| | Construction of Pipavav Shipyard included (i) conversion of a wet dock into dry dock; (ii) construction of fabrication & block assembly facilities; (iii) installation of two Goliath cranes along with mechanical equipments including fit-out berths and (iv) establishment of offshore yard for Offshore Business Products along with load-out facility. All this activities relating to construction of Pipavav Shipyard (excluding Offshore yard) were completed on progressive basis by June 2011. Scope of work of the Offshore yard was considerably enhanced post IPO. The platform & module design and load-out weight was increased from 6,000T to 10,000T. Civil construction of the Offshore yard including load-out jetty has been substantially completed. | | | | | | | | | | | | | | | | | | | | | | | | |

Pipavav Defence Offshore Engineering Track Record

(iii) Reasons for delay in implementation, if any

| Project Name | Scheduled Completion Date | Reasons |
|---|---------------------------|--|
| Construction of Pipavav Shipyard (other than the offshore yard) | Oct-09 | Installation of Goliath Cranes was delayed due to restriction on issuance of visas to Chinese technicians required for the installation |
| The Offshore Yard | Mar-10 | Yard has been delayed because the changes in platform designs from originally planned 6000T capacity to modified 10000T loads. Further, large boulders were encountered in piling. There was also some delay in mobilisation of equipment like piling rigs and accessories by the contractors. |
