturdays, Sundays and public holidays. The Designated Intermediaries shall modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period till 5.00 pm on the Bid/Offer Closing Date after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing. Bidders may please note that as per letter no. List/SMD/SM/2006 dated July 3, 2006 and letter no. NSE/IPO/25101-6 dated July 6, 2006 issued by BSE and NSE, respectively. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges. None among our Company, the Selling Shareholders or any member of the Syndicate is liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or otherwise; and (ii) the blocking of Bid Amount in the ASBA Account on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

Our Company, in consultation with the BRLMs reserves the right to revise the Price Band during the Bid/Offer Period, in accordance with the SEBI ICDR Regulations. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly but the Floor Price shall not be less than the Face Value of the Equity Shares. In all circumstances, the Cap Price shall be at least 105% of the Floor Price and less than or equal to 120% of the Floor Price.

In case of revision in the Price Band, the Bid/Offer Period shall be extended for at least three additional Working Days after such revision, subject to the Bid/Offer Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar unforeseen circumstances, our Company, in consultation with the BRLMs, for reasons to be recorded in writing, may extend the Bid/Offer Period for a minimum of one Working Day, subject to the Bid/Offer Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Bid/Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a public announcement and also by indicating the change on the respective websites of the BRLMs and at the terminals of the Syndicate Members and by intimation to the Designated Intermediaries and the Sponsor Bank(s), as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

In case of discrepancy in data entered in the electronic book vis-vis data contained in the Bid cum Application Form for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

## **Minimum Subscription**

The requirement of minimum subscription is not applicable to the Offer for Sale in accordance with the SEBI ICDR Regulations. In the event our Company does not receive (i) the minimum subscription of 90% of the Fresh Issue, on the Bid/ Offer Closing Date; or (ii) minimum subscription in the Offer as specified under Rule 19(2)(b) of the SCRR, including through devolvement of Underwriters, if any, in accordance with applicable law, or if the subscription level falls below the thresholds mentioned above after the Bid/Offer Closing Date, on account of withdrawal of applications or after technical rejections, or if the listing or trading permission is not obtained from the Stock Exchanges for the Equity Shares being issued or offered under this Red Herring Prospectus, the Selling Shareholders, to the extent applicable, and our Company shall forthwith refund the entire subscription amount received in accordance with applicable law including the SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 and SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023. If there is a delay beyond two days after our Company becomes liable to pay the amount, our Company and our Directors, who are officers in default, shall pay interest at the rate of 15% per annum.

However, in case of under-subscription in the Offer, the Equity Shares will be allotted in the following order: (i) in the first instance towards subscription for 90% of the Fresh Issue; (ii) if there remain any balance valid Bids in the Offer, the Allotment for the balance valid Bids will be made in the following order: (a) first towards the sale of the Offered Shares by the Investor Selling Shareholders, on a pro rata basis among the Investor Selling Shareholders; and (b) once the Offered Shares by the Investor Selling Shareholder have been Allotted, the remaining Offered Shares offered by the Promoter Selling Shareholders and Other Selling Shareholders, on a pro rata basis amongst the Promoter Selling Shareholders and the Other Selling Shareholders; and (iii) only after the sale of all of the Offered Shares, towards the balance Fresh Issue.

Under subscription, if any, in any category except the QIB Portion, would be met with spill-over from the other categories at the discretion of our Company in consultation with the Book Running Lead Managers and subject to applicable law, and the Designated Stock Exchange. Further, in terms of Regulation 49(1) of the SEBI ICDR Regulations, our Company shall ensure that the number of Bidders to whom the Equity Shares will be Allotted will be not less than 1,000.

## **Arrangements for Disposal of Odd Lots**

There are no arrangements for disposal of odd lots since our Equity Shares will be traded in dematerialised form only and market lot for our Equity Shares will be one Equity Share.

#### Withdrawal of the Offer

The Offer shall be withdrawn in the event the requirement of the minimum subscription as prescribed under Regulation 45 of the SEBI ICDR Regulations is not fulfilled. Our Company, in consultation with the BRLMs, reserves the right not to proceed with the Fresh Issue and the Selling Shareholders, reserve the right not to proceed with the Offer for Sale, in whole or in part thereof, to the extent of respective potion of the Offered Shares, after the Bid/ Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Offer advertisements were published, within two days of the Bid/ Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer and inform the Stock Exchanges promptly on which the Equity Shares are proposed to be listed. The BRLMs, through the Registrar to the Offer, shall notify the SCSBs and the Sponsor Banks (in case of UPI Bidders), to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification and also inform the Bankers to the Offer to process refunds to the Anchor Investors, as the case may be. The notice of withdrawal will be issued in the same newspapers where the pre-Offer advertisements have appeared, and the Stock Exchanges will also be informed promptly. In terms of the UPI Circulars, in relation to the Offer, the BRLMs will submit reports of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. Further, in case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Bid/ Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day or 15% per annum of the Bid Amount, whichever is higher, for the entire duration of delay exceeding two Working Days from the Bid/ Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLMs shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

If our Company and the Selling Shareholders, in consultation with the BRLMs withdraws the Offer after the Bid/ Offer Closing Date and thereafter determines that it will proceed with a public offering of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI. Notwithstanding the foregoing, the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the filing of the Prospectus with the RoC.

## Restrictions, if any on transfer and transmission of Equity Shares

Except for lock-in of the pre-Offer capital of our Company, lock-in of our Promoters' minimum contribution under the SEBI ICDR Regulations and the Anchor Investor lock-in as provided in "Capital Structure" on page 94 and except as provided under the Articles of Association and under SEBI ICDR Regulations, there are no restrictions on transfer of the Equity Shares. Further, there are no restrictions on transmission of any shares of our Company and on their consolidation or splitting, except as provided in the Articles of Association. For details, see "Description of Equity Shares and Terms of Articles of Association" on page 497.

#### New financial instruments

Our Company is not issuing any new financial instruments through this Offer.

## **Book Building Procedure**

This Offer is being made in terms of Rule 19(2)(b) of the SCRR read with Regulation 31 of the SEBI ICDR Regulations. The Offer is being made through the Book Building Process and is in compliance with Regulation 6(1) of the SEBI ICDR Regulations, wherein in terms of Regulation 32(1) of the SEBI ICDR Regulations, not more than 50% of the Net Offer shall be allocated on a proportionate basis to QIBs, provided that our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Portion to Anchor Investors at the Anchor Investor Allocation Price on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, subject to availability of Equity Shares in the respective categories, not less than 15% of the Net Offer shall be available for allocation to Non-Institutional Bidders out of which (a) one third of such portion shall be reserved for applicants with application size of more than ₹200,000 and up to ₹1,000,000; and (b) two third of such portion shall be reserved for applicants with application size of more than ₹1,000,000, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub-category of Non-Institutional Bidders and not less than 35% of the Net Offer shall be available for allocation to RIBs in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Offer Price. Further, up to 1,579,399 Equity Shares, aggregating up to ₹[•] million shall be made available for allocation on a proportionate basis only to Eligible Employees Bidding in the Employee Reservation Portion, subject to valid Bids being received at or above the Offer Price, if any. Additionally, up to 1,129,574 Equity Shares, aggregating up to ₹[•] million may be made available for allocation on a proportionate basis only to Eligible AEHL Shareholders Bidding in the Shareholder Reservation Portion, subject to valid Bids being received at or above the Offer Price.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company, in consultation with the BRLMs, and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Offer Price. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill-over from any other category or a combination of categories.

Further, in the event of an under-subscription in the Employee Reservation Portion, such unsubscribed portion may be Allotted on a proportionate basis to Eligible Employees Bidding in the Employee Reservation Portion or the Shareholder Reservation Portion. The unsubscribed portion, if any, in the Employee Reservation Portion or the Shareholder Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category.

Bidders must ensure that their PAN is linked with Aadhaar and are in compliance with CBDT notification dated February 13, 2020 and with press releases dated June 25, 2021, September 17, 2021, read with press release dated September 17, 2021 and March 30, 2022, read with press release dated March 28, 2023.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN and UPI ID (for UPI Bidders), shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form.

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, *inter alia*, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

**Phase I:** This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

**Phase II:** This phase has become applicable from July 1, 2019. and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

**Phase III:** This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("**T+3 Notification**"). In this phase, the time duration from public issue closure to listing is proposed to be reduced to three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Offer. The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Offer will be made under UPI Phase III of the UPI Circular (on mandatory basis). The Offer will be advertised in all editions of Financial Express, a widely circulated English national daily newspaper and in all editions of Jan Satta, a widely circulated Hindi national daily newspaper and in all editions of Dina Kural, a widely circulated Tamil daily newspaper (Tamil being the regional language of Tamil Nadu, where our Registered Office is located) each with wide circulation on or prior to the Bid/Offer Opening Date and such advertisement shall also be made available to the Stock Exchanges for the purpose of uploading on their websites.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint SCSBs as the Sponsor Bank(s) to act as conduits between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI circular no.

SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022.

Pursuant to the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 ("UPI Streamlining Circular"), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streamlining Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Further, in terms of the UPI Circulars, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the BRLMs, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLMs.

# **Bid cum Application Form**

Copies of the Bid cum Application Form (other than for Anchor Investors) and the Abridged Prospectus will be available with the Designated Intermediaries at the Bidding Centres, and our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of the Stock Exchanges (www.nseindia.com and www.bseindia.com) at least one day prior to the Bid/ Offer Opening Date.

Copies of the Anchor Investor Application Form will be available at the offices of the BRLMs.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process, which shall include the UPI Mechanism in case of UPI Bidders. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

UPI Bidders must provide the valid UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Forms that do not contain the UPI ID are liable to be rejected.

ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in their respective ASBA Accounts, or (ii) the UPI ID, as applicable in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details are liable to be rejected. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. UPI Bidders using the UPI Mechanism may also apply through the mobile applications using the UPI handles as provided on the website of the SEBI.

Since the Offer is made under Phase III of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- (i) RIBs (other than the UPI Bidders using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers
- (ii) UPI Bidders using UPI Mechanism may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (iii) QIBs and Non-Institutional Bidders (other than Non-Institutional Bidders using UPI Mechanism) may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.

For all IPOs opening on or after September 1, 2022, as specified in SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, all the ASBA applications in public issues shall be processed only after the application monies are blocked in the investor's bank accounts. Stock Exchanges shall accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked. The circular is applicable for all categories of investors viz. Retail, QIB and NIB and also for all modes through which the applications are processed.

The ASBA Bidders, including UPI Bidders, shall ensure that they have sufficient balance in their bank accounts to be blocked through ASBA for their respective Bid as the application made by a Bidder shall only be processed after the Bid amount is blocked in the ASBA account of the Bidder pursuant to SEBI circular number SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, which shall be effective from September 1, 2022 pursuant to SEBI circular bearing number SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. UPI Bidders, may submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs. RIBs authorising an SCSB to block the Bid Amount in the ASBA Account may submit their ASBA Forms with the SCSBs (except UPI Bidders). ASBA Bidders must ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount can be blocked by the SCSB or the Sponsor Bank(s), as applicable at the time of submitting the Bid.

UPI Bidders bidding through UPI Mechanism must provide the UPI ID in the relevant space provided in the Bid cum Application Form.

Anchor Investors are not permitted to participate in the Offer through the ASBA process. For Anchor Investors, the Anchor Investor Application Form will be available with the BRLMs.

Excluding electronic Bid cum Application Forms

Notes:

- (1) Electronic Bid cum Application forms and the Abridged Prospectus will also be available for download on the websites of the Stock Exchanges (www.nseindia.com and www.bseindia.com).
- (2) Bid cum Application Forms for Anchor Investors shall be available at the offices of the BRLMs.
- <sup>(3)</sup> Bid cum Application Forms for Eligible Employees shall be available at the Registered Office of the Company.

In case of ASBA forms, the relevant Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. The Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For UPI Bidders, the Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders using UPI Mechanism, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Banks on a continuous basis through API integration to enable the Sponsor Banks to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Banks shall initiate request for blocking of funds through NPCI to RIBs, who shall accept the UPI mandate request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. In accordance with BSE Circular No: 20220803-40 and NSE Circular No: 25/2022, each dated August 3, 2022, for all pending UPI Mandate Requests, the Sponsor Banks shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm on the Bid/Offer Closing Date ("Cut-Off Time"). Accordingly, UPI Bidders Bidding using through the UPI Mechanism should accept UPI mandate requests for blocking of funds prior to the Cut-Off Time and all pending UPI mandate requests at the Cut-Off Time shall lapse. For ensuring timely information to investors, SCSBs shall send SMS alerts as specified in SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Banks, NPCI or the bankers to an issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the bankers to an issue.

The Sponsor Banks and Bankers to the Offer shall provide the audit trail to the Book Running Lead Managers for analysing the same and fixing liability. For ensuring timely information to investors, SCSBs shall send SMS alerts as specified in circulars prescribed by SEBI, from time to time.

The processing fees for applications made by the UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such SCSBs provide a written confirmation in compliance with the SEBI RTA Master Circular, in a format prescribed by SEBI in accordance the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law.

Pursuant to NSE circular dated August 3, 2022, the following is applicable to all initial public offers opening on or after September 1, 2022:

- a. Cut-off time for acceptance of UPI Mandate shall be up to 5:00 pm on the initial public offer closure date and existing process of UPI bid entry by syndicate members, registrars to the offer and depository participants shall continue till further notice.
- b. There shall be no T+1 mismatch modification session for PAN-DP mismatch and bank/ location code on T+1 day for already uploaded bids. The dedicated window provided for mismatch modification on T+1 day shall be discontinued.
- c. Bid entry and modification/ cancellation (if any) shall be allowed in parallel to the regular bidding period up to 5:00 pm on the initial public offer closure day.
- d. Exchanges shall display bid details of only successful ASBA blocked applications i.e. Application with latest status as RC 100 Block Request Accepted by Investor/ Client.

# **Electronic registration of Bids**

- a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the Offer, subject to applicable laws.
- b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids until such time as may be permitted by the Stock Exchanges and as disclosed in this Red Herring Prospectus.
- c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given until 5:00 pm IST for Retail Individual Bidders, Eligible Employees and Eligible Shareholders and 4:00 pm for Non-Institutional Bidders and QIBs, on the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.
- d) QIBs and Non-Institutional Bidders can neither revise their bids downwards nor cancel/withdraw their bids.

## Participation by Promoters and Promoter Group of the Company, the BRLMs and the Syndicate Members

The BRLMs and the Syndicate Members shall not be allowed to purchase Equity Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLMs and the Syndicate Members may Bid for Equity Shares in the Offer, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders, where the allocation is on a proportionate basis or in any other manner as introduced under applicable laws and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLMs and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither (i) the BRLMs or any associates of the BRLMs (except Mutual Funds sponsored by entities which are associates of the BRLMs or insurance companies promoted by entities which are associate of BRLMs or AIFs sponsored by the entities which are associate of the BRLMs or FPIs other than individuals, corporate bodies and family offices which are associates of the BRLMs or pension funds sponsored by entities which are associates of the BRLMs) nor; (ii) any person related to the Promoters or Promoter Group shall apply in the Offer under the Anchor Investor Portion.

For the purposes of this section, a QIB who has any of the following rights shall be deemed to be a "person related to the Promoter or Promoter Group": (a) rights under a shareholders' agreement or voting agreement entered into with the Promoter or Promoter Group; (b) veto rights; or (c) right to appoint any nominee director on our Board.

Further, an Anchor Investor shall be deemed to be an associate of the BRLMs, if: (a) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or (b) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or (c) there is a common director, excluding a nominee director, amongst the Anchor Investor and the BRLMs. Further, persons related to our Promoters and Promoter Group shall not apply in the Offer under the Anchor Investor Portion.

Except to the extent of participation in the Offer for Sale by the Promoter and members of the Promoter Group will not participate in the Offer.

# **Bids by Mutual Funds**

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Managers reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

# **Bids by Eligible Employees**

The Bid must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee does not exceed ₹ 500,000.

However, the initial allocation to an Eligible Employee in the Employee Reservation Portion shall not exceed ₹ 200,000. Allotment in the Employee Reservation Portion will be as detailed in the section "Offer Structure" on page 470

However, Allotments to Eligible Employees in excess of ₹200,000 shall be considered on a proportionate basis, in the event of under-subscription in the Employee Reservation Portion, subject to the total Allotment to an Eligible Employee not exceeding ₹500,000. Subsequent under-subscription, if any, in the Employee Reservation Portion may be added to other reserved portion and the unsubscribed portion, if any, after such inter-se adjustments among the reserved categories shall be added to the net offer category.

Eligible Employees Bidding in the Employee Reservation Portion may Bid at the Cut-off Price.

Bids under the Employee Reservation Portion by Eligible Employees shall be:

- (i) Made only in the prescribed Bid cum Application Form or Revision Form (i.e. Pink colour form).
- (ii) Only Eligible Employees (excluding such other persons not eligible under applicable laws, rules, regulations and guidelines) would be eligible to apply in this Offer under the Employee Reservation Portion.
- (iii) In case of joint bids, the Sole Bidder or the First Bidder shall be the Eligible Employee.
- (iv) Bids by Eligible Employees may be made at Cut-off Price.
- (v) Only those Bids, which are received at or above the Offer Price would be considered for allocation under this portion.
- (vi) The Bids must be for a minimum of [•] Equity Shares and in multiples of [•] Equity Shares thereafter so as to ensure that the Bid Amount payable by the Eligible Employee subject to a maximum Bid Amount of ₹500,000.
- (vii) Eligible Employees bidding in the Employee Reservation Portion can Bid through the UPI mechanism
- (viii) If the aggregate demand in this portion is less than or equal to [●] Equity Shares at or above the Offer Price, full allocation shall be made to the Eligible Employees to the extent of their demand.
- (ix) Bids by Eligible Employees in the Employee Reservation Portion and in the Net Offer portion shall not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories.
- (x) Eligible Employees should mention their employee number at the relevant place in the Bid cum Application Form or Revision Form

In the event of under-subscription in the Employee Reservation Portion, the unsubscribed portion will be available for allocation and Allotment, proportionately to all Eligible Employees who have Bid in excess of  $\stackrel{?}{\underset{?}{?}}$  200,000, subject to the maximum value of Allotment made to such Eligible Employee not exceeding  $\stackrel{?}{\underset{?}{?}}$  500,000.

If the aggregate demand in this portion is greater than [•] Equity Shares at or above the Offer Price, the allocation shall be made on a proportionate basis. For the method of proportionate basis of Allotment, see "Offer Procedure" on page 474.

#### **Bids by Eligible AEHL Shareholders**

Bids under the Shareholder Reservation Portion shall be subject to the following:

- 1. Only Eligible AEHL Shareholders (i.e. individuals and HUFs who are public equity shareholders of Dr. Agarwal's Eye Hospital Limited, excluding such other persons not eligible under applicable laws, rules, regulations and guidelines as at the date of this Red Herring Prospectus) would be eligible to apply in this Issue under the Shareholder Reservation Portion.
- 2. In case of joint Bids, the sole / first Bidder shall be an Eligible AEHL Shareholder.
- 3. Only those Bids, which are received at or above the Offer Price, would be considered for allocation under this portion.
- 4. The Bids must be for a minimum of [•] Equity Shares and in multiples of [•] Equity Shares thereafter, subject to Bid Amount not exceeding ₹ 200,000.
- 5. Bids by Eligible AEHL Shareholders in the Shareholders Reservation Portion (subject to Bid Amount being up to ₹200,000) and in the Net Offer portion shall not be treated as multiple Bids. Further, bids by Eligible AEHL Shareholders in Shareholders Reservation Portion (subject to Bid Amount being up to ₹200,000) and in the Employee Reservation Portion (as Eligible Employees), shall not be treated as multiple Bids. Therefore, Eligible AEHL Shareholders bidding in the Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) and bidding in the Employee Reservation Portion (as Eligible Employees) can also Bid under the Net Offer and such Bids will not be treated as multiple Bids. Our Company reserves the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories. Accordingly, Eligible AEHL Shareholders Bidding in the Shareholders Reservation Portion can Bid up to a maximum Bid Amount of ₹200,000. Further, Eligible AEHL Shareholders Bidding in the Shareholders Reservation Portion (if eligible and subject to applicable limits), and such Bids will not be treated as multiple Bids.
- 6. If the aggregate demand in this portion is less than or equal to [•] Equity Shares at or above the Issue Price, full allocation shall be made to Eligible AEHL Shareholders to the extent of their demand.
- 7. Under-subscription, if any, in any category including the Shareholders Reservation Portion and the Employee Reservation Portion, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLMs and the Designated Stock Exchange.
- 8. Eligible AEHL Shareholders Bidding under the Shareholders Reservation Portion (subject to the Bid Amount being up to ₹200,000) were entitled to Bid at the Cut-off Price.

Eligible AEHL Shareholders would need to have a valid PAN and their PAN should be updated with the register of shareholders maintained with Dr. Agarwal's Eye Hospital Limited. Further, Eligible AEHL Shareholders would need to have a valid demat account and details, as Equity Shares can only be Allotted to Eligible AEHL Shareholders having a valid demat account.

# Bids by Eligible Non-resident Indians ("NRIs")

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (blue in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour). Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment.

Eligible NRIs may obtain copies of Bid cum Application Form from the Designated Intermediaries. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorise their respective SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their Non-Resident External ("NRE") accounts, or FCNR accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of UPI Bidders) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Eligible NRIs applying on a non-repatriation basis in the Offer through the UPI Mechanism are advised to enquire with their relevant bank, whether their account is UPI linked, prior to submitting a Bid cum Application Form.

Participation of Eligible NRIs in the Offer shall be subject to compliance with the FEMA NDI Rules. In accordance with the FEMA NDI Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up Equity Share capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circulars). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circulars) to apply in the Offer, provided the UPI facility is enabled for their NRE/ NRO accounts.

For further details of restrictions on investment by NRIs, see "Restrictions on Foreign Ownership of Indian Securities" on page 495.

Participation of Eligible NRIs in the Offer shall be subject to the FEMA NDI Rules. Only Bids accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

# Bids by Hindu Undivided Families ("HUFs")

Bids by Hindu Undivided Families or HUFs should be made, in the individual name of the *Karta*. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*". Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

# Bids by Foreign Portfolio Investors ("FPIs")

An FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognised stock exchange in India, and/or may purchase or sell securities other than equity instruments.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA NDI Rules, the total holding by each FPI (or a group) shall be less than 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis and the aggregate limit for FPI investments shall be sectoral caps applicable to our Company, which is 100% of the total paid-up Equity Share capital of our Company on a fully diluted basis.

In terms of the FEMA Non-debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for Non-Residents (blue in colour).

As specified in the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations ("MIM Structure"), provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids are liable to be rejected. Further, in the following cases, the bids by FPIs will not be considered as multiple Bids: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments ("ODI") which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India

for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for issue procedure, as prescribed by SEBI from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to *inter alia* the following conditions:

- such offshore derivative instruments are transferred only to persons in accordance with Regulation 21(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Offer shall be subject to the FEMA NDI Rules.

Please note that in terms of the General Information Document, the maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under applicable laws. Further, MIM Bids by an FPI Bidder utilising the MIM Structure shall be aggregated for determining the permissible maximum Bid. Further, please note that as disclosed in the Draft Red Herring Prospectus read with the General Information Document, Bid Cum Application Forms are liable to be rejected in the event that the Bid in the Bid cum Application Form "exceeds the Offer size and/or investment limit or maximum number of the Equity Shares that can be held under applicable laws or regulations or maximum amount permissible under applicable laws or regulations, or under the terms of this Red Herring Prospectus."

For example, an FPI must ensure that any Bid by a single FPI and/ or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) (collective, the "FPI Group") shall be below 10% of the total paid-up Equity Share capital of our Company on a fully diluted basis. Any Bids by FPIs and/ or the FPI Group (including but not limited to (a) FPIs Bidding through the MIM Structure; or (b) FPIs with separate registrations for offshore derivative instruments and proprietary derivative instruments) for 10% or more of our total paid-up post Offer Equity Share capital shall be liable to be rejected.

## **Bids under Power of Attorney**

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, insurance companies, insurance finds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of ₹250 million and pension funds with a minimum corpus of ₹250 million, registered with the Pension Fund Regulatory and Development Authority established under sub-section (1) of section 3 of the Pension Fund Regulatory and Development Authority Act, 2013 (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company and each of the Selling Shareholders reserve the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company, in consultation with the BRLMs in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

# Bids by Securities and Exchange Board of India ("SEBI") registered Venture Capital Funds ("VCFs"), Alternate Investment Funds ("AIFs") and Foreign Capital Investors ("FVCIs")

The SEBI FVCI Regulations as amended, *inter alia*, prescribe the investment restrictions on VCFs, and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, subject to FEMA NDI Rules, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in an investee company directly or through investment in the units of other AIF. A Category III AIFs cannot invest more than 10% of the investible funds in an investee company directly or through investment in the units of other AIF. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public

offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not reregistered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company, the Selling Shareholders, severally and not jointly, and the Book Running Lead Managers will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Offer shall be subject to the FEMA NDI Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

# **Bids by Limited Liability Partnerships**

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLMs reserve the right to reject any Bid without assigning any reason thereof.

## Bids by banking companies

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company, in consultation with the BRLMs reserves the right to reject any Bid without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended ("Banking Regulation Act"). and the Master Direction - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the banking company's own paid-up share capital and reserves, whichever is less. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial and non-financial services company cannot exceed 20% of the bank's paid-up share capital and reserves.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company, subject to prior approval of the RBI, if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company; (iii) hold along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above.

Further, the aggregate investment by a banking company in all its subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments, cannot exceed 20% of the banking company's paid up share capital and reserves.

The banking company is required to submit a time-bound action plan for disposal of such shares within a specified period to RBI. A banking company would require a prior approval of RBI to make investment in a (i) subsidiary or a financial services company that is not a subsidiary (with certain exceptions prescribed); and (ii) non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in para 5(a)(v)(c)(i) of the Master Direction - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended.

# **Bids by SCSBs**

SCSBs participating in the Offer are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

- it is the legal and beneficial owner of the Offered Shares and that such Offered Shares shall be transferred in the Offer, free from encumbrances; and
- it shall not have recourse to the proceeds of the Offer, which shall be held in escrow in its favour, until the final approval for listing and trading of the Equity Shares from the Stock Exchanges where listing is sought have been received.

# **Utilisation of Offer Proceeds**

Our Company specifically confirm that all monies received out of the Offer shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act.

## **Impersonation**

Attention of the Bidders is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

"Any person who -

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447."

The liability prescribed under Section 447 of the Companies Act, 2013 for fraud involving an amount of at least ₹1 million or 1% of the turnover of the company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years and fine of an amount not less than the amount involved in the fraud, extending up to three times such amount (provided that where the fraud involves public interest, such term shall not be less than three years.) Further, where the fraud involves an amount less than ₹1.00 million or 1% of the turnover of the company, whichever is lower, and does not involve public interest, any person guilty of such fraud shall be punishable with imprisonment for a term which may extend to five years or with fine which may extend to ₹5.00 million or with both.

#### RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the approval route, depending upon the sector in which foreign investment is sought to be made. The Government of India makes policy announcements on FDI through press notes and press releases. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The DPIIT (formerly Department of Industrial Policy & Promotion) issued the Consolidated FDI Policy Circular dated October 15, 2020, with effect from October 15, 2020 (the "FDI Policy"), which consolidates and supersedes all previous press note, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020.

The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the Consolidated FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions. For further details, see "Key Regulations and Policies" on page 243.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

In terms of Press Note 3 of 2020, dated April 17, 2020 ("Press Note"), issued by the DPIIT, the FDI Policy and the FEMA (Non-debt Instruments) Rules has been amended to state that all investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India. Further, in accordance with the amendment to the Companies (Share Capital and Debentures) Rules, 2014 vide notification dated May 4, 2022 issued by Ministry of Corporate Affairs, a declaration shall be inserted in the share transfer form stipulating whether government approval shall be required to be obtained under Foreign Exchange Management (Non-debt Instruments) Rules, 2019 prior to transfer of shares, as applicable. Each Bidder should seek independent legal advice about its ability to participate in the Offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Offer in writing about such approval along with a copy thereof within the Offer Period.

As per the FEMA Non-debt Instruments Rules and FDI Policy read with Press Note, 100% foreign direct investment is permitted under the automatic route in our Company, however, investments under the foreign direct investment route by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country will require prior approval of the Government of India.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see "Offer Procedure – Bids by Eligible NRIs" and "Offer Procedure – Bids by Foreign Portfolio Investors ("FPIs")" on page 481 and 482, respectively.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any other applicable law of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold (i) within the United States only to persons reasonably believed to be "qualified institutional buyers" (as defined in Rule 144A under the U.S. Securities Act and referred to in this Red Herring Prospectus as "U.S. QIBs", for the avoidance of doubt, the term U.S. QIBs does not refer to a category of institutional investor defined under applicable Indian regulations and referred to in this Red Herring Prospectus as "QIBs") pursuant to Section 4(a) of the U.S. Securities Act, and (ii) outside the United States in "offshore transactions", as defined in, and in compliance with, Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

## SECTION VIII: DESCRIPTION OF EQUITY SHARES AND TERMS OF ARTICLES OF ASSOCIATION

Capitalised terms used in this section have the meaning that has been given to such terms in the Articles of Association of our Company. The main provisions of the Articles of Association of our Company are detailed below. No material clause of the Articles of Association having bearing on the Offer or the disclosures required in this Red Herring Prospectus has been omitted.

The Articles of Association of the Company comprise three parts, Part A, Part B and Part C, which parts shall, unless the context otherwise requires, co-exist with each other until the date of receipt of final listing and trading approvals from the Stock Exchanges for the listing and trading of the Equity Shares pursuant to the initial public offering by our Company ("Listing"). In case of any inconsistency or contradiction, conflict or overlap between Part A, Part B and Part C of the Articles of Association, the provisions of Part C shall prevail and be applicable, until Listing. In case of any inconsistency or contradiction, conflict or overlap between Part A and Part B, the provisions of Part B shall prevail and be applicable until Listing. However, all provisions of Part B and Part C shall automatically stand deleted and cease to have any force and effect from Listing and the provisions of Part A shall continue to be in effect and be in force, without any further corporate or other action, by our Company or by its shareholders.

#### PART A

## Authorised share capital

The authorised share capital of the Company shall be such amount as may from time to time be authorised by the Memorandum of Association of the Company. Subject at all times to the Articles of Association, the Company has the power to increase and/or reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential, deferred or to vary, modify or abrogate any such rights, privilege or condition in such manner as may for the time being be provided by the regulations of the Company.

# Alteration of share capital

The Company may, from time to time, by Ordinary Resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution:

Subject to the provisions of section 61 of the Act, the Company may, by Ordinary Resolution:

- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum; and
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

#### Transfer of shares

- (a) The instrument of transfer shall be in writing and all provisions of Section 56 of the Act and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof.
- (b) (i) The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee.
  - (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the Register of Members in respect thereof.
- (c) The Board may, subject to the right of appeal conferred by section 58 of the Act decline to register:
  - (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
  - (b) any transfer of shares on which the Company has a lien.
- (d) The Board may decline to recognise any instrument of transfer unless:
  - (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56 of the Act;
  - (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

- (c) the instrument of transfer is in respect of only one class of shares.
- (e) On giving not less than seven days' previous notice in accordance with section 91 of the Act and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

#### **Transmission of Shares**

- (a) (i) On the death of a Member, the survivor or survivors where the Member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares.
  - (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
- (b) (i) Any person becoming entitled to a share in consequence of the death or insolvency of a Member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either:
  - (a) to be registered himself as holder of the share; or,
  - (b) to make such transfer of the share as the deceased or insolvent Member could have made.
  - (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent Member had transferred the share before his death or insolvency.
- (c) (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.
  - (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
  - (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the Member had not occurred and the notice or transfer were a transfer signed by that Member.
- (d) A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a Member in respect of the share, be entitled in respect of it to exercise any right conferred by Membership in relation to meetings of the Company:
  - Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.
- (e) Subject to the provisions of section 58 of the Act, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the Company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any shares or interest of a Member in or debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except where the Company has a lien on shares.
- (f) No fee shall be charged for registration of transfer, transmission, probate, succession certificate and Letters of administration, Certificate of Death or Marriage, Power of Attorney or similar other document.

#### **Further Issue of Shares**

- 1. Where at any time the Board or the Company, as the case may be, proposes to increase the subscribed capital by the issue of further shares then such shares shall be offered, subject to the provisions of section 62 of the Act, and the rules made thereunder:
  - a) to the persons who at the date of the offer are holders of the Equity Shares of the Company, in proportion as nearly as circumstances admit, to the paid-up share capital on those shares by sending a letter of offer subject to the conditions mentioned in (i) to (iii) below:
    - (i) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days or such lesser number of days as may be prescribed and not exceeding thirty days from the date of the offer, within which the offer if not accepted, shall be deemed to have been declined:
      - Provided that the notice shall be dispatched through registered post or speed post or through electronic mode or courier or any other mode having proof of delivery to all the existing shareholders at least three days before the opening of the issue;
    - (ii) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to above shall contain a statement of this right:
      - Provided that the Directors may decline, without assigning any reason to allot any shares to any person in whose favour any Member may renounce the shares offered to him.
    - (iii) After the expiry of time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that the person declines to accept the shares offered, the Board may dispose of them in such manner which is not disadvantageous to the Members and the Company.
  - b) to employees under any scheme of employees' stock option subject to Special Resolution passed by the Company and subject to the rules and such other conditions, as may be prescribed under Applicable Law; or
  - c) to any person(s), if it is authorised by a special resolution, whether or not those persons include the persons referred to above either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to such conditions as may be prescribed under the Act and the rules made thereunder.
- 2. Nothing in sub-article (iii) of Sub-clause 1 of this article of the shall be deemed:
  - a) To extend the time within which the offer should be accepted; or
